It includes the author's testimony of these events that brought faith into his life. *Fire and Brimstone* discusses the grip of fear throughout society, and the manipulation of Satan in all the mayhem and sin taking place around the world. The book shows the biblical evidence of God and of the prophesied chaos, not only now, but in the future. Many are living an existence hurtling toward destruction, but the author's personal verses point toward a saviour, if only people would be willing to grasp this chance. Otherwise, they truly face the reality of fire and brimstone.

when you walk through a storm: Storms of Life Oyetutu Osibajo, 2017-02-15 This book demonstrates the awareness of storms and how real storms are based on individual experiences, and Biblical application. Storms of life cannot be prevented except through God's grace and intervention. This book makes us realize that there are different types of storms- unexpected storm, instant storm or financial storm to mention a few. Whatever type of storm it may be, it gives no notice before it manifests. Storm is no respecter of any one; it does not care about whom you are or your personality. It does not recognize whether you are prayerful or not, but it will strike. The storm brought us sadness and hurt and some famine; but yet we still rise by His Grace. The book exposes us to the facts that there will be storms in life. Storms are unpredictable; and we should not allow our faith to be moved during the storm; because there are times we feel like we have lost the battle. However, just as surely as the Lord is in control of our blessings, He is in charge of our storms. When things look the bleakest, God will show up! There is always an entry and exit to every storm. The test always brings testimony if we put Jesus in the middle of the Storm. It is safer in the storm with Jesus. The book indicates various ways we can deal with storms of life without allowing it to affect our health. During the storm we need to focus on God and take advice from the right people. We should have faith and act to stop the storm. Self-pity cannot help, but a courageous mind that will not accept defeat. The storm is temporary, and you will overcome it by God's Grace through praying and trusting in the Lord.
