how to talk dirty to your man book: How to Talk Dirty Denise Brienne, 2012-04-12 Why Learn How To Talk Dirty? You might be reading this because your partner has expressed an interest in hearing naughty words in the heat of passion. You might have sought out this book because you are the one who craves those sweet nothings. Maybe you want to liven up your sex life, or maybe you are just curious as to why your partner likes to talk so much in bed. Maybe you are already a fantastic dirty talker who needs a new idea or two, or maybe you're just in the mood to brush up on your naughty skills. Whatever the reason, you've chosen the right book to learn how to talk dirty! Talking dirty has become so much a part of our sexual culture that it has spawned surveys, interviews, forums, books, and research galore. In fact, before it was called dirty talk, the art of saying sexual things to your lover with the intent to arouse had a scientific name: Lagnolalia. There's good reason for all this scientific interest. Over 80% of our sex life takes place in our heads, meaning that fantasy, memory, and desire are some of the most powerful driving forces behind everything we do behind closed doors. Studies have shown that by the time you actually get physical with your partner, your mind has been leading up to the encounter. So why not go for the dirty talk? It's been in the back of your mind all day anyway! According to Aline P. Zoldbrod, PhD, the author of more than a few books on naughtiness, sexy talk with your partner not only revs up play between the sheets, but enriches your life in ways you never would have imagined. It makes your partner feel good to know how excited you are, and your excitement makes them feel like the best lover in the world. That might explain why talking dirty makes you tingle in all the right places, but it doesn't explain why the naughtiest dirty talk can also be the hottest. It's one thing to say fuck and get a smile, but it's quite another to tell your partner exactly how you want to fuck them, in the most graphic terms you can imagine. The dirtier the words, the better. What's up with that? One word: Taboo. This book helps you break the taboo and teaches you how to talk dirty to a guy. **INSIDE YOU WILL LEARN:** 1. how to talk dirty to your man book: How to Talk Dirty Beau Malloney, 2015-06-07 Dirty talk is such an effective way of spicing up a relationship precisely because it has nothing to do with respect. Quite the contrary, in fact, that's exactly why it pushes couples into new territories. While respect may work for copulation, sex is supposed to be hot and heavy - it's about engorged passions and maddening lust, about liberation and experimentation rather than tradition and values. Unfortunately, most women - even those who are passionately, madly, and deeply in love with their men - are uneasy about talking dirty, or just plain not very good at it. That's where this book comes in to help. Talking dirty to your man is about uncovering and expressing your own sexual feelings, telling him your thoughts at that very moment, guiding him towards what arouses you, and divulging what you want to do to him next or what you want him to do to you. So if you're ready to learn how to set fire to your romance by unleashing the hot, steamy, and carnal words that your significant other is longing to hear you say, then let's get started!

how to talk dirty to your man book: *The 12 Lists Men and Women Think They Know* Moisaquw Blanc, 2013-02-26 This book was written to help the common men and women to understand one another. Majority of people out there, who reads relationship books, usually come out in the end with half the knowledge or none at all. They seem to forget what they have just read. The reason why this happen is either two things; first, the reader probably already knew about those topics, thus making it daunting for him or her to relate to the scenarios the book presented. Most relationship books may sound the same as the rest to the reader unless something new is introduced. Second, many authors want to sugarcoat everything. We believe the ultimate mistake an author can do when writing relationship books, is to treat readers like children by sugarcoating every word. We feel the readers have the right to know all the truth. The whole good, dirty, damn truth! With that said, we apologize in advance if any words in this book seem to be unmannerly. Our intention is not to enrage you. Nor is it to conceal what most authors are afraid to say in order to protect their prestige. You will notice that this may be the only book on relationships so far that is not afraid to tell it how it is. Sugar coating does not exist here!
