house of earth and blood hardback: Blood and Earth Kevin Bales, 2016-01-19 For readers of such crusading works of nonfiction as Katherine Boo's *Beyond the Beautiful Forevers* and Tracy Kidder's *Mountains Beyond Mountains* comes a powerful and captivating examination of two entwined global crises: environmental destruction and human trafficking—and an inspiring, bold plan for how we can solve them. A leading expert on modern-day slavery, Kevin Bales has traveled to some of the world's most dangerous places documenting and battling human trafficking. In the course of his reporting, Bales began to notice a pattern emerging: Where slavery existed, so did massive, unchecked environmental destruction. But why? Bales set off to find the answer in a fascinating and moving journey that took him into the lives of modern-day slaves and along a supply chain that leads directly to the cellphones in our pockets. What he discovered is that even as it destroys individuals, families, and communities, new forms of slavery that proliferate in the world's lawless zones also pose a grave threat to the environment. Simply put, modern-day slavery is destroying the planet. The product of seven years of travel and research, *Blood and Earth* brings us dramatic stories from the world's most beautiful and tragic places, the environmental and human-rights hotspots where this crisis is concentrated. But it also tells the stories of some of the most common products we all consume—from computers to shrimp to jewelry—whose origins are found in these same places. *Blood and Earth* calls on us to recognize the grievous harm we have done to one another, put an end to it, and recommit to repairing the world. This is a clear-eyed and inspiring book that suggests how we can begin the work of healing humanity and the planet we share. Praise for *Blood and Earth* "A heart-wrenching narrative . . . Weaving together interviews, history, and statistics, the author shines a light on how the poverty, chaos, wars, and government corruption create the perfect storm where slavery flourishes and environmental destruction follows. . . . A clear-eyed account of man's inhumanity to man and Earth. In this ambitious and thoroughly up-to-date book, Ronald Hutton reveals the long development, rapid suppression, and enduring cultural significance of paganism, from the Paleolithic Era to the coming of Christianity. He draws on an array of recently discovered evidence and shows how new findings have radically transformed understandings of belief and ritual in Britain before the arrival of organized religion. Setting forth a chronological narrative, Hutton along the way makes side visits to explore specific locations of ancient pagan activity. He includes the well-known sacred sites—Stonehenge, Avebury, Seahenge, Maiden Castle, Anglesey—as well as more obscure locations across the mainland and coastal islands. In tireless pursuit of the elusive “why” of pagan behavior, Hutton astonishes with the breadth of his understanding of Britain’s deep past and inspires with the originality of his insights.

house of earth and blood hardback: Covid Compensation Lawrence Wolfe-Xavier, 2023-05-25 The world was quietly going about its normal business when late in 2019 the entire global world of 195 countries, even China, was turned completely on its head by a fake virus and a fake pandemic. However, the world was not to know at the time, and for the most part still does not know; until the publication of this book, that the entire chapter and verse of the virus paradigm called SarsCov2, and its ensuing ailment Covid19 and its pandemic were all total lies and fake. Lies and fake propagated by hidden persons and their nominated puppets in mostly unelected, globalist organisations beyond the reach of sovereign states: WHO, WEF, UN, World Bank etc who in reality

control the world. Consequently, in early 2020 and the following months through to 2021 there was a world-wide 'nightmare' that no one seemed to fully understand or indeed understand at all. This nightmare was known variously as Coronavirus Sars-Cov2 and Covid19. Coronaviruses can cause mild disease similar to a common cold. Sars-Cov2 - severe acute respiratory syndrome coronavirus 2 was claimed to be a novel (new) coronavirus and the illness Covid19, was supposedly caused by Sars-Cov2. Mass Induced Dystopian Nightmare The dystopian nightmare had only just begun and was to last almost two full years - 2020-2022. Horrible images appeared from China (not the most democratic country in the world) then from Italy and other countries until world-wide. Preposterous projections of not to happen global deaths based on very flawed computer models were bandied about to an unknowing mass of a very frightened and unfortunately deliberately ill-informed global population. Global mass media fanned the flames morning, day, and night for many months on end. Inappropriate quarantine measures were globally, in lockstep, imposed that restricted human movement to an inhuman level that people were not permitted to see their loved ones when their loved ones were dying in hospitals and care homes! The world was a surreal, dystopian horror story - police vans patrolling the street at night, complete lockdown and no one allowed outside except for one hours walk per day, no gatherings greater than six, empty streets, closed and boarded shops, empty parks, and empty beaches. Draconian civil rights restrictions were imposed. The Global economic and social life the world over were about to fall into total collapse. On what data were these extreme measures taken? Was the world really under such a massive threat that we had to close down global capitalism for 2 years? Had the benefits of these very severe measures been adequately assessed against the damage that they would also no doubt cause to the global economy and to individual person's lives throughout the world? No, they had not. They were simply imposed globally without recourse to any open debate or serious risk analysis. Medico-Totalitarianism strode the world like a Great Dictator with all debate and opposition silenced by the baying mob of puppet Mainstream Media. Until the publication of this book - COVID COMPENSATION - SHOCKING TRUTH REVEALED by the finest independent scientific, medical, and legal minds in the world.
