He showed that when there is a deficiency of any of these salts in the body tissues, certain typical symptoms arise. You can use these symptoms to identify the specific deficiency. Then all you have to do is supplement the deficient tissue-salt in a dynamic (potency 6X) form; and the body will on its own overcome the deficiency and return to natural health. Here is an up-to-date, clear, and concise book that you can use to heal yourself, your family and friends. It tells you how you can treat the common everyday ailments that arise. It is simple to understand and easy to use; and the results are very consistent and satisfying.
