Sample Book Insights: #1 The Ottoman Empire was in decline by the time the PERA Palace was founded. The Eastern Question, a conglomeration of territorial disputes, nationalist movements, and international standoffs, had roiled the empire for decades. #2 In 1908, the Ottoman Empire was forced to accept a constitutional monarchy and restore the imperial parliament. The Unionists were a new generation of Ottoman officers who were painfully aware of the gulf between their own empire and the great powers. #3 In 1909, a counter-coup attempted to undo the constitutional changes, but the Unionists struck back, sending military units marching on Istanbul to defend the reforms. In 1912 and 1913, two wars in the Balkans led to the independence of Albania, the loss of Macedonia and Crete, and the almost complete withdrawal of Ottoman power from continental Europe. #4 The Ottomans were quick to join the war, as they were promised territory and freedom from the sultan's control if they won. The war quickly became a struggle for survival for the Ottomans, as the potential costs were clear: the end of the Ottoman Empire, the dismemberment of the state, and perhaps even the loss of the imperial capital itself.

Half man, half god - and his own worst enemy. My kind of man.' He laughed. Istanbul, Turkey 1955 Benedict Hitchens, once a world-renowned archaeologist, is now a discredited - but still rather charming - shell of his former self. Once full of optimism and adventure, his determination to prove that Achilles was a real historical figure led him to his greatest love, Karina, on the island of Crete and to his greatest downfall, following the disappearance of an enigmatic stranger, Eris. He has one last chance to restore his reputation, solve the mystery of Eris and prove his Achilles theory. But it is full of risk, and possibly fatal consequences... In her breakout novel, Meaghan Wilson Anastasios weaves an action-packed tale of honour, passion, heroes and thieves across an epic backdrop of history. Good Reading 'Anastasios is an exciting storyteller with a flair for pace and dramatic tension - this is a gripping adventure, beautifully realised.' This all-encompassing quest and his part in selling dodgy antiquities, taint Hitchens' reputation as a respected academic. Along the way he encounters love and loss and finds himself in a life and death battle with several dramatic outcomes.' midnight at the pera palace book: Gods of the Upper Air Charles King, 2020-07-14 NEW YORK TIMES BESTSELLER 2020 Anisfield-Wolf Book Award Winner Finalist for the National Book Critics Circle Award From an award-winning historian comes a dazzling history of the birth of cultural anthropology and the adventurous scientists who pioneered it—a sweeping chronicle of discovery and the fascinating origin story of our multicultural world. A century ago, everyone knew that people were fated by their race, sex, and nationality to be more or less intelligent, nurturing, or warlike. But Columbia University professor Franz Boas looked at the data and decided everyone was wrong. Racial categories, he insisted, were biological fictions. Cultures did not come in neat packages labeled primitive or advanced. What counted as a family, a good meal, or even common sense was a product of history and circumstance, not of nature. In *Gods of the Upper Air*, a masterful narrative history of radical ideas and passionate lives, Charles King shows how these intuitions led to a fundamental reimagining of human diversity. Boas's students were some of the century's most colorful figures and unsung visionaries: Margaret Mead, the outspoken field researcher whose *Coming of Age in Samoa* is among the most widely read works of social science of all time; Ruth Benedict, the great love of Mead's life, whose research shaped post-Second World War Japan; Ella Deloria, the Dakota Sioux activist who preserved the traditions of Native Americans on the Great Plains; and Zora Neale Hurston, whose studies under Boas fed directly into her now classic novel, *Their Eyes Were Watching God*. Together, they mapped civilizations from the American South to the South Pacific and from Caribbean islands to Manhattan's city streets, and

unearthed an essential fact buried by centuries of prejudice: that humanity is an undivided whole. Their revolutionary findings would go on to inspire the fluid conceptions of identity we know today. Rich in drama, conflict, friendship, and love, *Gods of the Upper Air* is a brilliant and groundbreaking history of American progress and the opening of the modern mind.

midnight at the pera palace book: Dorothy Day John Loughery, Blythe Randolph, 2021-03-02 "Magisterial and glorious" (Pittsburgh Post-Gazette), the first full authoritative biography of Dorothy Day—American icon, radical pacifist, Catholic convert, and advocate for the homeless—is "a vivid account of her political and religious development" (Karen Armstrong, *The New York Times*). After growing up in a conservative middle-class Republican household and working several years as a left-wing journalist, Dorothy Day converted to Catholicism and became an anomaly in American life for the next fifty years. As an orthodox Catholic, political radical, and a rebel who courted controversy, she attracted three generations of admirers. A believer in civil disobedience, Day went to jail several times protesting the nuclear arms race. She was critical of capitalism and US foreign policy, and as skeptical of modern liberalism as political conservatism. Her protests began in 1917, leading to her arrest during the suffrage demonstration outside President Wilson's White House. In 1940 she spoke in Congress against the draft and urged young men not to register. She told audiences in 1962 that the US was as much to blame for the Cuban missile crisis as Cuba and the USSR. She refused to hear any criticism of the pope, though she sparred with American bishops and priests who lived in well-appointed rectories while tolerating racial segregation in their parishes. Dorothy Day is the exceptional biography of a dedicated modern-day pacifist, an outspoken advocate for the poor, and a lifelong anarchist. This definitive and insightful account is "a monumental exploration of the life, legacy, and spirituality of the Catholic activist" (Spirituality & Practice).

midnight at the pera palace book: In Europe's Shadow Robert D. Kaplan, 2016-11-01

"Sweeping and replete with alluring detail . . . [a] haunting yet ultimately optimistic examination of the human condition as found in Romania."—Alison Smale, The New York Times Book Review From the New York Times bestselling author Robert D. Kaplan, named one of the world's Top 100 Global Thinkers by Foreign Policy magazine, comes a riveting journey through one of Europe's frontier countries—and a potent examination of the forces that will determine Europe's fate in the postmodern age. Robert Kaplan first visited Romania in the 1970s, when he was a young journalist and the country was a bleak Communist backwater. It was one of the darkest corners of Europe, but few Westerners were paying attention. What ensued was a lifelong obsession with a critical, often overlooked country—a country that, today, is key to understanding the current threat that Russia poses to Europe. In *Europe's Shadow* is a vivid blend of memoir, travelogue, journalism, and history, a masterly work thirty years in the making—the story of a journalist coming of age, and a country struggling to do the same. Through the lens of one country, Kaplan examines larger questions of geography, imperialism, the role of fate in international relations, the Cold War, the Holocaust, and more. Here Kaplan illuminates the fusion of the Latin West and the Greek East that created Romania, the country that gave rise to Ion Antonescu, Hitler's chief foreign accomplice during World War II, and the country that was home to the most brutal strain of Communism under Nicolae Ceaușescu. Romania past and present are rendered in cinematic prose: the ashen faces of citizens waiting in bread lines in Cold War-era Bucharest; the Bărăgan Steppe, laid bare by centuries of foreign invasion; the grim labor camps of the Black Sea Canal; the majestic Gothic church spires of Transylvania and Maramureș. Kaplan finds himself in dialogue with the great thinkers of the past, and with the Romanians of today, the philosophers, priests, and politicians—those who struggle to keep the flame of humanism alive in the era of a resurgent Russia. Upon his return to Romania in 2013 and 2014, Kaplan found the country transformed yet again—now a traveler's destination shaped by Western tastes, yet still emerging from the long shadows of Hitler and Stalin. In *Europe's Shadow* is the story of an ideological and geographic frontier—and the book you must read in order to truly understand the crisis Europe faces, from Russia and from within.

midnight at the pera palace book: Living in the Ottoman Lands: Identities

Administration and Warfare Burhan Çağlar, Ömer Faruk Can, Hacer Kılıçaslan, 2021-03-01 The long and elaborate past of the Ottoman Empire, encompassing a wide geographical area, presents a mosaic of knowledge and acquisition of experience. Upon this complicated and plural nature, Ottoman history looks like a puzzle that requires a wealth of skills and approaches to decipher. The foremost step to achieve this sophisticated task is to go beyond the borders of formalistic narratives and gain a multiplicity of perspectives through collaborative studies. This book is one of the outputs of such cooperation toward a more comprehensive Ottoman historiography. The first part, entitled "Religious Identities, Intercommunal Relations and Social Life", focuses on the communal structure of the Ottoman society. In this part, the transformation of the multilingual, multi-ethnic, and multi-religious empire and of the world around it is discussed on the basis of changes in social and administrative structures. The second part, "Administration and Business in the Center or Periphery", consists of the studies on the administrative instruments of the political and economic

reforms in the 19th century Ottoman world and the way these instruments reshaped market mechanisms. The third part, entitled "Personal Documents, Public Prints and Medical Approaches", contains articles on personal narratives, diaries, travel notes, and the Ottoman press. The final part, which discusses the military and geopolitical strategies that the Ottoman Empire followed throughout its journey from a principality to an empire, is entitled "Warfare and Intelligence". In the book, a panorama of the empire's lifestyle is manifested, and the course of history is outlined from various perspectives. It analyses the story of the Ottomans based on various personal, communal, social, economic, and military affairs.

midnight at the pera palace book: The Hammam through Time and Space Julie Peteet, 2024-05-15 Julie Peteet offers a fascinating tour through the rich cultural history of hammams, or baths, in the Mediterranean and Middle East. These sacred structures date back to the Bronze and Iron Ages and have evolved through the Hellenistic, Roman, Byzantine, and Islamic periods. In this original work, Peteet provides the first comprehensive examination of hammams through their architecture, labor pool, clientele, meanings, notions of the body and hygiene, and economy. Exploring the hammam as both a tangible architectural structure and an intangible social practice, Peteet sheds light on how the bath has functioned as a central hub of religious ceremonies and a space that transcends any specific religious affiliation. Although hammams have experienced a decline due to modernization, new domestic technologies, and rejection of the Ottoman-Islamic past, their current reinvigorated form illuminates neoliberal conceptions of heritage and leisure industries. Hammams have become spaces for cleansing and fashioning a gendered and aesthetically appropriate body as defined by a global wellness syndrome. Peteet's captivating narrative traces the hammam's historical significance and contemporary role as both a sacred and profane cultural phenomenon.

midnight at the pera palace book: Politics, Violence, Memory Jeffrey S. Kopstein, Jelena Subotić, Susan Welch, 2023-01-15 Politics, Violence, Memory highlights important new social scientific research on the Holocaust and initiates the integration of the Holocaust into mainstream social scientific research in a way that will be useful both for social scientists and historians. Until recently social scientists largely ignored the Holocaust despite the centrality of these tragic events to many of their own concepts and theories. In Politics, Violence, Memory the editors bring together contributions to understanding the Holocaust from a variety of disciplines, including political science, sociology, demography, and public health. The chapters examine the sources and measurement of antisemitism; explanations for collaboration, rescue, and survival; competing accounts of neighbor-on-neighbor violence; and the legacies of the Holocaust in contemporary Europe. Politics, Violence, Memory brings new data to bear on these important concerns and shows how older data can be deployed in new ways to understand the index case of violence in the modern world.

midnight at the pera palace book: Istanbul Nora Fisher-Onar, Susan C. Pearce, E. Fuat Keyman, 2018-02-28 Istanbul explores how to live with difference through the prism of an age-old, cutting-edge city whose people have long confronted the challenge of sharing space with the Other. Located at the intersection of trade networks connecting Europe, Asia, and Africa, Istanbul is

western and eastern, northern and southern, religious and secular. Heir of ancient empires, Istanbul is the premier city of a proud nation-state even as it has become a global city of multinational corporations, NGOs, and capital flows. Rather than exploring Istanbul as one place at one time, the contributors to this volume focus on the city's experience of migration and globalization over the last two centuries. Asking what Istanbul teaches us about living with people whose hopes jostle with one's own, contributors explore the rise, collapse, and fragile rebirth of cosmopolitan conviviality in a once and future world city. The result is a cogent, interdisciplinary exchange about an urban space that is microcosmic of dilemmas of diversity across time and space.

midnight at the pera palace book: *Losing Istanbul* Mostafa Minawi, 2022-12-06 *Losing Istanbul* offers an intimate history of empire, following the rise and fall of a generation of Arab-Ottoman imperialists living in Istanbul. Mostafa Minawi shows how these men and women negotiated their loyalties and guarded their privileges through a microhistorical study of the changing social, political, and cultural currents between 1878 and the First World War. He narrates lives lived in these turbulent times—the joys and fears, triumphs and losses, pride and prejudices—while focusing on the complex dynamics of ethnicity and race in an increasingly Turco-centric imperial capital. Drawing on archival records, newspaper articles, travelogues, personal letters, diaries, photos, and interviews, Minawi shows how the loyalties of these imperialists were questioned and their ethnic identification weaponized. As the once diverse empire comes to an end, they are forced to give up their home in the imperial capital. An alternative history of the last four decades of the Ottoman Empire, *Losing Istanbul* frames global pivotal events through the experiences of Arab-Ottoman imperial loyalists who called Istanbul home, on the eve of a vanishing imperial world order.

midnight at the pera palace book: *Red Star over the Black Sea* James Meyer, 2023-03-07 Nâzım Hikmet (1902-1963) is best known as a poet and communist whose daring flight by motorboat from Turkey to the Eastern Bloc captured international headlines in 1951. One of the most important poets to have written in the Turkish language, Nâzım Hikmet's dramatic life story is fascinating in its own right, but also intersects with the story of the broader twentieth century. James H. Meyer situates Nâzım Hikmet within the broader context of Turkish communist border-crossers, individuals whose lives would go on to be shaped significantly by their ability, inability, or need to traverse the frontier. Born at the turn of the twentieth century and coming of age in the early 1920s, the women and men from Nâzım Hikmet's generation were the last of the Ottomans. Children of empire, they had grown up in an era of porous frontiers, but by the time they reached their third decade, these borders had begun to close. Drawing upon an enormous amount of previously untapped archival materials and personal papers from Moscow, Istanbul, Amsterdam, and Washington, DC, Meyer has written a biography of Nâzım Hikmet unlike any other. A book of world history wrapped inside a life story, *Red Star over the Black Sea* shows how changing attitudes toward borders and the people who cross them impacted a late imperial generation all the way up to the final years of the Cold War.

midnight at the pera palace book: *Rival Power* Dimitar Bechev, 2017-08-22 A nuanced and comprehensive study of the political dynamics between Russia and key countries in Southeast Europe Is Russia threatening to disrupt more than two decades' of E.U. and U.S. efforts to promote stability in post-communist Southeast Europe? Politicians and commentators in the West say, "yes." With rising global anxiety over Russia's political policies and objectives, Dimitar Bechev provides the only in-depth look at this volatile region. Deftly unpacking the nature and extent of Russian influence in the Balkans, Greece, and Turkey, Bechev argues that both sides are driven by pragmatism and opportunism rather than historical loyalties. Russia is seeking to assert its role in Europe's security architecture, establish alternative routes for its gas exports—including the contested Southern Gas Corridor—and score points against the West. Yet, leaders in these areas are allowing Russia to reinsert itself to serve their own goals. This urgently needed guide analyzes the responses of regional NATO members, particularly regarding the annexation of Crimea and the Putin-Erdogan rift over Syria.
