The picture uses characters from Alexandre Dumas's D'Artagnan Romances and is very loosely adapted from some plot elements of his 1847-1850 novel *The Vicomte de Bragelonne*. The film centers on the aging four musketeers, Athos, Porthos, Aramis, and D'Artagnan, during the reign of King Louis XIV and attempts to explain the mystery of the Man in the Iron Mask, using a plot more closely related to the flamboyant 1929 version starring Douglas Fairbanks, *The Iron Mask*, and the 1939 version directed by James Whale, than to the original Dumas book. Like the 1998 version, the two aforementioned adaptations were also released through United Artists.

man the iron mask: The Man in the Iron Mask Roger Macdonald, 2005-11-15 Alexandre Dumas said that his famous Three Musketeers never existed, but Athos, Aramis and Porthos were flesh and blood. Their supposedly fictional duel with Cardinal Richelieu's guards actually took place in 1640 and Charles d'Artagnan, a teenager on his first day in Paris, fought alongside the Musketeers. According to Oxford historian Macdonald, several other elements of the tale are also based in fact — the Cardinal's agent, Milady de Winter, really was an English aristocrat, and against all odds, the country boy without influence, d'Artagnan, did succeed in becoming Captain of the King's

Musketeers, the only man whom Louis XIV could trust to arrest his over-mighty minister, Fouquet. It was d'Artagnan who escorted Fouquet to the feared Alpine fortress of Pignerol, wherein lived the most mysterious of all prisoners, the Man in the Iron Mask. Macdonald has spent five years unraveling fact from fiction to reveal the true story of the Musketeers and their link with the Man in the Iron Mask. It is a reality more extraordinary than anything Dumas could devise. Honor and heroism, betrayal and intrigue, are set amidst the lust, jealousy, and deadly poisons that made the Sun King's court a world of glittering paranoia.

It is easy to forget that this story, made famous by Alexandre Dumas, is that of a real person, Eustache Danger, who spent more than thirty years in the prison system of Louis XIV's France—never to be freed. This narrative brings to life the true story of this mysterious man and follows his journey through four prisons and across decades of time. It introduces the reader to those with whom he shared his imprisonment, those who had charge of him, and those who decided his tragic fate. man the iron mask: *The Man in the Iron Mask (Unabridged)* Alexandre Dumas, 2019-06-17 The Man in the Iron Mask continues the tale of our four heroes from The Three Musketeers, Dumas's wildly popular introduction to the mischievous Musketeers - D'Artagnan, Aramis, Porthos, and Athos. In this dark sequel, we track their lives many years after the prodigious moment when

D'Artagnan receives a commission to be a lieutenant in the Musketeers. We find in *The Man in the Iron Mask* that things have changed quite a bit from the seeming happy days of swashbuckling adventures. The story opens at the famous French prison known as the Bastille. A priest named Aramis - a former Musketeer - is sitting in a cell with a prisoner. It seems that Aramis is at the prison to hear the man's confession. The prisoner, however, doesn't have anything to confess, because his only crime is being the King of France's twin brother. Aramis happens to be one of the few people in France who knows this secret. Aramis wastes no time in putting together a plan to free this prisoner and swap him for the legitimate king. Once the former prisoner becomes king, Aramis hopes to be rewarded by being appointed adviser to the King, prime minister, or even pope. Meanwhile, let's get up to speed on the situation with the real King. We have a colorful cast of characters at court. There's King Louis's mother, Anne of Austria, his younger brother (known as Monsieur, with a capital 'M'), his wife Maria Theresa, and his mistress, a woman named La Valliere. Then there's the Superintendent of Finances, a man by the name of Fouquet, who's throwing a party at Vaux in an attempt to ingratiate himself with the King. Among those who would like to see Fouquet swimming with the fishes is a man named Colbert, the Minister of Finances. To round off courtly life, we have D'Artagnan, captain of the King's Musketeers.
