

stephen fry the liar

Stephen Fry the Liar

Stephen Fry is a celebrated British actor, comedian, writer, and broadcaster whose wit and intelligence have captivated audiences worldwide. However, among the many facets of his career lies a lesser-known aspect that intrigues many fans and critics alike: the concept of "Stephen Fry the Liar." This phrase can refer to various elements of his storytelling style, his playful use of language, or even his role in projects that involve deception or myth-making. In this article, we explore the multifaceted nature of Stephen Fry as a storyteller, examining how he masterfully blurs the lines between truth and fiction, his contributions to literature and media that involve storytelling, and the cultural impact of his imaginative narratives.

Understanding Stephen Fry the Liar: The Art of Storytelling and Deception

The Nature of Fry's Narrative Style

Stephen Fry's storytelling is renowned for its wit, intelligence, and depth. He often employs humor and satire to engage audiences, but there is also a playful element of misdirection—what might be seen as "lying" in a metaphorical sense. Fry's narratives frequently involve:

- Myth-making and reinterpretation of historical facts
- Use of satire to challenge societal norms

- Playing with language to create clever twists
- Incorporating personal anecdotes that blur the line between fact and fiction

This approach demonstrates Fry's mastery in weaving stories that entertain while prompting viewers and listeners to think critically about the nature of truth.

Fry's Role in Literature and Media

Fry's literary works and media projects often showcase his ability to craft compelling stories that contain elements of fiction and reality. Notable examples include:

1. **Mythos and Heroes:** His retellings of Greek myths, which are rich with creative embellishments and humorous reinterpretations.
2. **The Liar (Novel):** A novel by Fry himself that explores themes of deception, truth, and storytelling, reflecting his fascination with lies as a narrative device.
3. **Documentaries and Radio Shows:** Programs like "Stephen Fry's Victorian Secrets" and "The Rest Is History," where he often explores historical myths and legends, sometimes questioning their veracity.

Through these works, Fry demonstrates that storytelling often involves a delicate balance between fact and fiction, with "lying" serving as a tool for artistic expression rather than deceit.

Stephen Fry and the Concept of the 'Liar'

The Liar in Literature and Culture

The idea of a "liar" has long been a literary and cultural archetype. From the trickster figures of mythology to the satirical writers of history, lying or deception is often used to reveal deeper truths.

Fry's engagement with this concept can be seen in:

- His self-awareness about the nature of storytelling
- His humorous acknowledgment that all narratives contain elements of exaggeration or invention
- His advocacy for the power of stories to challenge perceptions of reality

Fry's playful relationship with the idea of lying underscores the importance of critical thinking and the recognition that stories are sometimes more about meaning than literal truth.

Fry's Personal Philosophy on Truth and Lies

Stephen Fry has spoken openly about his views on truth, honesty, and deception. He believes that:

1. Stories—whether true or fictional—have the power to educate and inspire.
2. Some lies are necessary to protect others or to create art that resonates emotionally.
3. The distinction between truth and fiction is often blurred, especially in storytelling, where the goal is to evoke understanding rather than factual accuracy.

This philosophy aligns with his work as a writer and performer, emphasizing that the "liar" in Fry may be more about the creative process than moral failing.

Impact of Stephen Fry's "Liar" Persona on Popular Culture

Influence on Modern Storytelling

Fry's playful manipulation of facts and his emphasis on storytelling as an art form have influenced contemporary writers, comedians, and broadcasters. His approach encourages audiences to:

- Question the reliability of sources
- Appreciate the artistry behind narratives
- Recognize the entertainment value in bending the truth

This shift in perspective fosters a more nuanced understanding of the stories we consume daily.

Fry's Role in Promoting Critical Thinking

By often blurring the lines between fact and fiction, Fry advocates for critical engagement with information. His work inspires audiences to:

1. Investigate the origins of stories and claims
2. Develop a healthy skepticism of unverified information
3. Appreciate the creative and cultural significance of myths and legends

In doing so, Fry positions himself as a "liar" not in the pejorative sense but as a master storyteller and cultural critic.

Conclusion: The Enduring Legacy of Stephen Fry the Liar

Stephen Fry's multifaceted career exemplifies the art of storytelling in its many forms. Whether as a novelist, comedian, broadcaster, or cultural commentator, Fry embraces the playful and provocative potential of "lying" as a tool to entertain, educate, and provoke thought. His work reminds us that stories—no matter how fantastical—can reveal profound truths about human nature and society. As fans and critics continue to explore his contributions, the phrase "Stephen Fry the Liar" becomes a badge of honor that celebrates his mastery in navigating the complex interplay between fact and fiction. Ultimately, Fry's legacy demonstrates that storytelling is not only about conveying facts but about shaping understanding through imagination, humor, and insight.

Frequently Asked Questions

Stephen Fry the Liar: An In-Depth Exploration of the Master Storyteller's Craft

When delving into the world of contemporary storytelling, few figures stand out quite like Stephen Fry, a man whose wit, intelligence, and narrative prowess have captivated audiences worldwide. The phrase Stephen Fry the Liar encapsulates not only his artistic talent but also his ability to craft stories that blur the lines between truth and fiction, leaving audiences questioning reality while thoroughly entertained. This review aims to explore Fry's storytelling style, his notable works, and the unique qualities that make him a master storyteller often described as "the liar" in the most affectionate sense.

Understanding Stephen Fry as a Storyteller

The Art of Lying and the Power of Storytelling

Stephen Fry's reputation as "the liar" springs from his exceptional talent for storytelling—an art that involves embellishing facts, weaving complex narratives, and creating worlds that feel convincingly real, even when they are fabricated. Unlike traditional liars, Fry's "lies" serve a purpose: to entertain, educate, or provoke thought. His stories often carry layers of meaning, revealing insights into human nature, philosophy, and society.

Fry's storytelling is characterized by:

- A rich vocabulary and linguistic mastery
- A keen sense of humor and wit
- Deep philosophical and cultural references
- An ability to evoke emotion and curiosity

This combination makes his stories memorable, engaging, and sometimes provocative—a hallmark of the “liar” who knows how to manipulate narrative for maximum effect.

Major Works and Their Impact

Books and Memoirs

Stephen Fry has authored numerous books, many of which showcase his storytelling prowess.

Notably:

- “Mythos” (2017) – A retelling of Greek mythology, Fry reimagines ancient tales with humor, modern insights, and lyrical prose.
- “Heroes” (2018) – Continues the mythological series, focusing on Greek heroes with Fry's characteristic wit.
- “Troy” (2020) – Explores the story of Troy with a blend of historical research and creative storytelling.

Features:

- Adaptation of complex myths into accessible narratives

- Use of humor and irony to deepen engagement
- Extensive research combined with creative license

Pros:

- Makes mythology engaging for a broad audience
- Demonstrates Fry's linguistic agility and storytelling depth
- Combines education with entertainment

Cons:

- Some purists may find his creative liberties too loose
- His humorous tone may not suit all readers seeking pure academic texts

Television and Radio

Fry's contributions extend beyond books. His work in television and radio, including the iconic quiz show "QI," showcases his talent for storytelling through visual and spoken mediums.

Highlights:

- The "QI" series, which explores obscure facts with wit and humor
- Documentaries like "Stephen Fry in America," where Fry narrates his journeys across the United States, blending travelogue with cultural commentary

Features:

- Engaging narration style
- Ability to make complex topics accessible and entertaining
- Use of humor to maintain viewer interest

Pros:

- Wide appeal across diverse audiences
- Demonstrates Fry's versatility and storytelling range
- Combines education with entertainment effectively

Cons:

- Some episodes may lean heavily on humor at the expense of depth
- Narrative pacing can sometimes feel uneven

Thematic Elements in Fry's Stories

Humor and Wit

Fry's storytelling is renowned for its humor. Whether recounting personal anecdotes or retelling mythological tales, his wit shines through, making even complex or dark themes accessible.

Philosophy and Intellectual Curiosity

Fry often infuses his stories with philosophical musings, encouraging audiences to think deeply about morality, existence, and human nature. His "liar" persona is not merely for deception but for provoking thought.

Historical and Cultural Insight

His stories are rich with historical detail, offering context and commentary that deepen understanding. This adds layers to his “lies,” transforming them into educational tools.

Pros and Cons of Stephen Fry’s “Liar” Persona

Pros:

- Masterful storytelling that captivates and educates
- Ability to blend fact, fiction, humor, and philosophy seamlessly
- Engages audiences across multiple mediums
- Encourages critical thinking through layered narratives
- Charismatic personality that enhances storytelling

Cons:

- His “liar” persona may lead to skepticism or confusion among some audiences
- Creative liberties can sometimes overshadow factual accuracy
- Not all stories resonate equally; some may find his humor or tone off-putting
- His style may be seen as too whimsical or esoteric for those seeking straightforward information

Why Stephen Fry Continues to Enchant and Inspire

Fry's talent as "the liar" lies in his ability to construct compelling narratives that challenge perceptions, entertain, and inspire. His stories demonstrate that truth can be malleable and that storytelling is a powerful tool for understanding the world. His playful approach encourages audiences to question what they see and hear, fostering a healthy skepticism while delighting in the artistry of his craft.

Moreover, Fry's dedication to intellectual pursuits and his passion for literature, history, and philosophy shine through in every story he tells. His "liar" persona is a testament to the idea that storytelling is an art form—one that requires creativity, responsibility, and a sense of fun.

Conclusion

In summary, Stephen Fry the Liar is more than just a nickname; it encapsulates a master storyteller who expertly navigates the delicate balance between truth and fiction. Whether through his books, television appearances, or public persona, Fry exemplifies the power of narrative to educate, entertain, and provoke thought. His stories are layered, humorous, and intellectually stimulating—qualities that have cemented his status as one of the most influential storytellers of our time.

While some may critique his creative liberties or his playful deception, it is precisely these qualities that make him a captivating figure. Fry reminds us that storytelling is an art form that transcends mere facts, inviting us to explore the many shades of truth through the lens of imagination and wit. Whether you see him as a master liar or a brilliant raconteur, one thing is certain: Stephen Fry's stories leave a lasting impression, inspiring us to think, laugh, and question the world around us.

Stephen Fry The Liar

stephen fry the liar: The Liar Stephen Fry, 2014-11-11 Stephen Fry's breathtakingly outrageous debut novel is by turns eccentric, shocking, brilliantly comic and achingly romantic. Adrian Healey loves to lie. He does it all the time. Every minute, every moment. And worse, he does it wonderfully, imaginatively, brilliantly. He lies to buck the system, to express his contempt for convention, but mostly because he just plain likes to. It's fun; it's high camp. He invents a lost pornographic novel by Charles Dickens, and for himself a career as a Piccadilly rent boy hireable by the hour. But Adrian's lies eventually bring realworld danger, as he finds himself caught up in the machinations of a shadowy network that puts his own life at risk. A dazzling, outrageous first novel that has delighted liars everywhere.

stephen fry the liar: The Cultural Analysis of Texts Mikko Lehtonen, 2000-09-05 Drawing upon a range of perspectives from textual and cultural studies, this book synthesizes textual, contextual and audience analysis into an overall picture of meaning making. Using examples ranging from Balzac to blonde jokes, modernist poetry to pop lyrics, the book discusses the factors that contribute to the formation of meaning: language, media, texts, contexts and readers. In the cultural study of texts - texts, contexts and practices - are equally important, the author argues. Meaning making takes place in the articulation between these different elements. But how can one examine all three areas at the same time? In *The Cultural Analysis of Texts*, Mikko Lehtonen develops a model to enable just such an approach.

stephen fry the liar: Soupy Twists! Jem Roberts, 2018-09-06 This first ever, officially authorised biography of Fry & Laurie takes us on their journey from insecure Footlighters to international comedy heroes. It is the tale of a true friendship, a deep affection between two very funny men which has long been reflected back from an adoring public. Jem Roberts, acclaimed chronicler of *Blackadder* and *The Hitchhiker's Guide to the Galaxy*, covers everything from the excitement of being the first Perrier Award winners with *The Cellar Tapes* to the terrors of performing on *Saturday Live*, the collaborative warfare of *Blackadder* and the ultimate depiction of Wodehouse's most inimitable characters, Jeeves & Wooster. Beyond this, the trials and tribulations of their remarkable subsequent separate career paths, from *QI* to *House*, will be explored for the first time. With tantalising, never-before-seen titbits from the A Bit of Fry & Laurie archive, and interviews with Emma Thompson, Richard Curtis, John Lloyd and more, this history of Fry & Laurie is an overdue celebration, paying tribute to a legacy of laughter from one of the funniest double acts of all time.

stephen fry the liar: The Story of Rena Stewart Victoria Walsh, 2025-07-12 Soldier, journalist and centenarian: a triple badge of honour, especially for a woman. Introducing Rena Stewart (1923–2023), a remarkable, 100-year-old Bletchley Park Girl who translated Hitler's will and blazed a trail for women at the BBC. *The Story of Rena Stewart* narrates Rena's fascinating tale, in her own words, and is a testament to a life that was seriously well lived. On graduating from St Andrews University in 1943, Scottish linguist Rena and her friend Agnes decided to "do something about the war". They signed up for the Auxiliary Territorial Service and were posted to Bletchley Park, where Rena processed secret German messages. At the end of the war, Rena and her Bletchley chums were sent to Germany, to translate the statements of captured Nazi officers. There, she and another friend, Margery, were also given a top-secret task: to translate Hitler's personal will. Career woman Rena had, however, always wanted to work in the media. On her return to England, she managed to secure a position as a lowly clerk at the BBC World Service. She worked her way up from there, including spending ten years listening in to Russian Cold War broadcasts. Finally, she became the first female Senior Duty Editor in the World Service newsroom. "My greatest achievement," she declared with pride, "has been getting people to recognise that a woman can be as good a journalist as a man". Alongside Rena's story, this book delves into the lives of her closest Bletchley friends and uncovers intriguing historical mysteries from her remarkable century of life.

stephen fry the liar: *Grammatically Correct* Anne Stilman, 2010-07-07 How does good writing stand out? If its purpose is to convey facts, findings, or instructions, it need be read only once for its content to be clear. If its purpose is to entertain or to provoke thought, it makes readers want to come back for more. Revised and updated, this guide covers four essential aspects of good writing: • Individual words - spelling variations, hyphenation, frequently confused homonyms, frequently misused words and phrases, irregular plurals and negatives, and uses of capitalization and type style to add special meanings • Punctuation - the role of each mark in achieving clarity and affecting tone, and demonstration of how misuses can lead to ambiguity • Syntax and structure - agreement of subject and verb, parallel construction, modifiers, tenses, pronouns, active versus passive voice, and more • Style - advice on the less hard-and-fast areas of clarity and tone, including sentence length and order, conciseness, simplification, reading level, jargon and clichés, and subtlety Filled with self-test exercises and whimsical literary quotations, *Grammatically Correct* steers clear of academic stuffiness, focusing instead on practical strategies and intuitive explanations. Discussions are designed to get to the heart of a concept and provide a sufficient sense of when and how to use it, along with examples that show what ambiguities or misinterpretations might result if the rules are not followed. In cases where there is more than one acceptable way to do something, the approach is not to prescribe one over another but simply to describe the options. Readers of this book will never break the rules of language again - unintentionally.

stephen fry the liar: *British Novelists Since 1960* Merritt Moseley, 1999 Contains biographical sketches of representative British novelists whose work began to appear roughly around 1960.

stephen fry the liar: *Audiobooks as Artifacts* David Seinberg, 2024-06-19 Their ever-evolving popularity notwithstanding, audiobooks remain a rather undertheorized phenomenon. The prevailing handful of existing studies seem to have adopted an inherently historicist approach, which fails to identify and scrutinize their aesthetic importance. Thus, rather than regarding them as mere recorded 'versions' of existing literary works, this book explores them as the unique products of a hitherto undefined artistic genre. As performance-based aural artefacts, the very act of listening to them is rendered an aesthetic experience in its own right. By effectively embracing an interdisciplinary approach and introducing a set of aesthetic questions and philosophical conundrums (ignited by a paradigmatic application of the New Institutional Theory of Art), this study establishes a new aesthetic category—which, in turn, not only classifies audiobooks as artworks to all intents and purposes, but also generates the criteria and parameters for evaluating their merit. Since the proof of the proverbial pudding is purportedly in the eating, in surveying a series of concrete case studies—each highlighting different degrees of complexities—this study mainly examines first-person narratives as the most natural medium for the aesthetics of the audiobook. As such, the investigation herein provides one with comparative close listenings, appropriately analyzing and debating their aesthetic properties. Finally, in exploring what this study identifies as one's informed intuition and its role in the craft of casting audiobooks, this study also proposes a new understating of how aesthetic appreciation works in action.

stephen fry the liar: *Fiction and Metaphysics* Amie L. Thomasson, 1999 This challenging study places fiction squarely at the centre of the discussion of metaphysics. Philosophers have traditionally treated fiction as involving a set of narrow problems in logic or the philosophy of language. By contrast Amie Thomasson argues that fiction has far-reaching implications for central problems of metaphysics. The book develops an 'artifactual' theory of fiction, whereby fictional characters are abstract artifacts as ordinary as laws or symphonies or works of literature. By understanding fictional characters we come to understand how other cultural and social objects are established on the basis of the independent physical world and the mental states of human beings.

stephen fry the liar: *The Alternative Hero* Tim Thornton, 2009-07-21 In this comic, wildly energetic first novel, Clive Beresford is a failed music fanzine writer in his early thirties who fears that his best days are behind him. The turning point came when Lance Webster, the lead singer of Thieving Magpies, the band that Clive is obsessed with, self-destructed on stage right before his

eyes. Years later, Clive has discovered that Lance has moved in down the block. Desperate to meet him, but more desperately nervous, Clive concocts an ill-advised, alcohol-fueled scheme to befriend Lance and land an "earth-shattering exclusive" interview that will revive both their careers. With the story shifting between Clive's life-changing Magpies past and his frantic present, Tim Thornton has written a warmhearted, uproarious view of friendship, hero worship, and the full-blast power of music.

stephen fry the liar: Cambridge Martin Garrett, 2004 Travel & holiday guides.

stephen fry the liar: A Literary History of Cambridge Graham Chainey, 1995-07-27 A new edition of the first full account of Cambridge's rich literary associations over five centuries.

stephen fry the liar: Some Joe You Don't Know Anthony Slide, 1996-01-23 Americans have been watching and enjoying British television programming since the mid-1950s, but the information on the personalities involved is difficult, if not impossible, to find in the United States. This guide provides biographical essays, complete with bibliographies, on 100 of the best known and loved actors and actresses from Richard Greene (Robin Hood) and William Russell (Sir Lancelot) in the 1950s through stars of Masterpiece Theatre, including Robin Ellis and Jean Marsh, to the new generation of British comedy performers such as Alexei Sayle and Jennifer Saunders. Not only are serious dramatic actors and actresses, such as Joan Hickson and Roy Marsden, to be found here, but also the great comedy stars, including Benny Hill and John Inman. Among the many shows discussed in the text are Absolutely Fabulous; You Being Served?; Dad's Army; Doctor Who; ; Fawlty Towers; The Good Life; The Jewel in the Crown; Poldark; Rumpole of the Bailey; Upstairs, Downstairs; and Yes, Minister. The guide offers not only factual information but also samplings of contemporary critical commentary and in-depth interviews with Terence Alexander, Richard Briers, Benny Hill, Wendy Richard, Prunella Scales, and Moray Watson. This is a reference source that also serves as fascinating entree into the wonderful world of British television, one that is as fun to browse as it is to use for factual documentation.

stephen fry the liar: History of Medicine Jacalyn Duffin, 2010-01-01 Jacalyn Duffin's History of Medicine has for ten years been one of the leading texts used to teach medical and nursing students the history of their profession. It has also been widely used in history courses and by general readers. An accessible overview of medical history, this new edition is greatly expanded, including more information on medicine in the United States, Great Britain, and in other European countries. The book continues to be organized conceptually around the major fields of medical endeavor such as anatomy, pharmacology, obstetrics, and psychiatry and has grown to include a new chapter on public health. Years of pedagogic experience, medical developments, and reader feedback have led to new sections throughout the book on topics including bioethics, forensics, genetics, reproductive technology, clinical trials, and recent outbreaks of BSE, West Nile Virus, SARS, and anthrax. Up to date and filled with pithy examples and teaching tools such as a searchable online bibliography, History of Medicine continues to demonstrate the power of historical research to inform current health care practice and enhance cultural understanding.

stephen fry the liar: My Double Life 2 Nicholas Hagger, 2015-06-07 In My Double Life 1 Nicholas Hagger told of his four years' service and double life as an undercover British intelligence agent during the Cold War (there revealed for the first time). Lost in a dark wood like Dante following his encounters with Gaddafi's Libya and the African liberation movements, he found Reality on a 'Mystic Way' of loss, purgation and illumination, perceived the universe as a unity and had 16 experiences of the metaphysical Light. In My Double Life 2 he continues the story. He received new powers, coped with fresh ordeals, acquired three schools, renovated a historic house, and had 76 further experiences of the metaphysical Light. He founded a new philosophy of Universalism and new approaches to contemporary history, international statecraft and world literature. He produced nearly 1,500 poems, over 300 classical odes, five verse plays, two poetic epics, over a thousand short stories - and 40 books that include innovative literary, historical and philosophical works. His vision of Universalism in seven disciplines is like a rainbow with seven bands overarching seven hills. He produced nearly 1,500 poems, over 300 classical odes, five verse

plays, two poetic epics, over a thousand short stories – and 40 books that include innovative literary, historical and philosophical works. His vision of Universalism in seven disciplines is like a rainbow with seven bands overarching seven hills.

stephen fry the liar: Selected Letters Nicholas Hagger, 2021-10-29 Nicholas Hagger's literary, philosophical, historical and political writings are innovatory. He has set out a new approach to literature that combines Romantic and Classical outlooks in a substantial literary oeuvre of 2,000 poems including over 300 classical odes, two poetic epics, five verse plays, three masques, two travelogues and 1,200 stories. He has created a new philosophy of Universalism that focuses on the unity of the universe and humankind and the interconnectedness of all disciplines, and challenges modern philosophy. He has presented an original historical view of the rise and fall of civilisations, and proposed – and detailed – a limited democratic World State with the power to abolish war and solve all the world's problems. *Selected Letters* draws together those of his letters (written over 60 years) that aid the interpretation and elucidation of his works. Many of his correspondents are well-known figures within literature, philosophy, history and international politics, and Hagger is in the footsteps of Alexander Pope in editing his own letters, which are in the tradition of Pope, Wordsworth, Keats, T.E. Lawrence, Ezra Pound and Ted Hughes (one of his correspondents). They throw light on all aspects of Hagger's vast output, and are required reading for all interested in following the growth of his Universalism, his literary development and his innovatory approach to universal truth. NICHOLAS HAGGER is a poet, man of letters, cultural historian and philosopher. He has lectured at universities in Iraq, Libya and Japan, where he was a Professor of English Literature. He has written 54 books. These include an immense literary offering, most recently *King Charles the Wise* and *Visions of England* (both also published by O-Books), and innovatory works within history, philosophy and international politics and statecraft. His archive of papers and manuscripts is held as a Special Collection in the Albert Sloman Library at the University of Essex. In 2016 he was awarded the Gusi Peace Prize for Literature, and in 2019 the BRICS silver medal for 'Vision for Future'.

stephen fry the liar: *Get Real* Sarah Ivens PhD, 2021-08-31 To write a happier life story, you can take control and become the editor of your most important work—you! She pairs the science with powerful stories from her own life, sharing lessons about moving on from family trauma and ending toxic friendships and revealing the ways she stopped comparing herself to others and learned to accept herself without judgment. This book is a gentle and inspiring reminder that it's okay to be yourself—because everyone else really is already taken! Know yourself: understand your goals, boundaries, and relationships Grow yourself: nurture your worth, confidence, and dreams Show yourself: dare to be real and trust your instincts Slow yourself: choose peace and joy over competition and drama

stephen fry the liar: *Forest Therapy* Sarah Ivens, 2018-09-04 From a bestselling author, a guide to building a happier life by connecting with nature—without having to go too far the comfort of your own home. Perfect for fans of *The Nature Fix* and *The Little Book of Hygge*. Research shows that spending time outside can improve your immune system, combat stress hormones, lower blood pressure, and boost self-esteem. Yet everyday life prevents us from connecting with the outdoors. *Forest Therapy* shares why getting back to nature is critically important for our well-being, and offers fun, easy practices to break out of hibernation. Addressing all four seasons, *Forest Therapy* offers inspiration for utilizing the power of nature to deepen your relationships with family, friends, and, most importantly, yourself. From a simple walk in the woods to DIY natural beauty products, this charming, illustrated guide will help improve your health and happiness—so you can live your best life out in the open air.

stephen fry the liar: *Happy Daft* David Willmott, 2011-06-01 Description Life for some is torture and suffering. David has suffered. This book is about David's recovery and documents his

rise from a life of addiction to sleeping pills (diazepam), intense depression and suicide attempts. David has been in and out of hospital, experiences that would have ruined a lesser person but that have only served to make him stronger. Anybody who has experience of mental illness will find resonance in this book, it is emotional and dark but ultimately it's a tale of recovery. About the Author David Wilmott was born in 1956, to a catholic family. One of seven children, he grew up in Bedfordshire. At the age of thirteen David left school to train as a priest in St. Albans. David was an exceptional footballer and was expected to become a professional but instead he opted to take up the hippy lifestyle. David became addicted to amphetamine at an early age and was admitted to an institution at the age of 16 after overdosing, David subsequently spent much of his teens in and out of hospitals as he battled his addiction. During this time David almost died from Hepatitis B and suffered many overdoses. Having conquered his addictions in his twenties, David worked in various sales positions before setting up his own business, a recording studio, in an old hat factory in Luton! After the eventual failure of his business (due to a series of burglaries) and his divorce David suffered a breakdown and became addicted to prescription tranquilisers. He eventually moved to live with his parents in Kendal where, after one suicide attempt, he met his second wife. His second marriage also ended in divorce under the strain of his depression. David now lives next-door to his wife and six of his eight children. Currently David is unable to work, has no appetite or energy and suffers from extreme mood swings. David has lost all faith in adults and as he puts it 'society's (post Thatcher) shallow and sad vested interests and general greed for all things' he hopes his book will help people to understand that life is not all about attainment and fulfilment through greed, thus helping to right some of society's wrongs. Review It is a very, very wonderful book. It is still so painful and personal (and I am in awe of your courage in publishing it), it is probably one of the most moving things I have ever read. I am more than a little impressed with how you manage to cope with all the things you do. And what comes over more than anything is the vast amount of love you have inside and are able to give. This is - very obviously - your love for your family (children first and most, quite rightly), but also your love for friends, colleagues and unempowered humanity generally. I always thought you were one of the good guys, and now I know it. Through all your misery of depression and associated problems (not to mention your poor arse, of course) there shines a huge and dazzling light of wit, charm, intellect, compassion, generosity and understanding. These are all facets of a person I value most highly and I am gobsmacked by your ability (yeah, I know it's often stretched beyond breaking) to keep hold of them. Yes - you do! It is a privilege to know you. Thank you for the book. Do another. - By Tony Cooke, local health worker
