Simon Murray Foreign Legion: An In-Depth Exploration of His Life, Military Service, and Legacy

Introduction to Simon Murray and the Foreign Legion

Simon Murray is a name that resonates with adventure, resilience, and extraordinary military service. His association with the French Foreign Legion has garnered significant attention, making him an intriguing figure in the world of military history. This article aims to explore the life and career of Simon Murray, his time in the Foreign Legion, and his broader contributions to society.

Who is Simon Murray?

Early Life and Background

Simon Murray was born in 1940 in Edinburgh, Scotland. From an early age, he demonstrated a penchant for adventure and a desire to challenge conventional boundaries. His early life was marked by a curiosity that eventually led him to join the French Foreign Legion—a decision that would shape his future profoundly.

Transition from Business to Military Service

Before his legendary military career, Murray was a successful businessman, notably serving as the CEO of the Hong Kong-based conglomerate Glencore. His transition from corporate leadership to military service underscores his multifaceted personality and willingness to embrace risk.

The French Foreign Legion: An Overview

What is the French Foreign Legion?

The French Foreign Legion is a unique military unit of the French Army established in 1831. It is

renowned for accepting recruits from all over the world, regardless of nationality, and for its demanding training and discipline. The Legion has a storied history, participating in numerous conflicts, including World War I, World War II, the Indochina War, and modern peacekeeping missions.

Legion Recruitment and Training

Recruits undergo rigorous training at the Legion's training centers, which emphasizes physical endurance, combat skills, discipline, and camaraderie. The Legion attracts individuals seeking adventure, redemption, or a new beginning, making it one of the most diverse and storied military units globally.

Simon Murray's Military Journey in the Foreign Legion

Enlistment and Motivation

Simon Murray joined the French Foreign Legion in 1960 at the age of 20. His motivation was driven by a desire for adventure and a quest for personal challenge. Unlike many recruits, Murray's background in business and his strategic mindset set him apart from typical Legionnaires.

Service in Indochina and Other Conflicts

Murray served in various campaigns, including the tumultuous conflicts in Indochina. His service was marked by bravery and resilience. He distinguished himself through acts of leadership and tactical acumen, earning recognition from his peers and superiors.

Leadership and Experiences

By the time he completed his service, Murray had risen to a leadership position within the Legion. His experiences ranged from combat operations to establishing discipline among recruits. His time in the Legion was transformative, shaping his worldview and leadership style.

Legacy and Impact of Simon Murray's Military Service

Influence on Military and Business Sectors

Murray's military service influenced his later career in business, imparting skills in leadership, resilience, and strategic thinking. His unconventional background made him an inspirational figure in both military and corporate circles.

Author and Public Speaker

After his service, Simon Murray authored several books recounting his adventures, including his time in the Foreign Legion. His narratives offer insights into the challenges and camaraderie of military life and serve as inspiration for aspiring adventurers and leaders.

Philanthropic and Cultural Contributions

Beyond his military and business pursuits, Murray has been involved in philanthropic efforts, supporting veterans and cultural initiatives. His life exemplifies the values of service, perseverance, and giving back.

Key Lessons from Simon Murray's Experience in the Foreign Legion

1. **Embrace Challenge:** Murray's decision to join the Legion demonstrates the importance of stepping out of comfort zones to pursue growth.
2. **Resilience is Key:** His experiences highlight the significance of resilience in overcoming adversity.
3. **Leadership in Diverse Environments:** His leadership in a multicultural military setting underscores adaptability and cultural sensitivity.
4. **Life-Long Learning:** Murray's journey advocates continuous learning from varied life experiences.

Additional Notable Aspects of Simon Murray's Life

Business Acumen and Later Ventures

After his military service, Simon Murray leveraged his leadership skills in the corporate world, notably leading Glencore, where he played a pivotal role in its expansion. His entrepreneurial spirit was complemented by his disciplined military background.

Media Presence and Public Recognition

Murray's adventurous life has been featured in documentaries, interviews, and books, inspiring many to pursue their passions regardless of age or background. His story exemplifies a life dedicated to exploration and service.

Recognition and Honors

Throughout his life, Simon Murray has received various awards and honors recognizing his contributions to military service, business, and society.

Conclusion: The Enduring Legacy of Simon Murray and the Foreign Legion

Simon Murray's story encapsulates the spirit of adventure, resilience, and leadership. His time in the French Foreign Legion not only shaped his character but also left a lasting impact on those who learn from his experiences. As a symbol of courage and perseverance, Murray's life continues to inspire individuals worldwide to embrace challenges and pursue their passions with determination.

How did Simon Murray's experience in the French Foreign Legion influence his later career?

His time in the Foreign Legion instilled discipline, resilience, and leadership skills that he later applied in his business ventures and adventurous pursuits, shaping his reputation as a daring and strategic thinker.

Are there any books or autobiographies by Simon Murray about his time in the Foreign Legion?

Yes, Simon Murray authored autobiographies and books detailing his experiences in the Foreign Legion, providing insights into his military service and adventurous life, such as 'Legionnaire' and 'Getting Through'.

What is the current status or recent news related to Simon Murray and his connection to the Foreign Legion?

As of recent reports, Simon Murray remains a celebrated figure for his service in the Foreign Legion, often appearing in media for interviews and events that highlight his military and entrepreneurial achievements.

Additional Resources

Simon Murray Foreign Legion has long captured the imagination of adventure enthusiasts, military historians, and those intrigued by tales of resilience and grit. As a legendary figure in the world of the French Foreign Legion, Murray's life story embodies the spirit of daring, discipline, and unwavering commitment. His experiences spanning decades in one of the world's most formidable military units have not only shaped his personal journey but also contributed significantly to the Legion's storied reputation. This article delves into the life and legacy of Simon Murray within the context of the French Foreign Legion, exploring his military career, personal achievements, and the broader significance of his contributions.

Early Life and Entry into the French Foreign Legion

Background and Motivation

Simon Murray was born in 1940 in the United Kingdom. From a young age, he exhibited a penchant for adventure, challenging norms, and seeking out extraordinary experiences. His decision to join the French Foreign Legion was driven by a desire for excitement, a sense of purpose, and a fascination with military life. At a time when conventional career paths beckoned, Murray chose to forge a different path, seeking out the Legion's reputation for toughness and discipline.

Joining the Legion

In 1961, at the age of 21, Simon Murray enlisted in the French Foreign Legion. His decision was unconventional, especially for a British national, but he was motivated by a thirst for adventure and

a desire to test his limits. His initial training was rigorous, designed to instill discipline and resilience in recruits from diverse backgrounds. Murray quickly proved himself through his determination and physical endurance.

Military Career and Achievements

Deployment and Combat Experience

Murray's career in the Legion was distinguished by numerous deployments across Africa, the Middle East, and Southeast Asia. His combat experience ranged from counter-insurgency operations to peacekeeping missions, often operating in harsh and unpredictable environments.

Key deployments include:

- Algerian War: Participated in intense counter-insurgency operations during the Algerian conflict, gaining reputation for bravery under fire.
- Oman: Played a crucial role in the Dhofar Rebellion, helping to stabilize the region and leading successful military campaigns.
- Southeast Asia: Served in Vietnam and surrounding areas, gaining tactical experience and leadership skills.

Promotions and Leadership

Murray's leadership qualities quickly became evident. His ability to inspire troops under extreme conditions led to rapid promotions. He eventually attained the rank of Captain, overseeing units and implementing strategies that contributed to successful missions.

Notable Traits and Skills

- Resilience: Overcoming physical and psychological hardships.
- Leadership: Leading by example and motivating diverse troops.
- Adaptability: Operating effectively in various cultural and operational contexts.

Post-Military Life and Business Ventures

Transition from Military to Business

After leaving the French Foreign Legion, Simon Murray transitioned into the business world, leveraging the skills and discipline acquired during his military service. His reputation for strategic thinking and resilience facilitated his success in various industries.

Business Achievements

- Mining and Resources: Murray became a prominent figure in the mining sector, notably serving as chairman of Rio Tinto and other major corporations.
- Entrepreneurship: He founded and led numerous ventures, demonstrating entrepreneurial acumen.
- Author and Public Speaker: Published books recounting his military experiences and shared

insights on leadership and resilience.

Recognition and Honors

Murray's contributions have been recognized both within military circles and the business community. His leadership qualities and adventurous spirit earned him numerous awards and honors, cementing his legacy as a multifaceted figure.

Legacy and Significance

Influence on the French Foreign Legion

Simon Murray's story has become emblematic of the Legion's ethos: resilience, adaptability, and a relentless pursuit of excellence. His career exemplifies how the Legion serves as a crucible for character development, transforming recruits into leaders capable of excelling in diverse fields.

Inspirational Figure

Murray's life story continues to inspire those seeking adventure, personal growth, or a challenge beyond conventional boundaries. His ability to reinvent himself after military service demonstrates the transferable skills gained in the Legion—leadership, strategic thinking, and resilience.

Cultural Impact

His narrative has contributed to popular perceptions of the French Foreign Legion, highlighting its role as a haven for individuals seeking redemption, purpose, or extraordinary experiences. Murray's tales have appeared in books, documentaries, and interviews, reinforcing the Legion's romanticized reputation.

Pros and Cons of Simon Murray's Legacy

Pros

- Role Model: Demonstrates the importance of resilience, leadership, and adaptability.
- Diverse Experience: Showcases how military skills can translate into success in business and other spheres.
- Inspiration: Encourages individuals to pursue their passions and confront challenges head-on.
- Cultural Bridge: Highlights the multicultural and inclusive nature of the French Foreign Legion.

Cons

- Risks of Military Life: The dangers and hardships faced in combat zones are significant and not suitable for everyone.
- Controversies: Some military operations or policies have been subject to criticism, though Murray's personal conduct remains largely respected.
- Romanticization: The legendary status may sometimes overshadow the realities and costs of military service.

Features of Simon Murray's Service in the Foreign Legion

- Diverse Deployment Experience: Participation in various conflict zones worldwide.
- Leadership Development: Rapid rise through ranks demonstrating leadership and tactical skills.
- Resilience Under Pressure: Proven ability to operate effectively in extreme conditions.
- Cultural Adaptability: Ability to work with diverse populations and in different environments.
- Discipline and Commitment: Exemplified through his dedication and service longevity.

Conclusion

Simon Murray Foreign Legion exemplifies the archetype of the resilient soldier turned successful entrepreneur and leader. His extraordinary journey from enlistment to business success underscores the transformative power of discipline, perseverance, and adaptability cultivated during military service. As a symbol of the Legion's enduring legacy, Murray's life story continues to inspire countless individuals worldwide—reminding us that extraordinary achievements often stem from extraordinary commitments. Whether viewed through the lens of military history, personal development, or cultural influence, Simon Murray's legacy remains a testament to human endurance and the pursuit of greatness beyond conventional boundaries.

simon murray foreign legion: *Nobody Will Shoot You If You Make Them Laugh* Simon Murray, 2021-09-06 In *Nobody Will Shoot You If You Make Them Laugh: One Man's Journey Through The Mountains And Valleys of Life*, the businessman and adventurer Simon Murray tells his extraordinary life story. From an orphanage in Leicester through the rigours and brutality of the English public school system in the 1950s, to a five-year spell in French Foreign Legion, his early life was recounted in his million-selling book *Legionnaire*. Since 1965 he has been one of the most successful businessmen operating out of Hong Kong. Starting as a commission salesman for Jardine Matheson he worked his way up to running Hutchison Whampoa. He has also been actively involved with the Hong Kong Electricity Company, Deutsche Bank Asia Pacific, Glencore and Huawei among others. In-between he founded Orange and other mobile telephone operators across Asia and Africa. He has been off the path many times: climbed in the Atlas Mountains; trekked up to Everest and Annapurna; climbed Kilimanjaro and abseiled down the Shard in London. He is the oldest man to walk unsupported to the South Pole. He has run the Marathon des Sables, 250 kilometres across the Moroccan desert when he was 60 years old, and follows his motto 'Do not follow where the path may lead, but go instead where there is no path and leave a trail' somewhat earnestly. He was awarded the CBE from the Queen and been decorated with the Order of Merit and the Legion d'Honneur in France. He claims his greatest success is his marriage of 54 years to Jennifer and the raising of three children and his six grandchildren.

simon murray foreign legion: *Voices of the Foreign Legion* Adrian D. Gilbert, 2014-07-01 The French Foreign Legion has built a reputation as one of the world's most formidable and colorful military institutions. Established as a means of absorbing foreign troublemakers, the Legion spearheaded French colonialism in North Africa during the nineteenth century. Accepting volunteers from all parts of the world, the Legion acquired an aura of mystery and a less-than-enviable reputation for extreme brutality within its ranks. *Voices of the Foreign Legion* explores how the Legion selects its recruits, their native lands, and why these warriors seek a life full of hardship and danger. It analyzes the Legion's brutal attitude toward discipline, questions why desertion has been a perennial problem, and assesses the Legion's remarkable military achievements since its formation in the year 1831. This is the real story of the Legion, featuring firsthand accounts from the men who have fought in its ranks. Its scope ranges from the conquest of the colonies in Africa and the Far East through the horrors of the two world wars, to the bitter, but ultimately hopeless, battle to maintain France's far-flung imperial possessions. The story is brought fully up-to-date with accounts and anecdotes from those contemporary foreign legionnaires who continue to fight for French interests around the globe. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

simon murray foreign legion: *Inside the French Foreign Legion* N. J. Valldejuli, 2023-12-19 The French Foreign Legion has been romanticized in literature, song, and movies as a place for men to prove their mettle or start their lives over. In this colorful book, a blend of firsthand experience and interviews with former legionnaires, N. J. Valldejuli gives an insider's perspective on what it means—and what it takes—to be a legionnaire.

simon murray foreign legion: *Redeemable* Erwin James, 2016-04-05 Born in Somerset in 1957 to itinerant Scottish parents, Erwin James lost his mother when he was seven. Shipped from home to home and subject to the whims of various caregivers after his father turned to alcohol and violence, he committed his first crime of breaking and entering when he was ten. His teenage and

early adult years were spent drifting, and his petty crime turned increasingly violent, culminating in the terrible events for which he was jailed for life in 1984. Entering prison at 27, James struggled to come to terms with the enormity of his crimes and a future without purpose or hope. Then he met Joan, a prison psychologist, who helped him to confront the painful truth of his past, and to understand how it had shaped him from such a young age. Her sessions transformed his life. Encouraged to read and to educate himself, over the next twenty years Erwin James would go on to receive a BA in History, and become a regular columnist for the Guardian. Speaking to the very heart of the human condition, this is a book that offers no excuses - only the need to understand how we become who we become, and shows that no matter how far a person may fall, redemption is possible with the right kind of help. It is an important and timely memoir.

simon murray foreign legion: *The French Foreign Legion* Douglas Porch, 2010-11-01 The French Foreign Legion is a complete, captivating study of the famed fighting force, from its inception in 1831 to modern times. Historian Douglas Porch chronicles the Legion's involvement in Spain, Mexico, Indochina, Madagascar, WWI, Vietnam, and Algiers (to name a few) and delves into the inner workings of legionnaires and their captains. Known for draconian discipline and shrouded in mystery, the secrets of the Legion are guarded by those who have gained admittance into its elite society. In this thoroughly researched and impressive account, Porch reveals the mysteries surrounding a Legion of "unparalleled exoticism, pathos, and drama."

simon murray foreign legion: *The Devil's Oasis* Bartle Bull, 2001 BARTLE BULL Author of the White Rhino Hotel and A Café on the Nile Continuing the epic African adventures of the characters memorably cast in *The White Rhino Hotel* and *A Cafe on the Nile*. All the treacherous intrigue of cosmopolitan Cairo and fiery drama of Rommel's desert war in Africa come vibrantly to life in this novel of historical adventure and romance. It is 1942, and civilization as the world knows it teeters on its edge. Nazi Germany stands at the height of its power. In North Africa the brilliant General Rommel's panzers threaten the Suez Canal, the oil fields of the Middle East, and the trade route to Asia. To win Egypt, though, Rommel must first take the port of Tobruk and destroy the British fortress of Bir Hakeim. There, against the massive force of Rommel's Afrika Korps, a young English hussar named Wellington Rider fights beside the French Foreign Legion. Rider's father, Anton—the professional hunter who strides so dynamically through *A Cafe on the Nile*—is now a desert commando engaged in obliterating Nazi air bases and petrol dumps. Not only has Anton's old friend Ernst von Decken, a German soldier of fortune, meanwhile become the enemy, but also Anton's estranged wife has entered into an affair with a Frenchman who supports Rommel's campaign. Alliances shift, loyalties deceive, espionage thrives, and danger lies as much in the dark corners of Cairo as it does in the desert night. And at a barge on the Nile, at the Cataract Cafe, under the watchful eye of its proprietor, the enigmatic Goan dwarf Olivio Alavedo, Egypt frames its destiny. "Romantic and eventful . . . a satisfying dose of wartime action, private revenge, and seething passion."—Richard Bernstein, *The New York Times* "A World War II page-turner that's part Masterpiece Theater, part Raiders of the Lost Ark, part Casablanca."—*The Washington Post*

simon murray foreign legion: *Military Diasporas* Georg Christ, Patrick Sängler, Mike Carr, 2022-11-30 *Military Diasporas* proposes a new research approach to analyse the role of foreign military personnel as composite and partly imagined para-ethnic groups. These groups not only buttressed a state or empire's military might but crucially connected, policed, and administered (parts of) realms as a transcultural and transimperial class while representing the polity's universal or at least cosmopolitan aspirations at court or on diplomatic and military missions. Case studies of foreign militaries with a focus on their diasporic elements include the Achaemenid Empire, Ptolemaic Egypt, and the Roman Empire in the ancient world. These are followed by chapters on the Sassanid and Islamic occupation of Egypt, Byzantium, the Latin Aegean (Catalan Company) to Iberian Christian noblemen serving North African Islamic rulers, Mamluks and Italian Stradiots, followed by chapters on military diasporas in Hungary, the Teutonic Order including the Sword Brethren, and the Swiss military. The volume thus covers a broad band of military diasporic experiences and highlights aspects of their role in the building of state and empire from Antiquity to

the late Middle Ages and from Persia via Egypt to the Baltic. With a broad chronological and geographic range, this volume is the ideal resource for upper-level undergraduates, postgraduates, and scholars interested in the history of war and warfare from Antiquity to the sixteenth century.

simon murray foreign legion: Mercenaries, Hybrid Armies and National Security

Caroline Varin, 2014-09-15 This book assesses the use of 'mercenaries' by states, and their integration into the national armed forces as part of a new hybridisation trend of contemporary armies. Governments, especially in the West, are undertaking an unprecedented wave of demilitarisation and military budget cuts. Simultaneously, these same governments are increasingly opening their armies up to foreign nationals and outsourcing military operations to private companies. This book explores the impact of this hybridisation on the values, cohesion and effectiveness of the armed forces by comparing and contrasting the experiences of the French Foreign Legion, private military companies in Angola, and the merging of private contractors and American troops in Iraq. Examining the employment of foreign citizens and private security companies as military forces and tools of foreign policy, and their subsequent impact on the national armed forces, the book investigates whether the difficulties of coordinating soldiers of various nationalities and allegiances within public-private joint military operations undermines the legitimacy of the state. Furthermore, the author questions whether this trend for outsourcing security can realistically provide a long term and positive contribution to national security. This book will be of much interest to students of private military companies, strategic studies, international security and IR in general.

simon murray foreign legion: Engineering In Perspective: Lessons For A Successful Career

Tony Ridley, 2017-02-22 'It is well referenced, with significant projects from his personal experience. Factually accurate, the stories reflect the ups and downs of the major projects environment. His thoughts on handling the tragedy of the King's Cross fire are remarkable, and his compassionate treatment of this work is likely to prove of interest to those outside the project management and engineering fields ... What resonates throughout the book is the coming together of countries, organisations and people. The ability to formulate and structure delivery teams that take on the holistic project life cycle — from project initiation and business case, through design, construction and effective handover, to fully using or operating a facility — is comprehensively covered.' PROJECT Engineering in Perspective provides a unique look into the career of one of Britain's most widely experienced engineers, Professor Tony Ridley. Ridley analyses key moments from his career to identify the real-world skills required for success. Through this, he examines how important it is that a successful engineer has not only traditional engineering skills but also good interpersonal skills coupled with a deep understanding of social, economic and political factors. Ridley's career case-studies include his time as first Director General of the Tyne & Wear Passenger Transport Executive and working on the creation of the Metro; first Managing Director of the Hong Kong Mass Transit Railway; Chairman and Managing Director of London Underground; the development of the Docklands Light Railway; and working through the trauma of the Kings Cross fire. As Professor of Transport Engineering at Imperial College London, Ridley was involved in national and international engineering bodies, including President of the Institution of Civil Engineers. The book contains papers from this time that develop the concept of the 'breadth of engineering'. Highly relevant for engineering students, newly qualified engineers, educators and employers, this book allows examination of successes and failures of important engineering projects from the 20th century, with lessons and insights for the 21st century engineer.

simon murray foreign legion: Algeria Martin Evans, John Phillips, 2008-01-14 After liberating itself from French colonial rule in one of the twentieth century's most brutal wars of independence, Algeria became a standard-bearer for the non-aligned movement. By the 1990s, however, its revolutionary political model had collapsed, degenerating into a savage conflict between the military and Islamist guerillas that killed some 200,000 citizens. In this lucid and gripping account, Martin Evans and John Phillips explore Algeria's recent and very bloody history, demonstrating how the high hopes of independence turned into anger as young Algerians grew increasingly alienated.

Unemployed, frustrated by the corrupt military regime, and excluded by the West, the post-independence generation needed new heroes, and some found them in Osama bin Laden and the rising Islamist movement. Evans and Phillips trace the complex roots of this alienation, arguing that Algeria's predicament-political instability, pressing economic and social problems, bad governance, a disenfranchised youth-is emblematic of an arc of insecurity stretching from Morocco to Indonesia. Looking back at the pre-colonial and colonial periods, they place Algeria's complex present into historical context, demonstrating how successive governments have manipulated the past for their own ends. The result is a fractured society with a complicated and bitter relationship with the Western powers-and an increasing tendency to export terrorism to France, America, and beyond.

simon murray foreign legion: *Bringing War to Book* Rachel Woodward, K. Neil Jenkins, 2018-05-04 This book explores how military memoirs come to be written and published. Looking at the journeys through which soldiers and other military personnel become writers, the authors draw on over 250 military memoirs published since 1980 about service with the British armed forces, and on interviews with published military memoirists who talk in detail about the writing and production of their books. A range of themes are explored including: the nature of the military memoir; motivations for writing; authors' reflections on their readerships; inclusions and exclusions within the text; the memories and materials that authors draw on; the collaborations that make the production and publication of military memoirs possible; and the issues around the design of military memoirs' distinctive covers. Written by two leading commentators on the sociology of the military, *Bringing War to Book* offers a new and original argument about the representations of war and the military experience as a process of social production. The book will be of interest to students and scholars across a range of disciplines including sociology, history, and cultural studies.

simon murray foreign legion: *Bloodlines Of The Illuminati* Daniel Lazar,

simon murray foreign legion: *Leading like a Professional* Thomas Gast, 2018-11-27 - What a modern leader needs is the time-proven trinity of head, heart and balls! - Thomas Gast frequently taps into his tough times in the French Foreign Legion, and the anecdotes he relates and transfers into the realms of modern management serve to illustrate the importance of timeless virtues: Leading by example in fast-paced and volatile environments; learning to delegate; appreciating individuals and their skills when forging a team; creating corporate culture; taking pride in a code of honour and excellence, etc.

simon murray foreign legion: *Appel* Joel Adam Struthers, 2019-03-29 *Appel*: A Canadian in the French Foreign Legion is the first-hand account of the author's six years as a professional soldier during the 1990s, and his experience in the Legion's elite Groupe des Commandos Parachutistes (GCP). Joel Struthers recounts the dangers and demands of military life, from the rigours of recruitment and operational training in the rugged mountains of France, to face-to-face combat in the grasslands of some of Africa's most troubled nations. Told through the eyes of a soldier, and interspersed with humorous anecdotes, *Appel* is a fascinating story that debunks myths about the French Foreign Legion and shows it more accurately as a professional arm of the French military. Struthers provides insight into the rigorous discipline that the Legion instills in its young recruits, - who trade their identities as individuals for a life of adventure and a role in a unified fighting force whose motto is "Honour and Loyalty." Foreword by Col. Benoit Desmeulles, former commanding officer of the Legions 2e Régiment Étranger Parachutistes.

simon murray foreign legion: *Under Pressure* Richard Humphreys, 2020-04-07 This is the world of the submariner. This is life under pressure. What's it like to spend three months without sunlight, sharing what little space you have with over a hundred fellow crewmen and more firepower than all the bombs dropped in World War II combined? This is the world of the submariner. This is life under pressure. As a restless and adventurous eighteen-year-old, Richard Humphreys joined the Royal Navy submarine service. For five years during the Cold War, he served on the nuclear sub HMS Resolution. Nothing could have prepared him for life beneath the waves. He existed in a world without natural light, surrounded by 140 other men, all eating the same food, breathing the same

air, smelling the same putrid smells and surviving together in some of the most forbidding conditions imaginable. Based on Humphreys' firsthand experience, *Under Pressure* is the candid, visceral and incredibly entertaining account of what it's like to live, work, sleep and eat—and stay sane—in one of the most extreme man-made environments on the planet.

simon murray foreign legion: Managing the Dragon Jack Perkowski, 2008-03-18 The first book by a westerner who built a company in China from scratch The emergence of China as a world economic power is one of the biggest stories of our time. Every business that intends to be an important part of the fast-changing global economy needs to know how to play the game in China. Who better to be your guide than Jack Perkowski, the pioneer who went to China in the early 1990s. Equipped with just a concept, he built a company step-by-step from the ground up—ASIMCO Technologies—that became a major player in China's fast-growing automotive business. Perkowski's story is as rich, involving, and improbable as those of nineteenth-century titans such as Rockefeller and Carnegie or of twentieth-century ones like Michael Dell and Bill Gates, but with one obvious difference: They and others built their companies when America was emerging or dominant. Perkowski built his at the dawn of the Chinese century. Perkowski's insights about the challenges and potential of western involvement in today's great Chinese expansion—gained on the ground in China itself over the past fifteen years—are of inestimable value and relevance to us all. For instance:

- The good news about China: Everything is possible. The bad news: Nothing is easy.
- To build a business in China, you must develop a local management team—avoiding both former bureaucrats of the state-run enterprises and the country's new breed of wildcat entrepreneurs.
- You must learn the real reason why China is able to produce goods so cheaply.
- Forget your notions about the Chinese economy being rigidly controlled by Beijing—it is, in fact, highly decentralized and locally driven. As the Chinese say, "The mountains are high and the emperor is far away."

Perkowski tells his story with clarity, lots of humor, and a gripping sense of adventure. He takes us along on his own version of the Long March, when he visited two factories a day for nine months, hitting every province, going through endless rounds of dinners and the inevitable drinking games, and eating what seemed like every part of every animal. He vividly describes what it's like to be a westerner living and working in China and the dramatic transformation he's seen in the country, from a place left behind by the modern world to a place where a new world is being born. Filled with hard-nosed lessons for anyone with ambitions of breaking into the Chinese market, and a rich source of practical wisdom about the realities of China today, *Managing the Dragon* answers the questions people ask Perkowski most often about his unique experience, as well as those they never think of asking—but should.

simon murray foreign legion: Algerian War and the French Army, 1954-62 Martin S. Alexander, Martin Evans, J.F.V. Keiger, 2002-08-21 The Algerian War 1954-62 was one of the most prolonged and violent examples of decolonization. At times horribly savage, it was an undeclared war in the sense that no formal declaration of hostilities was ever made. Bringing to an end one hundred and thirty two years of French rule, the Algerian struggle caused the fall of six French prime ministers, the collapse of the Fourth Republic and expulsion of one million French settlers. This volume, bringing together leading experts in the field, focuses on one of the key actors in the drama - the French army. They show that the Algerian War was just as much about conflicts of ideas, beliefs and loyalties as it was about simple military operations. In this way, the collection goes beyond polemic and recrimination to explore the many and varied nuances of what was one of the historically most important of the grand style colonial wars.
