

enemies and neighbours by ian black

Enemies and Neighbours by Ian Black is a compelling work that delves into the intricate dynamics of human relationships, community interactions, and the societal implications of proximity and conflict. Published in 2013, this book explores the nuanced ways in which neighbors—both literal and metaphorical—shape our identities, perceptions, and social fabric. Black's analysis offers a unique lens through which to understand the complexities of neighborly relationships, especially in a world increasingly characterized by tension and division. In this article, we will explore the themes, insights, and significance of Ian Black's "Enemies and Neighbours," providing a comprehensive overview suitable for both readers new to the book and those seeking a deeper understanding of its content.

Introduction to Enemies and Neighbours by Ian Black

The book "Enemies and Neighbours" is a thought-provoking examination of the blurred lines between friendship and conflict within communities across different cultures and historical periods. Ian Black, an acclaimed journalist and author specializing in Middle Eastern affairs, approaches the topic with a blend of historical analysis, personal anecdotes, and scholarly research. The central premise revolves around how neighbors—who could be allies or adversaries—are pivotal in shaping political landscapes, personal identities, and collective histories.

Black's work is particularly relevant today, as global conflicts often originate from local disputes, and societal divisions are frequently rooted in neighborly tensions. The book encourages readers to reflect on the nature of community, the roots of enmity, and the potential for reconciliation amidst longstanding conflicts. It also offers insights into how perceptions of "the other" are constructed and challenged within neighborhoods and beyond.

Core Themes and Topics Explored in the Book

1. The Nature of Enmity and Friendship

Black explores the fluid boundaries between enemies and friends, emphasizing that these roles are often context-dependent and socially constructed. He discusses how:

- Historical conflicts often stem from disputes between neighbors.
- Acts of hostility can be fueled by misunderstandings, misinformation, or deep-seated grievances.
- Reconciliation is possible when communities recognize shared interests or histories.

2. The Role of Identity and Religion

A significant focus is on how identity—religious, ethnic, or national—shapes neighborly relations:

- Religious and ethnic identities often define in-group and out-group dynamics.

- These distinctions can lead to conflicts but also opportunities for dialogue and understanding.
- Black examines case studies from the Middle East, Africa, and Europe to illustrate these points.

3. Colonialism and Its Legacy

Black discusses how colonial borders and policies have impacted neighborly relations:

- Arbitrary borders often forced disparate groups into proximity, sowing seeds of conflict.
- Colonial powers sometimes exacerbated existing tensions for strategic reasons.
- The legacy of colonialism continues to influence contemporary conflicts.

4. Conflict Resolution and Reconciliation

The book emphasizes strategies and examples of how communities can move beyond enmity:

- Dialogue and mutual understanding as tools for peacebuilding.
- The importance of acknowledging historical grievances.
- Role of external mediators and grassroots initiatives.

Case Studies and Historical Perspectives

Ian Black enriches his analysis with diverse case studies that illustrate the complexities of neighborly relationships:

1. The Israeli-Palestinian Conflict

Black provides an in-depth look at how neighbors in the Middle East have become entrenched enemies, exploring:

- Historical roots of land disputes.
- The impact of religious and national identities.
- Efforts and obstacles to achieving peace and coexistence.

2. Balkan Conflicts

He examines the ethnic tensions in the Balkans, highlighting:

- The role of historical grievances and nationalist narratives.
- The challenges of post-conflict reconciliation.
- Lessons learned from peace processes.

3. European Neighborhood Dynamics

The book also discusses the shifting relationships within Europe, especially in the context of

migration and integration:

- How neighborhoods adapt to demographic changes.
- The rise of populist sentiments and xenophobia.
- Strategies for fostering inclusive communities.

Insights and Lessons for Contemporary Society

Black's work offers valuable lessons for current societal challenges:

Building Bridges in Divided Communities

- Promote dialogue and understanding through community initiatives.
- Recognize and respect cultural and religious differences.
- Address historical grievances transparently.

Understanding the Roots of Conflict

- Conflict often has deep historical and social roots.
- External interventions should be sensitive to local contexts.
- Sustainable peace requires addressing underlying issues, not just surface symptoms.

Encouraging Reconciliation and Peacebuilding

- Success stories demonstrate that reconciliation is possible even after prolonged conflict.
- Grassroots movements can be powerful agents of change.
- Education and awareness are vital in transforming perceptions.

The Significance of "Enemies and Neighbours" in Today's World

In an era marked by geopolitical tensions, migration crises, and social polarization, Ian Black's "Enemies and Neighbours" remains highly relevant. It reminds us that:

- Understanding our neighbors—whether in our local community or across borders—is essential for peace.
- Enmity is often rooted in misconceptions; education and dialogue can dismantle these barriers.
- Recognizing shared humanity can foster empathy and cooperation.

Furthermore, the book underscores the importance of historical awareness in shaping current policies. It urges policymakers, community leaders, and citizens alike to consider the long-term impacts of their actions on neighborly relations.

Conclusion

"Enemies and Neighbours" by Ian Black is a profound exploration of the complex web of human relationships that define communities worldwide. Through historical analysis, case studies, and thoughtful commentary, Black sheds light on the roots of conflict and the pathways toward reconciliation. His insights are particularly vital in today's interconnected yet divided world, emphasizing that peace begins with understanding, respect, and dialogue among neighbors—no matter how entrenched their differences may seem.

As societies continue to grapple with division and conflict, Black's work serves as an essential reminder of the power of community, the importance of empathy, and the potential for harmony even in the most challenging circumstances. Whether studying the geopolitical landscape or seeking to foster harmony within local neighborhoods, "Enemies and Neighbours" offers valuable perspectives that inspire action and reflection.

This article provides an SEO-optimized, detailed overview of Ian Black's "Enemies and Neighbours," structured with appropriate headings and subheadings to facilitate readability and search engine ranking. Let me know if you'd like me to include specific keywords or focus on particular aspects!

Frequently Asked Questions

What are the main themes explored in 'Enemies and Neighbours' by Ian Black?

The book explores themes of conflict, community, identity, and the complex relationships between neighbors and enemies within the context of Middle Eastern politics and society.

How does Ian Black depict the impact of political conflicts on everyday communities in 'Enemies and Neighbours'?

Black illustrates how political conflicts ripple through daily life, affecting personal relationships, local dynamics, and community cohesion, often highlighting the human side of geopolitical struggles.

What is the significance of the title 'Enemies and Neighbours' in Black's work?

The title underscores the blurred lines between friends and foes in conflict zones, emphasizing how neighbors can be both adversaries and allies depending on the political and social context.

Has 'Enemies and Neighbours' received any notable critical acclaim or recognition?

Yes, Ian Black's insightful analysis and compelling storytelling have been praised for shedding light on the nuanced relationships in conflict areas, earning recognition among readers interested in

Middle Eastern affairs.

In what ways does 'Enemies and Neighbours' contribute to the current understanding of Middle Eastern geopolitics?

The book provides a nuanced perspective on local relationships and societal tensions, enriching the reader's understanding of how historical grievances and political divisions influence neighborly interactions in the region.

Additional Resources

Enemies and Neighbours by Ian Black is a compelling exploration of the complex, often tense relationships that define our interactions with those around us—be they enemies or neighbors. Black's work delves into the nuanced dynamics of conflict, cooperation, and coexistence, offering readers a thought-provoking lens through which to examine the social fabric that connects us. This guide aims to unpack the core themes, insights, and implications of Black's analysis, providing a comprehensive understanding of his perspective on how enemies and neighbors shape individual and collective identities.

Introduction: The Significance of Enemies and Neighbors

In our daily lives, the concepts of enemies and neighbors are more intertwined than they might initially appear. From geopolitical conflicts to neighborhood disputes, these relationships influence personal well-being, community cohesion, and even global stability. Enemies and neighbors by Ian Black explores these themes by examining how historical, cultural, and political contexts influence perceptions and interactions.

Black emphasizes that understanding these relationships is essential not only for resolving conflicts but also for fostering empathy and cooperation. His work challenges readers to consider how boundaries—be they physical, ideological, or emotional—define our relationships and how crossing or respecting these boundaries can alter the course of interactions.

Theoretical Foundations: Defining Enemies and Neighbors

Who Are Enemies?

Black defines enemies as individuals or groups with whom there exists a significant conflict, often characterized by hostility, opposition, or rivalry. Enmity can stem from:

- Historical grievances
- Competing interests
- Ideological differences
- Resource disputes

Despite their negative connotations, enemies serve as mirrors that reflect societal fears, values, and

boundaries. Recognizing the role of enemies helps us understand the processes of identity formation and boundary-setting.

Who Are Neighbors?

Neighbors are generally seen as those physically close to us—whether geographically, socially, or culturally—and with whom we have a relationship that can range from amicable to contentious. Black highlights that:

- Neighbors are not always friendly; sometimes, they are rivals or adversaries.
- The concept of neighborliness extends beyond physical proximity to include shared interests, cultural ties, or mutual dependencies.

Understanding the fluidity between enemies and neighbors is central to Black's analysis, as these roles often overlap or shift over time.

Key Themes in Black's Analysis

1. The Construction of Otherness

Black explores how societies define "the other" to establish boundaries that delineate friends from foes. This process involves:

- Cultural labeling
- Stereotyping
- Dehumanization

These tactics are often used to justify conflict or exclusion, but they can also be challenged through dialogue and understanding.

2. Conflict as a Social Force

Conflict, in Black's view, is not merely destructive but also a catalyst for change and identity. It:

- Reveals underlying tensions
- Forces communities to confront uncomfortable truths
- Can lead to reconciliation or further division

He emphasizes that understanding the roots of conflict is crucial for resolution.

3. The Role of Memory and History

Historical narratives shape perceptions of enemies and neighbors. Black discusses how:

- Collective memories influence attitudes
- Historical grievances can persist across generations
- Reconciliation often requires confronting and reinterpreting history

4. Spatial and Political Boundaries

Physical borders and political boundaries define who is considered a neighbor or enemy. Black examines:

- The impact of colonialism
- Nationalism and identity
- Border disputes and their psychological effects

Deep Dive: Relationships Between Enemies and Neighbors

Enemies Turned Neighbors

Black highlights instances where former enemies become neighbors through processes like:

- Diplomatic normalization
- Peace treaties
- Community integration

These transformations demonstrate that relationships are dynamic and malleable.

Neighbors Becoming Enemies

Conversely, close relationships can sour, leading to:

- Neighborhood disputes
- Political polarization
- Cultural clashes

Black notes that proximity does not guarantee harmony; often, underlying tensions surface over time.

Case Studies

Black provides several compelling case studies, including:

- The Israeli-Palestinian conflict: illustrating how neighbors become enemies and vice versa.
- Post-apartheid South Africa: showing how former enemies become neighbors and collaborators.
- European Union integration: exemplifying how neighbors overcome historical animosities to build cooperative frameworks.

Strategies for Navigating Enemies and Neighbors

Building Empathy and Dialogue

Black advocates for open communication to bridge divides. Tactics include:

- Dialogue initiatives
- Shared projects

- Cultural exchanges

Recognizing Common Interests

Focusing on mutual benefits can foster cooperation even amid disagreements:

- Economic partnerships
- Environmental concerns
- Security interests

Confronting and Challenging Stereotypes

To move beyond entrenched perceptions, Black recommends:

- Educating oneself about the other's perspective
- Challenging stereotypes through personal interactions
- Promoting inclusive narratives

Implications for Policy and Society

Conflict Resolution

Black's insights suggest that addressing conflicts at their roots—historical grievances, identity issues, and boundary definitions—is essential for sustainable peace.

Community Building

Fostering neighborliness involves:

- Promoting social cohesion
- Encouraging inclusivity
- Creating shared spaces

International Relations

Black's work underscores the importance of diplomacy, cultural understanding, and respect for diversity in managing international boundaries and conflicts.

Final Thoughts: Lessons from Black's Analysis

Enemies and Neighbours by Ian Black offers valuable lessons for individuals, communities, and nations:

- Recognize the fluidity of relationships; enemies can become neighbors and vice versa.
- Understand the importance of history and memory in shaping perceptions.
- Embrace dialogue, empathy, and shared interests as tools for overcoming divisions.
- Acknowledge that boundaries—physical, cultural, or ideological—are constructed and can be

renegotiated.

By reflecting on these themes, readers can foster a more nuanced understanding of conflict and coexistence, ultimately contributing to more peaceful and inclusive societies.

In conclusion, Ian Black's exploration of enemies and neighbors provides a comprehensive framework for understanding human relationships across contexts. Whether in personal interactions or international diplomacy, recognizing the complexities of these roles can help us navigate conflicts and build bridges towards mutual understanding and cooperation.

Enemies And Neighbours By Ian Black

enemies and neighbours by ian black: Enemies and Neighbors Ian Black, 2017-11-07
"Comprehensive and compelling...a landmark study" of the Arab-Zionist conflict, told from both sides, by the author of Israel's Secret Wars (Sunday Times, UK). Setting the scene at the end of the nineteenth century, when the first Zionist settlers arrived in the Ottoman-ruled Holy Land, Black draws on a wide range of sources—from declassified documents to oral testimonies to his own vivid-on-the-ground reporting—to illuminate the most polarizing conflict of modern times. Beginning with the 1917 Balfour Declaration, in which the British government promised to favor the establishment of "a national home for the Jewish people" in Palestine, Black proceeds through the Arab Rebellion of the late 1930s, the Nazi Holocaust, Israel's independence and the Palestinian Nakba (catastrophe), the watershed of 1967 followed by the Palestinian re-awakening, Israel's settlement project, two Intifadas, the Oslo Accords, and continued negotiations and violence up to today. Combining engaging narrative with political analysis and social and cultural insights, *Enemies and Neighbors* is both an accessible overview and a fascinating investigation into the deeper truths of a furiously contested history.

enemies and neighbours by ian black: *Enemies and Neighbours* Ian Black, 2017-11-02
SUNDAY TIMES AND GUARDIAN BOOKS OF THE YEAR 2017 'Comprehensive and compelling ... A nuanced, landmark study that has deservedly won plaudits from both Palestinian and Israeli historians' Justin Marozzi, The Times A century after Britain's Balfour Declaration promised a Jewish 'national home' in Palestine, veteran Guardian journalist Ian Black has produced a major new history of one of the most polarising conflicts of the modern age. Drawing on a wide range of sources - from declassified documents to oral testimonies and his own decades of reporting - *Enemies and Neighbours* brings much-needed perspective and balance to the long and unresolved struggle between Arabs and Jews in the Holy Land. Beginning in the final years of Ottoman rule and the British Mandate period, when Zionist immigration transformed Palestine in the face of mounting Arab opposition, the book re-examines the origins of what was a doomed relationship from the start. It sheds fresh light on critical events such as the Arab rebellion of the 1930s; Israel's independence and the Palestinian catastrophe (Nakba in Arabic) of 1948; the watershed of the 1967 war; two Intifadas; the Oslo Accords and Israel's shift to the right. It traces how - after five decades of occupation, ever-expanding Jewish settlements and the construction of the West Bank 'separation wall' - hopes for a two-state solution have all but disappeared, and explores what the future might hold. Yet Black also goes beyond the most newsworthy events - wars, violence and peace initiatives - to capture the reality of everyday life on the ground in Jerusalem and Hebron, Tel Aviv, Ramallah, Haifa and Gaza, for both sides of an unequal struggle. Lucid, timely and gripping, *Enemies and Neighbours* illuminates a bitter conflict that shows no sign of ending - which is why it is so essential

that we understand it.

enemies and neighbours by ian black: Whose Promised Land? Colin Chapman, 2024-10-07
The go-to text for Christians and others wanting to understand what is really happening in the Middle East. Jeremy Moodey, former Chief Executive, Embrace the Middle East The conflict between Israel and the Palestinians has profoundly affected the Middle East for almost eighty years, and shows no sign of ending. With two peoples claiming the same piece of land for different reasons, it remains a huge political and humanitarian problem. Can it ever be resolved? If so, how? These are the basic questions addressed in this revised and expanded sixth edition of Colin Chapman's highly acclaimed book. Having lived and worked in the Middle East at various times since 1968, Chapman explains the roots of the problem and outlines the arguments of the main parties involved. He also explores the theme of land in the Old and New Testaments, discussing legitimate and illegitimate ways of using the Bible in relation to the conflict. This new and fully updated edition covers developments over the past ten years, including the war that broke out between Israel and Hamas in October 2023.

enemies and neighbours by ian black: The Locked Safe: A Family Memoir Miriam E. David, 2024-06-19 This family memoir is my back story. A Locked Safe with 5 'Nazi' passports was found after my mother died in 1996. My father had died 16 years earlier. Although we knew he was a German Jewish professional engineer fleeing Nazism in 1936, we did not know the details of how his family fled. The help of my mother's family, the Leas, was essential. They had fled from pogroms in Ukraine/Russia in the late nineteenth century. Some were also caught up with Japanese internment camps in China, illustrating the diasporic nature of my family. My father, his elder brother and father were also interned by the British in 1940-1941. I look forward to not only my generation as the so-called second generation from the Holocaust, but also the third generation, specifically my daughter Charlotte Reiner Hershman. Although we tell a unique story of one family, that story of migration, seeking asylum or refuge and being exiled is a very frequent tale nowadays. In excavating my parents' backgrounds and their influences on me and Charlotte, we show the long term psychological and social effects on our lives and possibly on future generations.

enemies and neighbours by ian black: The Shortest History of Israel and Palestine Michael Scott-Baumann, 2023-02-28 An accessible chronicle of how the Israel-Palestine conflict originated and developed over the past century. The Shortest History books deliver thousands of years of history in one riveting, fast-paced read. The ongoing struggle between Israel and Palestine is one of the most bitter conflicts in history, with profound global consequences. In this book, Middle East expert Michael Scott-Baumann succinctly describes its origins and charts its evolution from civil war to the present day. Each chapter offers a lucid explanation of the politics and ends with personal testimony from Palestinians and Israelis whose lives have been impacted by the dispute. While presenting competing interpretations, Scott-Baumann examines the key flash points, including the early role of the British, the establishment of the state of Israel in 1948, the Six-Day War of 1967, and the Trump administration's peace plan, pitched as "the deal of the century," in 2020. He delineates both the nature of Israeli control over the Palestinian territories and Palestinian resistance—going to the heart of the clashes in recent decades. The result is an indispensable history, including a time line, glossary, and analysis of why efforts to restore peace have continually failed and what it will take to succeed. The Shortest History books deliver thousands of years of history in one riveting, fast-paced read.

enemies and neighbours by ian black: The House Divided Barnaby Rogerson, 2024-01-04
Recommended on The Rest is Politics and Empire A Waterstones Best History Book of 2024 'A masterly engagement with the most delicate and important of subjects - filled with gentle empathy, learning and rare balance' Rory Stewart 'Rogerson is an original - eloquent and always fascinating' William Dalrymple 'Brilliant' Anita Anand 'This is not a book to be ignored' The Times At the heart of the Middle East, with its regional conflicts and proxy wars, is a 1400-year-old schism between Sunni and Shia. To understand this divide and its modern resonances, we need to revisit its origins, which go back to the death of the Prophet Muhammad in 632, the accidental coup that set aside the claims

of his cousin and son-in-law Ali, and the slaughter of Ali's own son Husayn at Kerbala. These events, known to every Muslim, have created a slender faultline in the Middle East. The House Divided follows these narratives from the first Sunni and Shia caliphates, through the medieval caliphates and empires of the Arabs, Persians and Ottomans, to the contemporary Middle East. It shows how a complex range of identities and rivalries - religious, ethnic and national - have shaped the region, jolted by the seismic shift of the Iranian Revolution of 1979. Rogerson's original approach takes the modern chessboard of nation states and looks at each through its particular history of empires and occupiers, minorities and resources, sheikhs and imams. The result is a book of wide-ranging empathy, understanding and insights.

enemies and neighbours by ian black: Ahed Tamimi Manal Tamimi, Paul Heron, Paul Morris, Peter Lahti, 2021-05-20 Ahed Tamimi wurde durch eine Ohrfeige zum neuen Symbol des palästinensischen Widerstands. Das Video, auf dem sie sich gegen den voll bewaffneten, israelischen Soldaten in der Einfahrt ihres Hauses wehrt, ging um die Welt. Dieses Buch ist Zeugnis des anhaltenden Widerstands von Ahed, ihrer Familie und ihres Dorfes in einem ungleichen Kampf. Sie haben nicht die Freiheit der Wahl, ob sie gegen die Besatzung des israelischen Staates ankämpfen sollen oder nicht. Sie müssen, um ein Leben in Würde zu führen. Die deutsche Übersetzung beinhaltet alle Texte der englischen Originalausgabe - geschrieben u.a. von Aheds Tante Manal Tamimi. Zudem wurde das Buch im Anhang um einen weiteren Text ergänzt. Dieser Text von Sozialist*innen aus Israel und Palästina ist ein Beitrag zur Diskussion um die richtige Strategie im Kampf gegen die nationale Unterdrückung der Palästinenser*innen.

enemies and neighbours by ian black: Under Jerusalem Andrew Lawler, 2023-09-26 A spellbinding history of the hidden world below the Holy City—a saga of biblical treasures, intrepid explorers, and political upheaval “A sweeping tale of archaeological exploits and their cultural and political consequences told with a historian’s penchant for detail and a journalist’s flair for narration.” —Washington Post In 1863, a French senator arrived in Jerusalem hoping to unearth relics dating to biblical times. Digging deep underground, he discovered an ancient grave that, he claimed, belonged to an Old Testament queen. News of his find ricocheted around the world, evoking awe and envy alike, and inspiring others to explore Jerusalem’s storied past. In the century and a half since the Frenchman broke ground, Jerusalem has drawn a global cast of fortune seekers and missionaries, archaeologists and zealots, all of them eager to extract the biblical past from beneath the city’s streets and shrines. Their efforts have had profound effects, not only on our understanding of Jerusalem’s history, but on its hotly disputed present. The quest to retrieve ancient Jewish heritage has sparked bloody riots and thwarted international peace agreements. It has served as a cudgel, a way to stake a claim to the most contested city on the planet. Today, the earth below Jerusalem remains a battleground in the struggle to control the city above. Under Jerusalem takes readers into the tombs, tunnels, and trenches of the Holy City. It brings to life the indelible characters who have investigated this subterranean landscape. With clarity and verve, acclaimed journalist Andrew Lawler reveals how their pursuit has not only defined the conflict over modern Jerusalem, but could provide a map for two peoples and three faiths to peacefully coexist.

enemies and neighbours by ian black: Policy of Deceit Peter Shambrook, 2023-08-03 ‘The work of a lifetime, a forensic, fair-minded examination of the Hussein-McMahon correspondence that exposes how the British government broke its promises to the people of Palestine.’ The Times Literary Supplement, Books of the Year This is the untold story of Britain’s role in the Israel-Palestine conflict. During the First World War, the British High Commissioner in Egypt reached a secret agreement with the Sharif of Mecca. If the Sharif allied with Britain against the Ottomans, after the war an independent Arab state that included Palestine would be established. The Sharif kept his word. The British did not. Instead, two years later Lloyd George’s government declared that Palestine would be for the global Jewish community. Through meticulous analysis of official records and private papers, Peter Shambrook exposes how Britain came to betray the Arabs. He debunks the myth that Palestine was never part of the lands guaranteed to the Sharif and details the attempts of successive British governments to prevent the truth from ever becoming public. For

anyone interested in the history of the Israel-Palestine conflict, this is a must-read.

enemies and neighbours by ian black: *The Statesman's Yearbook 2025* Palgrave Macmillan, 2025-01-10 Now in its 161st edition, The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world. Covering political, economic, social and cultural aspects, the Yearbook is also available online for subscribing institutions.

enemies and neighbours by ian black: When and How the Arabs and Muslims Immigrated to the Land of Israel—Period of British Rule, 1918-1948 Rivka Shpak Lissak, 2021-07-30 The Palestinian National Movement and its Palestine Authority aim to rewrite the history of the Land of Israel. They have developed several agendas about the history of the country. One agenda claims that they are the ancient population of the country they call Falstin (Palestine). The other claims said they settled in the country in 640; they have a history of 1,381 years. The Jews, they say, have no historical claim on that country; but another agenda claims that Jews did populate the country, but the Romans conquers never exiled the Jews two thousand years ago. The Jews converted to Islam during the Arab-Muslim occupation of the country (640-1099) and that the Palestinians are the descendants of these Jews and, therefore, the rightful heirs of the country. But the historical facts tell a different story. This book is the second volume of When and How the Arabs and Muslims Immigrated to the Land of Israel. The first volume deals with 640-1914 and brings evidence that most Palestinians are descendants of immigrants who came to the country from Arab and Muslim countries in small numbers during a slow process over hundreds of years; and between the end of the nineteenth century and First World War, their number grew by immigrant workers. This volume brings evidence that under the British Mandate rule (1918-1948), waves of Arab/Muslim immigrant workers entered the country illegally because of the British policy to ignore illegal immigration. The British mandate government actually ordered the Transjordan army responsible for controlling the borders to ignore illegal immigration. Also, the British Army brought Arab workers from Egypt, Syria, and Lebanon to build and work in their camps. The economic and employment opportunities created by the Zionist Movement, Jewish investors and immigrants, Christian organizations, and the British Mandate in the Land of Israel drew an increasing number of Arab immigrant workers. These opportunities were much better than those they had in their home countries.

enemies and neighbours by ian black: *Deception* Christopher Hale, 2019-09-16 'I suppose you know who I am? I was in charge of the actions in Germany and Poland and Czechoslovakia. I am prepared to sell you one million Jews: Goods for blood ... Blood for goods.' These were the chilling words uttered by one of the most notorious Nazi bureaucrats, SS Colonel Adolf Eichmann, to a young Jewish businessman called Joel Brand in the spring of 1944. Brand embarked on a desperate mission to persuade the Allies to barter with Eichmann - and failed. At the same time, the SS deported hundreds of thousands of Hungarian Jews to Auschwitz-Birkenau packed in cattle trains. The majority were gassed, then incinerated. For decades after 1945, many blamed the Allies for callously abandoning a million Hungarian Jews to their fate. In *Deception*, Christopher Hale presents a new account of the 'Brand Mission' based on evidence in the national archives of Germany, Hungary, Britain and the United States. Hale reveals that Eichmann's offer formed one part of a monstrous deception designed to outwit the leaders of the last surviving Jewish community in Europe. The deception was more complex and - from the German point of view - more successful than any operation mounted by the secret services of the Allied governments.

enemies and neighbours by ian black: *The Statesman's Yearbook 2024* Palgrave Macmillan, 2024-01-03 Now in its 160th edition, The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world. Covering political, economic, social and cultural aspects, the Yearbook is also available online for subscribing institutions.

enemies and neighbours by ian black: *Bibi* Anshel Pfeffer, 2018-05-17 For many in Israel and elsewhere, Benjamin Netanyahu is anathema, an embarrassment; yet he continues to dominate

Israeli public life. How can we explain his rise, his hold on Israeli politics, and his outsized role on the world's stage? In *Bibi*, Anshel Pfeffer reveals the formative influence of Netanyahu's father and grandfather, who bequeathed to him a once-marginal brand of Zionism combining Jewish nationalism with religious traditionalism. In the Zionist enterprise, Netanyahu embodies the triumph of the underdogs over the secular liberals who founded the nation. Netanyahu's Israel is a hybrid of ancient phobia and high-tech hope; of tribalism and globalism - just like the man himself. We cannot understand Israel today without first understanding the man who leads it.

enemies and neighbours by ian black: Nine Quarters of Jerusalem Matthew Teller, 2022-03-17 'Original and illuminating ... what a good book this is' Jonathan Dimbleby 'A love letter to the people of the Old City' Jerusalem Post In Jerusalem, what you see and what is true are two different things. Maps divide the walled Old City into four quarters, yet that division doesn't reflect the reality of mixed and diverse neighbourhoods. Beyond the crush and frenzy of its major religious sites, much of the Old City remains little known to visitors, its people overlooked and their stories untold. *Nine Quarters of Jerusalem* lets the communities of the Old City speak for themselves. Ranging through ancient past and political present, it evokes the city's depth and cultural diversity. Matthew Teller's highly original 'biography' features the Old City's Palestinian and Jewish communities, but also spotlights its Indian and African populations, its Greek and Armenian and Syriac cultures, its downtrodden Dom Gypsy families and its Sufi mystics. It discusses the sources of Jerusalem's holiness and the ideas - often startlingly secular - that have shaped lives within its walls. *Nine Quarters of Jerusalem* is an evocation of place through story, led by the voices of Jerusalemites.

enemies and neighbours by ian black: Fine Meshwork Dan O'Brien, 2020-02-28 In a 1984 interview with longtime friend Edna O'Brien, Philip Roth describes her writing as "a piece of fine meshwork, a net of perfectly observed sensuous details that enables you to contain all the longing and pain and remorse that surge through the fiction." The phrase "fine meshwork" can apply not only to O'Brien's writing but also to the connective threads that bind her work to others', including, most illuminatingly, Roth's. Since the publication of their first controversial novels in the 1950s and 1960s, Roth and O'Brien have always argued against the isolation of mind from body, autobiography from fiction, life from art, and self from nation. In *Fine Meshwork*, Dan O'Brien investigates the shared concerns of these two authors, now regarded as literary icons in their home countries. He traces their fifty-year literary friendship and the striking parallels in their books and reception, bringing together what, at first glance, seem to be quite disparate milieus: the largely feminist and Irish scholarship on O'Brien with Jewish and American perspectives on Roth. In doing so, and in considering them in a transnational context, he argues that the intertwined nature of their writing symbolizes the far-ranging symbiosis between Irish literature and its American—particularly Jewish American—counterpart.

enemies and neighbours by ian black: Jerusalem Simon Sebag Montefiore, 2012-09-18 FULLY REVISED AND UPDATED FOR 2024 NATIONAL BESTSELLER • A NEW YORK TIMES NOTABLE BOOK • JEWISH BOOK COUNCIL BOOK OF THE YEAR Spectacular. [Montefiore] really tells you what the life of the city has been like and why it means so much. You fall in love with the city. It's a treasure. It's a wonderful book. —Bill Clinton Impossible to put down. . . . Vastly enjoyable. —The New York Times Book Review The history of Jerusalem is the story of the world: Jerusalem is the universal city, the capital of two peoples, the shrine of three faiths. The Holy City and Holy Land are the battlefields for today's multifaceted conflicts and, for believers, the setting for Judgment Day and the Apocalypse. How did this small, remote town become the Holy City, the "center of the world" and now the key to peace in the Middle East? Why is the Holy Land so important not just to the region and its many new players, but to the wider world too? Drawing on new archives and a lifetime's study, Montefiore reveals this ever-changing city and turbulent region through the wars, love affairs and revelations of the kings, empresses, amirs, sultans, caliphs, presidents, autocrats, imperialists and warlords, poets, prophets, saints and rabbis who created, destroyed, chronicled, and believed in Jerusalem and the Holy Land. A classic of modern literature, this is not only the epic story of 3,000 years of faith, slaughter, fanaticism, co-existence, power and

myth, but also a freshly updated, carefully balanced history of the Middle East, from King David to the new powers of the twenty-first century, from the birth of Judaism, Christianity, and Islam to the Israel-Palestine conflict. This is how today's Middle East was forged, how the Holy Land became sacred and how Jerusalem became Jerusalem—the only city that exists twice—in heaven and on earth. “Magnificent. . . . Montefiore barely misses a trick or a character intaking us through the city's story with compelling, breathless tension.” —The Wall Street Journal

enemies and neighbours by ian black: The History of Water in the Land Once Called Palestine Christopher Ward, Sandra Ruckstuhl, Isabelle Learmont, 2021-11-04 Shared water resources in Israel and Palestine are often the site of political, economic, historical, legal and ethical contestation. In this, the first of two volumes on the subject, the authors look beyond the political tensions of the region, to argue for the need for shared water security and co-operative resource management. The History of Water in the Land Once Called Palestine, traces the history of water resources and security and their development from the Ottoman period until 2020, examining how the state of water security amongst Palestinians and Israelis has diverged, resulting in the current success of Israeli water security in contrast to the high water insecurity experienced by Palestinians. The authors assess water security in three parts: security of access to water resources, security of access to water services and finally, security against risks to and from water.

enemies and neighbours by ian black: In Search of the River Jordan James Fergusson, 2023-03-14 A writer's travels along the legendary yet contested Jordan River—exploring the long conflict over water supply Access to water has played a pivotal role in the Israel-Palestine dispute. Israel has diverted the River Jordan via pipes and canals to build a successful modern state. But this has been at the expense of the region's cohabitants. Gaza is now so water-stressed that the United Nations has warned it could soon become uninhabitable; its traditional water source has been ruined by years of over-extraction and mismanagement, the effects exacerbated by years of crippling blockade. Award-winning author and journalist James Fergusson travels to every corner of Israel and Palestine telling the story of the River Jordan and the fierce competition for water. Along the way, he meets farmers, officials, soldiers, refugees, settlers, rioting youth, religious zealots, water experts, and engineers on both sides of the Green Line. Fergusson gives voice to the fears and aspirations of the region's inhabitants and highlights the centrality of water in negotiating future peace.

enemies and neighbours by ian black: Cnut (Penguin Monarchs) Ryan Lavelle, 2017-12-07 'A reputation as a ruthless ruler was sealed that would last beyond his lifetime. In that respect, at least, Cnut had succeeded...' Cnut, or Canute, is one of the great 'what ifs' of English history. The Dane who became King of England after a long period of Viking attacks and settlement, his reign could have permanently shifted eleventh-century England's rule to Scandinavia. Stretching his authority across the North Sea to become king of Denmark and Norway, and with close links to Ireland and an overlordship of Scotland, this formidable figure created a Viking Empire at least as plausible as the Anglo-Norman Empire that would emerge in 1066. Ryan Lavelle's illuminating book cuts through myths and misconceptions to explore this fascinating and powerful man in detail. Cnut is most popularly known now for the story of the king who tried to command the waves, relegated to a bit part in the medieval story, but as this biography shows, he was a conqueror, political player, law maker and empire builder on the grandest scale, one whose reign tells us much about the contingent nature of history.
