three men in a boat jerome: Three Men in a Boat K. Jerome, 2007-03 Jerome Klapka Jerome (1859-1927) was an English author, best known for the humorous travelogue *Three Men in a Boat*. *Three Men in a Boat* begins: THERE were four of us -- George, and William Samuel Harris, and myself, and Montmorency. We were sitting in my room, smoking, and talking about how bad we were -- bad from a medical point of view I mean, of course. We were all feeling seedy, and we were getting quite nervous about it. Harris said he felt such extraordinary fits of giddiness come over him at times, that he hardly knew what he was doing; and then George said that HE had fits of giddiness too, and hardly knew what HE was doing. With me, it was my liver that was out of order. I knew it was my liver that was out of order, because I had just been reading a patent liver-pill circular, in which were detailed the various symptoms by which a man could tell when his liver was out of order. I had them all. It is a most extraordinary thing, but I never read a patent medicine advertisement without being impelled to the conclusion that I am suffering from the particular disease therein dealt with in its most virulent form. The diagnosis seems in every case to correspond exactly with all the sensations that I have ever felt.

The men are spending an evening in J.'s room, smoking and discussing illnesses from which they fancy they suffer. They conclude that they are all suffering from overwork, and need a holiday. A stay in the country and a sea trip are both considered. The country stay is rejected because Harris claims that it would be dull, the sea-trip after J. describes bad experiences

of his brother-in-law and a friend on sea trips. The three eventually decide on a boating holiday up the River Thames, from Kingston upon Thames to Oxford, during which they will camp, notwithstanding more of J.'s anecdotes about previous mishaps with tents and camping stoves. They set off the following Saturday. George must go to work that day, so J. and Harris make their way to Kingston by train. They cannot find the right train at Waterloo station (the station's confusing layout was a well-known theme of Victorian comedy) so they bribe a train driver to take his train to Kingston, where they collect the hired boat and start the journey. They meet George further up river at Weybridge. The remainder of the story describes their river journey and the incidents that occur. The book's original purpose as a guidebook is apparent as J., the narrator, describes passing landmarks and villages such as Hampton Court Palace, Hampton Church, Magna Carta Island and Monkey Island, and muses on historical associations of these places. However, he frequently digresses into humorous anecdotes that range from the unreliability of barometers for weather forecasting to the difficulties encountered when learning to play the Scottish bagpipes. The most frequent topics of J.'s anecdotes are river pastimes such as fishing and boating and the difficulties they present to the inexperienced and unwary and to the three men on previous boating trips

However, he frequently digresses into humorous anecdotes that range from the unreliability of barometers for weather forecasting to the difficulties encountered when learning to play the Scottish bagpipes. The most frequent topics of J.'s anecdotes are river pastimes such as fishing and boating and the difficulties

they present to the inexperienced and unwary and to the three men on previous boating trips. The book includes classic comedy set pieces, such as the Plaster of Paris trout in chapter 17, and the Irish stew in chapter 14 - made by mixing most of the leftovers in the party's food hamper: I forget the other ingredients, but I know nothing was wasted; and I remember that, towards the end, Montmorency, who had evinced great interest in the proceedings throughout, strolled away with an earnest and thoughtful air, reappearing, a few minutes afterwards.

three men in a boat jerome: Three Men in a Boat (To Say Nothing of the Dog) Jerome K. Jerome, 2009-11-22 Three Men in a Boat, Jerome Jerome's comic masterpiece and one of the best-known classics of English humor, follows the misadventures of 3 bungling, Victorian-era bachelors who take off on a rowing excursion up the Thames. Their disastrous struggles with camping equipment, meal preparation, and rampant hypochondria trumpet simple truths that still resonate today. An enchanting comic novel, Three Men in a Boat features three hypochondriacs who find that they have symptoms of every disease in existence (except housemaid's knee). To prop up their failing health, they decide to take a cruise down the Thames in a rented boat, camping and enjoying nature's bounty. Even though it was published more than a century ago, Three Men in a Boat remains as freshly humorous as when it first came off the press. Jerome's real talent is in finding humor in everyday things, like trying to erect a tent in the woods, getting seasick, or questioning whether it's safe to drink river water. Written in Jerome's dry, goofy prose, these little occurrences become immensely funny. One of the funniest parts of the book is when the boys listen to a fisherman telling of his prowess, only to accidentally knock down his record-breaking stuffed fish and discover it's made out of plaster. Funny, wacky and true to life, Three Men in a Boat is an enduring comic classic in the vein of PG Wodehouse.

three men in a boat jerome: Three Men in a Boat Jerome K. Jerome, 2011-09-20 One of the best-loved classics of all time, Three Men in a Boat is a hilarious account of three friends and their dog on a holiday trip on the Thames in England. Harris, George, Jerome (the narrator), and Montmorency (the fox terrier) decide to take a break from their tedious routine, to restore their 'mental equilibrium'. And so they take a trip on the Thames between Kingston and Oxford, making certain stops at interesting places, camping out, and inadvertently landing up in comical muddles and misadventures. Originally planned as a travelogue, this book turned into a literary classic, thanks to the narrator's humorous digressions, segueing into the historical background of some places. It is sprinkled with his own musings as they cross Hampton Court Palace, Monkey Island, Magna Carta Island, Marlow, little villages, and other known landmarks on the way. The three men in the novel are based on real-life characters: Jerome himself, and his two friends, George Wingrave and Carl Hentschel.

three men in a boat jerome: Three Men in a Boat: A Humorous Account by English Writer Jerome K. Jerome of a Two-week Boating Holiday on the Thames from Kingston Upon T Jerome K. Jerome, 2020-09-19 Three Men in a Boat (To Say Nothing of the Dog), published in 1889, is a humorous account by English writer Jerome K. Jerome of a two-week boating holiday on the Thames from Kingston upon Thames to Oxford and back to Kingston. The book was initially intended to be a serious travel guide, with accounts of local history along the route, but the humorous elements took over to the point where the serious and somewhat sentimental passages seem a distraction to the comic novel. One of the most praised things about Three Men in a Boat is how undated it appears to modern readers - the jokes have been praised as fresh and witty. The three men are based on Jerome himself (the narrator Jerome K. Jerome) and two real-life friends, George Wingrave (who would become a senior manager at Barclays Bank) and Carl Hentschel (the founder of a London printing business, called Harris in the book), with whom Jerome often took boating trips. The dog, Montmorency, is entirely fictional but, as Jerome admits, developed out of that area of inner consciousness which, in all Englishmen, contains an element of the dog. The trip is a typical boating holiday of the time in a Thames camping skiff. This was just after commercial boat traffic on the Upper Thames had died out, replaced by the 1880s craze for boating as a leisure

activity. Following the overwhelming success of *Three Men in a Boat*, Jerome later published a sequel, about a cycling tour in Germany, titled *Three Men on the Bummel* (also known as *Three Men on Wheels*, 1900).

three men in a boat jerome: Three Men in a Boat (To Say Nothing of the Dog) Jerome K. Jerome, 2022-01-04 One of the best-loved and most entertaining comic novels ever penned, *Three Men in a Boat* has been a classic since it was first published in 1889. J., George, and Harris (not forgetting Montmorency, the mischievous, irascible fox terrier)—our young heroes—take a boating holiday along the Thames. Their aim is to escape the weary work-a-day world and improve their health, but they are ill prepared for the various escapades, difficulties and vicissitudes that they encounter along the watery way. The adventures of these incompetent innocents abroad are magnified to epic proportions by the storyteller, J., whose narration gives the book not only a wonderful endearing freshness but also a series of hilarious moments of timeless comedy.
