from slavery to freedom pdf: Riding the Academic Freedom Train Jeanett Castellanos, Joseph L. White, Veronica Franco, 2023-07-03 Mentoring demonstrably increases the retention of undergraduate and graduate students and is moreover invaluable in shaping and nurturing academic careers. With the increasing diversification of the student body and of faculty ranks, there's a clear need for culturally responsive mentoring across these dimensions. Recognizing the low priority that academia has generally given to extending the practice of mentoring - let alone providing mentoring for Black, indigenous, and people of color (BIPOC) and first generation students - this book offers a proven and holistic model of mentoring practice, developed in the field of psychology, that not only helps mentees navigate their studies and the academy but provides them with an understanding of the systemic and racist barriers they will encounter, validates their cultural roots and contributions, and attends to their personal development. Further recognizing the demands that mentoring places on already busy faculty, the model addresses ways of distributing the work, inviting White and BIPOC faculty to participate, developing mentees' capacities to mentor those that follow them, building a network of mentoring across generations, and adopting group mentoring. Intentionally planned and implemented, the model becomes self-perpetuating, building an intergenerational cadre of mentors who can meet the growing and continuing needs of the BIPOC community. Opening with a review of the salient research on effective mentoring, and chapters that offer minority students' views on what has worked for them, as well as reflections by faculty mentors, the core of the book describes the Freedom Train model developed by the godfather of Black psychology, Dr. Joseph White, setting out the principles and processes that inform the Multiracial / Multiethnic / Multicultural (M3) Mentoring Model that evolved from it, and offers an example of group mentoring. While addressed principally to faculty interested in undertaking mentoring, and supporting minoritized students and faculty, the book also addresses Deans and Chairs and how they can create Freedom Train communities and networks by changing the cultural climate of their institutions, providing support, and modifying faculty evaluations and rewards that will in turn contribute to student retention as well as creative and productive scholarship and research. This is a timely and inspiring book for anyone in the academy concerned with the success of BIPOC students and invigorating their department's or school's scholarship.

from slavery to freedom pdf: Faith Confronts Evil Barbara Omolade, 2024-10-28 Faith Confronts Evil tells the stories of African American women before the Civil War who countered the rampant evil of slavery with the strength of their Christian faith. They claimed the words of the gospel, that Jesus comes to set the captives free. They embraced Christianity as the source of liberty, humanity, and justice in which God was on their side, Jesus was their friend, and the Holy Spirit was their guide to all truth. Their stories are essential for understanding the central role Christian faith played in realizing, however imperfectly, the promises the US Constitution made to all its citizens. As we listen to Phillis Wheatley, Jarena Lee, Betsy Crissman, Mary Reynolds, Harriet Tubman, Sojourner Truth, and many others, we discover that their shared stories turn strangers into acquaintances, acquaintances into friends. These stories of antebellum African American Christian women are our story, an "our" that embraces anyone who identifies as a Christian or anyone who is

merely interested in the early formation of the United States of America.

from slavery to freedom pdf: Freedom's Teacher, Enhanced Ebook Katherine Mellen Charron, 2012-03-15 Civil rights activist Septima Poinsette Clark (1898-1987) developed a citizenship education program that enabled tens of thousands of African Americans to register to vote and to link the power of the ballot to concrete strategies for individual and communal empowerment. Clark, who began her own teaching career in 1916, grounded her approach in the philosophy and practice of southern black activist educators in the decades leading up to the 1950s and 1960s, and then trained a committed cadre of grassroots black women to lead this literacy revolution in community stores, beauty shops, and churches throughout the South. In this engaging biography, Katherine Charron tells the story of Clark, from her coming of age in the South Carolina lowcountry to her activism with the Southern Christian Leadership Conference in the movement's heyday. The enhanced electronic version of the book draws from archives, libraries, and the author's personal collection and includes nearly 100 letters, documents, photographs, newspaper articles, and interview excerpts, embedding each in the text where it will be most meaningful. Featuring more than 60 audio clips (more than 2.5 hours total) from oral history interviews with 15 individuals, including Clark herself, the enhanced e-book redefines the idea of the talking book. from slavery to freedom pdf: Up from Slavery; an Unfinished Journey Archie Morris III D.P.A., 2019-03-21 For a period of eighty-five years, the M Street / Dunbar High School was an academically elite, all-black public high school in Washington DC. As far back as 1899, its students came in first in citywide tests given in both black and white schools. Over this eighty-five-year span, approximately 80 percent of M Street / Dunbar's graduates went on to college even though most Americans, white or black, did not attend college at all. Faculty and students were mutually respectful to one another, and disruptions in the classroom were not tolerated. Yet in this era of best practices, this public high school has received virtually no attention in the literature or in policy considerations for inner-city education. The Dunbar High School today, with its new building and athletic facilities, is just another ghetto school with abysmal standards and low test score results despite the District of Columbia's record of having some of the country's highest levels of money spent per pupil. The purpose of this study is to explore the history of a high school that was successful in teaching black children from low-income families and to determine if the learning model employed there could be successful in a modern inner-city public education environment.

- Discussion on the first Black sorority political action committee established in the U.S. and advocacy organizations serving the Black LGBTQIA+ community.
- Characteristics of eligible and registered Black voters, the coverage of the 2024 presidential and congressional elections, and the results of the congressional elections with respect to partisan control of Congress and the size of the Black congressional delegation.
- Demographic characteristics of the members of the 118th Congress now includes sexual orientation and generational data for comparison.
- Race policies of former President Biden, reclassifying him as “antiracist.” An alternative method of ranking presidents that brings the views of Black experts to the conversation and includes a discussion of the record number of Black political appointments and policies implemented under Biden.
- Confirmation hearing of the first Black woman, Justice Ketanji Brown Jackson, appointed to the Supreme Court. New material on the Voting Rights Act, Affirmative Action, and the Pigford cases testing institutional racism.
- “Tennessee Three,” highlighting racism in the rare expulsion of two Black members of the Tennessee House of Representatives, and how Republican state-controlled legislatures are stunting the quest for universal freedom.
- Revisions using the Urban League’s State of Black America “Equality Index,” as a measure of material well-being in the African American community, to examine historic and systemic patterns in structural inequities as manifested in economics, health, education, social justice, and civic engagement.
- Updated Textbook Media Integration Guide featuring lecture power points, chapter summaries, critical thinking questions, the profiles and “Faces and Voices”, and the links to the biographical material and videos.

American Politics and the African American Quest for Universal Freedom continues to offer a comprehensive, rigorous, and accessible understanding of how the presence of African Americans in the United States has profoundly influenced and influences American politics. It remains essential reading for all students of American Government, Black Politics, and African American Studies, particularly those approaching the study of race and politics for the first time.

from slavery to freedom pdf: Pillars of Cloud and Fire Herbert Robinson Marbury, 2018-04-03
At the birth of the United States, African Americans were excluded from the newly-formed Republic and its churches, which saw them as savage rather than citizen and as heathen rather than Christian. Denied civil access to the basic rights granted to others, African Americans have developed their own sacred traditions and their own civil discourses. As part of this effort, African American intellectuals offered interpretations of the Bible which were radically different and often fundamentally oppositional to those of many of their white counterparts. By imagining a freedom unconstrained, their work charted a broader and, perhaps, a more genuinely American identity. In Pillars of Cloud and Fire, Herbert Robinson Marbury offers a comprehensive survey of African American biblical interpretation. Each chapter in this compelling volume moves chronologically, from the antebellum period and the Civil War through to the Harlem Renaissance, the civil rights movement, the black power movement, and the Obama era, to offer a historical context for the interpretative activity of that time and to analyze its effect in transforming black social reality. For African American thinkers such as Absalom Jones, David Walker, Zora Neale Hurston, Frances E. W.

Harper, Adam Clayton Powell, and Martin Luther King, Jr., the exodus story became the language-world through which freedom both in its sacred resonance and its civil formation found expression. This tradition, Marbury argues, has much to teach us in a world where fundamentalisms have become synonymous with “authentic” religious expression and American identity. For African American biblical interpreters, to be American and to be Christian was always to be open and oriented toward freedom.
