Plot: The story centres on Gabriel Conroy, a teacher and part-time book reviewer, and explores the relationships he has with his family and friends. Gabriel arrives late to the party with his wife Gretta, where he is eagerly received. After a somewhat awkward encounter with Lily, the caretaker's daughter, Gabriel goes upstairs to where the party attendants are dancing. Gabriel worries about the speech he is to give, especially that it contains too many academic references for his audience, and Freddy Malins arrives drunk, as the hosts had feared. As the party moves on, he is confronted by Miss Ivors, an Irish nationalist, about his publishing a weekly literary column in a newspaper with unionist sympathies, and she teases him as a West Briton, that is, a supporter of English political control of Ireland. Gabriel thinks this charge is highly unfair, but fails to offer a satisfactory rejoinder, and the encounter ends awkwardly, which bothers him the rest of the night. He becomes more disaffected when he tells his wife of the encounter and she expresses an interest in returning to visit her childhood home of Galway. The music and party continues, but Gabriel retreats into himself, thinking of the snow outside and his impending speech. Dinner begins, with Gabriel seated at the head of the table. The guests discuss music and the practices of certain monks. Once the dining has died down, Gabriel thinks once more about the snow and begins his speech, praising traditional Irish hospitality, observing that we are living in a sceptical...thought-tormented age, and referring to Aunt Kate, Aunt Julia and Mary Jane as the Three Graces. The speech ends with a toast, and the guests sing For they are jolly gay fellows.

The Dead is the final story in the volume Dubliners and differs from the other stories both in its greater length and its poetic intensity and symbolism. The central theme here is the mortality of the human being, which is suggested from the title. But it encompasses much more than that. The description of the New Year's Eve party is a clear example of Joyce's skill in depicting scenes, highlighting aspects that seem of no importance. The complexity that Joyce was able to infuse into his masterpiece Ulysses is well known, but the story The Dead, with its simplicity, is proof of the enormous versatility and talent of this great writer.

the dead book james joyce: *What Meaning do the Dead have in James Joyce's "The Dead"?* Marcus Gießmann, 2013-09-17 Research Paper (undergraduate) from the year 2013 in the subject Didactics for the subject English - Literature, Works, grade: 2,0, Friedrich-Alexander University Erlangen-Nuremberg, course: Arts and Humanities, language: English, abstract: Before, while and after reading The Dead by James Joyce one question seems omnipresent – not least because of the title: What connection does the narrative have to the dead? This question yields another one, namely “What does that mean?” In order to approach these two questions appropriately and to reach epistemically satisfying conclusions, I propose a simple structure which allows us to consider the

issues in question. Firstly, we will look at three elements of the storyline: The environment, the people and most importantly Gabriel. Each element will be investigated concerning its role and meaning for the whole story and as to how appropriate connections between elements could be drawn. Following this, we will be able to rank the elements in regards to their importance with reference to the answers to our initial questions. Obviously Gabriel is the most important element and hence will help us best to deliver answers to our questions. Therefore we must take a closer look at him. I will argue that Gabriel is the key element in answering the first of our initial questions. The whole narrative culminates in the end, when Gabriel realized that he was only a substitute for the deceased Michael Furey – the early love of his wife Gretta, if not the love of her life. The answer to the second question is that the special circumstances which generate a paradoxical connection are nothing more than the inflexible and rigid attitudes of people who interact with their surroundings and cause them to be rigid and uniform.

the dead book james joyce: *The Dead* James Joyce, 2008-10 *The Dead* is one of the twentieth century's most beautiful pieces of short literature. Taking his inspiration from a family gathering held every year on the Feast of the Epiphany, Joyce pens a story about a married couple attending a Christmas-season party at the house of the husband's two elderly aunts. A shocking confession made by the husband's wife toward the end of the story showcases the power of Joyce's greatest innovation: the epiphany, that moment when everything, for character and reader alike, is suddenly clear.

the dead book james joyce: *The Dead* James Joyce, 2014-01-06 *The Dead* is the final short story in the collection *Dubliners* by James Joyce. It is the longest story in the collection and widely considered to be one of the greatest short stories in the English language. At between 15-16,000 words it has also been considered a novella. It was adapted as a one act play of the same name by Hugh Leonard in 1967. *The Dead* was made into a film also entitled *The Dead* in 1987, directed by John Huston. In 1999 it was adapted into a musical by Richard Nelson and Shaun Davey. Christopher Walken starred in the original production. The story centres on Gabriel Conroy on the night of the Morkan sisters' annual dance and dinner in the first week of January 1904, perhaps the Feast of the Epiphany (January 6). Typical of the stories in *Dubliners*, *The Dead* develops toward a moment of painful self-awareness; Joyce described this as an epiphany. The narrative generally concentrates on Gabriel's insecurities, his social awkwardness, and the defensive way he copes with his discomfort. The story culminates at the point when Gabriel discovers that, through years of marriage, there was much he never knew of his wife's past. JOYCE HOUSE, the fictional Morkan sisters' home. 15 Usher's Island, Dublin. Upon arriving at the party with his wife, Gabriel makes a joke that is not funny about the maid's marriage prospects; and he fidgets, adjusts his clothing, and offers her money as a holiday present. Not long after that, he gets flustered again when his wife pokes fun at him over a conversation they had earlier, in which he had forced her to wear galoshes for the bad weather. With such episodes, Gabriel is depicted as particularly pathetic. Similarly, Gabriel is unsure about quoting a poem from the poet Robert Browning when he is giving his dinner address, as he is afraid to be seen as pretentious. But, at the same time, Gabriel considers himself above the others when he speculates that his audience would not understand the words he uses.

The book describes and brings to life the city of Dublin, the hometown of James Joyce, at the beginning of the twentieth century. The collection is a mix of social realism and literary imagination. Each of the 15 stories is set against a background of real names, streets, shops, pubs and icons. It also comes alive through the biographical references to Joyce's life. That is the reason why I decided to place the biography of James Joyce before my analysis in this paper. I chose the story *The Dead* because it seems to stand out of the short- story collection *Dubliners*. *The Dead* had not been composed when Joyce divulged

that the course of the collection must be seen under the loose-knit general plan of a human lifecycle: childhood, adolescence, maturity and public life. The story also stands out of the collection because of the story's length, tone and positioning in the book. It was the last story he wrote for *Dubliners* in 1906/07, when he had already left Ireland. Before that, it was obvious that Joyce was very sceptical of the Irish Renaissance and the Irish literary revival, although the revival's outstanding poet, W. B. Yeats, influenced Joyce's writing in the first years. He felt Ireland's future lay within the European intellectual and cultural community. Joyce became increasingly impatient with Ireland's parochialism and turned toward Europe, he and his wife Nora moved to the Continent. Now a change of attitude towards Ireland and Dublin, manifested in the story *The Dead*, can be observed. He wrote his brother Stanislaus in a letter the whole collection of *Dubliners* would be incomplete without this new feelings toward his home
