1001 films before you die: *The Genius of Barry Lyndon* Patrick Webster, 2024-04-04 One of the most visually compelling films ever made, *Barry Lyndon* can--and should, argues the author--be seen as Stanley Kubrick's masterpiece. This comprehensive analysis examines such topics as the unique way in which Kubrick photographed the film, Kubrick's subtle understanding of cinematic storytelling, the deliberate upturning of generic expectation, and the eclectic use of music. It also provides a more rigorous reading of the film from a diverse range of theoretical approaches: structuralist, feminist, psychoanalytical, Marxist and postcolonial readings.

1001 films before you die: *The Darkest Game* Joseph Schneider, 2025-09-09 The past is steeped in blood. Bad things happen every day. No one knows this better than LAPD Detective Tully Jarsdel. He also knows that bad things often go unpunished—all it takes is a glance at his dusty stack of cold cases to see that time is kind to sinners. A museum curator is found shot point-blank, his home torn apart. It's the sort of random crime destined to fester in an evidence locker. But it's a case tailor-made for the academic turned detective—he can't leave any question unanswered. In pursuit of an untouchable killer, Jarsdel soon uncovers a web of fraud and corruption that leads him to sunny Catalina Island, Hollywood's bygone playground. There, nothing is as it should be: the past is ever-present, and Jarsdel unwittingly finds himself embroiled in a widespread conspiracy. While reckoning with a dark legacy, he'll exhume long-buried secrets of LA's troubled past and with it, deadly consequences. A searing mystery from critically acclaimed author Joseph Schneider, *The Darkest Game* is a story about dread, greed, and anguish; how it spreads like rot, and how one detective struggles to keep it at bay.

1001 films before you die: *Authoring Hal Ashby* Aaron Hunter, 2018-02-22 Casting fresh light on New Hollywood – one of American cinema's most fertile eras – *Authoring Hal Ashby* is the first sustained argument that, rather than a period dominated by genius auteurs, New Hollywood was an era of intense collaboration producing films of multiple-authorship. Centering its discussion on the films and filmmaking practice of director Hal Ashby (*Harold and Maude*, *Shampoo*, *Being There*), Hunter's work demonstrates how the auteur paradigm has served not only to diminish several key films and filmmakers of the era, but also to underestimate and undervalue the key contributions to the era's films of cinematographers, editors, writers and other creative crew members. Placing Ashby's films and career within the historical context of his era to show how he actively resisted the auteur label, the author demonstrates how this resistance led to Ashby's marginalization by film executives of his time and within subsequent film scholarship. Through rigorous analysis of several films, Hunter moves on to demonstrate Ashby's own signature authorial contributions to his films and provides thorough and convincing demonstrations of the authorial contributions made by several of Ashby's key collaborators. Building on emerging scholarship on multiple-authorship, *Authoring Hal Ashby* lays out a creative new approach to understanding one of Hollywood cinema's most exciting eras and one of its most vital filmmakers.

1001 films before you die: *I Wrote You a Song* Guy Simons, 2015-09-18 *I Wrote You A Song* is a book that has been constructed like an album with twelve original songs written by Guy Simons that provides a sub-text for life's journey. The author discusses the underlying theme of each song from a social context using autobiographical reflections, social observations and philosophical musings, intermingled with a large dose of satirical commentary, quirkiness and humour. The author invites readers to be inspired to find their true place in this world through twelve songs that take them on a journey of self-discovery and personal recollection. Covering topics of life, death, love,

hate, joy, despair, health, sickness, hopes, fears, wealth and poverty, immerse yourself in an album unlike any other. Recall your own experiences within each song and reconnect to your past through subject headings that are actual popular song titles. Whether that is the Start or The End you are sure to find an affinity with the subject headings, and if you're looking for Good Vibrations or the Art of Dying you will find it here. A prelude provides the insight prior to embarking on the journey through songs as diverse as The New Elvis Presley, You Say You're Leaving to Another Bad Day at the Office and Cyber Spaceman culminating in the curtain raiser I Wrote You a Song. A coda followed by the encore brings the work to a close giving you a chance to confirm whether your soundtrack to this book mirrored the authors, or whether you would have chosen alternate subject headings to align to your own personal experience. The author is a songwriter and he has written you a song.

1001 films before you die: Evening Proposal Pyun Hye-young, 2016-11-23 *Evening Proposal* is a collection of eight stories about the grim and often faceless nature of urban life. Faintly reminiscent of Franz Kafka, the stories range from a man who discovers that his job performance has no significance while taking refuge in taking care of an abandoned rabbit to a man who finally expresses his love to discover that his expression frightened him more than his fear in anticipating the event. *Evening Proposal* reissues the warning that the orderliness and system that civilization created in order to confront nature's chaos is in fact "the hell of monotony."

1001 films before you die: *Jesus and Brian* Joan E. Taylor, 2015-09-10 *Monty Python's Life of Brian* film is known for its brilliant satirical humour. Less well known is that the film contains references to what was, at the time of its release, cutting edge biblical scholarship and *Life of Jesus* research. This research, founded on the acceptance of the Historical Jesus as a Jew who needs to be understood within the context of his time, is implicitly referenced through the setting of the Brian character within a tumultuous social and political background. This collection is a compilation of essays from foremost scholars of the historical Jesus and the first century Judaea, and includes contributions from George Brooke, Richard Burridge, Paula Fredriksen, Steve Mason, Adele Reinhartz, Bart Ehrman, Amy-Jill Levine, James Crossley, Philip Davies, Joan Taylor, Bill Telford, Helen Bond, Guy Stiebel, David Tollerton, David Shepherd and Katie Turner. The collection opens up the *Life of Brian* to renewed investigation and, in so doing, uses the film to reflect on the historical Jesus and his times, revitalising the discussion of history and *Life of Jesus* research. The volume also features a Preface from Terry Jones, who not only directed the film, but also played Brian's mum.
