kate middleton toples pics: Jesus and Brian Joan E. Taylor, 2015-09-10 Monty Python's Life of Brian film is known for its brilliant satirical humour. Less well known is that the film contains references to what was, at the time of its release, cutting edge biblical scholarship and Life of Jesus research. This research, founded on the acceptance of the Historical Jesus as a Jew who needs to be understood within the context of his time, is implicitly referenced through the setting of the Brian character within a tumultuous social and political background. This collection is a compilation of essays from foremost scholars of the historical Jesus and the first century Judaea, and includes contributions from George Brooke, Richard Burridge, Paula Fredriksen, Steve Mason, Adele Reinhartz, Bart Ehrman, Amy-Jill Levine, James Crossley, Philip Davies, Joan Taylor, Bill Telford,

Helen Bond, Guy Stiebel, David Tollerton, David Shepherd and Katie Turner. The collection opens up the Life of Brian to renewed investigation and, in so doing, uses the film to reflect on the historical Jesus and his times, revitalising the discussion of history and Life of Jesus research. The volume also features a Preface from Terry Jones, who not only directed the film, but also played Brian's mum.

kate middleton toples pics: The iPINIONS Journal Anthony Livingston Hall, 2018-04-14

ANTHONY L. HALL takes aim at the global events of 2017 with a unique and refreshing perspective. Some of the topics in this volume include: President Trump telling pathological lies "He's continually challenging us to believe the lie we hear instead of the truth we see." Instagram mainstreaming strippergrams "Instagram has normalized twits sharing, for all the world to see, not just their family albums but intimate pictures that should be for a lover's eyes only. It is little more than a platform for hard-core narcissists and soft-porn exhibitionists to show off." President Putin waiting in vain for payoff from hacking US election "America's ingenious system of checks and balances has so circumscribed Trump's Putinesque impulses that all Putin has to show for his hacking is Russia suffering even worse economic sanctions and irreparable reputational damage." White supremacists rampaging in Charlottesville over Confederate statue "I can think of 99 things that bother me about racism in America today, but a Confederate statue ain't one." Justin Gatlin spoiling Usain Bolt's swan song in 100m "The look of anguish on Bolt's face—when it struck him that he was going to lose—rivals that look in 'The Scream,' Edvard Munch's most famous painting. #Priceless!" Fox News reckoning with scourge of sexual harassment "Fox News markets itself as a Christian sanctuary in a wasteland of moral degeneracy. But these scandals expose it as just a proverbial Peyton Place." Athletes and CEOs snubbing Trump "He is so unpopular that being invited to this White House is tantamount to being invited to a garden party by that proverbial skunk."

kate middleton toples pics: Revenge Pornography Matthew Hall, Jeff Hearn, 2017-09-01

Facilitated by developments in technologies, the non-consensual posting of sexually explicit images of someone else for revenge, entertainment or political motive – so-called revenge porn – has become a global phenomenon. This groundbreaking book argues that fundamental and recurring issues about how victims are violated can be understood in terms of gender and sexual dynamics and constructions, binary gender and sexual positioning and logics, and the use of sexual meanings. Using a discourse analytical approach the authors examine revenge pornography through the words of the perpetrators themselves and study the complex ways in which they invoke, and deploy, gender- and sexuality-based discourses to blame the victim. They explore strategies to curb the phenomenon of revenge porn, and by placing their research in a broader social and political context, the authors are able to examine the effectiveness of current legislative frameworks, education and awareness raising, victim support and perpetrator re-education programmes, along with wider political considerations. This enhanced understanding of the perpetrator mindset provides important insights into the use of social media to facilitate gender violence, and holds the promise of more effective interventions in future. This is a unique resource for students, academics, researchers, and professionals interested in revenge pornography and related issues.

kate middleton toples pics: Conspiracy Ryan Holiday, 2019-06-25 An NPR Book Concierge Best Book of 2018! A Sunday Times of London Pick of the Paperbacks A stunning story about how power works in the modern age--the book the New York Times called one helluva page-turner and The Sunday Times of London celebrated as riveting...an astonishing modern media conspiracy that is a fantastic read. Pick up the book everyone is talking about. In 2007, a short blogpost on Valleywag, the Silicon Valley-vertical of Gawker Media, outed PayPal founder and billionaire investor Peter Thiel as gay. Thiel's sexuality had been known to close friends and family, but he didn't consider himself a public figure, and believed the information was private. This post would be the casus belli for a meticulously plotted conspiracy that would end nearly a decade later with a \$140 million dollar judgment against Gawker, its bankruptcy and with Nick Denton, Gawker's CEO and founder, out of a job. Only later would the world learn that Gawker's demise was not incidental--it had been masterminded by Thiel. For years, Thiel had searched endlessly for a solution to what he'd come to call the Gawker Problem. When an unmarked envelope delivered an illegally recorded sex tape of Hogan with his best friend's wife, Gawker had seen the chance for millions of pageviews and to say the things that others were afraid to say. Thiel saw their publication of the tape as the opportunity he was looking for. He would come to pit Hogan against Gawker in a multi-year proxy war through the Florida legal system, while Gawker remained confidently convinced they would prevail as they had over so many other lawsuit--until it was too late. The verdict would stun the world and so would Peter's ultimate unmasking as the man who had set it all in motion. Why had he done this? How had no one discovered it? What would this mean--for the First Amendment? For privacy? For culture? In Holiday's masterful telling of this nearly unbelievable conspiracy, informed by interviews with all the key players, this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press. It's a study in power, strategy, and one of the most wildly ambitious--and successful--secret plots in recent memory. Some will cheer Gawker's destruction and others will lament it, but after reading these pages--and seeing the access the author was given--no one will deny that there is something ruthless and brilliant about Peter Thiel's shocking attempt to shake up the world.

kate middleton toples pics: Celebrity Culture Ellis Cashmore, 2023-09-29 Haven't we all seen a Black Panther movie and listened to at least a few Harry Styles tunes? Who hasn't seen a Taylor Swift video? Or can't name an incident or two involving the Kardashians? Popular fascination with the rich and famous is an inescapable part of contemporary consumer culture. Celebrity Culture is a comprehensive yet accessible survey of the pervasive phenomenon. This new edition of the textbook is fully revised and updated, incorporating up-to-date examples, case studies and additional features, including a timeline and retrospections at the end of chapters. Whilst recognizing that celebrities have existed for centuries, Cashmore argues that celebrity culture in the 21st century is a novel and unique phenomenon driven by rampant consumerism, advertising and the media. He describes the evolution of a new kind of fame, the growth of consumerism, the rise of the paparazzi, the fluctuating value of sex scandals, the transmutation of blackness, the metamorphosis of the British royal family, the emergence of influencers, the appeal of celebrity couples, the increased visibility of queer culture, the transformation of politics, the reconstruction of talent and the attempts of theories to grasp celebrity culture's magnetism. Celebrity Culture will appeal to a wide undergraduate audience throughout the social sciences and humanities.

kate middleton toples pics: A Story Like Ours Robin Huber, 2019-06-18 In the riveting, powerful conclusion to the Love Story duet, Sam and Lucy discover that sometimes it's not about finding love, it's about saving it. Even when we were kids, the connection between us was overwhelming. I knew Sam and I were soulmates, destined to be together. Breaking that love would mean breaking us. And for a little while, that happened. I lost the man who had always been my other half. After too much heartache and too many years apart, we've finally found our way back to each other. But Sam's professional boxing career is getting in the way of our happy ending. I don't know how much longer I can watch him take another crushing punch, knowing each one knocks him closer to danger. He's killing himself. For me. For us. And for one tiny other... Then the blow comes. It's not the one I thought it would be--fist in glove--but the result is the same. We're on the verge of losing everything we fought for. Everything we sacrificed for. We thought we paid the price. We thought we had it all. But what if my love isn't enough to bring Sam back to me? Captivating, sexy, emotional and deeply romantic. If you love second-chance romances, you do not want to miss this duet that delivers all the feels. -Frolic Love Story Duet: Book 1: A Love Like Yours Book 2: A Story Like Ours

kate middleton toples pics: Privacy in the New Media Age Jon L. Mills, 2015-03-03 Balancing personal dignity and first amendment concerns has become increasingly challenging in the new media age, when, for example, bloggers have no editors and perhaps no moral restraints. Unlimited and unrestricted internet speech has left thousands of victims in its wake, most of them silenced after the media cycle moves on. While the history of free speech and press has noble origins rooted in democratic theory, how does society protect those who are harassed, stalked, and misrepresented online while maintaining a free society? Jon Mills, one of the nation's top privacy experts and advocates, maps out this complex problem. He discusses the need for forethought and creative remedies, looking at solutions already implemented by the European Union and comparing them to the obsolete privacy laws still extant in the United States. In his search for solutions, Mills closely examines an array of cases, some of them immediately recognizable because of their notoriety and extensive media coverage. In a context of almost instantaneous global communications, where technology moves faster than the law, Mills traces the sharp edge between freedom of expression and the individual dignity that privacy preserves.

kate middleton toples pics: *Transparency in Politics and the Media* Nigel Bowles, James T. Hamilton, David A. L. Levy, 2013-10-28 Increasingly governments around the world are experimenting with initiatives in transparency or 'open government'. These involve a variety of measures including the announcement of more user-friendly government websites, greater access to government data, the extension of freedom of information legislation and broader attempts to involve the public in government decision making. However, the role of the media in these initiatives has not hitherto been examined. This volume analyses the challenges and opportunities presented to journalists as they attempt to hold governments accountable in an era of professed transparency. In examining how transparency and open government initiatives have affected the accountability role of the press in the US and the UK, it also explores how policies in these two countries could change in the future to help journalists hold governments more accountable. This volume will be essential reading for all practising journalists, for students of journalism or politics, and for policymakers.
