doors of stone book: Ideology and Hegemony of English Foreign Language Textbooks Ömer Gökhan Ulum, Dinçay Köksal, 2020-01-27 This volume investigates ideological and hegemonic practices in globally and locally written English as a Foreign Language (EFL) textbooks, and explores whether these textbooks reflect the values, beliefs and norms of the native-speaker society by examining their ideological components and the hegemonic practices by means of which the source society or state seeks to influence learners of the language. It also attempts to clarify EFL teachers' and students' views on the underlying ideology and hegemonic practices in globally and locally written EFL textbooks. Studies on the relationship between ideology, hegemony and textbooks in applied linguistics have become more prevalent in recent decades, as the emergence of critical theory, critical pedagogy, and critical thinking skills from the 1920s onwards has led scholars to adopt a more critical perspective towards EFL textbooks, especially with regard to elements of ideology and hegemony. These two terms encompass a plethora of components, ranging from nationalism to religion. At the same time, the importance of metanarratives originating from the tenets of modernism has declined from the 1960s onwards, the assumption being that the world has entered a new age called postmodernism and post-structuralism that emphasizes the role of individuals and rejects efforts to reinforce post-colonialism, the effects of which can be seen in EFL textbooks. Accordingly, taking the elements of ideology and hegemony into account remains a vital aspect in the analysis of EFL textbooks.

It is a landmark work among the knight-errantry tales and probably derives from an oral tradition. Although its original author is unknown, it was likely written during the early fourteenth century, with the first known version of this work, dating from 1508, written in Spanish by Garci Ordóñez (or Rodríguez) de Montalvo. An early bestseller of the age of printing, *Amadis of Gaul* was translated into dozens of languages and spawned sequels and imitators over the centuries. A handsome, valiant, and undefeatable knight, Amadis is best known today as Don Quixote's favorite knight-errant and role model. Readers for centuries have delighted in his tales of adventure.

I killed three men as a child and earned the name Bloodletter. Then I set fire to the fabled Ashram. I've been a bird and robbed a merchant king of a ransom of gold. And I have crossed desert sands and cutthroat alleys to repay my debt. I've stood before the eyes of god, faced his judgement, and cast aside the thousand arrows that came with it. And I have passed through the Doors of Midnight and lived to tell the tale. I have traded one hundred and one stories with a creature as old as time, and survived with only my cleverness, a candle, and a broken promise. And most recently of all, I have killed a prince, though the stories say I have killed more than one. My name is Ari. These are my legends. And these are my lies. "...traveling to other worlds is hardly a new concept in fantasy, [but] the idea of having no control over it as well as it affecting mundane life like being unable to open doors is wonderfully terrifying. It's something Stephen King would come up with and makes the opening very evocative..." - BookNest, C.T. Phipps ☐☐☐☐ Imagine not being able to open a door without mistakenly opening a portal to another world. It might sound glamorous to some people, but this gift/curse occurs whenever any type of door is opened, even a refrigerator...Once again Jamie Thornton has created a winner. - Amie's Book Reviews ☐☐☐☐ The Tower of Shadows has fallen. In order to survive her death prediction, Maella might have just broken all the portals across the three worlds. Maella's best friend, Claritsa, has been kidnapped and taken to a different world. Maella's father is still missing. Only Sethlo and the other torchlighters are by her side, but now that the Tower of Shadows has fallen (and all the licatherin is gone along with it), they will soon suffer the effects of krokosod—the flesh-death that results from licatherin withdrawal. Somewhere inside the Library of Souls are the answers Maella needs to save her family, her best friend, and all the worlds. But with both General Foster's Sechnel and Doormaker Tain's Hestroth searching for Maella, and krokosod nipping at her heels, will she find the answers in time? Interview with the Author Q - In what order should people read the Doormaker series? Who is likely to enjoy the series? The short story (Devil's Harvest) and the short novel (Torchlighters) could be read and enjoyed at any point during the series, but otherwise I recommend the following reading order: Devil's Harvest (Prequel Short Story), Rock Heaven: Book 1, Torchlighters, Tower of Shadows: Book 2, Library of Souls: Book 3, The One Door: Book 4. Reviewers describe the Doormaker series like HIS DARK MATERIALS meets SLIDERS. Also, the Doormaker series has dragons. These dragons don't breathe fire (sorry), and are called Klylups. And there are some seriously dark secrets and history you'll discover about them. Q - Why did you decide to write the Doormaker series? I'm a voracious reader of fantasy and science fiction: Stephen King's The Dark Tower series, Cassandra Clare, Bella Forrest Jeff Wheeler, Sarah J Maas, Rachel E Carter, Philip Pullman, to name a few of my favorites. I wanted to write a story about "The One," but with some major twists. My main character, Maella (May-ella), starts totally unskilled and has been kept in the dark for her entire life about her family history, her

magical abilities—everything. There's a very good reason why, but no one will tell her that either! When I kept showing people the short story, they kept asking—actually demanding—to know what happened next. So I wrote how Maella starts so unskilled and innocent to eventually holding the fate of three worlds in her hands. So now there are 6 books in the series (lol). 4 full length novels, 1 short novel, and 1 short story. Q - Thanks for talking with me today. Any last words? Hmmm. This is toughest question of them all, but...To all the readers out there—may light show you the way and darkness show you the stars. Q - Do we have to read the Doormaker series to understand why these are your last words to this interview? Maybe. (Yes).
