the black tulip book: The Black Tulip Alexandre Dumas, 2000-06-01 Alexandre Dumas's novels are notable for their suspense and excitement, their foul deeds, hairsbreadth escapes, and glorious victories. In The Black Tulip (1850), the shortest of Dumas's most famous tales, the real hero is no Musketeer, but a flower. The novel - a deceptively simple story - is set in Holland in 1672, and weaves the historical events surrounding the brutal murder of John de Witte and his brother Cornelius into a tale of romantic love. The novel is also a timeless political allegory in which Dumas, drawing on the violence and crimes of history, makes his case against tyranny and puts all his

energies into creating a symbol of justice and tolerance: the fateful tulipa negra. This new edition reprints the first, classic English translation. David Coward sets the novel in the context of its author's life, the turbulent history of the Dutch Republic, and the amazing 'tulipmania' of the seventeenth century which brought wealth to some and ruin to many. About The Book The Black Tulip The Black Tulip, published in 1850, was the last of Alexandre Dumas' more famous stories, and ranks deservedly high among the short novels of its prolific author. Dumas visited Holland in May, 1849, in order to be present at the coronation of William III. at Amsterdam, and according to Flotow, the composer, it was the king himself who told Dumas the story of The Black Tulip, and mentioned that none of the author's romances were concerned with the Dutch. Dumas, however, never gave any credit to this anecdote, and others have alleged that Paul Lacroix, the bibliophile, who was assisting Dumas with his novels at that time, is responsible for the plot. The question can never be answered, for who can disentangle the work of Dumas from that of his army of helpers? A feature of The Black Tulip is that in it is the bulb, and not a human being, that is the real centre of interest. The fate of the bulb is made of first importance, and the fortunes of Cornelius van Baerle, the tulip fancier, of Boxtel, and of Rosa, the gaoler's daughter, exciting though they are, take second place.
