

confessions of a taxi driver

Confessions of a Taxi Driver

Being a taxi driver is often romanticized as an adventurous, unpredictable job filled with interesting characters and untold stories. However, behind the wheel, many drivers experience a wide range of emotions, encounters, and insights that rarely make it into the public eye. In this article, we delve into the candid confessions of a taxi driver, revealing the realities, challenges, and unexpected joys of this unique profession. Whether you're considering becoming a driver or simply curious about what really goes on behind the wheel, these honest revelations provide a behind-the-scenes look at life in the taxi.

The Daily Grind: What It Really Feels Like to Be a Taxi Driver

The Long Hours and Physical Toll

Many taxi drivers work extensive hours, often spanning early mornings to late nights. The physical and mental fatigue can be overwhelming, yet drivers persevere due to the job's independence and income potential.

- Working 10-12 hour shifts without guaranteed breaks
- Dealing with traffic congestion and road rage
- Maintaining alertness during late-night hours when fatigue sets in

Financial Realities and Income Fluctuations

Contrary to some perceptions, earnings are highly variable and depend on numerous factors like location, time, and demand.

1. Peak hours versus off-peak times: more fares during rush hours or weekends
2. Tips from passengers can significantly boost income
3. Expenses such as fuel, maintenance, licensing, and insurance eat into profits

Memorable Passenger Encounters: Stories from the Road

Unforgettable Characters and Conversations

Taxi drivers often encounter a diverse cross-section of society, making every shift a new adventure.

- The late-night philosopher who shares life stories over a long ride
- The nervous first-time traveler asking endless questions about the city
- The heartwarming moment when a passenger expresses gratitude or shares a personal triumph

Passengers Who Leave a Lasting Impact

Some passengers' stories linger with drivers long after the ride ends.

1. A terminally ill passenger who wanted to see the city one last time
2. A runaway who confided in the driver about their struggles
3. Tourists who express awe at the city's landmarks, reminding drivers of their own experiences

The Challenges Faced by Taxi Drivers

Dealing with Difficult Passengers

Not every ride is smooth sailing. Drivers often face aggressive, intoxicated, or disrespectful passengers.

- Handling disputes over fare amounts or route choices
- Managing unruly or disruptive behavior without escalating the situation
- Keeping calm when faced with hostility or prejudice

Safety Concerns and Risks

Safety is a paramount concern for taxi drivers, especially during late hours or in unfamiliar areas.

1. Risk of theft or assault, particularly during lonely or late-night shifts
2. Navigating poorly lit or unsafe neighborhoods
3. Dealing with road accidents or vehicle breakdowns

Regulatory and Technological Challenges

The industry is constantly evolving, with new regulations and technology impacting drivers' routines.

- Adapting to ride-hailing apps like Uber and Lyft that change traditional taxi dynamics
- Complying with licensing, taxation, and safety regulations
- Managing the influx of digital fare payments and GPS tracking systems

The Hidden Joys and Rewards of Being a Taxi Driver

Flexibility and Independence

One of the most appreciated aspects of the job is the ability to set your own schedule.

1. Choosing shifts that suit personal life and preferences
2. Deciding whether to work during busy times or take breaks when needed
3. Enjoying the autonomy without a traditional 9-to-5 structure

Discovering the City Through New Eyes

Taxi drivers often develop a deep knowledge of their city, uncovering hidden gems and stories.

- Learning shortcuts and lesser-known routes

- Experiencing the city's changing face through different neighborhoods and communities
- Building a mental map of local history and culture

Building Unique Relationships

While professional boundaries are maintained, drivers sometimes form genuine connections with passengers.

1. Offering a listening ear to lonely or troubled individuals
2. Sharing laughs and lighthearted moments during rides
3. Getting invited to local events or recommendations from regular clients

The Personal Growth and Lessons Learned on the Job

Patience and Empathy

Constant interactions teach drivers patience and understanding, especially in stressful situations.

- Learning to remain calm amid traffic or difficult passengers
- Recognizing the diverse backgrounds and life stories of others
- Developing conflict resolution skills

Self-Reflection and Resilience

The job often becomes a mirror reflecting one's own character and resilience.

1. Adapting to unpredictable circumstances
2. Handling loneliness or monotony with creative coping strategies
3. Finding pride in providing a vital service despite challenges

Final Thoughts: The Reality Behind the Wheel

The confessions of a taxi driver reveal a profession far more complex and nuanced than many realize. It's a job that demands resilience, patience, and adaptability, yet also offers moments of genuine human connection and city discovery. The stories and insights shared by drivers highlight that behind every fare is a person with a story, and behind every ride is a chance to learn, grow, and experience life from a different perspective.

Whether you see taxi driving as a livelihood, a passion, or a temporary gig, understanding the honest confessions from those behind the wheel fosters appreciation for this often-overlooked profession. It's a reminder that every journey has a story, and every driver has a confession worth listening to.

Frequently Asked Questions

What are some common challenges faced by taxi drivers in their daily routines?

Taxi drivers often deal with heavy traffic, difficult passengers, long working hours, and the pressure to meet earnings targets, which can lead to stress and fatigue.

How do taxi drivers navigate safety concerns while on the job?

Many taxi drivers use safety measures such as installing surveillance cameras, avoiding risky areas at night, trusting their instincts, and maintaining constant communication with dispatch or colleagues.

What are some surprising or memorable passenger stories shared by taxi drivers?

Drivers often recount encounters with heartfelt conversations, humorous incidents, or passengers with unusual requests, highlighting the unpredictable nature of their work.

How has technology impacted the profession of taxi driving?

Apps like Uber and Lyft have transformed the industry by providing more flexible work options, increased competition, and new safety features, although they also introduce new challenges for traditional taxi drivers.

What motivated some taxi drivers to share their confessions publicly?

Drivers often share their stories to shed light on the realities of their work, seek understanding, or vent frustrations about the industry and their personal experiences.

What ethical dilemmas do taxi drivers frequently encounter?

Drivers may face issues like accepting rides with questionable intentions, dealing with fare disputes, or navigating passenger misconduct, which challenge their integrity and safety.

How do taxi drivers cope with loneliness or isolation during long shifts?

Many drivers listen to music or podcasts, engage in conversations with passengers, or find camaraderie with fellow drivers to combat loneliness.

What role do confessions of taxi drivers play in shaping public perception of the profession?

These stories often reveal the human side of taxi drivers, fostering empathy and understanding among the public, while also highlighting the challenges they face behind the wheel.

Are there common themes or patterns in taxi driver confessions?

Yes, many confessions revolve around difficult passengers, safety concerns, funny incidents, and reflections on the unpredictable nature of their work.

What advice do experienced taxi drivers give to newcomers entering the profession?

Veterans often recommend patience, maintaining professionalism, prioritizing safety, and developing good rapport with passengers to succeed in the industry.

Additional Resources

Confessions of a Taxi Driver is a title that immediately evokes curiosity, hinting at a trove of stories, insights, and raw truths from the frontlines of urban transportation. Taxi drivers, often unseen witnesses of city life, serve as the silent chroniclers of human stories, societal shifts, and the ebb and flow of daily life. Their confessions, whether spoken aloud during long night shifts or kept as private reflections, offer a compelling window into the complexities of urban existence. This article explores the multifaceted world of taxi drivers, drawing on anecdotal evidence, journalistic investigations, and social commentary to provide a comprehensive understanding of their experiences, challenges, and contributions.

The Life of a Taxi Driver: An Overview

Origins and Evolution of the Profession

Taxi driving is among the oldest urban occupations, with roots dating back to the late 19th century when horse-drawn carriages transitioned to motorized taxis. Over the decades, technological advancements — from meter systems to GPS navigation — have transformed the profession, making it more efficient yet increasingly complex. The rise of ride-sharing apps has further disrupted traditional taxi services, leading to significant shifts in driver demographics, income structures, and customer expectations.

Daily Routine and Work Environment

A typical day for a taxi driver often begins early, sometimes before dawn, and extends into late-night hours. Drivers spend countless hours behind the wheel, navigating traffic, searching for fares, and managing unpredictable customer behaviors. The work environment is highly dynamic: drivers face noisy streets, unpredictable weather, and the constant pressure to meet financial targets. Despite these challenges, many drivers find a sense of independence and flexibility in their schedules.

Demographics and Diversity

Taxi drivers come from diverse backgrounds — varying in age, ethnicity, education, and socio-economic status. In several cities, immigrant communities constitute a significant portion of drivers, often seeking economic stability and community ties. This diversity enriches the cultural tapestry of urban mobility but also introduces challenges related to language barriers, discrimination, and integration.

Insights from "Confessions" — Common Themes and Stories

Memorable Passenger Encounters

One of the most compelling aspects of a taxi driver's life is the variety of passengers encountered daily. Drivers often recount stories of:

- Heartfelt conversations with lonely or distressed passengers seeking solace.
- Unexpected friendships formed during short rides.
- Encounters with celebrities or notable figures, sometimes leading to surprising revelations.
- The challenges of managing difficult or unruly passengers, including dealing with intoxication or aggression.

These stories reveal the human side of urban life, illustrating how taxis serve as microcosms of society.

Ethical Dilemmas and Moral Conflicts

Confessions often touch upon ethical gray areas that drivers navigate regularly:

- Whether to accept certain fares that seem suspicious or involve questionable destinations.
- The temptation to short-change customers or manipulate meters under financial pressure.
- Handling situations where drivers witness illegal activities or unethical passenger behaviors but feel powerless or unwilling to intervene.

Such dilemmas highlight the moral complexities inherent in the profession.

Economic Realities and Financial Struggles

Many drivers confess to the financial hardships they face, including:

- Fluctuations in earning potential based on city policies, economic conditions, or seasonal variations.
- Expenses such as fuel, maintenance, insurance, and licensing fees eating into their income.
- The impact of ride-sharing competition, which often results in reduced fares and increased job insecurity.
- The challenge of saving for future stability or retirement, given the inconsistent income flow.

These confessions underscore the need for systemic reforms and social safety nets for gig economy workers.

Safety Concerns and Risks

Taxi drivers are acutely aware of safety risks, from:

- Potential violence or theft during late-night shifts.
- Road accidents caused by reckless driving, distracted passengers, or adverse weather.
- Exposure to health hazards such as pollution or communicable diseases.
- The psychological toll of constant vigilance and exposure to human suffering.

Drivers often share coping strategies, such as installing security cameras or working in pairs, to mitigate these dangers.

The Societal Role of Taxi Drivers

Urban Connectors and Community Members

Taxi drivers act as informal urban connectors, facilitating social interactions and access to city resources. Their knowledge of local neighborhoods, shortcuts, and hidden spots makes them invaluable, especially for newcomers or visitors. Many drivers develop close ties with regular passengers, becoming trusted confidantes and community members.

Witnesses to Societal Shifts

Drivers observe societal changes firsthand — from gentrification to shifts in public transportation usage. Their narratives often reflect broader issues such as inequality, migration patterns, and cultural transformations. For instance, increased traffic congestion or the rise of ride-sharing apps may impact their livelihoods and urban mobility patterns.

Contributors to the Economy

Despite their often precarious income, taxi drivers contribute significantly to the local economy through:

- Providing employment opportunities (directly or indirectly via vehicle maintenance and fueling).
- Supporting local businesses through passenger patronage.
- Enhancing city accessibility, thereby facilitating commerce and tourism.

Challenges and Future Outlook

Regulatory and Policy Challenges

Taxi drivers face ongoing regulatory hurdles, including licensing requirements, safety standards, and fare regulations. The rise of ride-sharing platforms has led to legal disputes over licensing, pricing, and labor rights, often leaving traditional drivers feeling marginalized.

Technological Disruptions

Automation, GPS tracking, and app-based ride-hailing have revolutionized the industry, but not without consequences:

- Reduced earnings due to increased competition.
- The need for continuous technological adaptation.
- Concerns over data privacy and algorithmic transparency.

Health and Safety Concerns

The COVID-19 pandemic underscored the health vulnerabilities faced by drivers, with many experiencing income loss and health risks. Moving forward, health protocols, protective barriers, and vaccination campaigns are vital to ensure driver safety.

Prospects and Innovations

Looking ahead, the future of taxi driving may involve:

- Integration of electric vehicles and sustainable practices.
- Greater emphasis on driver rights and protections.
- Enhanced training programs for customer service and safety.
- Potential shifts toward autonomous vehicles, which could redefine the profession entirely.

Conclusion: The Unsung Heroes of Urban Life

Confessions of a taxi driver reveal a profession fraught with challenges yet rich in stories that mirror the human condition. These drivers are more than mere transit providers; they are custodians of city life, witnesses to its joys and struggles, and often, unsung heroes who keep the urban heartbeat alive. As cities evolve and technology advances, their roles may change, but their contributions remain vital. Recognizing their experiences and addressing their needs is essential for fostering inclusive, safe, and vibrant urban communities.

In essence, the confessions of taxi drivers provide an invaluable, intimate perspective on the social fabric of cities. Their stories challenge stereotypes, humanize the complexities of gig work, and remind us of the enduring importance of human connection amidst the hustle and bustle of urban life.

confessions of a taxi driver: *Confessions to a Taxi Driver* Ronald Tremble, 1965

confessions of a taxi driver: Insane Taxi Driver Confessions Aaron Kline, 2019-04 Insane Taxi driver Confessions is a collection of wonderfully weird and outrageously funny short stories from the author's personal experiences with passengers, as well as strange tales from passengers and other fellow taxi drivers. The reader will enjoy a detailed insight into the real and raw situations that occur in today's society. This book will bring the secret lives that people live in the big cities out of the darkness and into the street lights. The author highlights how vulnerable teenagers become when they go out clubbing. This is especially dangerous for students who are living away from home for the first time, with no significant life experience because they were raised under close parental supervision. Besides the humour and entertainment, Aaron Kline hopes that his book will encourage people to become more vigilant and aware when they are out in the big cities, surrounded by the extreme craziness of society.

confessions of a taxi driver: Cab Confessions the Driver Diaries Chris Jay, 2012-04-30

confessions of a taxi driver: Mean Streets Peter McSherry, 2002-09-01 Short-listed for the 2003 Edna Staebler Award for Creative Non-Fiction A world exists on the nighttime streets that the average person cannot envision. Taxi driver Peter McSherry recounts tales of his thirty years of experience driving cabs at night on the hard-bitten streets of Canada's largest city. Drunks, punks,

con artists, hookers, pimps, drug addicts, drug pushers, thugs, nymphomaniacs, snakes, politicians, celebrities . . . he's experienced them all. McSherry serves up his stories with forthrightness, humour, and the occasional dash of cynicism. In this well-written and street-smart book, the author tells the rest of us about a world we can only imagine - if we dare.

confessions of a taxi driver: Taxi from Hell Vladimir Lobas, 1992-06

confessions of a taxi driver: Confessions of an Undercover Agent Charlie Spillers, 2016-03-24 This true story of an ex-Marine who fought crime as an undercover cop, a narcotics agent, and finally a federal prosecutor spans a decade of crime fighting and narrow escapes. Charlie Spillers dealt with a remarkable variety of career criminals, including heroin traffickers, safecrackers, burglars, auto thieves, and members of Mafia and Mexican drug smuggling operations. In this riveting tale, the author recounts fascinating experiences and the creative methods he used to succeed and survive in a difficult and sometimes extremely dangerous underworld life. As a young officer with the Baton Rouge Police Department, ex-Marine Charlie Spillers first went undercover to infiltrate criminal groups to gather intelligence. Working alone and often unarmed, he constantly attempted to walk the thin line between triumph and disaster. When on the hunt, his closest associates were safecrackers, prostitutes, and burglars. His abilities propelled him into years of undercover work inside drug trafficking rings. But the longer he worked, the greater the risks. His final and perhaps most significant action in Baton Rouge was leading a battle against corruption in the police department itself. After Baton Rouge, he joined the Mississippi Bureau of Narcotics and for the next five years continued working undercover, from the Gulf Coast to Memphis; and from New Orleans to Houston, Texas. He capped off a unique career by becoming a federal prosecutor and the justice attaché for Iraq. In this book, he shares his most intriguing exploits and exciting undercover stings, putting readers in the middle of the action.

confessions of a taxi driver: Hollywood Taxi Flash, 2009-02 HOLLYWOOD TAXI True Confessions of a Kiss and Tell Driver I first started driving cab in Los Angeles, Calif. In the early 60's. It's a job I returned to over and over again thru the years. Why? I'm not sure but I think one of the things is it makes me feel more engaged with life. It's the last of the great adventures. The urban cowboy. The city is a jungle and every trip a gamble. You have time, transportation and money. If something can happen it will. If you break down they'll come get you. Maybe not for a long time but eventually they'll show up. I've driven off and on for almost forty years. You can only drive so long then the numbers will crunch you. The average driver puts in fifteen hours a week. A cab driver does sixty. You can't be out there that long and not have something happen. If people don't drive you crazy the tickets will break you. I'm addicted to art. Driving cab is how I support that addiction. One of the most intense periods was during the 70's. The love generation was in full bloom. The sexual revolution was not far behind. It happened to me in Southern Calif. Hollywood to be exact. Every other person that got in the cab had some kind of exotic stuff. Everyone was screwing everyone else. Life was a party and the cab driver was in the heart of it. Most people sit home and watch T.V. I'd get stoned and roam around. The windshield was my T.V. Screen. I remember one night rolling down the freeway. It was an especially balmy night. I had the windows down. The wind felt good blowing thru my hair. I was tripping on the stars. They were like diamonds on a deep velvet background. I noticed a flaw. There was what appeared to be a little oblong T.V. screen in it with a man in one corner. I was trying to figger out what it was when the man moved. I had someone in the cab who I had completely forgotten about. To make matters worse I didn't know where I was at. Night after night it was like that. I carried a gun till I discovered it didn't shoot, then I started carrying a camera. A 35 mm Minolta. I pushed Tri-x film to 3200 ASA. I eventually shot 32 rolls of 36 exp. This became my first book, TAXI TIMES a photo documentary of night time cab driving. I also wrote down story after story. The characters I met and the situations I became involved in were endless. They weave a fascinating tale of the human condition that Mark Twain would love. I'm fond of saying, everything you ever heard about those people out there, the sex, the drugs, the violence....it's all true and the some. I've also said there are three kinds of people there; artist actors and illegal aliens. Did I mention whores. Lot's and lot's of whores. People often ask if I came across anybody

famous. Here's a clue, Good evening Mr. and Mrs. America. Who's that? Walter Winchell outside the Cocanut Grove. The girl who danced with Michael Jackson in the thriller video, Lola Rae. Had her in the cab a couple of times. The first time she was crying because her Iranian boyfriend wouldn't marry her as fast as she wanted. I came across Rod Stewart one night and didn't even know it was him. I'd taken a call in Beverly Hills. Someone let me in a gate. He went inside. I turned around and parked. Soon a little blond haired guy comes out and asks me how much to go somewhere. He goes back inside and pretty soon some girls come out and get in the cab. The following week I get another call for the same address. This time it's the guy who let me in the first time. He was to going to a see and be seen spot. I asked him who lives there. That was Rod Stewart who came out and asked me how much. I think but I'm not sure I had a very drunk Burt Bacharach in the back once. For every real actor that got in there were many who were wanna' be's and they had a captive audience the driver. Two actors meet in Hollywood. One asks' the other wh

confessions of a taxi driver: The Adventures and Confessions of an American Drama Queen in Turkey Barbara A. Lawrence, 2014-02 Set in modern day Turkey this is the true story of a woman who, after taking stock of her life, asked the proverbial question, Is that all there is? She had a devoted husband, a comfortable lifestyle in an upscale suburb of a Midwestern town, a bevy of close friends and a stellar career as an educator. She and her husband spent their holidays jetting around the world to exotic locations. She was respected and loved in her community. Yet, none of this was enough. In the midst of a crowded room, she felt alone. She was haunted by the fear that she was never good enough. She needed the constant rush of adrenaline that comes from living on the edge. After feeling that she had exhausted all of the possibilities that her Midwestern setting provided for this, she decided to accept a teaching position in southeastern Turkey and signed a two year contract. Little did she know that this decision would end up altering the course of her life forever . It describes in exquisite detail many of the startling differences she encountered as she attempted to assimilate into the Turkish culture It's a humorous, compelling, and heart-wrenching true story about one woman's struggle to finally find happiness and fulfillment.

confessions of a taxi driver: *Uber Taxi Cab Confessions* Joe Mahedy, 2016-12-01 UBER Taxi Cab Confessions is a whirlwind tour of true short stories viewed through the eyes of a part time Uber Driver. You will be a passenger on every ride, discovering the hottest bars and restaurants and the secret after hour clubs in Fairfield County as we pick up riders and take them to wherever they want to go. Your life changes once you turn ON the UBER App. The show begins as soon as a rider opens the door to your cab. You never know what personality you will have to have until you greet your passenger. You may need to be a weatherman offering the latest forecast, or act as a political analyst. Some times you will have to be the rider's personal shrink and other times a comedian or a imaginative story teller. I now have acquired multiple personalities to match each rider's M.O. I must be pretty good at that. I get a five star rating on almost every ride plus I get crazy good tips by agreeing with everything they say. Confessions is an Illustrated collection of what happens in the back seat of my Uber cab. Read about the two chefs cooking in the back seat. Or, the very intoxicated woman who leaves her dog in my cab. But one of the funniest stories is about the man who was so big, the backdoor had to be removed to get him out. The UBER concept is amazing. It's so much fun to be a driver. I have included a list of tips and suggestions for both Drivers and Riders that are also very amusing. So buckle your seat belt and read on.

confessions of a taxi driver: *Taxi, Limousine, and Transport Network Company Regulation* James M. Cooper, Jorgen Aarhaug, John Scott, 2023-05-11 The vehicle for hire (VFH) market - broadly comprising taxis, limousines, and app-based transport - has faced multiple and significant changes over the years, with the period since 2010 a time of major upheaval. This book documents the development of the market over time, examining its regulation and control structures, exploring its history, trends, and market theories, and discussing how these are both promoted and challenged by the changes affecting the sector. This book reviews recent developments in the VFH industry, from the influx of new market entrants and the emergence of app-based services to their widespread use, comparing international markets and their regulation, and draws on a series of case studies in

key locations in North America, Europe, and Asia. It establishes and details economic, market, social, and political theory affecting the VFH industry and devotes its second half to the definition and emergence of transport typologies and markets in which the sector has a role (or potential role). The book concludes, from a neutral standpoint, on the balance between market participants, addressing the immediate future facing the industry, including the impacts of Covid and other external factors. It considers the short- and long-term effects of market change, the role played by regulators, and the market conditions imposed upon them. Written for industry practitioners – both suppliers and regulators – as well as the academic community, this book will inform the community and prompt further analysis of a significant and growing field in transportation.

confessions of a taxi driver: *The Confessions of a Private ...* Frank Gray, 1920

confessions of a taxi driver: *Confessions of Arsène Lupin* Maurice Leblanc, 1913

confessions of a taxi driver: The Psychology of False Confessions Gisli H. Gudjonsson, 2018-07-23 Provides a comprehensive and up-to-date review of the development of the science behind the psychology of false confessions Four decades ago, little was known or understood about false confessions and the reasons behind them. So much has changed since then due in part to the diligent work done by Gisli H. Gudjonsson. This eye-opening book by the Icelandic/British clinical forensic psychologist, who in the mid 1970s had worked as detective in Reykjavik, offers a complete and current analysis of how the study of the psychology of false confessions came about, including the relevant theories and empirical/experimental evidence base. It also provides a reflective review of the gradual development of the science and how it can be applied to real life cases. Based on Gudjonsson's personal account of the biggest murder investigations in Iceland's history, as well as other landmark cases, *The Psychology of False Confessions: Forty Years of Science and Practice* takes readers inside the minds of those who sit on both sides of the interrogation table to examine why confessions to crimes occur even when the confessor is innocent. Presented in three parts, the book covers how the science of studying false confessions emerged and grew to become a regular field of practice. It then goes deep into the investigation of the mid-1970s assumed murders of two men in Iceland and the people held responsible for them. It finishes with an in-depth psychological analysis of the confessions of the six people convicted. Written by an expert extensively involved in the development of the science and its application to real life cases Covers the most sensational murder cases in Iceland's history Deep analysis of the 'Reykjavik Confessions' adds crucial evidence to understanding how and why coerced-internalized false confessions occur, and their detrimental and lasting effects on memory *The Psychology of False Confessions: Forty Years of Science and Practice* is an important source book for students, academics, criminologists, and clinical, forensic, and social psychologists and psychiatrists.

confessions of a taxi driver: *The Confessions of Arsène Lupin* Maurice Leblanc, 1913

confessions of a taxi driver: A Killer's Confession Karen Edwards, 2019-08-22 A mother's fight to bring her daughter's killer, Christopher Halliwell, to justice 'I have lived every parent's worst nightmare. On what would have been my daughter's 29th birthday, Detective Superintendent Stephen Fulcher knocked on the door and told me my beautiful Becky was dead. Found buried in a shallow grave in a remote field, Becky had been brutally murdered.' When Becky Godden-Edwards was killed, her mother Karen awoke to a world where the truth was never guaranteed; where taxi driver Christopher Halliwell got away with murder and the police officer who found her daughter was punished instead. This is Karen's story. Despite unimaginable tragedy, her love for her daughter has been unbreakable: from her despair through Becky's troubled teenage years, to the agonising eight years when Becky was missing, and then the dramatic story of how a killer's confession led to a terrible discovery. The one constant has been Karen's determination to fight for Becky, tirelessly campaigning for the truth about what happened to be heard and for Halliwell to face the consequences of his evil actions. *The murders of Becky Godden-Edwards and Sian O'Callaghan will soon be the focus of major new ITV series *A Confession* starring Martin Freeman as Stephen Fulcher and Imelda Staunton as Karen Edwards*

confessions of a taxi driver: New York Cab Driver and His Fare Charles Vidich, 2017-09-29

Using information derived from research and interviews with cab drivers, Vidich has written a basic work on New York City cab drivers (hacks) that also provides passengers (fares) with a survival manual. Cab drivers are quoted by newspaper columnists, politicians, and at dinner parties; yet a hard look at the profession and its role in the transportation system of the city has been completely lacking. Vidich brings out in clear language the conflicts between the cab driver's position as a dispenser of a public service and his needs as a working person subjected to violence and pressure. It is difficult to imagine a more enjoyable introduction to an industry whose members are a folk tradition. At the same time, this book provides insight into the history and sociology of an important urban institution. It is a book about cab drivers everywhere; and cab drivers and fares in all cities have a new handbook in this volume.

confessions of a taxi driver: Criminal Justice in China Mike McConville, 2011-01-01

.Criminal Justice in China is the most comprehensive work to date on the functioning of China's criminal justice system. This book is essential reading for anyone who wants to understand any aspect of the system. There are important insights on virtually every page, including in depth study of the role of police, procuracy, courts, and defense lawyers. The book will be of value to anyone interested in governance in China.'
