Origins and Historical Context

Biblical Foundations

The phrase "Pale Horse" originates primarily from the Christian Bible, specifically the Book of Revelation, which is the final book of the New Testament. Revelation 6:8 states:

"And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him."

This passage is part of the Four Horsemen of the Apocalypse, each representing different aspects of divine judgment and societal upheaval: Conquest (White Horse), War (Red Horse), Famine (Black Horse), and Death (Pale Horse). The pale horse, often associated with sickness and death, is depicted as a harbinger of destruction and the end times.

The Greek word used in the original text is "chloros," which translates to "pale," "greenish," or "yellowish," emphasizing the sickly, deathly hue of the horse. Over centuries, this imagery has seeped into Western consciousness as a symbol of mortality and impending doom.
