far side calendar 2024: *Soviet Spectatorship* Samuel Goff, 2024-09-05 What distinguished the Soviet 'look'? How did Soviet thinkers and artists reimagine the relationship between observer and observed? *Soviet Spectatorship* answers these questions through an in depth exploration of Soviet physical culture and its on screen representations from the end of the Civil War to the eve of the Second World War. Samuel Goff identifies the three fundamental 'structures of looking' - surveillance, aesthetics, and spectatorship - that shaped representations of the embodied Soviet subject. Close readings of understudied films such as *Happy Finish* (1934), *The Laurels of Miss Ellen Gray* (1935) and *A Strict Young Man* (1936), are contextualised through a theoretical analysis of the relationship between subjectivity and the body. In doing so, Goff traces the evolution of a specific Soviet 'look', examining perspectives on Soviet aesthetics and theories of body and mind, uncovering continuities within Soviet visual cultures in a period usually understood in terms of discontinuity and rupture.

As the Great War rages, a French pianist sits down to play an arrestingly original sonata—a piece so strange and inspired that it could change the course of classical music. The moment is captured on wax cylinders, the recording medium of the day. A century later, five timeworn wax cylinders land on the desk of Ben Weil, a revered classical music producer. From the moment he first plays them in his Chicago studio, Ben knows he’s in the presence of genius. The dazzling piece is years ahead of its time, more Coltrane than Debussy—how could it be? Brought low by a painful divorce, Ben throws himself into unlocking the sonata’s mysteries. But when a renowned pianist stumbles upon the work and takes credit for unearthing it, he’s swept into a lie that could shatter his reputation and his private life at a stroke. Somehow Ben must find a way to tell the truth—a dangerous quest that will lead him not only to the sonata’s surprising origins, but to his own.

far side calendar 2024: Heavy Duty Attitude Iain Parke, 2024-05-21 ‘I liked your book,’ he said, as we shook hands across the table. ‘Well thanks,’ I answered guardedly, as I slid onto the bench seat opposite him and sat down. It was around three months since it had come out and so just coming up to about a year since his election. ‘You mean the one that just about stopped short of saying that you killed him,’ I asked, ‘or that you at least had him killed?’ ‘Yes,’ he nodded with a smile on his wolfish face, ‘I particularly liked that part.’ Iain had written a book about The Brethren MC and how powerful they could be. He knew it was a dangerous thing to have done, whether they liked it or not, and one that had taken him part way into their world. And now it was his turn. Now a new President, with big boots to fill, was going to make him an offer he was going to find difficult to refuse, and once in the outlaw biker’s world, steeped in the smells of engine oil and leather, would he ever be able to get out again? And as an outsider on the inside, with serious trouble looming, who, if anyone, can he trust? The second instalment of the Brethren MC Trilogy, a British Sons of Anarchy.
