rest is resistance pdf: Rest Is Resistance Tricia Hersey, 2022-10-11 ***INSTANT NEW YORK TIMES BESTSELLER*** Disrupt and push back against capitalism and white supremacy. In this book, Tricia Hersey, aka The Nap Bishop, encourages us to connect to the liberating power of rest, daydreaming, and naps as a foundation for healing and justice. What would it be like to live in a well-rested world? Far too many of us have claimed productivity as the cornerstone of success. Brainwashed by capitalism, we subject our bodies and minds to work at an unrealistic, damaging, and machine-level pace -- feeding into the same engine that enslaved millions into brutal labor for its own relentless benefit. In Rest Is Resistance, Tricia Hersey, aka the Nap Bishop, casts an illuminating light on our troubled relationship with rest and how to imagine and dream our way to a future where rest is exalted. Our worth does not reside in how much we produce, especially not for a system that exploits and dehumanizes us. Rest, in its simplest form, becomes an act of resistance and a reclaiming of power because it asserts our most basic humanity. We are enough. The systems cannot have us. Rest Is Resistance is rooted in spiritual energy and centered in Black liberation, womanism, somatics, and Afrofuturism. With captivating storytelling and practical advice, all delivered in Hersey's lyrical voice and informed by her deep experience in theology, activism, and performance art, Rest Is Resistance is a call to action, a battle cry, a field guide, and a manifesto for all of us who are sleep deprived, searching for justice, and longing to be liberated from the oppressive grip of Grind Culture.

rest is resistance pdf: *You Don't Need a Budget* Dana Miranda, 2024-12-24 Free yourself from the tyranny of toxic budget culture, and build an ethical, stress-free financial life. Track every dollar you spend. Check your account balances once a week. Always pay off your credit card bill in full. Make a budget—and stick to it. These are just a few of the edicts you'll find in virtually every personal finance book. But this kind of rigid, one-size-fits-all advice—usually written for and by wealthy white men (and a few women) with little perspective on the money struggles that many people face—is unrealistic, and only creates stress and shame. As a financial journalist and educator, Dana Miranda is on a mission to liberate readers from budget culture: the damaging set of beliefs around money that rely on restriction, shame, and greed—much like diet culture does for food and bodies. In this long-overdue alternative to traditional budgeting advice, Miranda offers a new approach that makes money easy for everyone, regardless of the numbers in their bank account. Full of counterintuitive advice—like how to use debt to support your life goals, how to plan for retirement without a 401K, and how to take advantage of resources that exist to support those left behind by the forces of capitalism—*You Don't Need a Budget* will empower readers to get money off their mind and live the lives they want.
