books by lorraine warren: Conversations with Ed and Lorraine Warren T. Sealyham, 2012

Demonologists Ed and Lorraine Warren, the original ghost hunters, sit down with fellow demonologist Tony Spera to discuss their most famous cases. Ed Warren began his ghost-hunting career at a young age because he lived in a real haunted house and witnessed paranormal activities firsthand. Clairvoyant and light medium Lorraine Warren discovered her psychic abilities such as reading aura, hearing spirits, detecting evil presences and/or preternatural entities with more and more exposure to the supernatural world. Lorraine appears on A&E's Paranormal State TV series. The one thing Lorraine has learned, there are no atheists in a true haunted house. The Amityville Horror, a true story, is the Warrens' most famous haunting investigation. The house at 112 Ocean Avenue in Amityville, Long Island, New York, is the subject of international newspaper articles, thousands of websites, over a dozen books and at least ten films. The alleged diabolic possession of Ronald DeFeo, Jr. and the Amityville murders by an evil presence is an ongoing debate. Were there ghosts, spirits and other invading psychic entities in the house? George and Kathy Lutz claimed they fled the house from an invading entity or entities. Was it a hoax? What happened to the Amityville Horror house? The Warrens tell all. Allen and Carmen Snedeker experienced the real horror of living in a possessed house in Southington, Connecticut, when they unknowingly moved into a haunted funeral home infested with paranormal activity. Only an exorcism sanctioned by the Catholic Church brought peace to the house. The Snedekers' story was made into a horror movie titled *The Haunting in Connecticut* and summoned more media attention the second time around than the first. Ed referred to the Jack and Janet Smurl family as the chosen ones. The chosen is a person or persons God chose to prove to the world he is more powerful than any demon or devil. A book and TV movie titled *The Haunted* was made about this case. Ed describes methods used to provoke the spirits in the house and how they responded. Lorraine and Ed were in a friend's home when Ed noticed a Werewolf in London movie on television. This werewolf film was featured on the TV show *Sightings* and real London police officers were talking about being attacked by a real werewolf with real werewolf characteristics including hands, eyes and teeth. The Warrens knew about the werewolf myth, folklore and werewolf syndrome. They knew the many names associated with the werewolf mythology such as lycanthropy, lycanthrope and lycan. Ed explains how Lorraine got him involved in this case, why Bill Ramsey turned into a werewolf and what happened during Bill's exorcism. The Brookfield Demon murder trial is the first known court case in the United States alleging innocence due to demonic possession. The Warrens alleged David Glatzel, a boy at the time, was possessed by many devils. When Arne Cheyenne Johnson challenged the devil to possess him the devil took him up on his offer. Ed Warren shares why he thinks the courts were wrong not to allow the devil in Connecticut made me do it defense. Taking psychic photographs comes naturally to some people but others need a little guidance. Lorraine and Ed discuss the art of psychic photography and how to get psychic images with any camera. Ed shares a story about a psychic photo of a couple whose love survived beyond the grave. The conversations with the Ed and Lorraine are not limited to famous cases. They share stories about the mysterious places they have visited such as Borley Rectory, Cross Keys Hotel and Pub, Stonehenge, Whitby Abbey, the Fairy Glenn, haunted castles, the grave of Merlin the Wizard, Loch Ness, Transylvania and St. Joseph's Oratory. They also share stories of miraculous miracles and discuss human vampires and sorcerers.

books by lorraine warren: The Great Big Book of Ghosts Robert J Dornan, 2024-07-18 The book you are about to read is a reference book that you can turn to for decades to come. I made sure to add fifty true ghost stories from across the globe to spice up the book against the chapters of informative research. I should mention that the ghost stories - other than the London Tower - are in a random order so as to eliminate country repetition. You'll notice that no matter what country is being represented, the stories all have similar backdrops, meaning that ghosts are not only universal, but far from unique to any specific culture. Nor are they limited to a group of countries. Every nation in the world has their own legends and haunted homes, castles, or battlefields. I enjoyed every second of creating this reference book and I sincerely hope it is a learning experience for you as well as a thought provoking, or creative muse to writers, poets and filmmakers. If you are someone considering a career in the paranormal or paranormal investigation, you must read this book instead of relying on video nonsense. Enjoy and try not to read too much before sleeping as many of these stories are not only engrossing but also horrifying.
