alice in wonderland pop up: Expanding Adaptation Networks Kate Newell, 2017-05-22 This book addresses print-based modes of adaptation that have not conventionally been theorized as adaptations—such as novelization, illustration, literary maps, pop-up books, and ekphrasis. It discusses a broad range of image and word-based adaptations of popular literary works, among them *The Wizard of Oz*, *Alice in Wonderland*, *Daisy Miller*, *The Strange Case of Dr. Jekyll and Mr. Hyde*, *Moby Dick*, and *Adventures of Huckleberry Finn*. The study reveals that commercial and franchise works and ephemera play a key role in establishing a work's iconography. Newell argues that the cultural knowledge and memory of a work is constructed through reiterative processes and proposes a network-based model of adaptation to explain this. Whereas most adaptation studies prioritize film and television, this book's focus on print invites new entry points for the study of adaptation.

alice in wonderland pop up: The Golden Hour T. Greenwood, 2023-01-24 A compelling and evocative novel with an unsettling question at its heart, *The Golden Hour* from acclaimed author T.

Greenwood explores the power of art to connect, to heal, and to reveal... On a spring afternoon long ago, thirteen-year-old Wyn Davies took a shortcut through the woods in her New Hampshire hometown and became a cautionary tale. Now, twenty years later, she lives in New York, on the opposite side of a duplex from her ex, with their four-year-old daughter shuttling between them. Wyn makes her living painting commissioned canvases of birch trees to match her clients' furnishings. But the nagging sense that she has sold her artistic soul is soon eclipsed by a greater fear. Robby Rousseau, who has spent the past two decades in prison for a terrible crime against her, may be released based on new DNA evidence—unless Wyn breaks her silence about that afternoon. To clear her head, refocus her painting, and escape an even more present threat, Wyn agrees to be temporary caretaker for a friend's new property on a remote Maine island. The house has been empty for years, and in the basement Wyn discovers a box of film canisters labeled "Epitaphs and Prophecies." Like time capsules, the photographs help her piece together the life of the house's former owner, an artistic young mother, much like Wyn. But there is a mystery behind the images too, and unraveling it will force Wyn to finally confront what happened in those woods—and perhaps escape them at last.
