hunger games the ballad of songbirds and snakes pdf: *Untaming Girlhoods* Cristina Santos, 2023-03-31 This is an interdisciplinary examination of depictions of girlhoods through a comparative study of foundational fairy tales revised and reimagined in popular narrative, film, and television adaptations. The success of franchises such as *The Hunger Games*, *Twilight* and *Divergence* have re-presented the young heroine as an empowered female, and often a warrior hero in her own right. Through a selection of popular culture touchstones this empowerment is questioned as a manipulation of feminist ideals of equality and a continuation of the traditional vision of female awakening centering on issues of personal choice, agency, physical violence, purity, and beauty. By investigating re-occurring storytelling frameworks and archetypes, *Untaming Girlhoods* examines different portrayals of girlhoods in the 20th- and 21st-century Anglo-American cultural imaginary that configure modern girlhoods, beyond the fairy-tale princess or the damsel in distress, into refigurations that venture away from the well-trodden path for a new breakaway path to authentic selfhood. This will be a useful and enlightening text for students and researchers in Girlhood Studies, Gender Studies, Film Studies, Popular Culture and Media Studies.
