the annunaki bible pdf: The Anunnaki Bible Donald M. Blackwell, 2018-06-08 The Anunnaki Bible By: Donald M. Blackwell Donald M. Blackwell's revealing work is devoted to word for word textual evidence, juxtaposing the ancient texts with the Judeo Christian Bibles, to reveal what to date has been surreptitiously ignored, pushed aside, and avoided. His decades long careful research and scholarly approach will provide the reader with the knowledge and ability to make a syllogistic decision....or not.

the annunaki bible pdf: *Reign of the Anunnaki* Jan Erik Sigdell, 2018-09-11 Reveals the ongoing alien manipulation of humanity and how we can break free • Explores how the Anunnaki have maintained invisible surveillance over us and how they control our development through religion, secret societies, and catastrophes • Reveals how they feed off our energies and how this ability has allowed them to remain here on Earth as multidimensional entities, enforcing their control invisibly • Explains how they established religion to control us and how Gnostic Christianity—which came from Christ and not the Anunnaki—offers a way out of their matrix of control Cuneiform texts found on clay plates in Mesopotamia tell us about an extraterrestrial race, called the Anunnaki, who came from space to exploit our planet. Through genetic manipulation, they created modern humans from existing earthly life forms to serve them as slaves. They physically left our planet millennia ago, but as Jan Erik Sigdell reveals, their influence and control over humanity is still pervasive and significant. Sigdell explains how the Anunnaki have maintained invisible surveillance over us as well as control over how humanity develops, setting limits on our evolution and holding back our development by means of manipulation and catastrophes, including the deluge immortalized in the Bible and many other ancient myths. He shows how they still manipulate our politics and affairs via secret societies, such as the Illuminati, and the political elite, such as the Bilderberg Group. Examining ancient descriptions of the Anunnaki as entities that resemble winged reptiles or amphibians, the author also explores their diet and how they feed off blood and the energies given off by lower life forms, such as humans, when they are expressing extreme negative emotions, having sex, or dying. This energy-feeding ability has allowed them to remain here on Earth as multidimensional entities, enforcing their control invisibly. He explains how the Anunnaki established religions as tools for control, setting up the major religions with themselves as “gods” and playing them against each other to keep humanity’s attention away from ongoing Anunnaki manipulation. They have also hidden from us the existence of the true highest creator, who created the cosmos as well as the Anunnaki themselves. The author reveals how the highest creator sent a messenger called Jesus to expose the Anunnaki and show us a way out of their matrix of control through a spirituality based on love, empathy, and sacred sexuality. But the “god” of the Anunnaki defeated this messenger and replaced him with a false Christ. This led to the development of Paulinian Christianity under Anunnaki influence, as well as other parallel religions such as Islam, and the suppression and elimination of the original Christianity, Gnostic Christianity. With the discovery of hidden Gnostic texts and teachings at Nag Hammadi in 1945, the way is now paved for our release from the reign of the Anunnaki.

the annunaki bible pdf: *THE MIND, BODY, SPIRIT, And STORYTELLING* Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author's discourse with a new subjective viewpoint regarding the Anunnaki ancient world. Their significant deeds and contributions to humanity. Which syncs very nicely with the modern ancient astronauts hypothesis. Events that are largely associated with the Old Testament Bible Genesis narrative, are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki(Ea). From his home planet Nibiru, the eponymous God of creation, imbued Kemetic

spiritual science philosophy to the African Pharaohs dynasties of Egyptians (Mithrum). Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicar's of god on Earth. Reading this book gives you this powerful insight from a mind, body, and spirit perspective. You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling. Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African-Egyptian consciousness of spiritual science precepts. The Kemetic ankh (life) became the Christian cross (death). Each represents important symbolism. Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible, religion and canons as the doctrine of theology. It's a great story that postulates an assertion that calls one to reexamine the Bible book of genesis. Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods. The truth about the elite, Royals pantheon of alien gods as Anunnaki Anu, Enlil, and Enki as: Those who from the Heavens came down. The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites, which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood. This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective. The Biblical history of Genesis, as it should be taught. Not like the Christian, Catholic, Protestant, and Baptist religions teach the gospels of the Christian, savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven. Not like the Christian, Catholic, Protestant, and Baptist religions of blind faith. But in its purest form of theology, that is primarily the Gospels of death, salvation, and the resurrection after the end of Jesus Christ's crucifixion by the Roman. Albeit speculative, its conjecture dovetails nicely with attributions described in the Old Testament Bible god corresponds precisely to Enki (Ea) deeds. This book is complete speculation with emphasis on the Bible book of Genesis. Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor. Which means that he was exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale. Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces, omitted the rulers, suppressed by the Church, or destroyed in order to control the narrative of historical evidence. He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes, manipulated and used to fashion Adam (men) as his Hebrew ancestral Royal bloodline. It's a fictionalized story written to make people think about this with intellectual intuition, logic, and reason.

the anunnaki bible pdf: Handbook on Postconservative Theological Interpretation

Ronald T. Michener, Mark A. Lamport, 2024-10-24 Postconservative theology may be said to parallel with "postliberal theology" at its best. Orthodox, biblical, but open to new insights about how to interpret Scripture. But the new insights must be faithful as well as fresh. Postconservative theology is not the same as progressive theology," which tends to lean toward indeterminant faith expressions, whereas "postconservative" allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished. Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians, rather than emphasizing the philosophical background to hermeneutical theory present in other works, such as past influential thinkers (including Gadamer, Grondin, Ricoeur, Heidegger, etc.). This resource could also function as a companion to Evangelical Theological Method: Five Views (2018). This emphasis of the chapters will not be on the nuts and bolts of "how to" interpret, but rather on the theological impulses that govern various lenses (Bible, cultural context, etc.) for doing theology and the way Scripture functions with respect to the practice of interpretation.

the annunaki bible pdf: Universal Authority James Grey, 2011-07-13 Have you ever been overwhelmed with the question Are We Alone? Have you ever wondered if it were possible to travel backward and forward through time? More importantly, have you struggled with the moral and theological implications of the reality of these issues? If so, this book is written with you in mind. I became interested in the subjects of Extra-Terrestrial Research and Time Travel in December 2004. I cannot recall exactly what it was that manifested that interest, perhaps it was something I saw on television, heard on radio or read in a magazine, book or some other publication. I wanted to study them in depth and learn as much as possible about their past, present and future. I directed my studies in the areas of science, physics and theology as opposed to immersing myself in science fiction stories despite the fact that I enjoy good entertainment. I have never been fortunate enough to communicate with Extra-Terrestrial intelligence or travel in time, however to experience either or both would be a dream.

the annunaki bible pdf: The Lost Book of Enki Zecharia Sitchin, 2004-08-16 The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

the annunaki bible pdf: Elohim and the Anunnaki Prince Kerry L Barger, 2020-06-08 This book attempts to determine the origins of the God of the Bible, based on the most ancient documents available to date. Originally titled Abraham, Moses and Elohim, this book examines the possibility that mankind was not alone on Earth during our prehistory, when our oldest legends of ancient gods and demigods first originated. Many recently discovered texts were written within only a few generations after the great flood of Noah's time around 5,000 years ago. Some of our antediluvian myths are based on actual individuals and events that took place before our oldest civilizations invented writing. In fact, there may have been an entire civilization of extraterrestrials who came to Earth and enslaved the earliest humans, in order to exploit them for manual labor. Conflicts among the rulers of these Anunnaki gods led to devastating wars that are described in the oldest myths of ancient India, ancient Sumer, in Egypt, and even in your Bible. The most powerful of these rulers continued to wage war during the first centuries of mankind's written history. One such war began and ended with the complete annihilation of Sodom and Gomorrah and two additional cities in a territory that was being controlled by the fallen angel we know as Satan, the Prince of the Power of the Air. The Apostle Paul made reference to this title in the first century A.D., but the Prince of the Power of the Air was once a highly honored position among one of the two most powerful gods of the ancient world. The other supreme Anunnaki ruler, the Lord of the Earth, was credited with having created the first humans in the world's oldest literature. However, the Anunnaki and early humans were not alone on our planet. There was an even more powerful entity working behind the scenes. The ancient Sumerians knew him as the Father of All Beginning. Together with the Creator of All, it was He who actually created the heavens and the earth and initially seeded our planet with life. Whether or not humanity continues to exist is simply a matter of faith. A single cosmic catastrophic event could destroy all life on Earth in an instant, and only an actual deity capable of controlling time and space could save us. The Anunnaki cannot and never could perform miracles. But there is a God who can.

Lindsey-Billingsley, 2019-12-13 The author, T. Lindsey-Billingsley, has compiled a no-nonsense philosophical study guide exploring racial origins, the African origins of humanity, and prehistoric Kemetic influence throughout the world. The main focus of these studies is on the anthropological and physiological makeup of racial groups, with indepth research into both the 'Out of Africa' theories and divine creationism myths. Billingsley supplies concrete evidence to support her conclusions on the true human experience, in lieu of, popular speculation and theory devoid of logic and sound proof. In this, and subsequent volumes, the author will establish a new perspective of thinking that will tempt you to challenge the validity of theological creationism and evolution, whilst substantiating a strong position on intelligent design and extraterrestrial intervention.
