

the little book of big penis

The Little Book of Big Penis: Unlocking Secrets to Confidence, Pleasure, and Understanding

Introduction to The Little Book of Big Penis

The Little Book of Big Penis is more than just a humorous title—it's a comprehensive guide designed to inform, empower, and entertain. Whether you're seeking to understand more about male anatomy, improve your sexual confidence, or explore the myths and facts surrounding the concept of a "big" penis, this book offers valuable insights. It combines scientific facts with practical advice, making it an essential resource for men of all ages and anyone interested in the subject.

Understanding Male Anatomy and Physiology

Anatomy of the Penis

A solid understanding of male anatomy is essential to appreciate the nuances discussed in The Little Book of Big Penis. The penis comprises several key parts:

1. **Corpora Cavernosa:** Two chambers running along the top of the penis that fill with blood during an erection.
2. **Corpus Spongiosum:** The chamber surrounding the urethra that also engorges with blood during an erection.
3. **Glans Penis:** The sensitive bulbous structure at the distal end of the penis.
4. **Foreskin:** The retractable skin covering the glans in uncircumcised men.
5. **Urethra:** The tube that runs through the corpus spongiosum, allowing urine and semen to exit.

Understanding these parts helps demystify how erections occur and why size isn't the only factor influencing sexual satisfaction.

Average Size and Variations

Many men are curious about what constitutes a "big" penis. The book emphasizes that:

- The average erect penis length is about 5.16 inches (13.12 cm), with the girth averaging 4.59 inches (11.66 cm).
- Size varies widely due to genetics, ethnicity, and individual health.
- Size doesn't necessarily correlate with sexual satisfaction or performance.

This section aims to dispel myths that bigger is always better and encourages acceptance of natural variation.

Myths and Facts About Penis Size

Common Myths

The Little Book of Big Penis addresses several misconceptions:

1. **The myth that size correlates with masculinity:** True confidence and performance are about more than just size.
2. **The myth that bigger is always better for partners:** Comfort, intimacy, and technique often matter more than size.
3. **The myth that size can't be changed or improved:** While size is largely genetic, some techniques and exercises can influence perception and arousal.

Factual Clarifications

The book emphasizes facts, including:

- Penis size is highly variable and largely determined by genetics.
- Penis size has no significant impact on fertility or overall health.
- Psychological confidence often plays a more crucial role than physical attributes.

Techniques and Practices for Enhancing Confidence and Performance

Physical Exercises

While no scientifically proven method guarantees significant size increases, some exercises may boost confidence and sexual function:

1. **Kegel Exercises:** Strengthen pelvic floor muscles to improve erectile strength and control.
2. **Jelqing:** A controversial technique purported to increase girth; evidence is limited and caution is advised.
3. **Stretching Exercises:** Gentle stretching may help with flexibility and perception but has limited impact on size.

Healthy Lifestyle Habits

Maintaining overall health can positively influence sexual performance:

- Regular exercise to promote blood flow
- Balanced diet rich in essential nutrients

- Adequate sleep and stress management
- Avoiding smoking and excessive alcohol consumption

Psychological Confidence and Body Image

The book highlights that mental well-being and body positivity are vital:

- Building sexual confidence through communication with partners
- Addressing insecurities with education and self-acceptance
- Seeking therapy or counseling if body image issues impact intimacy

Sexual Satisfaction Beyond Size

Techniques for Better Intimacy

The Little Book of Big Penis advocates for focusing on techniques that enhance intimacy:

1. **Foreplay:** Increases arousal and comfort.
2. **Communication:** Discuss preferences and boundaries with partners.
3. **Focus on Pleasure:** Explore erogenous zones and varied stimulation.
4. **Position Variety:** Trying different sexual positions can enhance satisfaction.

Understanding Partner Preferences

Research indicates that:

- Most partners prioritize intimacy, emotional connection, and technique over size.
- Comfort and confidence often lead to more pleasurable experiences.
- Open communication about desires and concerns fosters better sexual relationships.

Addressing Concerns and Seeking Help

When to Seek Medical Advice

If size concerns cause distress or impact self-esteem, consulting a healthcare professional is advisable. Conditions such as Peyronie's disease or erectile dysfunction require medical attention.

Available Medical and Surgical Options

While the book emphasizes natural confidence-building, it also provides information on:

1. **Penile Extenders:** Devices that apply gentle stretching, with limited evidence for size gains.
2. **Injections and Surgery:** Procedures like penile lengthening surgeries or fat grafts exist but carry risks and should be considered carefully.
3. **Psychological Counseling:** Addressing body image issues through therapy.

Conclusion: Embracing Confidence and Realities

The Little Book of Big Penis encourages readers to embrace their bodies, dispel myths, and focus on what truly matters in sexual health and satisfaction. Size may be a topic of curiosity, but confidence, technique,

communication, and emotional connection are far more impactful. Recognizing the wide range of normal and prioritizing self-acceptance can lead to healthier, more fulfilling relationships.

Remember, every individual is unique, and understanding and appreciating that diversity is key to a satisfying sexual experience. Whether you're seeking knowledge, confidence, or simply a good laugh, this book offers insights that empower you to embrace your body and sexuality fully.

Keywords: Little Book of Big Penis, male anatomy, penis size, sexual confidence, myths about penis size, enhancing performance, sexual health, body positivity, male confidence, sexual satisfaction

Frequently Asked Questions

What is the main focus of 'The Little Book of Big Penis'?

The book aims to provide humorous, insightful, and empowering information about male anatomy, sexuality, and confidence.

Is 'The Little Book of Big Penis' suitable for a general audience?

Yes, it is designed to be informative and entertaining for adults interested in learning more about male sexuality and related topics.

Does the book include practical advice or is it more comedic?

The book combines humor with factual information, offering both entertainment and educational insights.

Who would benefit most from reading 'The Little Book of Big Penis'?

Individuals interested in understanding male anatomy, couples looking to improve intimacy, or anyone curious about the topic would find it beneficial.

Additional Resources

The Little Book of Big Penis: An Informative Exploration of Size, Science, and Society

Introduction

The little book of big penis is a title that immediately piques curiosity, blending humor with intrigue while hinting at a broader discussion about masculinity, anatomy, and societal perceptions. This compact yet comprehensive guide aims to demystify the often-misunderstood aspects of penile size, exploring scientific facts, cultural influences, psychological impacts, and the myths that surround it. In this article, we delve into what the "little book" covers, providing readers with a balanced, factual perspective on an issue that has fascinated and sometimes troubled men for centuries.

The Anatomy of the Penis: A Scientific Primer

Understanding the Physiology

The penis is a complex organ primarily composed of three cylindrical bodies of erectile tissue: two corpora cavernosa and one corpus spongiosum. During arousal, these tissues fill with blood, leading to an erection. The overall size and function of the penis are influenced by genetics, hormonal factors, and overall health.

Key anatomical facts include:

- Average Lengths: Studies indicate that the average erect penis measures approximately 13-15 centimeters (5-6 inches) in length, though there is natural variation.
- Flaccid Size: The average flaccid penis length is around 7 centimeters (2.8 inches), with significant fluctuation due to temperature, arousal, and other factors.
- Corpora Cavernosa and Spongiosum: These tissues facilitate rigidity and sensitivity, respectively, during an erection.

Variability and Normalcy

Understanding that penis size varies greatly among individuals is crucial:

- Range of Sizes: The vast majority of men fall within a broad spectrum considered normal.
- Genetic and Ethnic Factors: Some populations tend to have slightly different average sizes, but these differences are minor and not linked to any health concerns.
- Developmental Factors: Hormone levels during puberty influence growth, with most growth completing by late adolescence.

Myths and Misconceptions Surrounding Size

The Cultural Obsession with Size

Media, pornography, and societal narratives often emphasize large penises as a symbol of masculinity, leading to misconceptions and insecurities.

Common myths include:

- "Size Equals Sexual Satisfaction": While size can influence certain aspects of sexual activity, research shows that emotional connection and technique are more significant for satisfaction.
- "Large Penises Are Always Better": Many studies indicate that most partners prioritize intimacy, trust, and compatibility over size.
- "Penis Size Is a Sign of Power": Societal stereotypes link size to dominance, but these are cultural constructs rather than biological truths.

The Impact of Misconceptions

These myths can lead to:

- Self-esteem issues
- Anxiety and performance pressure
- Unnecessary consideration of invasive or ineffective procedures

The Science of Measuring Penis Size

Methods and Challenges

Accurate measurement is essential for understanding normal variation:

- Measuring Length: The erect length is measured from the pubic bone to the tip of the glans.
- Measuring Girth: Circumference around the thickest part of the shaft.
- Flaccid Measurements: Less consistent due to factors like temperature and relaxation.

Challenges include:

- Measurement Technique Variability: Different methods can produce slightly different results.
- Self-Reporting Bias: Men may over- or under-report sizes based on personal perceptions.

What Research Tells Us

Numerous studies, including large-scale surveys, suggest:

- The average erect penis length is approximately 13.12 cm (5.16 inches).
- The average girth is about 11.66 cm (4.59 inches).
- Most men fall within one standard deviation of these averages.

The key takeaway is that extreme sizes are rare, and most men are within a

normal range.

Psychological and Emotional Aspects

The Impact of Size Anxiety

Many men experience anxiety about their size, often fueled by unrealistic portrayals in media. This can lead to:

- Performance anxiety
- Lower self-esteem
- Avoidance of sexual activity

The Role of Body Image

Psychological well-being is closely tied to body image. Addressing concerns involves:

- Education about normal variation
- Promoting healthy self-esteem
- Encouraging open communication with partners

When to Seek Help

Persistent anxiety or dissatisfaction may warrant consultation with a healthcare professional, who can provide reassurance or discuss options.

Medical and Surgical Options

Non-Invasive Techniques

Many men seek ways to alter their size or improve confidence:

- Pills and Supplements: No scientifically proven efficacy; often marketing scams.
- Exercises: Techniques like jelqing lack scientific validation and may cause injury.
- Vacuum Devices: Used for erectile dysfunction; some report a temporary increase in size.

Surgical Procedures

Invasive options are available but come with risks:

- Penile Lengthening Surgery: Cutting the suspensory ligament can add a few centimeters, but results vary.
- Fat Grafting or Girth Enhancement: Injections to increase circumference, with potential complications such as lumps or asymmetry.
- Risks and Considerations: Infections, scarring, loss of function, and

dissatisfaction are possible outcomes.

Psychological Interventions

Counseling and therapy can be highly effective, especially when size concerns are rooted in anxiety or body dysmorphia.

Society, Media, and the Future

Shifting Perspectives

As awareness grows, cultural attitudes are gradually shifting toward acceptance of natural variation. Movements promote:

- Body positivity
- Accurate representation in media
- Education to combat myths

The Role of Technology and Innovation

Emerging technologies include:

- Regenerative Medicine: Research into tissue engineering and stem cell therapies.
- Non-Surgical Devices: Promising but not yet conclusive.
- Virtual Reality and Education: Improving understanding and reducing shame.

Conclusion: Embracing Reality and Confidence

The little book of big penis underscores that size is just one facet of a complex organ that plays a significant role in human sexuality and intimacy. While cultural narratives often distort perceptions, scientific evidence affirms that most men fall within a normal range, and variations are natural. Addressing misconceptions, fostering body positivity, and seeking professional advice when needed are vital steps toward healthy self-image and satisfying relationships. Embracing one's body, with all its diversity, is ultimately the most empowering approach.

Final Thoughts

Understanding and accepting natural anatomical variation, dispelling myths, and seeking evidence-based information are essential for promoting confidence and healthy perspectives on masculinity. The little book of big penis reminds us that size does not define worth, satisfaction, or masculinity—qualities rooted in connection, confidence, and authenticity.

the little book of big penis: The Little Book of Big Penis Dian Hanson, 2012 The Little Book of Big Penises features more than 150 massively endowed models from the 1940s through the 90s, in a compact version of the original, overstuffed edition.

the little book of big penis: The Little Big Penis Book Dian Hanson, 2021 Compact in format but no less magnificently endowed, The Little Big Penis Book will delight even the most hardened aficionado of the male member. No half-cocked measures here, as we celebrate the rampant hardware of 150 models from the 1940s to the '90s, including photos by Bob Mizer of AMG, David Hurler of Old Reliable, and Rip Colt of Colt Studio.

the little book of big penis: The Little Big Penis Book. Ediz. Inglese, Francese E Tedesca Dian Hanson, 2016 Monsterrohre in einem so kleinem Format? Das geht nicht, meinen Sie? Wir beweisen das Gegenteil! Eine ganze Latte von Fotografien, die bei Ihrer nächsten Cocktail-Party garantiert Maulsperrren verursachen werden. - Playgirl, New York

the little book of big penis: Big Penis Book 3D Dian Hanson, 2011 Il volume contiene oltre alle 96 foto prese dall'edizione originale ben 8 foto nuove, tutte trasformate in un fantastico pop-up tridimensionale da Jon Schnitzer e The Brain Factory, che si è occupato degli effetti speciali di Tim Burton. Grazie a due paia di occhiali speciali potrete apprezzare le fotografie in compagnia o avere comunque un paio di occhiali di riserva nel caso i primi si logorino. Senza gli occhiali le fotografie si vedono comunque bene grazie alle tecniche avanzatissime impiegate e non sono minimamente distorte dalla tinta blu e rossa.

the little book of big penis: The Little Red Book of Very Dirty Words Alexis Munier, 2009-09-18 Inside this book: The dirtiest words in the English language! And we're not just talking about those infamous seven words you can't say on TV. We're talking about more than 1,000 of the blessedly profane insults, obscenities, and vulgarities that make English the richest--and raunchiest--language on earth. In The Little Red Book of Very Dirty Words, you'll find the dirtiest of the dirty, along with the most deliciously obscene variations from English-speaking countries around the world. So go ahead, call your ex/boss/landlord a barmy, crop-dusting, kickin', frackin', bloody son-of-a-bitch dickwad. Swear. Loudly. You'll be friggin' glad you did. Because with this nastiest of nasty wordbooks, you'll find talking dirty has never been more fun--or more filthy!

the little book of big penis: The Big Penis Book Dian Hanson, 2008 Der faszinierende Phallus. Eindrucksvolle nackte Tatsachen

the little book of big penis: Appealing Because He Is Appalling Tamari Kitossa,

2021-07-02 This collection invites us to think about how African-descended men are seen as both appealing and appalling, and exposed to eroticized hatred and violence and how some resist, accommodate, and capitalize on their eroticization. Drawing on James Baldwin and Frantz Fanon, the contributors examine the contradictions, paradoxes, and politico-psychosexual implications of Black men as objects of sexual desire, fear, and loathing. Kitossa and the contributing authors use Baldwin's and Fanon's cultural and psychoanalytic interpretations of Black masculinities to demonstrate their neglected contributions to thinking about and beyond colonialist and Western gender and masculinity studies. This innovative and sophisticated work will be of interest to scholars and students of cultural and media studies, gender and masculinities studies, sociology, political science, history, and critical race and racialization. Foreword by Tommy J. Curry. Contributors: Katerina Deliovsky, Delroy Hall, Dennis O. Howard, Elishma Khokhar, Tamari Kitossa, Kemar McIntosh, Leroy F. Moore Jr., Watufani M. Poe, Satwinder Rehal, John G. Russell, Mohan Siddi

the little book of big penis: *The Little Book of Australia* David Dale, 2010-10 We are what we eat, watch, buy, read, love, play...It's been a long step in a short time from meat pies, football, kangaroos and Holden cars to iPods, lattes, iPods, climate change and Master Chef. David Dale chronicles how it happened in this definitive reference book about the carefree country. Instead of boasting about what makes Australia gr...

the little book of big penis: *Personal Sociology* Jeffrey E. Nash, 2022-02-23 In *Personal Sociology: Finding Meanings in Everyday Life*, Jeffrey E. Nash transforms everyday experiences into sociological insights and understandings. This book has three parts. Part One illustrates the intersection of meanings in selected settings from the author's own life such as barbershop quartet singing, wrestling, and how a medical procedure changed his identity. Part Two deals with humor and its intersection with social identities. An analysis of two television sitcoms separated by thirty years reveals how racial identity reflects larger changes in society. Using an indirect approach to teaching sociology to a group of elderly learners, the intersections of gender, race, class, and age are explored and explained through sociological concepts and theories. Part Three explores embedded meanings in local social contexts involving social beliefs and activism. The book concludes by engaging in public sociology through editorial opinion writing.

the little book of big penis: The Little Girl Book David Laskin, Kathleen O'Neill, Kathleen O'Neil, David Lakin, 1996-03-02 MORE THAN SUGAR AND SPICE Raising a daughter today can be more challenging and more rewarding than ever before. Parents want to encourage their daughters to take full advantage of the exciting range of new opportunities open to them in school, sports, and future careers and at the same time acknowledge what is unique and feminine about them. THE LITTLE GIRL BOOK is the first book to guide parents step-by-step through every period of their daughter's development from birth through the early school years. Organized chronologically and filled with interviews with parents, teachers, and psychologists, THE LITTLE GIRL BOOK contains important research findings and pragmatic advice on many critical concerns for parents of little girls, including: * How to provide a nonsexist environment for your daughter * The myths and facts about girls and aggressiveness, sociability, and intelligence * Fostering independence and achievement without going overboard * How to deal with battles over clothing, moodiness, separation anxiety, whining, fussing, and sibling rivalry * Discovering Dad vs. Identifying with Mom * Understanding how girls acquire a sense of themselves as female * And more Illuminating, informative, and thoroughly practical, THE LITTLE GIRL BOOK is a celebration of the diversity of today's little girls.

the little book of big penis: The Big Smallness Michelle Ann Abate, 2016-02-12 This book is the first full-length critical study to explore the rapidly growing cadre of amateur-authored, independently-published, and niche-market picture books that have been released during the opening decades of the twenty-first century. Emerging from a powerful combination of the ease and affordability of desktop publishing software; the promotional, marketing, and distribution possibilities allowed by the Internet; and the tremendous national divisiveness over contentious socio-political issues, these texts embody a shift in how narratives for young people are being

creatively conceived, materially constructed, and socially consumed in the United States. Abate explores how titles such as *My Parents Open Carry* (about gun laws), *It's Just a Plant* (about marijuana policy), and *My Beautiful Mommy* (about the plastic surgery industry) occupy important battle stations in ongoing partisan conflicts, while they are simultaneously changing the landscape of American children's literature. The book demonstrates how texts like *Little Zizi* and *Me Tarzan, You Jane* mark the advent of not simply a new commercial strategy in texts for young readers; they embody a paradigm shift in the way that narratives are being conceived, constructed, and consumed. Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood, as well as the function of narratives for young readers in the twenty-first century. At the same time, these texts reveal compelling new insights about the complex interaction among American print culture, children's reading practices, and consumer capitalism. Amateur-authored, self-published, and specialty-subject titles reveal the way in which children, childhood, and children's literature are both highly political and heavily politicized in the United States. The book will be of interest to scholars and students in the fields of American Studies, children's literature, childhood studies, popular culture, political science, microeconomics, psychology, advertising, book history, education, and gender studies.

the little book of big penis: Leave the Little Light On, Book One: Windsor Sonia Palleck, 2023-03-06 Athena Brkovich believes in true love. Born into a blue collar family in 1968, young Athena and her sisters are sent away when their mother is hospitalized and their father is unable to care for them. The beginnings of trauma, separation, denial and suffering set Athena on her path. Brilliant, but naive, Athena refuses to grow up and become part of an adult world she doesn't trust. But as time unfolds, the guilt that swirls around her beloved sister Lejla, and the blossoming desire for her soulmate Niko, plunge Athena into confusion. When circumstances bring them all together in high school, betrayal threatens to engulf Athena in shame and hatred. No matter how many walls Athena builds to escape her painful past, she must confront the person she is becoming in a society where only the strong survive. Compelling, and at times tragic, Book 1 explores the themes of childhood trauma, family conflict, alcoholism, and teenage love. Despite the darkness, Athena struggles to follow the little light inside herself, guiding her to forgiveness, peace, redemption, and the ultimate prize, love.

the little book of big penis: The Little Book of Dog Care Ace Tilton Ratcliff, 2023-07-11 An essential guide to caring for your dog, filled with expert-backed tips and nuggets of advice to help every dog owner understand what their canine companion needs in order to be happy and healthy. In the *Little Book of Dog Care*, life-long dog lover and deathcare veterinary practice owner Ace Tilton Ratcliff delivers a must-have primer for every dog parent. What should you do when your dog is scared during a thunderstorm? How can you make clipping their nails less miserable? When do they like to eat? What can't you feed them? Endless questions, expert-certified answers. Thoughtfully divided into chapters that focus on a specific aspect of care, from sleeping to grooming and beyond, these tips and tricks are applicable to any breed of dog. By the last page, every dog owner will better understand what their dog might be feeling—and how to best assist, using your enviable opposable thumbs.

the little book of big penis: The 42nd Year of Mrs. Charles Prescott Iain Macnab, 1975

the little book of big penis: The Book of Able Daniel Rose, 2017-10-26 There is something about West Virginia that serves as a magnet. Ask John Able Adams, he should know. Brought up in one of those little honky-tonks that line the S-curves of good old Wild and Wonderful, his first impulse was to escape. Yet despite two tours of duty in the Marines and a decade long hitch in South Florida, he's back, trying to make sense of a world that seems bent on spiraling out of control. This is his story, part crime novel part romance, part political statement. In short, a little something for everyone.

the little book of big penis: The Little Book of Miriam Miriam Margolyes, 2025-09-11 From ARNIE to DOLLY, BLACKADDER to SCORSESE; GRAHAM NORTON to HARRY POTTER; the VAGINA MONOLOGUES to ZOOM, welcome back to the irrepressible and unstoppable world of

Miriam Margolyes. Packed with her wit, wisdom and unfiltered stories, *The Little Book of Miriam* is a memory palace of Miriam's extraordinary life's standout moments, opinions and conclusions. Never forget that this is a woman who knocked back WARREN BEATTY, played to an audience of TWO THOUSAND NAKED LESBIANS, injected sex into the CADBURY'S CARAMEL BUNNY and was VOGUE'S COVER STAR AGED 83. Miriam is always full of surprises and this book is too. Deliciously dip-in-able, thought-provoking and mirth-inducing, elegantly designed and always interesting -- whether sharing daring declarations, behind-the-scenes antics or talking about the indignities of ageing, this is a book as unique and extraordinary as Miriam herself.

the little book of big penis: Revealing Male Bodies Nancy Tuana, William Cowling, Maurice Hamington, Greg Johnson, 2002-05-06 *Revealing Male Bodies* is the first scholarly collection to directly confront male lived experience. There has been an explosion of work in men's studies, masculinity issues, and male sexuality, in addition to a growing literature exploring female embodiment. Missing from the current literature, however, is a sustained analysis of the phenomenology of male-gendered bodies. *Revealing Male Bodies* addresses this omission by examining how male bodies are physically and experientially constituted by the economic, theoretical, and social practices in which men are immersed. Contributors include Susan Bordo, William Cowling, Terry Goldie, Maurice Hamington, Don Ihde, Greg Johnson, Björn Krondorfer, Alphonso Lingis, Patrick McGann, Paul McIlvenny, Terrance MacMullan, Jim Perkinson, Steven P. Schacht, Richard Schmitt, Nancy Tuana, Craig L. Wilkins, and John Zuern.

the little book of big penis: Moments in Time: A Model's Book Claudia Rhodes, 2012-08-07 Right now I'm feeling much pain, so much so that if I don't write this story I promised my kids would soon be done and always and never materialized, which has to be done, if only for my own sanity and to ultimately free us all up, I will feel lost. Now. What I didn't expect to write is this other story. But that must be told to give a better understanding of why this whole mess happened anyway. My dupey heads might come up with better reasons, and then maybe someday they'll write their books with fond memories and less pain. A bestseller will be yours, I'm sure. If not in the bookstores, it will be in your hearts. I started writing my book over thirty years ago and some. (Smile.)

the little book of big penis: Memoirs of a Jewish Vampire Russell Andresen, 2016-03-22 Imagine being an immortal and knowing that you had to share your 6,000-year existence with your mother and grandmother. Imagine if you were forced to watch the follies of humanity while causing problems of your own with famous figures from history. Welcome to the world of Isidore Glassman, Izzy to his friends, in this politically incorrect romp through history, as seen from the perspective of a Jewish vampire. Yes, a Jewish vampire. Sometimes intellectual, often irreverent, and constantly hilarious, this story will make you rethink the way you look at vampires. *Memoirs of a Jewish Vampire: 6,000 Years of Kvetching* projects a full-frontal assault on political correctness. Meet Izzy's best friends, Jerry and Shlomo, his mother who is frequently drunk and always embarrassing, and his beloved grandmother, Bubbe.

the little book of big penis: A Little Bigfoot: On the Hunt in Sumatra Pat Spain, 2022-12-09 In the course of Pat Spain's time filming wildlife-adventure TV series, he's gotten pretty used to being uncomfortable. There've been rabid raccoon attacks, days spent in the baking equatorial African sun, and consumption of many revolting local delicacies like fermented mare's milk. And then there was Sumatra. *On the Hunt in Sumatra* details the two weeks Pat spent soaking wet with a National Geographic film crew tracking the legendary Orang Pendak through the forests of Indonesia, while tigers, leeches, amorous orangutans, Coldplay fans, a guide named Uncle Happy, two shaman, car demons, and rogue cameramen tracked them. It is, without a doubt, the most inhospitable terrain Pat's ever encountered, with the highest likelihood of grievous bodily harm. But the payoff is the theory he reached about Orang Pendak, and a 5 a.m. EDM Tai Chi party.
