dinner at the homesick restaurant: *Anne Tyler Omnibus* Anne Tyler, 2012-05-01 No other writer captures like Anne Tyler, with acerbic affection and compassionate clarity, the shifts and defences of the average family struggling to keep life under control. This first omnibus edition of three full-length novels, all set in the respectable Baltimore streets she has made so particularly her own, encompasses the range of eccentricities and compromises to which they are driven. *Dinner at the Homesick Restaurant* follows the disintegration and eventual reaffirmation of the Tull family – fierce, embittered Pearl, left by Beck to raise handsome, thrusting Cody, Jenny, the pediatrician losing herself in devotion to others, and docile Ezra, whose attempts to unite them all around a table at his eccentric Homesick Restaurant are the focus of their differences and their bond. In *The Accidental Tourist*, Macon – a man of habit and routine, who writes guide books for businessmen who hate to leave home – is confronted by chaos in his own family life. Between aching sadness and glorious absurdity, Macon hesitantly emerges from his sage cocoon into the vibrant, unpredictable world of the outrageous Muriel... And *Breathing Lessons*, which won the Pulitzer Prize, lays bare the anatomy of a marriage. On the round trip to a friend's funeral, Maggie and Ira Moran make detours literal and metaphorical – into the lives of grown children, old friends, total strangers and their own past – and, despite Ira's disappointments and Maggie's optimistic determination to rearrange life as she would like it to be, an old married couple fall in love all over again.

dinner at the homesick restaurant: *Anne Tyler's Portrayal of Family in Dinner at the Homesick Restaurant, the Accidental Tourist, and Breathing Lessons* Maureen Clancy, 1990 Many critics have determined Anne Tyler to be one of today's most talented writers of American fiction. The success of her novels relies mainly upon her character development and her portrayal of the modern American family. In her three latest novels: *Dinner at the Homesick Restaurant*, *The Accidental Tourist*, and *Breathing Lessons*, she effectively describes the joys and hardships that an ordinary family endures. To support her descriptions, she uses the four common themes of the attraction of opposite personalities, the need for close relationships, the attempt to escape from but inevitable return to an imperfect family, and nostalgia of the past. These themes, in conjunction with the various relationships and milestones of life present in her novels, lead to the conclusion that the

strength of the family unit is of the utmost importance to the lives of its members.
