daily express sunday crossword: Taking London Martin Dugard, 2024-06-11 From Martin Dugard, #1 New York Times bestselling coauthor of Bill O'Reilly's Killing series—with more than 12 million copies sold—comes a soaring account of England's desperate fight to fend off German invasion. Great Britain, summer 1940. The Battle of France is over. The Battle of Britain is about to begin. Adolf Hitler's powerful armies control Europe. England stands alone against this juggernaut, the whole world knowing it is only a matter of time before Nazi Germany unleashes its military might on the island nation. And in London, a new prime minister named Winston Churchill is determined to defeat the Nazi menace, no matter the costs. Luckily for Churchill, one quirky Englishman has seen the future. Air Vice-Marshal Hugh Dowding is head of the Royal Air Force Fighter Command. He has spent years preparing his nation's aerial defenses, utilizing the new technology of radar, training hundreds of hand-picked young pilots, and overseeing the design and purchase of the world's most up-to-date fighter aircraft. In time, the names Spitfire and Hurricane will become iconic, these airplanes synonymous with a David versus Goliath struggle between the RAF and German Luftwaffe. For the first time in history, the battlefield will not be on land or in water but entirely contested in the skies above. Nazi victory depends upon their overwhelming air power, and the fate of not just the British people but all of Western Civilization hinges on a small group of elite pilots stopping this onslaught—a band of brothers who will go down in history as the Few. Taking London puts the reader inside the action, bringing to life the personal sagas of Churchill, Dowding, and legendary fighter pilots like Peter Townsend, Geoffrey Wellum, Richard Hillary, and American Billy Fiske, all set against the defiant backdrop of wartime London. Told in fast-paced, you-are-there fashion, this third book in the epic Taking series is an indelible portrait of the moment the tide of WWII was turned, and the incredible heroes who made it happen.

He was first posted to 7 Squadron in 1939, at that time flying Whitley bombers but decided to advance himself to become a flight engineer on the new Stirling heavy bomber. He was posted to 15 Squadron at Wyton and completed a full tour that included the famous Lbeck raid, the Thousand Bomber assault on Cologne and the follow up on Essen during which he was almost shot down over Antwerp. In July 1942 he was rested and became an instructor until being posted to 97 Squadron flying Lancasters. On his ninth raid of this tour, 11 August 1943, the aircraft was attacked by a night fighter over Belgium but he successfully baled out and was eventually picked up by the Resistance and handed to an escape line. Eventually the group of evaders was betrayed by a German agent and placed in captivity, ending up in Stalag Luft IV at Mhlberg. During this time he escaped but was eventually recaptured and he was forced to share the growing despair and hardships in late 1944, enduring overcrowding, hunger and cold, until the Russian Army liberated the camp and he was airlifted back to the UK. His post-war career took him to Canada where he was employed on the Avro Arrow project until it was abandoned and he was forced to seek work in the USA. He worked with Boeing until his retirement.

When a young Princess Elizabeth met and fell in love with the dashing Naval Lieutenant Prince Philip of Greece and Denmark, it wasn't without its problems. The romance between the sailor prince and the young princess brought a splash of colour to a nation still in the grip of post-war austerity. When they married in Westminster Abbey in November 1947, there were 3000 guests, including six kings and seven queens. Within five years, as Queen Elizabeth II, she would ascend to the throne and later be crowned in front of millions watching through the new medium of television. As the years went by, there were rumours of marital troubles, fierce debates over how to bring up their children, and they had to deal with family traumas - from scandalous divorces to shocking deaths - in the full glare of the public eye.
