

knights of the sword

knights of the sword have captured the imagination of history enthusiasts, writers, and gamers alike for centuries. These noble warriors, often depicted clad in shining armor and wielding formidable weapons, played a pivotal role in medieval European society. Their legends, codes of conduct, and martial prowess continue to fascinate us, inspiring countless stories, films, and games. But beyond the romanticized image lies a complex history of warfare, chivalry, and societal influence that defines what it truly meant to be a knight of the sword.

The Origins of the Knights of the Sword

Early Medieval Roots

The concept of mounted warriors dates back to the early medieval period, where aristocratic classes began to organize themselves around military service. Initially, these warriors were heavily armed foot soldiers or cavalrymen serving local lords. Over time, as warfare evolved, the need for specialized, heavily armored fighters grew, giving rise to the early knights.

The Evolution into a Social Class

By the 10th and 11th centuries, knights had become a distinct social class within feudal society. They were not only warriors but also landholders, vassals, and members of the noble elite. Their status was reinforced through the granting of fiefs—land or other privileges—in exchange for military service.

The Influence of Chivalry

The code of chivalry emerged as a moral and social framework guiding knights. It emphasized virtues such as bravery, loyalty, courtesy, and protection of the weak. While idealized, this code shaped the behavior and reputation of knights throughout history and into modern portrayals.

The Armor and Weaponry of Knights

Types of Armor

Knights of the sword were renowned for their distinctive armor designed to offer maximum protection while maintaining mobility.

- Chainmail: The earliest form of armor made from interlinked metal rings, offering flexibility and decent protection.
- Plate Armor: Developed in the late Middle Ages, full plate armor provided superior defense against weapons and became a symbol of knightly status.
- Helmets: Varieties such as the great helm, bascinet, and visored helmets protected the head during combat.

Weapons of Choice

Knights wielded a range of weapons suited to different combat scenarios.

- Swords: The quintessential knightly weapon, often double-edged with a cruciform hilt.
- Lances: Primarily used in jousts and mounted combat for charging at opponents.

- Maces and War Hammers: Effective against armored foes, delivering crushing blows.
- Shields: Used for defense, often emblazoned with heraldic symbols.

The Role of Tournaments and Jousts

Aside from battlefield combat, knights participated in tournaments, especially jousts, which served both as practice and displays of martial skill. These events were also opportunities to gain fame, honor, and sometimes wealth.

The Life and Duties of a Knight

Training and Education

Becoming a knight was a lengthy process involving rigorous training from a young age.

- Pagehood: Starting around age 7, training involved learning manners, basic combat skills, and serving noble households.
- Squirehood: From ages 14 to 21, the apprentice learned more advanced combat skills, horsemanship, and the responsibilities of knighthood.
- Knighthood: The final step, often marked by a ceremonial dubbing, signified full status as a knight.

Military Responsibilities

Knights were primarily responsible for military service to their liege lord, which included:

- Leading troops in battle
- Guarding castles and territories
- Participating in sieges and patrols

Non-Military Roles

Beyond warfare, knights also served as:

- Courtiers and diplomats
- Judges and administrators
- Patrons of arts and religion

The Decline of the Traditional Knight

Changes in Warfare

The advent of new military technologies, such as the longbow and gunpowder, diminished the effectiveness of heavily armored knights. As infantry and ranged units gained prominence, the traditional knightly role evolved.

Societal Shifts

The decline of feudalism and the rise of centralized monarchies reduced the importance of individual noble warriors. Knights increasingly became landowners and administrators rather than battlefield combatants.

The Enduring Legacy

Despite their decline, the ideals associated with knights—valor, honor, and

service—persisted and influenced modern notions of chivalry and martial virtue.

Knights in Literature and Popular Culture

Medieval Literature

Knights feature prominently in epic poems and romances, such as:

- The Song of Roland: Celebrating the heroic deeds of Charlemagne's knights.
- Arthurian Legends: Including King Arthur, Sir Lancelot, and the Knights of the Round Table.

Modern Films and Games

The romanticized image of knights continues to thrive in contemporary media:

- Films like *Excalibur* and *The Seventh Seal* depict medieval knightly themes.
- Video games such as *Dark Souls* and *Mount & Blade* allow players to experience knightly combat and quests.

Symbolism and Inspiration

Knights symbolize virtues such as courage, justice, and protection. Their stories inspire modern notions of heroism, service, and moral integrity.

The Cultural Significance of Knights of the Sword

Chivalry and Modern Ethics

The chivalric code has influenced modern ethical frameworks, emphasizing virtues like honor, integrity, and altruism.

Ceremonial and Honorific Roles

Today, knightly titles are often awarded as honors, recognizing service and achievement in various fields, echoing the medieval traditions of knighthood.

The Myth vs. Reality

While romanticized in stories and media, historical knights faced brutal realities of war, political intrigue, and societal obligations that shaped their true legacy.

Conclusion

The knights of the sword remain one of the most enduring symbols of medieval Europe's martial and cultural history. From their origins as elite cavalry to their role in shaping notions of honor and chivalry, they embody ideals that continue to inspire modern storytelling and values. Whether as figures of legend, characters in literature, or symbols of virtue, knights of the sword continue to fascinate us, reminding us of a bygone era where bravery, loyalty, and martial skill defined a noble life. Their legacy endures not only in history books but also in the hearts of those who admire the virtues of courage and service.

Frequently Asked Questions

Who were the Knights of the Sword in medieval history?

The Knights of the Sword were medieval warriors who served as heavily armed cavalry, often part of noble armies, known for their combat skills and chivalric code during the Middle Ages.

What role did the Knights of the Sword play in historical battles?

They served as elite fighters in battles, providing cavalry support, leading charges, and acting as protectors of castles and territories during medieval warfare.

Are Knights of the Sword a specific order or more of a general term?

The term generally refers to medieval knights armed with swords, but it can also denote specific chivalric orders or groups emphasizing swordsmanship and martial prowess.

Knights of the Sword: An In-Depth Exploration of Medieval Chivalry and Warrior Culture

The image of the knight wielding a gleaming sword is one of the most enduring symbols of medieval Europe. These armored warriors, often depicted as paragons of virtue, martial prowess, and chivalry, have fascinated historians, enthusiasts, and popular culture alike for centuries. The phrase

"knights of the sword" encapsulates not only the martial aspect of these warriors but also the complex social, cultural, and ethical frameworks that defined their existence. In this comprehensive review, we delve into the origins, historical significance, cultural representations, and modern interpretations of knights of the sword, providing a nuanced understanding of their role in history and their lasting legacy.

Origins and Evolution of Knights of the Sword

The concept of the knight as a mounted warrior has roots stretching back to late antiquity, but it was during the early Middle Ages that the knightly class truly began to emerge as a distinct social group.

Early Medieval Roots

- Roman Cavalry Influence: The Roman Empire's reliance on mounted troops laid a foundation for cavalry tactics in Europe.
- The Rise of Feudalism: After the fall of the Western Roman Empire, decentralized power structures led to the emergence of localized military elites, many of whom were mounted warriors.
- The Transition to the Medieval Knight: By the 9th and 10th centuries, these mounted fighters, often landholders, began to develop codes of conduct and social status that would evolve into the knightly class.

From Warrior to Knight: The Formalization

- Training and Chivalry: Young noble boys underwent rigorous training from childhood, focusing on martial skills, horsemanship, and courtly manners.
- The Development of Tournaments: These events served both as martial practice and social displays, promoting martial excellence and camaraderie.
- The Investiture of Knights: The ceremonial process of becoming a knight—called "dubbing"—became a symbolic act signifying social and moral responsibilities beyond mere combat.

The Martial Code and Chivalric Ideals

While the sword was central to a knight's identity, it was embedded within a broader ethical and social code.

The Code of Chivalry

- Origins and Evolution: Rooted in the ideals of Christian virtue, the code emphasized virtues such as bravery, loyalty, humility, and protection of the weak.

- Key Tenets:
- Faith: Upholding Christian doctrine and moral integrity.
- Loyalty: Faithfulness to one's lord and peers.
- Courage: Valor in battle and in defending one's honor.
- Protection: Defending the helpless and maintaining justice.
- Courtesy and Honor: Respectful behavior towards peers and foes alike.

Martial Skills and Equipment

- The Sword: The quintessential weapon of the knight, symbolizing authority and martial prowess.
- Armor: Progressed from chainmail to full plate armor, offering increasing protection and mobility.
- Other Weapons: Lances, maces, and shields complemented swordsmanship.
- Training Regimen: Included jousting, swordsmanship, and battlefield tactics.

The Social and Cultural Role of Knights

Knights were not merely warriors; they were also pivotal figures within medieval society.

Feudal Responsibilities

- Vassalage: Swearing allegiance to a lord in exchange for land or protection.
- Military Service: Expected to serve in the lord's army, often leading vassals and foot soldiers.
- Administrative Duties: Managing estates, collecting rents, and overseeing justice.

Religious and Moral Influence

- Patronage of Religious Orders: Many knights supported monasteries and churches.
- Participation in Crusades: Knights played a central role in military campaigns aimed at reclaiming the Holy Land.
- Promotion of Religious Virtues: Knightly conduct was often intertwined with Christian morality, emphasizing charity and humility.

Chivalry and Courtly Culture

- Courtly Love: The ideals of romantic devotion influenced knightly behavior and literature.
- Literature and Art: Epics such as the Chanson de Roland and romances celebrated knightly virtues and adventures.

- Festivals and Tournaments: Public displays of martial skill and valor reinforced social cohesion and prestige.

The Decline and Transformation of the Knightly Class

The medieval period saw significant shifts that impacted the traditional role of knights.

Changes in Warfare

- The Rise of Infantry and Archery: Longbowmen and pikemen challenged the dominance of heavily armored knights.
- The Hundred Years' War: Battles like Agincourt highlighted the changing face of warfare and diminished the battlefield dominance of armored cavalry.

Economic and Social Shifts

- Decline of Feudalism: Centralized monarchies reduced the power of local lords and their knightly retinues.
- The Cost of Armor and Equipment: Maintaining a knightly status became increasingly expensive, leading to a decline in the traditional knight class.
- Rise of Professional Soldiers: Mercenaries and standing armies replaced the medieval knight as primary military forces.

Chivalry as an Ideology

- Evolution into Courtly and Religious Virtues: While the martial aspect waned, the ideals of chivalry persisted in literature and moral philosophy.
- Modern Romanticism: 19th and 20th-century revival movements romanticized the knightly image, influencing literature, art, and popular culture.

Modern Interpretations and Cultural Legacy

Today, the figure of the knight remains a potent symbol, inspiring everything from literature and film to video games and reenactments.

Historical Reenactments and Revivalism

- Medieval Festivals: Events such as jousts and tournaments recreate knightly martial displays.

- Living History Groups: Enthusiasts aim to faithfully reproduce armor, clothing, and combat techniques.
- Educational Outreach: Museums and academic programs use reenactments to educate about medieval life.

Pop Culture and Media

- Literature and Films: Works like *The Lord of the Rings*, *Game of Thrones*, and Disney's *Sword in the Stone* continue to romanticize knights.
- Video Games: Titles such as *Dark Souls*, *Mount & Blade*, and *Kingdom Come: Deliverance* simulate knightly combat and ethos.
- Role-Playing and Cosplay: Enthusiasts adopt and adapt knightly personas, blending history with fantasy.

Contemporary Symbolism

- Chivalry in Modern Context: The term now often refers to idealized virtues like honor, integrity, and service.
- Knightly Orders and Ceremonies: Modern organizations sometimes adopt knightly titles and rituals, reflecting a desire to connect with historical traditions.

Critical Perspectives and Historiographical Debates

While the romantic image of the knight remains popular, historians have offered more nuanced views.

Myth vs. Reality

- The Mythic Ideal: Popular images often romanticize knights as paragons of virtue, overlooking the violence and corruption associated with medieval warfare.
- Historical Realities: Knights were often driven by economic interests, political power struggles, and personal ambition.

Gender and Social Exclusion

- Limited Access: Only noble males could typically become knights, reinforcing social hierarchies.
- Women and the Knightly Culture: While some women played vital roles, they were largely excluded from martial pursuits and the chivalric code.

Impact of Modern Scholarship

- Scholars emphasize understanding the complexities of medieval society, recognizing that the knightly class was both a martial elite and a social construct shaped by contemporary values.

Conclusion: The Enduring Legacy of the Knights of the Sword

The knights of the sword symbolize a multifaceted aspect of medieval history—combining martial excellence, social hierarchy, religious devotion, and cultural ideals. Their evolution from battlefield warriors to romantic icons reflects broader societal transformations. While their historical realities were complex and sometimes contradictory, the enduring power of the knightly image continues to influence modern notions of heroism, morality, and honor.

In studying these legendary figures, we gain insight not only into medieval warfare and society but also into how symbols of virtue and valor are constructed and reinvented across generations. Whether viewed through a scholarly lens, a cultural lens, or a personal fascination, the knights of the sword remain an integral part of the human narrative—embodying ideals that continue to inspire and captivate audiences worldwide.

Knights Of The Sword

knights of the sword: Knights of the Sword Roland Green, 2012-06-12 The greatest order of chivalry in the history of Krynn. After a knight has achieved the Order of the Crown, he must then begin his training in the virtues of courage and heroism in order to achieve the Order of the Sword. This is the second tale of Sir Pirvan the Wayward, whose reluctant and inauspicious beginnings bore few clues to his potential as a Knight of the Sword or as a Knight of the Crown, nor as a mentor for another similarly dubious prospect for Krynn's greatest order of chivalry. Roland J. Green is the author of the Starcruiser Shenandoah and Wandor series and numerous Conan novels, and is coauthor (with Jerr Pournelle) of the Jannisaries series. The Warriors series details the exploits of the heroes and villains of the War of the Lance.

knights of the sword: *The Teutonic Knights and Livonian Brothers of the Sword* Charles River Editors, 2019-08-08 *Includes pictures *Includes excerpts of medieval accounts As the dissipating fog gave way to an unnerving sight, the mass of frightening figures clad head to toe in gleaming armor would have been enough to take anyone's breath away. Some of them were mounted on the backs of handsome stallions, while others leaned forward with squared shoulders, ready to attack. In one swift motion, the men unsheathe their swords and raise it over their heads, their weapons winking as the glare of the sunlight bounces off the blade. To the somewhat trained eye, these warriors in Norman-inspired gear would have appeared to be one of the Crusader forces, but it is that bold black cross painted across their chests and shields that give them away. These men were none other than the fabled Teutonic Knights. The knights of the Teutonic Order have since been compared to the surreal creature that appeared to the biblical Ezekiel, one that bore 2 faces - one of

a man's, and one of a lion's. The human side of the creature is said to symbolize the order's charity, whereas the lion was a metaphor for its valor and gallant spirit, which they relied on to vanquish the heathens of the world. Like other secretive groups, the mystery surrounding the Teutonic Knights has helped their legacy endure. While some conspiracy theorists attempt to tie the group to other alleged secret societies like the Illuminati, other groups have tried to assert connections with the Teutonic Knights to bolster their own credentials. Who they were and what they had in their possession continue to be a source of great intrigue even among non-historical circles. Although many have heard of the Crusades and some of the more famous orders like the Templars, few know about the Livonian Crusade or the Livonian Brothers of the Sword. This organization was one of many Catholic military orders that sprung up during the Middle Ages in response to the papacy's call for holy war, and the Livonian Crusade is the term used to group together dozens of military actions undertaken by German knights in Eastern Europe. In essence, the Holy Roman Empire sought to control influential trade routes throughout the region by subjugating the native peoples and forcefully converting them to Christianity, and in this regard, the differences between the Livonian Crusade and those taking place further east, where crusaders attempted to retake the Christian Holy Land of Jerusalem, are readily apparent. In particular, there was no actual religious justification for the Livonian Crusade, and many of the knights deciding to join were often more interested in the political and economic benefits gained from the war. When it comes to understanding the history of the Livonian Brothers of the Sword, scholars have their work cut out for them, as few primary sources survived the conflict, and the order has had many different names over the years, including the Swordbrothers, the Livonian Order, and the Swordbrothers. All that said, the Livonian Brothers of the Sword bore many similarities to their counterparts in other countries, including being affiliated with the Catholic Church. Many of the knights took vows of celibacy and poverty, and the internal structure of the organization could be compared to the Knights Hospitaller or the Templars. Moreover, while relatively few people know of the Livonian Brothers of the Sword by their original name, the order would go on to become one of the most influential of religious knighthoods by incorporating into the Teutonic Knights. The order was also significant for consolidating the power of the Holy Roman Empire in Eastern Europe, as well as subjugating the native peoples and spreading Christianity by force, leading to numerous tensions that lasted centuries between the future nations of Estonia, Prussia, and others.

knights of the sword: The Shield and the Sword Ernle Bradford, 2002 The order of the Knights Hospitaller of St. John of Jerusalem is the most long-lived of the great military orders of knighthood. Originating in a hospice on the road to Jerusalem and officially founded in 1099 during the First Crusade, the Knights of St. John continued to grow in wealth, power, and territory long after they were run out of Jerusalem by victorious Muslim forces. In *The Shield and the Sword*, Ernle Bradford displays his talents as a master storyteller and great scholar of the Mediterranean, charting the intriguing history of the Knights from their origins in the Holy Land to their subsequent relocations to Rhodes, the island of Malta, and eventually England.

knights of the sword: Knights of Truth and Valor Pasquale De Marco, 2025-08-11 Embark on a captivating journey into the world of knights, where honor, valor, and unwavering loyalty reign supreme. Delve into the rich history of these legendary warriors, from their humble beginnings to their enduring impact on society. Yet no matter how many times Alvin asks Sid, he always refuses to participate. However, everything changes when an emissary from the militant Dragnir Empire arrives with a shocking message. Just what is the empire planning? And what will become of Alvin and her secret? Find out in the fourth volume of Magic Knight of the Old Ways!

knights of the sword: The Last Cavalry Sword Anthony C. Burke, 2022-12-29 This book tells the story of the last sword ever designed by a major power for its army to use as a weapon, not as an article of a dress uniform. The sword was the U.S. Model 1913 Cavalry Saber; the designer was George S. Patton, then a lieutenant on the staff of the Army chief of staff. Patton participated in the modern pentathlon in Stockholm in 1912, which included fencing, coming fifth overall. No one in the U.S. Army could be better suited, therefore, to design its last major edged weapon. The Last Sword provides an illustrated overview of the history of cavalry swords and their employment on the battlefield from the end of the Renaissance, through the Napoleonic Era, the Mexican-American War, the Civil War, the Spanish-American War, culminating with the Patton cavalry saber, and includes descriptions of a number of the more famous cavalry charges. Patton's unswerving belief in the value of horse-mounted cavalry, and in the value of those troopers and officers being equipped with the sword he designed, is described using his own words. He continued to advocate horse-mounted cavalry right up to the start of the Second World War. Though mechanized squadrons replaced the conventional cavalry, it was not quite the end of Patton's sword as some Model 1913 Cavalry Sabers were converted to fighting knives carried by GIs during the war. The book is fully illustrated with images from the collections of the Smithsonian Institution Museum of American History, the Library of Congress, the General George S. Patton Museum, the National Museum of the U.S. Army, the Connecticut Historical Society, and from private collections, most of which have never been published before.

knights of the sword: The Life of a Knight Kay Eastwood, 2004 Exciting illustrations and photographs highlight this book about the duties and privileges of a medieval knight in warfare and in service to a lord. Their daily life will be explored highlighting their clothing, apprenticeship, heraldry, and their obedience to the chivalric code.

knights of the sword: Living by the Sword Kristen Brooke Neuschel, 2020-11-15 Sharpen

your knowledge of swords with Kristen B. Neuschel as she takes you through a captivating 1,000 years of French and English history. *Living by the Sword* reveals that warrior culture, with the sword as its ultimate symbol, was deeply rooted in ritual long before the introduction of gunpowder weapons transformed the battlefield. Neuschel argues that objects have agency and that decoding their meaning involves seeing them in motion: bought, sold, exchanged, refurbished, written about, displayed, and used in ceremony. Drawing on evidence about swords (from wills, inventories, records of armories, and treasuries) in the possession of nobles and royalty, she explores the meanings people attached to them from the contexts in which they appeared. These environments included other prestige goods such as tapestries, jewels, and tableware—all used to construct and display status. *Living by the Sword* draws on an exciting diversity of sources from archaeology, military and social history, literature, and material culture studies to inspire students and educated lay readers (including collectors and reenactors) to stretch the boundaries of what they know as the war and culture genre.

knights of the sword: *The History of Warfare* Matthew Bennett, Doyne Dawson, Ron Field, Philip Hawthornwaite, Mike Loades, 2016-09-15 *The History of Warfare* blends beautiful art and diagrams with engaging and informative modern text to narrate Man's timeless capacity for waging war.

knights of the sword: Adventures of Ariston the Boy Mage David Webster, 2005 What mage? Aheam immediately questioned. Me, what do you want with me? Ariston whimpered. I have questions! the red dragon Zaira replied. After we discuss the terms with the Earl, and while Aheam looks for the scepter, you may talk to Ariston in my presence! Tibalt firmly insisted. Tibalt had heard of the red dragons' deep hatred for mages and he had grown fond of Ariston. Ariston's a mage? Aheam stated in shock. Ariston had slain a dragon and had performed admirably as a squire for Tibalt, it was turning Aheam's idea of mages upside down. He actually liked Ariston. Having lost his parents at a very young age and having his elder sister ripped away from him by the sinister Dark Mages might make anyone lose hope. But the twelve-year-old Ariston isn't just anyone. Sure living day to day isn't easy, but he and his two best friends, Elina and Faustus, make do. Their courage, perseverance, and loyalty inspire new friendships--honorable men including the Great Knight of Adar and the mage Pilan the All Powerful. Perhaps it is possible to rescue Ariston's sister from the clutches of the Dark Mages. After all great friendships lead to great deeds!

knights of the sword: *Guy of Waering* Keith Mancini, 2019-05-29 For Guy to claim his love, he must leave his hometown of Waering and return a knight worthy of her hand. As Guy takes his first steps into the wider world of Rodina, he struggles with the enormity of his task and the world outside of Waering. Unwittingly, he stumbles upon some famous warriors of Rodina's past and looks to them to make his dream a reality. Driven by love, he continues with his quest, bound by the solemn vow he made to himself beneath the stars—he will return a knight or die trying.

knights of the sword: *The Legends of King Arthur and His Knights* Thomas Sir Malory, James Sir Knowles, 2019-11-20 *The Legends of King Arthur and His Knights* is a compelling anthology that immerses readers in the vibrant world of Arthurian legend. The anthology captures a range of literary styles from grand epic narratives to intimate knightly tales, each piece revealing a unique facet of the Arthurian tradition. Without losing sight of the cultural and historical context, standout stories breathe new life into these ageless legends, reimagining them for both the devoted enthusiast and the curious newcomer. The anthology draws on the expertise of venerable Sir Thomas Malory and James Sir Knowles, two titans of Arthurian literature. Their contributions exemplify the resurgence of interest in medieval romance and chivalric ethos during the late Middle Ages and Victorian era, respectively. Each author brings to the collection a deep understanding of how historical and mythical dimensions intertwine within these narratives, ensuring that the reader experiences an enriched comprehension of this legendary cycle. With *The Legends of King Arthur and His Knights*, readers are invited to explore a dazzling array of perspectives and experiences regarding Arthurian lore. The authors'

diverse approaches offer a multifaceted dialogue that deepens scholarly exploration and casual enjoyment alike. A journey through this anthology promises an engaging inquiry into the enduring appeal of King Arthur and his knights, making it an indispensable addition to any literary collection. Discover the educational richness, diverse insights, and collaborative narration'—an opportunity not to be missed. In this enriched edition, we have carefully created added value for your reading experience: - A succinct Introduction situates the work's timeless appeal and themes. - The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. - A detailed Historical Context immerses you in the era's events and influences that shaped the writing. - A thorough Analysis dissects symbols, motifs, and character arcs to unearth underlying meanings. - Reflection questions prompt you to engage personally with the work's messages, connecting them to modern life. - Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. - Interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read.

knights of the sword: The World before lies Sir Raphael Merlotte, 2012-05-02 As the days of Noah were, so shall also the coming of the Son of man be. For as in the days that were before the Flood they were eating and drinking, marrying and giving in marriage, until the day that Noah entered into the ark, and knew not until the Flood came, and took them all away; so shall also the coming of the Son of man be.

knights of the sword: Incantation Mason H. Humphrey, 2022-09-05 This story takes place in a land of kingdoms and magic good and bad. 1 kingdom stands out from the others, Magique, the oldest out of the 5 kingdoms of the land, and most mysterious too. Ages ago, the king of Magique fell in love with a powerful witch, but she didn't return his affections and was in-love with another. In his rage he sent his armies to get her but she fought back and had perished in the battle. What remained of her was a staff and an infant with violet eyes, crying within the wreckage. The remaining soldiers took both the infant girl and the staff to the back to the king. Instead of a queen he was given a princess instead. He kept her a secret from the rest of the world and raised her as his own ever since, with the child being known the wiser and the lie of her being the only one with magic and if she were to leave, she would be hunted, this is her story.

knights of the sword: Lord of the World Ke Dong, 2020-03-14 A few hundred years ago, there was a group of humans who were known as 'Force Awakened ones'. They have the unimaginable power of ordinary humans and the ability to rule the world. However ... Awakened ones are not united and in the end, they are separated into two factions. The group was called the Yang Awakened ones, also known as the Sky Sun Clan. The other faction was the Yin Awakened ones, also known as the Earth Yin Tribe. A hundred years ago, the Sky Sun and Earth Yin Tribes finally had an unprecedented, decisive battle. In the end, the Sky Sun Clan won, and the Earth Yin Tribe was completely wiped out. The world was eventually ruled by the Heavenly Sun tribe, who began to call themselves the Heavenly God race. After the war between Yin and Yang, the Earth Yin Tribe was demoted to the Earth Devil Race by the God of Heaven. Although the Earth demons had been killed and wounded in the great battle, the clan's most precious treasure, the Earth Yin Saint (Demon) Codex, had been left behind and had set off a wave of bloodshed.
