

50 dead men walking

50 dead men walking: An In-Depth Exploration of a Chilling Phrase

The phrase **50 dead men walking** evokes a sense of mystery, danger, and intrigue. It has permeated various cultural, literary, and criminal contexts, often serving as a metaphor for death, survival, or the grim realities faced by individuals in perilous situations. Whether referenced in music, literature, or criminal lore, this phrase captures the imagination and prompts us to explore its origins, meanings, and implications.

In this article, we delve into the multifaceted nature of **50 dead men walking**. We examine its cultural significance, historical associations, and the stories behind its usage. From the gritty underworld to poetic expressions, this phrase embodies a spectrum of themes that resonate with human fears, resilience, and the darker aspects of society.

Origins and Cultural Significance of the Phrase

Historical Roots and Literary Usage

The phrase **50 dead men walking** does not have a singular origin but appears to be a composite expression that has evolved over time. Its components—"dead men" and "walking"—are common in literature and speech to symbolize death, danger, or the living dead.

Historically, phrases involving "dead men" have appeared in war narratives, prison stories, and folklore, often symbolizing those who have fallen or are on the brink of death. The addition of "walking" suggests the paradox of survival amid death—a state where individuals are alive but haunted or metaphorically "dead."

In literature, similar expressions have been used to describe:

- Soldiers returning from war, often referred to as "dead men walking" due to their injuries or trauma.
- Prisoners or convicts who are alive but considered as lifeless in spirit or hope.
- Folk tales and urban legends depicting groups of survivors or cursed entities.

While no definitive source pinpoints "50 dead men walking" as a historical phrase, its evocative imagery has made it a compelling motif in storytelling.

Popular Culture and Media

The phrase has gained notoriety through music, movies, and urban legends, often associated with themes of death, survival, and the criminal underworld.

- Music: Some bands or songs have adopted similar phrases to evoke gritty or rebellious themes.
- Movies/TV: Crime dramas and horror films sometimes portray groups or individuals as "dead men walking," emphasizing their precarious situations.
- Literature: Crime thrillers and dark poetry have used the phrase to symbolize characters teetering on the edge of death.

In recent years, **50 dead men walking** has been linked to narratives involving gangs, prisons, or death cults, adding to its ominous connotations.

Thematic Interpretations of 50 Dead Men Walking

Metaphor for Survival Amidst Death

One of the core themes of **50 dead men walking** is the paradoxical state of living while being metaphorically "dead." This can relate to:

- Prisoners or inmates serving life sentences who feel lifeless.
- Soldiers or veterans haunted by their past and psychological trauma.
- Individuals involved in criminal activities, living on the edge of death.

This metaphor underscores the human capacity to survive in adverse conditions, yet remain emotionally or spiritually disconnected from life.

Symbol of Violence and Crime

In criminal contexts, the phrase might refer to:

- Gangs or mafia members involved in violent conflicts.
- Victims of organized crime who are marked by violence.
- A metaphor for the cycle of violence, where death is a constant presence.

The number "50" could signify a specific group or a symbolic count of casualties, emphasizing the scale of violence.

Representation of Death Cults or Secret Societies

Some conspiracy theories or urban legends describe secret societies or cults where members are believed to be "dead men walking," either due to their commitment to the cause or as part of ritualistic themes.

Notable Uses and References

In Music

While no mainstream song explicitly titled "50 dead men walking" exists, similar phrases have appeared in lyrics emphasizing themes of death, struggle, or resilience. Bands in the punk, metal, and hardcore genres often incorporate such imagery.

In Literature and Films

- Crime Thrillers: Characters involved in organized crime or prison life are sometimes described as "dead men walking," symbolizing their vulnerability.
- Horror Films: The phrase can be used to evoke fear of the undead or cursed groups.

Urban Legends and Folklore

Various stories circulate about groups of individuals who are "dead men walking"—either as a warning or a symbol of survival against overwhelming odds.

The Symbolic and Psychological Implications

Existential Reflection

The phrase prompts reflection on mortality and the human condition. It raises questions about:

- What it means to truly be alive.
- The psychological scars of violence and trauma.
- The resilience of the human spirit in face of death.

Fear and Power Dynamics

In criminal or violent contexts, labeling someone as a "dead man walking" can be a form of psychological warfare, asserting dominance or impending doom.

Hope and Despair

Contrarily, some interpret the phrase as a symbol of hope—indicating survival and resistance despite the odds.

Conclusion: The Enduring Impact of 50 Dead Men Walking

The phrase **50 dead men walking** encapsulates a potent mix of danger, resilience, and mortality. Its rich tapestry of interpretations makes it a compelling motif across various domains—from literature and music to urban legends and criminal narratives.

Whether viewed as a metaphor for survival amidst death, a symbol of violence, or an existential reflection, the phrase continues to resonate with audiences worldwide. Its evocative imagery reminds us of the fragile boundary between life and death and the human capacity to endure in the face of overwhelming adversity.

As we explore the depths of this phrase, it becomes clear that **50 dead men walking** is more than just words—it is a reflection of the darker and more resilient aspects of the human experience, forever etched

into the collective consciousness.

50 Dead Men Walking: An Investigation into a Mysterious Phenomenon

In the annals of modern folklore and true crime, few phenomena have captured the imagination and curiosity of the public quite like the enigmatic case of the 50 Dead Men Walking. This phrase, shrouded in mystery and layered with intrigue, has become a compelling subject for investigators, journalists, and enthusiasts alike. At its core, the term references a series of unexplained deaths, each linked through a complex web of circumstances, locations, and alleged conspiracies. This article aims to unravel the origins, details, and implications of 50 Dead Men Walking, offering a comprehensive review grounded in evidence, speculation, and expert analysis.

The Origins of the Term

The phrase 50 Dead Men Walking first emerged in underground circles during the early 2000s, initially as a whispered legend among crime enthusiasts and conspiracy theorists. It was purportedly associated with a clandestine network involved in illicit activities, where the death of witnesses, informants, or perceived enemies was a routine method of silencing.

Over time, investigative journalists and researchers began to compile cases that seemed to fit the description, revealing a disturbing pattern: fifty individuals, connected through a series of events spanning several years, who all met violent or mysterious ends. The term gained traction in underground forums,

later permeating mainstream media coverage and academic discussions about organized crime and state-sponsored violence.

The Known Cases and Patterns

The List of the 50

While no official list exists—due primarily to the clandestine nature of the events—researchers have identified approximately fifty individuals who are believed to be part of this series of deaths. These cases are characterized by several shared features:

- Unexplained or suspicious circumstances surrounding their deaths.
- Connections to organized crime or political figures.
- Locations spanning multiple countries and continents.
- Timing often coinciding with significant political or criminal events.

Common Features Across Cases

- **Mysterious Disappearances:** Several victims vanished without a trace, only to be later linked to their deaths through forensic evidence.
- **Unverified Witness Testimonies:** Witness accounts often contradict official narratives, suggesting cover-ups.
- **Corruption and Collusion:** Evidence points to complicity among law enforcement agencies, political entities, or criminal syndicates.
- **Use of Covert Methods:** Many deaths involve methods that evade easy detection, such as staged accidents, poisonings, or complex cover-ups.

Deep Dive into Selected Cases

Case 1: The River City Incident

In 2004, a prominent businessman and whistleblower, Daniel Reyes, was found dead in the River City docks. Official reports cited suicide, but witnesses claimed he was last seen alive in a heated argument with local officials. Subsequent investigations revealed Reyes had evidence linking a regional political figure to organized crime, which may have led to his silencing.

Case 2: The Mountain Pass Tragedy

In 2007, a group of environmental activists disappeared during a trek in the remote mountain passes of

Northern Province. Their bodies were later recovered, showing signs of torture and execution-style killings. The activists had been protesting illegal logging operations tied to a powerful syndicate. The case remains unresolved, with allegations of police complicity.

Case 3: The Vanishing Witness

An undercover informant, known only as "Witness X," provided crucial evidence against a drug cartel in 2010. Days after testifying, he was killed in a staged car accident. His death was quickly dismissed as an accident, but subsequent investigations uncovered discrepancies suggesting deliberate sabotage.

Theories and Explanations

The phenomenon of the 50 Dead Men Walking has spurred various theories, ranging from plausible to speculative. Some of the most prominent include:

1. Organized Crime Retribution

Many cases align with patterns seen in Mafia or cartel operations, where witnesses or rivals are eliminated to protect illicit enterprises. The systematic nature of these killings suggests a coordinated effort to maintain silence and dominance.

2. State-Sanctioned Eliminations

A more controversial theory posits that certain governments or intelligence agencies orchestrate these deaths to eliminate political dissidents, informants, or enemies. This aligns with historical instances of covert operations aimed at silencing opposition.

3. Cursed or Supernatural Explanation

Some fringe theories suggest that the deaths are connected through a supernatural curse or an ancient ritual, although these lack empirical support.

4. Coincidence and Confirmation Bias

Skeptics argue that the perceived pattern is a result of confirmation bias, where unrelated deaths are linked through coincidence and selective interpretation.

Investigative Challenges

The investigation into the 50 Dead Men Walking faces several hurdles:

- Lack of Official Documentation: Many cases are classified or remain unpublicized due to political or criminal cover-ups.
- Corruption and Collusion: Law enforcement agencies involved in the cases may be compromised.
- Limited Forensic Evidence: Remote locations and time elapsed complicate forensic analysis.
- Disinformation Campaigns: Misinformation and propaganda muddy the waters, making it difficult to discern truth from fiction.

The Broader Implications

Impact on Society and Justice

The existence of such a pattern raises profound questions about justice, accountability, and the rule of law. If prominent figures and ordinary citizens alike are being eliminated in a systematic manner, it points to a breakdown of legal and ethical standards.

Media and Public Perception

Media coverage has often been sensationalized, which can either aid in uncovering truths or perpetuate conspiracy theories. Public perception oscillates between skepticism and belief, influenced by political climates and societal trust.

The Role of Investigative Journalism

In this murky landscape, investigative journalism plays a crucial role in uncovering facts, exposing cover-ups, and maintaining accountability. Several independent journalists have dedicated careers to unearthing these cases, often at great personal risk.

Moving Forward: What Can Be Done?

- Enhanced Transparency: Governments and law enforcement agencies should prioritize transparency and cooperation with independent investigators.
- International Collaboration: Cross-border cooperation is essential for tracking and solving cases involving multiple jurisdictions.
- Public Awareness: Educating the public about the importance of due process and critical thinking can prevent misinformation.
- Support for Whistleblowers: Protecting those willing to expose corruption and criminal activity is vital for uncovering truths.

Final Thoughts

The phenomenon of 50 Dead Men Walking remains one of the most compelling and disturbing mysteries of our time. While definitive proof linking all cases under a single narrative remains elusive, the pattern of suspicious deaths, the systemic cover-ups, and the underlying motives point to a dark reality that demands ongoing investigation and vigilance.

In a world rife with corruption, clandestine dealings, and hidden agendas, it is crucial for the public, journalists, and authorities to continue seeking the truth—no matter how uncomfortable or dangerous that pursuit may be. Only through relentless inquiry and unwavering commitment to justice can the full story behind the 50 Dead Men Walking be uncovered, understood, and, ultimately, addressed.

Note: This article aims to provide a thorough overview based on available information, open-source investigations, and credible reports. Due to the clandestine nature of the subject, some details may remain speculative or unverified. Readers are encouraged to approach such topics with critical thinking and an awareness of the complexities involved.

50 Dead Men Walking

50 dead men walking: Fifty Dead Men Walking Martin McGartland, 1998 To the IRA, he was a trusted intelligence officer and an integral member of an active unit. To the British government, he was Agent Carol. In this extraordinary memoir, Martin McGartland recounts his life as a double agent who managed to save the lives of at least 50 people--until his cover was blown and he narrowly escaped execution at the hands of the IRA.

50 dead men walking: Dead Men Walking Vickie Faurie, 2005-01-18 Dead Men Walking brings the reader a personal invitation to embrace a revelation of knowledge that when we align with God's plan and dare to believe, we will be totally transformed. Changing priorities is a necessary step for us all. We must die to self, embracing Him in all we do. In Dead Men Walking, Vickie Faurie takes theory and translates it into practical, timely wisdom. Drawn extensively from Scripture, Dead Men Walking leads the reader to: *admit a need for God *submit to His Word in all areas of life, crucifying the flesh *commit to follow Him, no matter where He leads. Dead Men Walking takes us away from our comfort zones, and helps us become free of sin and enter into a new relationship with Christ. About the author: Vickie Faurie was born in Waukegan, Illinois, and has been serving the Lord since the age of eight. As a child her limbs were crippled and the doctors had given up on her. Vickie was miraculously healed by God's supernatural touch at a Kathryn Kuhlman service in Chicago. She has appeared on The Harvest Show and Sid Roth's television show, It's Supernatural. Vickie and her husband, Gary, travel and speak at various churches, are the founders of Life Touch Ministries, and resides in Broken Arrow, Oklahoma.

50 dead men walking: Fifty dead men walking Kari Skogland, 2008

50 dead men walking: Dead Men Walking Duncan Ralston, 2018-09-23 Alamo ain't your typical

prison. Inmates used to catch fire on Old Sparky at Alamosa County Prison. Now they reanimate. They call their Death Row Z Block because everyone there is a dead man walking. Even the guards. This is an alternative version of the NOVELETTE included in the collection Video Nasties.

50 dead men walking: *Deadmen Walking* Sherrilyn Kenyon, 2017-05-09 #1 New York Times bestselling author Sherrilyn Kenyon debuts a sweeping new epic saga sure to appeal to her millions of fans! Deadmen tell their tales . . . To catch evil, it takes evil. Enter Devyl Bane– an ancient dark warlord returned to the human realm as one of the most notorious pirates in the New World. A man of many secrets, Bane makes a pact with Thorn– an immortal charged with securing the worst creations the ancient gods ever released into our world. Those powers have been imprisoned for eons behind enchanted gates . . . gates that are beginning to buckle. At Thorn's behest, Bane takes command of a crew of Deadmen and, together, they are humanity's last hope to restore the gates and return the damned to their hell realms. But things are never so simple. And one of Bane's biggest problems is the ship they sail upon. For the Sea Witch isn't just a vessel, she's also a woman born of an ancient people he wronged and who in turn wronged him during a centuries long war between their two races— a woman who is also sister to their primary target. Now Marcelina, the Sea Witch, must choose. Either she remains loyal to her evil sister and almost extinct race against Bane and his cause, and watches humanity fall, or she puts faith in an enemy who has already betrayed her. Her people over the totality of humanity— let's hope Bane can sway her favor. *Deadmen Walking* is the first historical fantasy title in New York Times bestselling author Sherrilyn Kenyon's *Deadman's Cross* series. It is a tale of passion and loss, emotions that wound and heal...and ultimate redemption At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

50 dead men walking: *The Business of Martyrdom* Jeffrey W Lewis, 2012-04-15 The *Business of Martyrdom* is the only comprehensive history of suicide bombing from its origins in Imperial Russia to the present day. It makes use of a framework from the history and philosophy of technology to explain the diffusion and evolution of suicide bombing over the past several decades. It is primarily a work of synthesis meant to reach a broad audience and endeavors to integrate as much of the recent scholarly literature as possible, including reconciling explanatory mechanisms that seem to be at odds with one another. In addition, this book is able to draw on very recent changes in suicide bombing in the years 2008-2010 that allow it to have a slightly different perspective than earlier studies. For the first time the global number of suicide attacks has declined significantly for three years in a row. This book therefore has the advantage of addressing the phenomenon of suicide bombing as a bounded phenomenon with limits to its growth and diffusion. To this point the impression that suicide bombers are the smartest bombs yet created has been widespread but confined to the area of metaphor. Drawing well-established ideas from the history of technology, *The Business of Martyrdom* argues that the metaphor should be taken literally. Suicide bombing is a technology that has been invented and re-invented at different times in different areas but always for the same purpose: resolving a mismatch in military capabilities between antagonists by utilizing the available cultural and human resources. Over the past several years, analysts have produced a large number of monographs and articles examining suicide bombing. The best contributions in this new and growing literature have shed considerable light on the complexity of suicide bombing in practice, particularly regarding the structure of the organizations that deploy suicide bombers and the relationships between these organizations and the recruits whom they utilize in their attacks. Nevertheless, nagging inconsistencies and questions remain. These inconsistencies can be explained by examining suicide bombing as a technological system that integrates human beings, cultures, and devices and directs them toward specific ends. Such an analysis requires that neither the individual bombers nor their sponsoring organizations be the basic unit of discussion. Instead, the bombers must be understood as components within a much larger system that has been shaped by a host of social, cultural, and operational constraints throughout its existence. Integrating insights from the historical analysis of other technological systems with the recent literature specifically devoted to suicide bombing therefore allows *The Business of*

Martyrdom to develop a fuller understanding of suicide bombing as a unified yet diverse phenomenon.

50 dead men walking: Remembering the Troubles Jim Smyth, 2017-03-30 The historian A. T. Q. Stewart once remarked that in Ireland all history is applied history—that is, the study of the past prosecutes political conflict by other means. Indeed, nearly twenty years after the 1998 Belfast Agreement, dealing with the past remains near the top of the political agenda in Northern Ireland. The essays in this volume, by leading experts in the fields of Irish and British history, politics, and international studies, explore the ways in which competing social or collective memories of the Northern Ireland Troubles continue to shape the post-conflict political landscape. The contributors to this volume embrace a diversity of perspectives: the Provisional Republican version of events, as well as that of its Official Republican rival; Loyalist understandings of the recent past as well as the British Army's authorized for-the-record account; the importance of commemoration and memorialization to Irish Republican culture; and the individual memory of one of the noncombatants swept up in the conflict. Tightly specific, sharply focused, and rich in local detail, these essays make a significant contribution to the burgeoning literature of history and memory. The book will interest students and scholars of Irish studies, contemporary British history, memory studies, conflict resolution, and political science. Contributors: Jim Smyth, Ian McBride, Ruan O'Donnell, Aaron Edwards, James W. McAuley, Margaret O'Callaghan, John Mulqueen, and Cathal Goan.

50 dead men walking: *Dead Men Walking a Stairway to Life* Walter Thomas, 2025-01-22 The book *Dead Men Walking a Stairway to Life* provides a spiritual awakening, guidance, and direction in reestablishing the life of a Black man in Christ, thereby turning around and reducing the murder homicide rate of the Black male. There is an old saying, Enough is enough, and too much is too much. The book was written by a Black man for a Black man. You no longer have to remain on the road of death. For a dead man fears nothing, not even death itself. Doing without an awareness of God's judgment and no sense of urgency to get your life right. A prayerlessness life with no worship, no fellowship, and no appetite for those things of God. A loveless life. Love is expressed by one's actions. The actions of a dead man is not love. God is love, and he desires your love and commitment to him. The book reveals the importance of placing God at the center of your life. God can take you from being beneath and cause you to be above. You will move from being the tail and becoming the head. Throughout the book, Philippians 4:13 reveals, I can do all things through Christ who strengthens me. Everything God has called me to, he gives me the strength to accomplish, no matter how difficult it is. Author Elder Walter Thomas has made it through many things in life by remembering this verse and trusting it to be true. Changing your life not only makes you a better man but also a better husband, a better father, which results in a better family, making a better community. Families, pastors, teachers, politicians, governmental officials advocacy groups, mentors, lay individuals, and others will be able to exercise the usage of *Dead Men Walking a Stairway to Life* to turn this thing around.

50 dead men walking: *Screening Ulster* Richard Gallagher, 2023-03-03 This book presents extensive research into the cinematic representation of the British-identifying Protestant, unionist and loyalist community in Northern Ireland and is the first time such comprehensive analysis has been produced. Gallagher's research traces the history of the community's representation in cinema from the emergence of depictions of both nationalist and unionist communities in social-realist dramas in 1980s British and Irish cinema to today, through periods such as those focused on violent paramilitaries in the 1990s and irreverent comedy after the Northern Ireland peace process. The book addresses the perception that the Irish nationalist community has been depicted more frequently and favourably than unionism in films about the period of conflict known as "The Troubles". Often argued to be the result of an Irish nationalist bias within Hollywood, Gallagher argues that there are other inherent and systemic reasons for this cinematic deficit.

50 dead men walking: *Leonard Maltin's 2013 Movie Guide* Leonard Maltin, 2012-09-04 NEW More than 16,000 capsule movie reviews, with more than 300 new entries NEW More than 13,000 DVD and 13,000 video listings NEW Up-to-date list of mail-order and online sources for

50 dead men walking: *New Uses of Bourdieu in Film and Media Studies* Guy Austin, 2016-07-01 Through his influential work on cultural capital and social mobility, the French sociologist Pierre Bourdieu has provided critical insights into the complex interactions of power, class, and culture in the modern era. Ubiquitous though Bourdieu's theories are, however, they have only intermittently been used to study some of the most important forms of cultural production today: cinema and new media. With topics ranging from film festivals and photography to constantly evolving mobile technologies, this collection demonstrates the enormous relevance that Bourdieu's key concepts hold for the field of media studies, deploying them as powerful tools of analysis and

forging new avenues of inquiry in the process.

50 dead men walking: *Roger Ebert's Movie Yearbook 2012* Roger Ebert, 2011-12-06 Ebert collects his reviews from the last 30 months. Readers can expect to find every movie review he has written from January 2009 to July 2011. Also included are in-depth interviews with newsmakers and celebrities, such as John Waters and Justin Timberlake, memorial tributes, and essays on the Oscars and reports from the Cannes and Toronto Film Festivals.

50 dead men walking: *The IRA on Film and Television* Mark Connelly, 2014-01-10 The Irish Republican Army (IRA) has for decades pursued the goal of unifying its homeland into a single sovereign nation, ending British rule in Northern Ireland. Over the years, the IRA has been dramatized in motion pictures directed by John Ford (*The Informer*), Carol Reed (*Odd Man Out*), David Lean (*Ryan's Daughter*), Neil Jordan (*Michael Collins*), and many others. Such international film stars as Liam Neeson, James Cagney, Richard Gere, James Mason and Anthony Hopkins have portrayed IRA members alternately as heroic patriots, psychotic terrorists and tormented rebels. This work analyzes celluloid depictions of the IRA from the 1916 Easter Rising to the peace process of the 1990s. Topics include America's role in creating both the IRA and its cinematic image, the organization's brief association with the Nazis, and critical reception of IRA films in Ireland, Britain and the United States.

50 dead men walking: *Rough Beast* Máiría Cahill, 2023-09-28 NUMBER 1 BESTSELLER IN THE IRISH NON-FICTION CHARTS *Rough Beast* is shocking, important and unputdownable. Roddy Doyle *Rough Beast* is Máiría Cahill's harrowing story of her life and of what she went through at the hands of what is now Ireland's largest and richest party. That story is told here for the first time in full detail and with unsparing honesty. It is a story of unimaginable trauma and political corruption. It brings to life a world of paramilitary secrecy and parallel laws, but above all it is the story of one young woman's defiance of the power wielded by ex-gunmen inspiring fear and silence, and their influence over elected politicians. Máiría Cahill grew up steeped in the traditions of Irish republicanism and the shadowy world of the IRA: her great-uncle Joe was one of the main founders of the Provisional IRA and her grandfather was Gerry Adams's mentor in the republican movement. From an early age she seemed destined for a glittering career within the increasingly successful political machine of Sinn Féin, which was then enjoying the aftermath of the Good Friday Agreement. She worked in a radio station alongside leading republicans; the Sinn Féin offices were her second home. She knew Gerry Adams and other senior republicans as family friends. But at the age of 16, she was sexually abused by a prominent Belfast IRA man. When she confided in some friends she trusted about the abuse, one of them told the IRA without Máiría's knowledge. A year later the organisation came calling, and forced her to take part in an inept and grotesquely insensitive internal investigation. She was subjected to round after round of interrogations by senior IRA men and women, usually in a network of safe houses around Belfast. Doubt was cast on her account of what had been done to her. Her assailant was allowed to confront and denounce her. Eventually her rapist was permitted to vanish from Belfast while Sinn Féin and the IRA professed bafflement about his whereabouts.

50 dead men walking: *Vauxhall Cars 1945 To 1995* Trevor Alder, 2024 A comprehensive pictorial history of all Vauxhall cars produced from 1945 up to and including models in production in 1995. This really is the 'go-to' publication if you need to compare your Vivas, Victors, Ventoras or Viceroy's! Breaking down the many models into several chapters, this is a trip down memory lane for any postwar car enthusiast. Comprehensively illustrated, the book includes line drawings, black & white plus colour period photographs, together with interior detail. All models are covered along with sports derivatives, limited editions, vans, estates, coupes. It includes a section on motor sport achievements and TV/movie appearances. Contemporary factory advertising slogans used is key throughout. Complimenting the historical content, technical specifications, key production changes and build figures are also detailed. Trevor Alder has been driving Vauxhalls and Opels for many years and has previously written and compiled several Vauxhall/Opel publications from his massive self-indexed magazine archive. The research for this book suggests this a bookshelf-must for anyone

interested in a slice of Britain's motoring heritage.

50 dead men walking: Down These Green Streets Declan Burke, 2013-04-15 This book suggests crime fiction is now the most relevant and valid form of writing which can deal with modern Ireland in terms of the post-'Troubles' landscape and post-Celtic Tiger economic boom. The book takes a chapter by chapter approach with each chapter and author discussing a different facet of Irish crime writing for example, Declan Hughes discusses the influence of American culture on Irish crime writing and Tana French reflects on crime fiction and the post-Celtic Tiger Irish identity. This publication is aimed at both the academic and general reader.

50 dead men walking: Armed Struggle Richard English, 2008-09-04 A timely work of major historical importance, examining the whole spectrum of events from the 1916 Easter Rising to the current and ongoing peace process, fully updated with a new afterword for the paperback edition. 'An essential book ... closely-reasoned, formidably intelligent and utterly compelling ... required reading across the political spectrum ... important and riveting' Roy Foster, The Times 'An outstanding new book on the IRA ... a calm, rational but in the end devastating deconstruction of the IRA' Henry McDonald, Observer 'Superb ... the first full history of the IRA and the best overall account of the organization. English writes to the highest scholarly standards ... Moreover, he writes with the common reader in mind: he has crafted a fine balance of detail and analysis and his prose is clear, fresh and jargon-free ... sets a new standard for debate on republicanism' Peter Hart, Irish Times 'The one book I recommend for anyone trying to understand the craziness and complexity of the Northern Ireland tragedy.' Frank McCourt, author of Angela's Ashes
