funny in farsi pdf: Funny in Farsi Firoozeh Dumas, 2007-12-18 NEW YORK TIMES BESTSELLER • Finalist for the PEN/USA Award in Creative Nonfiction, the Thurber Prize for American Humor, and the Audie Award in Biography/Memoir This Random House Reader's Circle edition includes a reading group guide and a conversation between Firoozeh Dumas and Khaled Hosseini, author of *The Kite Runner*! "Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America."—San Francisco Chronicle In 1972, when she was seven, Firoozeh Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father's glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. *Funny in Farsi* chronicles the American journey of Dumas's wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozeh herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (hot dogs and hush puppies?—a complete mystery), American traditions (Thanksgiving turkey?—an even greater mystery, since it tastes like nothing), and American culture (Firoozeh's parents laugh uproariously at Bob Hope on television, although they don't get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for *Funny in Farsi* "Heartfelt and hilarious—in any language."—*Glamour* "A joyful success."—*Newsday* "What's charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It's the brilliance of true sophistication at work."—*Los Angeles Times Book Review* "Often hilarious, always interesting . . . Like the movie *My Big Fat Greek Wedding*, this book describes with humor the intersection and overlapping of two cultures."—*The Providence Journal* "A humorous and introspective chronicle of a life filled with love—of family, country, and heritage."—Jimmy Carter "Delightfully refreshing."—*Milwaukee Journal Sentinel* "[*Funny in Farsi*] brings us closer to discovering what it means to be an American."—*San Jose Mercury News*

funny in farsi pdf: Muslim Women, Transnational Feminism and the Ethics of Pedagogy

Lisa K. Taylor, Jasmin Zine, 2014-06-27 Following a long historical legacy, Muslim women's lives continue to be represented and circulate widely as a vehicle of intercultural understanding within a context of the war on terror. Following Edward Said's thesis that these cultural forms reflect and participate in the power plays of empire, this volume examines the popular and widespread production and reception of Muslim women's lives and narratives in literature, poetry, cinema, television and popular culture within the politics of a post-9/11 world. This edited collection provides a timely exploration into the pedagogical and ethical possibilities opened up by transnational, feminist, and anti-colonial readings that can work against sensationalized and stereotypical representations of Muslim women. It addresses the gap in contemporary theoretical discourse amongst educators teaching literary and cultural texts by and about Muslim Women, and brings scholars from the fields of education, literary and cultural studies, and Muslim women's studies to examine the politics and ethics of transnational anti-colonial reading practices and pedagogy. The book features interviews with Muslim women artists and cultural producers who provide engaging reflections on the transformative role of the arts as a form of critical public pedagogy.

funny in farsi pdf: Iranian and Diasporic Literature in the 21st Century Daniel Grassian, 2013-01-07 The most populous Islamic country in the Middle East, Iran is rife with contradictions, in many ways caught between the culture and governments of the Western--more dominant and arguably imperialist--world and the ideology of conservative fundamentalist Islam. This book explores the present-day writings of authors who explore these oppositional forces, often finding a middle course between the often brutal and demonizing rhetoric from both sides. To combat how the West has falsely generalized and stereotyped Iran, and how Iran has falsely generalized and stereotyped the West, Iranian and diasporic writers deconstruct Western caricatures of Iran and Iranian caricatures of the West. In so doing, they provide especially valuable insights into life in Iran today and into life in the West for diasporic Iranians.

funny in farsi pdf: Diasporas Professor Kim Knott, Doctor Sean McLoughlin, 2010-10-14 Featuring essays by world-renowned scholars, *Diasporas* charts the various ways in which global population movements and associated social, political and cultural issues have been seen through the lens of diaspora. Wide-ranging and interdisciplinary, this collection considers critical concepts shaping the field, such as migration, ethnicity, post-colonialism and cosmopolitanism. It also examines key intersecting agendas and themes, including political economy, security, race, gender, and material and electronic culture. Original case studies of contemporary as well as classical diasporas are featured, mapping new directions in research and testing the usefulness of diaspora for analyzing the complexity of transnational lives today. *Diasporas* is an essential text for anyone studying, working or interested in this increasingly vital subject.

funny in farsi pdf: Familiar and Foreign Manijeh Mannani, Veronica Thompson, 2015-09-30 The current political climate of confrontation between Islamist regimes and Western governments has resulted in the proliferation of essentialist perceptions of Iran and Iranians in the West. Such perceptions do not reflect the complex evolution of Iranian identity that occurred in the years following the Constitutional Revolution (1906-11) and the anti-imperialist Islamic Revolution of 1979. Despite the Iranian government's determined pursuance of anti-Western policies and strict conformity to religious principles, the film and literature of Iran reflect the clash between a nostalgic pride in Persian tradition and an apparent infatuation with a more Eurocentric modernity. In *Familiar and Foreign*, Mannani and Thompson set out to explore the tensions surrounding the ongoing formulation of Iranian identity by bringing together essays on poetry, novels, memoir, and films. These include both canonical and less widely theorized texts, as well as works of literature written in English by authors living in diaspora. Challenging neocolonialist stereotypes, these critical excursions into Iranian literature and film reveal the limitations of collective identity as it has been configured within and outside of Iran. Through the examination of works by, among others, the iconic female poet Forugh Farrokhzad, the expatriate author Goli Taraghi, the controversial memoirist Azar Nafisi, and the graphic novelist Marjane Satrapi, author of *Persepolis*, this volume engages with the complex and contested discourses of religion, patriarchy, and politics that are the

contemporary product of Iran's long and revolutionary history.

funny in farsi pdf: *Alternative Iran* Pamela Karimi, 2022-09-27 *Alternative Iran* offers a unique contribution to the field of contemporary art, investigating how Iranian artists engage with space and site amid the pressures of the art market and the state's regulatory regimes. Since the 1980s, political, economic, and intellectual forces have driven Iran's creative class toward increasingly original forms of artmaking not meant for official venues. Instead, these art forms appear in private homes with trusted audiences, derelict buildings, leftover urban zones, and remote natural sites. While many of these venues operate independently, others are fully sanctioned by the state. Drawing on interviews with over a hundred artists, gallerists, theater experts, musicians, and designers, Pamela Karimi throws into sharp relief the extraordinary art and performance activities that have received little attention outside Iran. Attending to nonconforming curatorial projects, independent guerrilla installations, escapist practices, and tacitly subversive performances, Karimi discloses the push-and-pull between the art community and the authorities, and discusses myriad instances of tentative coalition as opposed to outright partnership or uncompromising resistance. Illustrated with more than 120 full-color images, this book provides entry into unique artistic experiences without catering to voyeuristic curiosity around Iran's often-perceived underground culture.

funny in farsi pdf: *Blogosphere* Michael Keren, 2006-01-01 Examining the web logs, or blogs,

of individuals from a variety of continents and cultures, this book highlights the nature of 'blogosphere,' the virtual public arena of the early 21st century, which alters the traditional world of media and politics. It characterizes this new arena by the unique combination of a fresh voice of emancipation and a deep sense of melancholy and isolationism. This journey through blogosphere highlights major forces operating in today's politics: apathy toward political affairs, resistance to globalization, a quest for redemption through religious fundamentalism and terrorism. Michael Keren compares bloggers to terrorists, arguing that while the methods advocated by the two groups are obviously very different, they both represent a similar trend, one of diversion by respected but disenchanted citizens from the norms of civil society to a fantasy world in which the excessive use of words_or bombs_would make everybody listen
