hanns and rudolf book: **The Maverick** Thomas Harding, 2023-08-29 The captivating story of the famed publisher George Weidenfeld, from his struggles as an Austrian-Jewish refugee in London to his rise as a world-renowned literary figure. After arriving in London just before World War Two as a penniless Austrian-Jewish refugee, George Weidenfeld went on to transform not only the world of publishing but the culture of ideas. The books that he published include momentous titles such as

Lolita, Double Helix, The Group, and The Hedgehog and the Fox, with authors he championed ranging from Joan Didion, Mary McCarthy, JD Salinger, and Edna O'Brien to Henry Miller, Harold Wilson, Saul Bellow, and Henry Kissinger. His role as publisher brought him into the orbit of influential figures such as George Bush, Ann Getty, Donald Trump, and LBJ. In this first biography, Thomas Harding provides a full, unvarnished, and at times difficult history of this complex and fascinating character. Throughout his long career, he was written about in the New York Times, the Washington Post, Time Magazine, Vanity Fair, and other publications. Was he, as described by some, the "greatest salesperson," "the world's best networker," "the publisher's publisher," and "a great intellectual"? Was his lifelong effort to be the world's most famous host a cover for his desperate loneliness? Who, in fact, was the real George Weidenfeld and how did he rise so successfully within the ranks of New York and London society? Drawing on author correspondence, internal memos, and other documents buried deep in the secret publishing files of Weidenfeld & Nicolson, Harding crafts a portrait of the publisher's life that is inextricable from the efforts and intricacies of putting a book into the world. Structured around twenty books associated with George Weidenfeld, and intercut with explorations of contemporary concerns such as cancel culture, the right to publish, freedom of speech, and separating the art from the artist, *The Maverick* tells the captivating story behind the life of this iconic publisher.

hanns and rudolf book: Children of Nazis Tania Crasnianski, 2018-02-06 The Fascinating Story of Eight Children of Third Reich Leaders and their Journey from Descendants of Heroes to Descendants of Criminals In 1940, the German sons and daughters of great Nazi dignitaries Himmler, Göring, Hess, Frank, Bormann, Höss, Speer, and Mengele were children of privilege at four, five, or ten years old, surrounded by affectionate, all-powerful parents. Although innocent and unaware of what was happening at the time, they eventually discovered the extent of their father's occupations: These men—their fathers who were capable of loving their children and receiving love in return—were leaders of the Third Reich, and would later be convicted as monstrous war criminals. For these children, the German defeat was an earth-shattering source of family rupture, the end of opulence, and the jarring discovery of Hitler's atrocities. How did the offspring of these leaders deal with the aftermath of the war and the skeletons that would haunt them forever? Some chose to disown their past. Others did not. Some condemned their fathers; others worshiped them unconditionally to the end. In this enlightening book, which has been translated into eleven languages, Tania Crasnianski examines the responsibility of eight descendants of Nazi notables, caught somewhere between stigmatization, worship, and amnesia. By tracing the unique experiences of these children, she probes at the relationship between them and their fathers and examines the idea of how responsibility for the fault is continually borne by the descendants.

hanns and rudolf book: Motherland Rita Goldberg, 2013-05-07 A groundbreaking second-generation memoir of the Holocaust and its legacy by Otto Frank's goddaughter—"The extraordinary tale is heroic" (The New York Times). Rita Goldberg recounts the extraordinary story of her mother, Hilde Jacobsthal, a close friend of Anne Frank's family who was fifteen when the Nazis invaded Holland. After the arrest of her parents in 1943, Hilde fled to Belgium, living out the war years in an extraordinary set of circumstances—first among the Resistance, and then at Bergen-Belsen after its liberation. In the words of The Guardian, the story is "worthy of a film script." As astonishing as Hilde's story is, Rita herself emerges as the central character in this utterly unique memoir. Proud of her mother and yet struggling to forge an identity in the shadow of such heroic accomplishments—not to mention her family's close relationship to the iconic Frank family—Goldberg offers an unflinching look at the struggles faced by children and grandchildren whose own lives are haunted by historic tragedy. Motherland is the culmination of a lifetime of reflection and a decade of research. It is an epic story of survival, adventure, and new life. "A double memoir that braids her parents' story with her own, and succeeds in articulating a difficult truth." —The Economist

hanns and rudolf book: *The Books and the Life of Judith of Flanders* Mary Dockray-Miller, 2016-12-05 In the first full-length study of Judith of Flanders (c. 1032-1094), Mary Dockray-Miller provides a narrative of Judith's life through analysis of the books and art objects she commissioned and collected. Organizing her book chronologically by Judith's marriages and commissions, Dockray-Miller argues that Judith consciously and successfully deployed patronage to support her political and marital maneuverings in the eleventh-century European political theater. During her marriage to Tostig Godwinson, Earl of Northumbria, she commissioned at least four Gospel books for herself in addition to the numerous art objects that she gave to English churches as part of her devotional practices. The multiple treasures Judith donated to Weingarten Abbey while she was married to Welf of Bavaria culminated in the posthumous gift of the relic of the Holy Blood, still celebrated as the Abbey's most important holding. Lavishly illustrated with never before published full-color reproductions from Monte Cassino MS 437 and Fulda Landesbibliothek MS Aa.21, *The Books and the Life of Judith of Flanders* features English translations of relevant excerpts from the *Vita Oswinii* and *De Translatione Sanguinis Christi*. Dockray-Miller's book is a fascinating account of this intriguing woman who successfully negotiated the pitfalls of being on the losing side of both the Norman Conquest and the Investiture Controversy.

With millions of players all around the world, live internet transmissions of major and minor competitions, and educational programs in thousands of schools, chess has truly become a global passion. And what would Steinitz, who had financial problems his whole life and died in poverty, have thought of the current world champion, Magnus Carlsen, who became a multi-millionaire in his early twenties just by playing great chess? The history of the World Chess Championship reflects these enormous changes, and German chess journalist Andre Schulz tells the stories of the title fights in fascinating

detail: the historical and social backgrounds, the prize money and the rules, the seconds and other helpers, and the psychological wars on and off the board. Meet some of the world's sharpest minds as they clash in what has been called 'the cruellest sport' and drink in their tales: the lonely geniuses, the flamboyant boulevardiers, the Nazi-sympathizers, the communist darlings and a troubled boy from Brooklyn. Relive the magic of Capablanca, Alekhine, Botvinnik, Tal, Karpov, Kasparov, Bobby Fischer and the others. All great champions, but so different in character and playing style. Schulz's chronicle is an absorbing evocation of the battles they fought. He has also selected one defining game from each championship, and he explains the moves of the Champions, and the ideas behind the moves, in a way that is easily accessible for amateur players and highly instructive for beginners as well. This is a book that no true chess lover wants to miss.
