shadow over innsmouth pdf: Re-visiting Female Evil Melissa Dearey, Susana Nicolás, Roger Davis, 2017-08-28 Reflecting current trends in scholarly analysis of evil and the feminine, the chapters contained in Re-visiting Female Evil focus upon various 're-interpretations' of evil femininities as a cultural signifier of agency, transgression and crisis, re-interpreting them through rewriting of 'other' stories, hermeneutic re-interpretations of ancient/classical texts, and revised film/ stage adaptations. These papers illustrate how gendered cultural myths of women's intrinsic connection to evil still persist in today's patriarchal society, though in variant and updated forms. Mischievous, beguiling, seductive, lascivious, unruly, carping, vengeful and manipulative – from the Disney princess to the murderous Medea, these authors grapple with our understanding of what it is to be and do 'evil', exploring the possible sources of the fear and hatred of women and the feminine as well as their continual fascination and appeal, and how these manifest in a range of 'real life' and fictional narratives that cross times, cultures and media.

shadow over innsmouth pdf: The Medieval Worlds of Neil Gaiman Shiloh Carroll, 2023-09-27 Neil Gaiman is one of the most widely-known writers of the 20th and 21st centuries, having produced fiction and nonfiction, fantasy and horror, television, comics and prose. He often attributes this eclecticism to his compost heap approach to writing, gathering influences from life, religion, literature, and mythology. The worlds of Neil Gaiman have their roots in thousands of years of human storytelling. The Middle Ages in particular have been enormously influential in content, form, and aesthetics for many of Gaiman's works. This book offers an introduction to the idea of medievalism, how the literature and culture of the Middle Ages have been reinterpreted and repurposed over the centuries, and how the layers of interpretation have influenced Gaiman's own use of medieval material. The book examines direct and indirect influences, from Norse mythology and Beowulf to medieval romances and fairy tales, in order to provide context and background to expand and enrich one's understanding and appreciation of Gaiman's work--

shadow over innsmouth pdf: Mediating Vulnerability Anneleen Masschelein , Florian Mussnug, Jennifer Rushworth, 2021-11-25 Mediating Vulnerability examines vulnerability from a range of connected perspectives. It responds to the vulnerability of species, their extinction but also their transformation. This tension between extreme danger and creativity is played out in literary studies through the pressures the discipline brings to bear on its own categories, particularly those of genre. Extinction and preservation on the one hand, transformation, adaptation and (re)mediation on the other. These two poles inform our comparative and interdisciplinary project. The volume is situated within the particular intercultural and intermedial context of contemporary cultural representation. Vulnerability is explored as a site of potential destruction, human as well as animal, but also as a site of potential openness. This is the first book to bring vulnerability studies into dialogue with media and genre studies. It is organised in four sections: 'Human/Animal'; 'Violence/Resistance'; 'Image/Narrative'; and 'Medium/Genre'. Each chapter considers the intersection of vulnerability and genre from a comparative perspective, bringing together a team of international contributors and editors. The book is in dialogue with the reflections of Judith Butler and others on vulnerability, and it questions categories of genre through an interdisciplinary engagement with different representational forms, including digital culture, graphic novels, video games, photography and TV series, in addition to novels and short stories. It offers new readings of high-profile contemporary authors of fiction including Margaret Atwood and Cormac McCarthy, as

well as bringing lesser-known figures to the fore.

shadow over innsmouth pdf: *Dimensions of the Fantastic* Daniel Ferreras Savoye, 2023-05-29 Not to be confused with fantasy or the supernatural, the fantastic is in actuality its own beast and perhaps the most deeply frightening of all narrative modes. From Dracula and Nightmare on Elm Street, to Carrie and Them, the fantastic has become an ideal vehicle to denounce deep cultural dysfunctions that affect not only the way we understand reality, but also how we construct it. This work studies the various dimensions of the fantastic mode, examining the influences of iconic authors such as H.P. Lovecraft and Jean Ray, and addressing key narrations such as Guy de Maupassant's The Horla and Jordan Peele's Get Out. It explains why the fantastic is not about ghosts or monsters, but about the incomprehensible sides of our own reality, and the terrifying unknown.

On topics ranging from linguistics to gardening and everything in between, these essays represent the depth and breadth of the idea that all goodness is God's goodness, all truth is God's truth, and all beauty is God's beauty.

shadow over innsmouth pdf: *Towards a Godless Dominion* Elliot Hanowski, 2023-10-15 In recent surveys, one in four Canadians say they have no religion. A century ago Canada was widely considered to be a Christian nation, and the vast majority of Canadians claimed they were devoutly religious. But some were determined to resist. In the 1920s and '30s, groups of militant unbelievers formed across Canada to push back against the dominance of religion. Towards a Godless Dominion explores both anti-religious activism and the organized opposition unbelievers faced from Christian Canada during the interwar period. Despite Christianity's prominence, anti-religious ideas were propagated by lectures in theatres, through newspapers, and out on the streets. Secularist groups in Montreal, Toronto, Winnipeg, and Vancouver actively tried to win people away from religious belief. In the first two cities, they were met with stiff repression by the state, which convicted unbelievers of blasphemous libel, broke up their meetings, and banned atheistic literature from circulating. In the latter two cities unbelievers met social disapproval rather than official persecution. Looking at interwar controversies around religion, such as arguments about faith healing and fundamentalist campaigns against teaching evolution, Elliot Hanowski shows how unbelievers were able to use these conflicts to get their skeptical message across to the public. Challenging the stereotype of Canada as a tolerant, secular nation, Towards a Godless Dominion returns to a time when intolerant forms of Christianity ruled a country that was considered more religious than the United States.

These selected paragraphs distill the contents and give you a quick look inside Local Color: Look inside the book: Felix Looms, the well-known writer who went away on or about June fifteenth, and James Williams, who went to jail June seventeenth for picking a pocket, were one and the same person; or perhaps it would be nearer the truth to say that James Williams was Felix Looms. ...I shall go to prison for one year, perhaps two or possibly three years; and when I come out I shall write a novel about prison life that will make my name live after me, for I shall know my facts at first hand—I shall have the local colour of a prison in my grip as no other man has ever had it who had my powers as a writer. About Irvin S. (Irvin Shrewsbury) Cobb, the Author: In deference to the faith of our dear mother who was through her lifetime a loyal though never bigoted communicant of that congregation, perhaps the current pastor of the First Presbyterian Church would consent to read the Twenty-third Psalm, which was her favorite passage in the Scriptures and is mine since it contains no charnel words, no morbid mouthings about corruption and decay and, being mercifully without creed or dogma, carries no threat of eternal hell-fire for those parties we do not like, no direct promise of a heaven which, if one may judge by the people who are surest of going there, must be a powerfully dull place, populated to a considerable and uncomfortable degree by prigs, time-servers and unpleasantly aggressive individuals. ...Lovecraft's The Shadow Over Innsmouth, while 'The Unbroken Chain' was a model for Lovecraft's 'The Rats in the Walls'. The former was described by Lovecraft as 'banefully effective in its portrayal of unnatural affinities between a hybrid idiot and the strange fish of an isolated lake' in his essay Supernatural Horror in Literature.
