Kathleen Norris Cloister Walk

kathleen norris cloister walk: *The Cloister Walk* Kathleen Norris, 1996 Why would a married woman with a thoroughly Protestant background and often more doubt than faith be drawn to the ancient practice of monasticism, to a community of celibate men whose days are centered around a rigid schedule of prayer, work, and scripture? This is the question that poet Kathleen Norris asks us as, somewhat to her own surprise, she found herself on two extended residencies at St. John's Abbey in Minnesota. Part record of her time among the Benedictines, part meditation on various aspects of monastic life, *The Cloister Walk* demonstrates, from the rare perspective of someone who is both an insider and outsider, how immersion in the cloistered world -- its liturgy, its ritual, its sense of community -- can impart meaning to everyday events and deepen our secular lives. In this stirring and lyrical work, the monastery, often considered archaic or otherworldly, becomes immediate, accessible, and relevant to us, no matter what our faith may be.

kathleen norris cloister walk: *Amazing Grace* Kathleen Norris, 1999-04-01 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR From the New York Times-bestselling author of *The Cloister Walk*, a book about Christianity, spirituality, and rediscovered faith. Struggling with her return to the Christian church after many years away, Kathleen Norris found it was the language of Christianity that most distanced her from faith. Words like judgment, faith, dogma, salvation, sinner—even Christ—formed what she called her scary vocabulary, words that had become so codified or abstract that their meanings were all but impenetrable. She found she had to wrestle with them and make them her own before they could confer their blessings and their grace. Blending history, theology, storytelling, etymology, and memoir, Norris uses these words as a starting point for reflection, and offers a moving account of her own gradual conversion. She evokes a rich spirituality rooted firmly in the chaos of everyday life—and offers believers and doubters alike an illuminating perspective on how we can embrace ancient traditions and find faith in the contemporary world.

As in his other books, *Walking with Thomas Merton* and *Walking with Henri Nouwen*, Robert Waldron has devoted three seasons (spring, summer, fall) to reading the prose and poetry of Kathleen Norris. Norris is a major commentator on modern spirituality. This is the first full-length commentary on her work to be published. In order to get to know her, the author carefully read her work and responded to it in a daily journal. He chose the journal format because of its intimacy, allowing for spontaneity and quicksilver insights. The journal format also permits the reader a glimpse into the author's soul-scape and will inspire readers of this book to read Norris's work; especially her best selling book, *The Cloister Walk*. Waldron considers this to be one of the major spiritual autobiographies of the twentieth century, to be ranked with Thomas Merton's *The Seven Storey Mountain*.

kathleen norris cloister walk: *Mother* Kathleen Norris, 2016-12-28 This is a difficult age to be a woman. The woman who aspires to raise children for the glory of God, to develop the ministry of the home, or to co-labor with her husband is deemed old-fashioned or unfulfilled. The modern lure of independence and career has bewitched an entire generation to exchange the beauty of Christian womanhood for the temporary enticements of a society at war with the family. Amidst this confusion, Kathleen Norris's *Mother* is a refreshing call to sanity. *Mother* is the fictional tale of a young lady who leaves home and repudiates family life in the hope of finding personal fulfillment through independence and a career. She decides that home life is a poor choice in the face of life in the big city. But God dramatically changes her heart as she realizes that wealth and position are illusory and that independence can enslave a young lady. She discovers that the greatest woman she has ever known is her mother and now she longs for home and motherhood. After reading this book, editor Jennie Chancey wrote, That night, I opened the book, intending to read a chapter or two before bed. An hour passed before I realized how far I had read. I could not put the book down and finished it

just shortly before midnight. As I turned the last page, tears filled my eyes. I knelt by my bed and asked God to forgive me for my bitterness and my unwillingness to trust and obey Him.
