

monte carlo or bust

monte carlo or bust: Unveiling the Glamour, History, and Strategies of the Legendary Casino Game

Introduction to Monte Carlo or Bust

"Monte Carlo or bust" is a phrase that encapsulates the high-stakes thrill, glamour, and risk associated with one of the most iconic gambling expressions in history. Originating from the glitzy Monte Carlo casino, this phrase symbolizes the daring attitude of gamblers who are willing to risk everything in pursuit of enormous wins. Whether you're a seasoned player or an curious enthusiast, understanding the origins, strategies, and cultural significance of "Monte Carlo or bust" offers valuable insights into the world of high-stakes gambling.

The Origins of the Phrase

Historical Background of Monte Carlo

Monte Carlo, located in Monaco, has long been synonymous with luxury and gambling. Established in the mid-19th century, the Monte Carlo Casino became a magnet for European aristocracy and high rollers. Its reputation for glamour and exclusivity cemented its place as a gambling mecca.

The Birth of the Phrase

The phrase "Monte Carlo or bust" likely emerged in the early 20th century, reflecting the gambling culture's intensity. It signifies a gambler's mindset: putting everything on the line at Monte Carlo, with the hope of striking it rich or risking losing everything—a gamble with your entire fortune.

The Significance of Monte Carlo in Gambling Culture

Luxury and Glamour

Monte Carlo has long been associated with elegance, wealth, and high society. The casino's architecture, luxurious interiors, and the surrounding Riviera scenery attract celebrities, royalty, and aspiring high rollers alike.

High Stakes and Big Wins

Many legendary gamblers and celebrities have tried their luck at Monte Carlo, attempting to turn modest bets into fortunes. The phrase "Monte Carlo or bust" embodies the allure of risking it all in pursuit of fame and fortune.

Popular Games Associated with Monte Carlo

Roulette

Perhaps the most iconic game linked to Monte Carlo is roulette. Its history intertwined with the casino's reputation, and many tales of massive wins and losses have emerged from this game.

Blackjack and Poker

While roulette is the star, blackjack and poker also hold significant popularity at Monte Carlo, often attracting high-stakes players seeking to test their skills and nerve.

Strategies and Risks of the "Monte Carlo or Bust" Approach

Understanding High-Risk Gambling

The phrase suggests a risk-taker's mentality—going all-in with the hope of a big payoff. However, it's crucial to understand the odds and house edge associated with such bets.

Common Strategies Employed

- **Martingale System:** Doubling bets after losses to recover previous losses with a win.
- **Progressive Betting:** Increasing bets after wins to maximize gains.
- **Risk Management:** Setting limits to avoid total loss.

The Dangers of "All-In" Bets

While the thrill of risking everything can be intoxicating, it often leads to devastating losses. Responsible gambling emphasizes moderation and understanding the odds rather than reckless wagers.

Cultural and Literary References

In Literature and Film

The phrase "Monte Carlo or bust" has permeated popular culture, appearing in novels, movies, and television series that depict gambling adventures and high-stakes drama.

Notable Examples

- **James Bond Series:** Monte Carlo serves as a glamorous backdrop for many spy adventures, embodying sophistication and danger.
- **Literature:** Stories by authors like Ian Fleming and others explore themes of risk, luck, and greed centered around Monte Carlo's casino environment.

Modern-Day Relevance of "Monte Carlo or Bust"

Online Gambling and Virtual Casinos

The digital age has transformed gambling, making Monte Carlo's spirit accessible worldwide through online platforms. Many online casinos simulate the experience, appealing to a global audience.

High-Stakes Tournaments

Today, high-stakes poker tournaments and exclusive VIP rooms continue the tradition of risking it all, echoing the "Monte Carlo or bust" mentality.

Responsible Gambling and Awareness

Despite the allure, it's essential to gamble responsibly. Understanding the odds, setting limits, and knowing when to stop are key to enjoying gambling without falling into destructive patterns.

Conclusion: The Enduring Allure of Monte Carlo or Bust

The phrase "Monte Carlo or bust" remains a powerful symbol of risk, glamour, and the pursuit of fortune. It captures the essence of high-stakes gambling, where players are willing to put everything on the line for the chance at extraordinary rewards. Whether experienced gamblers or casual enthusiasts, understanding the history, risks, and cultural significance of this phrase enriches appreciation for the legendary world of Monte Carlo. Remember, while the allure of risking it all can be tempting, responsible gambling practices ensure that the thrill remains fun and safe.

FAQs about Monte Carlo or Bust

- 1. What does "Monte Carlo or bust" mean?** It signifies risking everything in hopes of a big win, inspired by the high-stakes environment of the Monte Carlo casino.
- 2. Is betting everything at Monte Carlo advisable?** No. High-risk strategies can lead to significant losses; responsible gambling is essential.
- 3. Can I experience the Monte Carlo gambling atmosphere today?** Yes. Many online casinos mimic the experience, and luxury resorts in Monaco offer real-world opportunities.

4. **What are some famous stories related to Monte Carlo gambling?** Stories of legendary gamblers like James Bond, and historic big wins and losses, have cemented Monte Carlo's reputation.
5. **How can I enjoy gambling responsibly while embracing the "Monte Carlo or bust" spirit?** Set betting limits, understand the odds, and view gambling as entertainment rather than a guaranteed way to make money.

In summary, "Monte Carlo or bust" is more than just a phrase—it's a cultural emblem of risk-taking, glamour, and the pursuit of fortune. By understanding its origins, the games associated with Monte Carlo, and the principles of responsible gambling, enthusiasts can appreciate the thrill without falling into pitfalls. Whether in the historic halls of Monaco or through online platforms, the spirit of daring to risk everything continues to captivate imaginations worldwide.

Frequently Asked Questions

What does the phrase 'Monte Carlo or bust' mean in gambling or investing?

It signifies a high-stakes gamble where success could result in great reward, but failure means total loss, emphasizing the risk-reward nature of the endeavor.

Is 'Monte Carlo or bust' used in popular culture or movies?

Yes, the phrase has appeared in movies, books, and TV shows to depict risky gambling or daring pursuits, highlighting themes of risk-taking and high stakes.

How is the phrase 'Monte Carlo or bust' related to the Monte Carlo Casino?

It references the famous casino in Monaco known for high-stakes gambling, symbolizing a gamble where the stakes are extremely high, and the outcome is uncertain.

Can 'Monte Carlo or bust' be applied outside gambling, such as in business or personal decisions?

Absolutely, it describes situations where individuals or companies take significant risks in hopes of a large payoff, with the possibility of losing everything if unsuccessful.

Are there strategic considerations when approaching a 'Monte

Carlo or bust' scenario?

Yes, it involves assessing risk tolerance, potential rewards, and the probability of success to determine if the gamble aligns with one's objectives and risk capacity.

Has the phrase 'Monte Carlo or bust' gained popularity in recent years?

Yes, especially in financial markets and startup culture, it is used to describe bold moves or investments that carry high risk but potential for substantial gains.

What are some famous examples of 'Monte Carlo or bust' moments in history?

Notable instances include entrepreneurs betting everything on startups like Tesla's early days or investors making risky bets during market booms, where success transformed their fortunes or led to significant losses.

Monte Carlo or Bust: Navigating the High-Stakes World of Probability and Risk

Introduction

The phrase "Monte Carlo or bust" encapsulates the thrill, uncertainty, and high-stakes nature of probabilistic decision-making, often associated with gambling, finance, or complex simulations. It draws from the famous Monte Carlo Casino in Monaco, renowned for its glamorous reputation and association with chance and luck. Over the decades, this phrase has evolved from a gambling idiom into a broader metaphor for risking everything on uncertain outcomes, particularly in fields involving risk analysis, stochastic modeling, and strategic planning.

In this comprehensive exploration, we will dissect the origins, applications, and implications of the phrase, diving deep into the mathematical foundations, real-world scenarios, and cultural significance that make "Monte Carlo or bust" a compelling motif in various domains.

Origins of the "Monte Carlo" Method and Phrase

The Birth of the Monte Carlo Method

The Monte Carlo method, developed in the 1940s by scientists like Stanislaw Ulam, John von Neumann, and Nicholas Metropolis, revolutionized computational physics and probability theory. Its core principle involves using random sampling to solve problems that might be deterministic in principle but are too complex for traditional analytical solutions.

Key milestones:

- Initial development: During the Manhattan Project, scientists needed to simulate neutron diffusion, leading to the idea of stochastic sampling.
- Name origin: The method was named after the Monte Carlo Casino because of its reliance on randomness, akin to gambling.
- Fundamental idea: Employ repeated random sampling to estimate numerical results, such as integrals, probabilities, or optimization solutions.

The Phrase "Monte Carlo or Bust"

While the phrase isn't a formal technical term, it emerged colloquially to reflect the high-stakes gamble inherent in using probabilistic methods or risking everything in uncertain endeavors. It often implies that success hinges on a single chance, and failure leads to ruin.

Deep Dive into the Mathematical Foundations

The Monte Carlo Method in Detail

At its core, the Monte Carlo method employs:

- Random sampling: Generate a large number of random inputs within a defined domain.
- Evaluation: Compute the function or event probability for each sample.
- Aggregation: Use statistical techniques to estimate the desired quantity.

Mathematically:

If we want to estimate an integral $I = \int_a^b f(x) dx$, the Monte Carlo estimate is:

$$I \approx (b - a) \times \frac{1}{N} \sum_{i=1}^N f(x_i)$$

where each x_i is sampled uniformly between a and b .

Error and Variance

The accuracy depends on:

- Number of samples (N): Larger N reduces variance.
- Variance of $f(x)$: Lower variance yields better estimates.
- Convergence rate: Typically, error diminishes as $1/\sqrt{N}$, meaning quadrupling samples halves the error.

Applications of "Monte Carlo or Bust" in Various Domains

1. Gambling and Casinos

Historical Context:

- The phrase originates from the roulette wheels of Monte Carlo Casino, where players risk their fortunes on the spin of a wheel.

Modern implications:

- Betting strategies often involve calculating odds and risk-reward ratios.
- High-stakes gamblers sometimes bet everything on a single spin, embodying the "or bust" mentality.

2. Financial Modeling and Risk Analysis

The financial industry extensively uses Monte Carlo simulations to model:

- Portfolio risk and return: Estimating potential losses or gains by simulating market movements.
- Option pricing: Evaluating derivatives where analytical solutions are complex.
- Stress testing: Assessing how portfolios perform under extreme market conditions.

"Monte Carlo or bust" in finance signifies that investors might gamble everything on a single risky asset or scenario, with the understanding that failure could be catastrophic.

3. Engineering and Scientific Simulations

In physics, chemistry, and engineering:

- Monte Carlo simulations help model particle interactions, molecular behavior, or material properties.
- The phrase underscores the reliance on probabilistic sampling and the potential for total failure if the simulation doesn't accurately represent reality.

4. Project Management and Strategic Planning

- Risk assessments often involve Monte Carlo simulations to understand possible project outcomes.
- "Monte Carlo or bust" reflects the decision to proceed based on probabilistic forecasts, sometimes risking all resources on optimistic scenarios.

The Cultural and Idiomatic Significance

Origin of the Phrase as an Idiom

While not a formal idiom until later, "Monte Carlo or bust" has permeated popular culture as a metaphor for:

- Making a last-ditch effort with everything on the line.
- The gamble of risking all assets or reputation for a potential big win.
- The acknowledgment that failure means complete ruin.

Examples in Media and Literature

- Films depict characters risking everything in Las Vegas, echoing the phrase.
- Literature often references the gamble of life or death decisions as a "Monte Carlo" scenario.

Risks, Rewards, and Ethical Considerations

The Allure of "Going Monte Carlo"

- The appeal lies in the potential for outsized gains from a single risk.
- It embodies the entrepreneurial spirit and thrill-seeking behavior.

The Dangers of "Bust" Scenarios

- Total loss of resources, reputation, or life.
- Psychological impacts, such as stress, regret, or addiction.
- Ethical questions about encouraging reckless behavior under the guise of risk-taking.

Responsible Use of Monte Carlo Methods

- It's crucial to understand the limitations and assumptions of probabilistic models.
- Overreliance on simulations without proper validation can lead to overconfidence.
- Decision-makers should weigh the potential for catastrophic failure and incorporate safety margins.

Strategies and Best Practices in High-Risk Scenarios

Risk Management Techniques

- Diversification: Spread risk across multiple assets or scenarios.
- Stop-loss orders: Limit potential losses.
- Scenario analysis: Consider worst-case, best-case, and most-likely outcomes.
- Sensitivity analysis: Understand how variables impact results.

When to "Go Monte Carlo or Bust"

- When the potential payoff justifies the risk.
- When other methods are insufficient to model complex uncertainties.
- In situations where the stakes are so high that probabilistic modeling is the only feasible approach.

Case Studies and Real-World Examples

The 2008 Financial Crisis

- Excessive reliance on models that underestimated tail risks.
- The phrase "Monte Carlo or bust" can be applied to firms or investors betting everything on overleveraged positions.

The Apollo Space Missions

- Extensive use of Monte Carlo simulations to assess risks and safety margins.
- Critical to mission success, exemplifying responsible risk-taking.

Startup Funding and Venture Capital

- Entrepreneurs often risk all in pursuit of a breakthrough.
- "Monte Carlo or bust" captures the essence of startup culture.

Future Trends and Innovations

Advances in Computational Power

- Increased computing capabilities enable more accurate and extensive Monte Carlo simulations.

Integration with AI and Machine Learning

- Enhancing the predictive power of models.
- Better risk assessment and decision-making tools.

Ethical and Regulatory Developments

- Greater emphasis on transparency and accountability in probabilistic modeling.
- Ensuring that risk-taking aligns with societal and ethical standards.

Conclusion

The phrase "Monte Carlo or bust" encapsulates the essence of high-stakes decision-making under uncertainty. Rooted in the origins of probabilistic modeling and gambling, it has evolved into a powerful metaphor applicable across finance, science, engineering, and beyond. While the allure of potentially massive rewards drives many to embrace this mindset, it's imperative to recognize the inherent risks and exercise responsible judgment.

By understanding the mathematical underpinnings, applications, and cultural significance of this phrase, stakeholders can better navigate the fine line between strategic risk-taking and reckless gambles. Ultimately, "Monte Carlo or bust" serves as a reminder that in the world of uncertainty, success often hinges on the courage to risk everything — but with wisdom and caution.

Disclaimer: Always approach risk-based decisions with thorough analysis and expert advice. The metaphor should not be mistaken for a reckless pursuit but rather a calculated gamble informed by probabilistic understanding.

monte carlo or bust: Lewis Hamilton Frank Worrall, 2018-11-30 The biography of the record-breaking world champion After equalling Michael Schumacher's records in both race wins,

and world titles, in 2020, Lewis Hamilton became the joint-most successful racing driver of all time - and the most dominant and successful Briton ever to drive in Formula 1. Hamilton's debut season in 2007 won him fans around the world, and his place in Formula 1 history was sealed the following year when he became the youngest ever world champion. In the years since, he has created headlines on and off the track with his rivalries with Max Verstappen, Nico Rosberg and Sebastian Vettel and relationships that have landed him on the front pages of the tabloids. However, despite the media glare, he has continued to prove his incredible talent and tenacity and remains utterly dominant in his sport. In this insightful biography, bestselling sports author Frank Worrall traces the slipstream of Hamilton's incredible career as the fastest driver on the planet. This is the story of the young man who went from being the rookie Sir Jackie Stewart said 'has rewritten the rule book' to a world champion many times over, and become Britain's greatest ever sportsman in the process.

monte carlo or bust: Dear Dudley: Life and Laughter - A celebration of the much-loved comedy legend Barbra Paskin, 2018-11-15 Barbra Paskin was the late Dudley Moore's official biographer, having known him well for many years. In this latest book, she provides an affectionate celebration of this extraordinary comic and musical talent, perhaps the best-loved major star of his or any generation. Although it rehearses his extraordinary life and career from Beyond the Fringe with the Cambridge Footlights, followed by his long association with Peter Cook that produced such immortal programmes as Not Only . . . But Also, to Hollywood stardom with films like 10 and Arthur, it is more than a mere biography. Uniquely, Dear Dudley also publishes for the first time the many kind, comforting, supportive, and often extremely funny letters that the author obtained from leading celebrities to mark Dudley's sixty-fourth birthday, from the Rolling Stones to Michael Caine, Billy Joel to Alan Bennett, Goldie Hawn to Woody Allen, all of whom have given permission for them to be reproduced in the book.

monte carlo or bust: Lewis Hamilton: Triple World Champion - The Biography Frank Worrall, 2016-02-15 LEWIS HAMILTON is the undisputed British hero of Formula One. His phenomenal successes have seen him move to third on the all-time Grand Prix winners list and, for a record-equalling third time, plant a British flag onto the mountain-top of motor racing. With behind-the-scenes insight into the intense early rivalry between Hamilton and his teammate Fernando Alonso which threatened to derail the young Briton's dream, and the low-down on the 'spy-gate' scandal, this biography describes how Lewis handled the intensity of the media scrum around his relationship with Nicole Scherzinger and kept his dignity to emerge triumphant as he racked up sensational wins around the world. Now he has even joined iconic speedsters Damon Hill and Bradley Wiggins as a BBC Sports Personality of the Year winner. From 2015's momentous clinching of a second consecutive World Championship in Texas to the ongoing bitter rivalry with former friend Nico Rosberg - in which the German once seemingly engineered a deliberate high-speed crash - bestselling sports author Frank Worrall traces the slipstream of Hamilton's incredible career as the fastest driver on the planet. This is the ultimate story of the driver who has gone from being the rookie Sir Jackie Stewart said 'has rewritten the rule book' to a triple world champion, accelerating into pole position to perhaps be called Britain's greatest ever race driver.

monte carlo or bust: Doddie's Diary Doddie Weir, Stewart Weir, 2021-10-12 'I never set out to take the lead. It just happened - like MND itself. But we are making a fight of it.' DODDIE WEIR In the five years since Doddie Weir's MND diagnosis, he has continued to live life to the max. He's raised millions for research and support for his fellow sufferers with the help of some incredible charity fundraisers, celebrated his 50th birthday and been awarded an OBE. And throughout it all, Doddie has tackled life head on, like the mad charging giraffe he has always been, both on and off the rugby pitch. Now, join Doddie as he lifts the lid on what his life with MND has really been like, both in public and in private. Being Doddie, there's always lots of laughter and an incredibly positive attitude, but it's also a rollercoaster of emotions. It's a battle Doddie will continue to tackle with his trademark dignity and legendary humour. And it's a fight he remains determined to win.

The guide presents top attractions, the most interesting towns, shopping hot spots, and places to eat and stay for a variety of budgets, allowing travelers to plan their trip in advance or be spontaneous on site. Explore historic hilltop towns, sample the region's rosé wines, or take to sea with our scuba diving, sailing and fishing advice. Michelin's celebrated star-rating system makes sure you see the best of the French Riviera.

monte carlo or bust: Writing the Comedy Movie Marc Blake, 2015-12-17 A practical guide to creating the comedy movie, referencing its subgenres, history, and tropes, along with exclusive interviews with craft practitioners--

monte carlo or bust: Lewis Hamilton - Champion Of The World - The Biography Frank Worrall, 2009-03-15 Lewis Hamilton is the record-breaking young British hero of Formula 1. His phenomenal debut season was nothing short of a revelation, coming through against all the odds to dominate and revolutionise the world of motor racing. It was an outcome no one could have predicted: thrown in at the deep end 'on a mighty whim' by McLaren team owner Ron Dennis, not only did Lewis have to combat his own nerves and fears, he had to overcome a dissenter within his own camp. With behind-the-scenes insight into the intense rivalry between Hamilton and his teammate Fernando Alonso which threatened to derail the young Briton's dream, and the low-down on the 'spy-gate' scandal, this biography describes how Lewis handled the intensity of the media scrum around his relationship with Nicole Scherzinger and kept his dignity to emerge triumphant as he racked up sensational wins around the world. Now he has even joined iconic speedsters Damon Hill and Bradley Wiggins as a BBC Sports Personality of the Year winner. From his momentous clinching of the 2014 World Championship in Abu Dhabi to the bitter rivalry with former friend Nico Rosberg - which culminated in the German engineering a deliberate high-speed crash - bestselling sports author Frank Worrall traces the slipstream of Hamilton's incredible career as the fastest driver on the planet. This is the ultimate story of the driver whom Sir Jackie Stewart says 'has re-written the rookie rule book'. But he is a rookie no more. Lewis Hamilton has accelerated into pole position to be called Britain's greatest ever race driver.

monte carlo or bust: The Illustrated Guide to Film Directors David Quinlan, 1983-01-01 To find more information about Rowman and Littlefield titles, please visit www.rowmanlittlefield.com.

monte carlo or bust: Idols of the Odeons Andrew Roberts, 2020-04-23 Idols of the Odeons examines British film stardom in the post-war era, a time when Hollywood movies were increasingly supplanting the Pinewood/Elstree studio system. The book encompasses the careers of sixteen actors, including Stanley Baker, Diana Dors, Norman Wisdom, Hattie Jacques, Peter Finch and Peter Sellers. Such extremely diverse careers provide the opportunity to explore overlooked films, in addition to examining how the term 'star' could apply to a stalwart leading man, a Variety comic, a self-created 'Vamp' and a character actor. Above all, this is a book that celebrates, with idiosyncratic humour and warmth, how these actors accomplished much of their best work during the transitional period between the Rank/ABPC roster of stars and the US domination of the British film industry.

monte carlo or bust: BBC Sport in Black and White Richard Haynes, 2016-11-17 This book provides the first detailed account of the formative decades of BBC televised sport when it launched its flagship programmes Sportsview, Grandstand and Match of the Day. Based on extensive archival research in the BBC's written archives and interviews with leading producers, editors and commentators of the period, it provides a 'behind-the-scenes' narrative history of this major institution of British cultural life. In 2016 the BBC celebrated the fiftieth anniversary of its television coverage of England's World Cup victory. Their coverage produced one of the most oft-played moments in the history of television, Kenneth Wolstenholme's famous line: 'Some people are on the pitch, they think it's all over ... it is now!' as Geoff Hurst scored England's fourth goal, securing England's 4-2 victory. It was a landmark in English football as well as a watershed in the BBC's highly professionalised approach to televised sport. How the BBC reached this peak of television expertise, and who was behind their success in developing the techniques of televised sport, is the focus of this book.

monte carlo or bust: Bounder! Graham McCann, 2011-12-01 With his sly little moustache, broad gap-toothed grin, garish waistcoats and ostentatious cigarette holder, Terry-Thomas was known as an absolute bounder, both onscreen and off. Graham McCann's hugely entertaining biography celebrates the life and career of a very English rascal. Born in 1911 into an ordinary suburban family, Thomas Terry Hoar-Stevens set about transforming himself at a very early age into a dandy and a gadabout. But he did not put the finishing touches to his persona until the mid-1950s with his groundbreaking TV comedy series *How Do You View?*, a forerunner of *The Goon Show* and *Monty Python*. Terry-Thomas went on to carve out a long and lucrative career in America, appearing on TV alongside Judy Garland, Bing Crosby and Lucille Ball, and in Hollywood movies with Jack Lemmon, Rock Hudson and Doris Day. He became every American's idea of a mischievous English gent. After a long battle with Parkinson's disease, he died in 1990 in comparative obscurity, but his influence lives on. Basil Brush was a polyester tribute to Terry-Thomas, and comedians including Vic Reeves and Paul Whitehouse hail T-T as a role model. 'Dandyism is the product of a bored society,' D'Aurevilly observed. Terry-Thomas cocked a snook at the dull sobriety of post-war Britain with his sly humour. As he would say himself: 'Good show!'

monte carlo or bust: Better Late Than Never Len Goodman, 2009-10-06 *Better Late Than Never* is the extraordinary true story of how a man born into poverty in London's East End went on to find stardom late in life when he was chosen to be head judge on BBC1's *Strictly Come Dancing*. Len Goodman tells all about his new-found fame, his experiences on *Strictly Come Dancing*, and also on the no.1 US show *Dancing with the Stars* and his encounters with the likes of Heather Mills-McCartney and John Sergeant. But the real story is in his East End roots. And Len's early life couldn't be more East End. The son of a Bethnal Green costermonger he spent his formative years running the fruit and veg barrow and being bathed at night in the same water Nan used to cook the beetroot. There are echoes of *Billy Elliot* too. Though Len was a welder in the London Docks, he dreamt of being a professional footballer, and came close to making the grade had he not broken his foot on Hackney Marshes. The doctor recommended ballroom dancing as a light aid to his recovery. And Len, it turned out, was a natural. At first his family and work mates mocked, but soon he had made the final of a national competition and the welders descended en masse to the Albert Hall to cheer him on. With his dance partner, and then wife Cheryl, Len won the British Championships in his late twenties and ballroom dancing became his life. Funny and heart-warming, Len Goodman's autobiography has all the honest East End charm of Tommy Steele, Mike Read or Roberta Taylor.
