

order of nine angles

Order of Nine Angles is a term that has garnered significant attention within various esoteric and occult circles. Often shrouded in mystery and controversy, the Order of Nine Angles (ONA) is known as a secretive and complex organization that claims to explore and practice a form of spirituality rooted in ancient traditions, modern occultism, and radical philosophical ideas. This article aims to provide a comprehensive overview of the Order of Nine Angles, exploring its origins, beliefs, practices, influence, and the controversies surrounding it. Whether you are a researcher, an enthusiast, or simply curious about the subject, understanding the ONA requires a nuanced approach that considers its multifaceted nature.

Origins and Historical Background of the Order of Nine Angles

Historical Roots and Development

The Order of Nine Angles is believed to have originated in the United Kingdom during the late 20th century, with some claims tracing its ideological roots back to older Western occult traditions. Founded by a figure known as Anton Long, the organization emerged in the 1970s or 1980s, although precise details about its founding remain deliberately obscure. The ONA positions itself as a modern continuation of ancient traditions, blending elements from various occult schools, including Satanism, Hermeticism, and traditional witchcraft.

Key points about its historical development include:

- Founding Era: Late 20th century, primarily in the UK
- Founder: Alleged to be Anton Long, a pseudonymous figure
- Philosophical Foundations: Combining traditional occult practices with innovative, often controversial ideas
- Evolution: The ONA has evolved through various writings, secret initiations, and underground networks

The Mythos and Identity

The ONA constructs a mythos centered around the concept of individual sovereignty, personal empowerment, and the pursuit of radical truth. Its identity is intertwined with notions of chaos, the natural order, and the idea that true spiritual enlightenment involves confronting and overcoming societal taboos and moral constraints.

Core Beliefs and Philosophical Principles

Key Concepts and Ideologies

The Order of Nine Angles espouses a set of beliefs that challenge mainstream religious and moral systems. Some of its core principles include:

1. Individualism and Self-Realization

The ONA emphasizes personal development through rigorous self-discipline and the pursuit of one's true nature. Initiates are encouraged to forge their own spiritual path free from dogma.

2. The Aeon and the Cycles of Time

The organization believes in cyclical eras called "Aeons," each characterized by distinct spiritual and philosophical energies. The current Aeon, often referred to as the "Dark Aeon," is associated with chaos, transformation, and upheaval.

3. The Notion of Sin and Transgression

Unlike traditional religions that emphasize sinfulness, the ONA advocates for deliberate transgression as a means of spiritual awakening. Challenging societal norms is seen as a way to attain higher states of consciousness.

4. The Use of Ritual and Symbolism

Ritual practices are central to ONA philosophy, often involving symbolic acts designed to invoke specific energies or states of mind.

5. The Concept of the "Dark Path"

The path of the initiate involves exploring taboo subjects, embracing chaos, and striving for personal excellence through adversity.

Ethical and Moral Stances

The ONA rejects conventional morality, often promoting an amoral or nihilistic outlook. It advocates for the pursuit of power, knowledge, and self-mastery, regardless of societal taboos or ethical constraints.

Practices and Activities of the Order of Nine Angles

Rituals and Ceremonies

Practitioners of the ONA often engage in rituals that involve:

- Use of symbolic tools and sigils

- Invocation of supernatural entities or archetypes
- Meditation and visualization techniques
- Transgressive acts designed to break societal conditioning

Some rituals are considered highly secretive, with details passed down through initiation or clandestine teachings.

Initiation and Hierarchical Structure

The ONA operates a hierarchical system where members progress through various stages of initiation:

- Novice/Probationer: Entry-level stage, learning basic concepts
- Adept: Advanced practitioners with deeper knowledge
- Master: Senior members responsible for teaching and guiding others

Initiation often involves secret rites, oaths of loyalty, and tests of resolve.

Community and Publications

The organization disseminates its teachings through:

- Online forums and websites
- Published writings, including the notorious "Nine Angles" texts
- Underground networks that facilitate meetings and rituals

While open to outsiders, much of the core knowledge remains secretive and accessible only to initiated members.

Influence and Spread of the Order of Nine Angles

Impact on Modern Occultism and Satanism

The ONA has significantly influenced contemporary occult movements, especially those that emphasize individualism and anti-mainstream ideologies. Its writings and ideas have inspired various groups and individuals who pursue radical spiritual paths.

Some ways the ONA has impacted include:

- Promoting the idea that chaos and darkness are sources of power
- Challenging traditional religious dogmas
- Encouraging radical self-expression and transgression

Presence in Pop Culture and Internet

In recent years, the ONA has gained notoriety through internet forums, social media, and discussions within alternative spirituality communities. Its provocative ideas and secretive reputation have fueled curiosity and controversy.

Controversies and Criticisms

The organization has been associated with:

- Allegations of promoting violence or extremism
- Involvement in criminal activities by some individuals claiming affiliation
- Criticism for its perceived nihilism and rejection of moral standards

It is important to distinguish between the organization's theoretical teachings and actions of individuals.

Legal and Ethical Considerations

Legal Status

The legality of the ONA varies by jurisdiction. While the organization itself claims to focus on spiritual practices, some of its members have been linked to criminal acts, leading to scrutiny by law enforcement agencies.

Ethical Debates

The radical ideas promoted by the ONA provoke ethical debates about freedom of belief, the limits of occult practices, and the potential for misuse of esoteric knowledge.

Conclusion: Understanding the Complexity of the Order of Nine Angles

The Order of Nine Angles is a complex and controversial entity within the realm of occultism. Its combination of esoteric philosophy, ritual practice, and radical ideas has made it both influential and polarizing. Whether viewed as a genuine spiritual path or a provocative subculture, understanding the ONA requires careful analysis and awareness of its historical context, core beliefs, and the controversies it engenders.

For those interested in exploring further, it is recommended to approach the subject with an open yet critical mind, recognizing the distinction between symbolic teachings and potentially harmful actions associated with some

members or interpretations.

Frequently Asked Questions

What is the Order of Nine Angles (ONA)?

The Order of Nine Angles (ONA) is a controversial occult group that originated in the UK, known for its esoteric teachings, involvement in Satanism, and promotion of individual spiritual development through unconventional and often provocative practices.

What are the core beliefs of the Order of Nine Angles?

The ONA emphasizes personal sovereignty, the pursuit of knowledge through self-initiation, and the exploration of dark esoteric traditions. It advocates for the development of individual willpower and often incorporates themes of chaos, tradition, and radical individualism.

Is the Order of Nine Angles considered a religious group?

The ONA is not officially classified as a religion; rather, it functions as an occult or esoteric organization with philosophical and spiritual frameworks that resemble a spiritual path or tradition rather than a formal religion.

What controversies are associated with the Order of Nine Angles?

The ONA has been linked to extremist ideologies, including accusations of promoting violence and encouraging illegal activities. Its association with neo-Nazi sentiments and extremist groups has led to widespread criticism and concern.

How has the Order of Nine Angles influenced modern

occultism?

The ONA has impacted contemporary occult practices by popularizing certain esoteric ideas, such as the use of chaos magic, and inspiring a subset of practitioners interested in dark, individualistic spiritual paths. However, its controversial reputation limits mainstream acceptance.

Are there any legal concerns related to the Order of Nine Angles?

Yes, due to allegations of promoting extremist activities and involvement in illegal acts, some individuals associated with or inspired by the ONA have faced legal scrutiny. However, the organization itself claims to be a philosophical and spiritual movement.

How can one learn more about the teachings of the Order of Nine Angles?

Information about the ONA is primarily available through online forums, publications, and texts that are often controversial. Due to its secretive nature and contentious reputation, prospective individuals should approach its materials with caution and critical awareness.

Additional Resources

Order of Nine Angles: An In-Depth Exploration of a Controversial Esoteric Tradition

The Order of Nine Angles (ONA) is a secretive and highly controversial esoteric organization that has garnered significant attention and scrutiny over the past few decades. Rooted in occult practices, philosophical explorations, and a complex mythos, the ONA's influence extends into various underground circles, often sparking debates about its beliefs, activities, and ethical boundaries. Understanding the Order of Nine Angles requires a nuanced examination of its origins, core principles, rituals, and the controversies surrounding it.

Origins and Historical Background of the Order of Nine Angles

Early Foundations

The Order of Nine Angles is believed to have been founded in the early 1960s in the United Kingdom. Unlike many occult groups that focus on public rituals or community engagement, the ONA has maintained a clandestine profile, emphasizing secrecy and individual empowerment. Its origins are often linked to the British occult scene, drawing inspiration from a mixture of Western

esoteric traditions, Satanism, and ancient mythologies.

Mythos and Mythology

At the heart of the ONA's worldview is a complex mythology involving:

- The Dark Gods and primordial entities
- The concept of Lunar and Solar forces
- A focus on personal transformation through esoteric and often controversial practices

This mythos is woven into their rituals, teachings, and organizational structure, creating a layered and sometimes opaque spiritual system.

Core Principles and Philosophy

The Satanic and Gnostic Elements

The Order of Nine Angles combines elements of Satanism with Gnostic ideas, emphasizing:

- The pursuit of personal gnosis (direct spiritual knowledge)
- The rejection of external authority in favor of individual empowerment
- The idea of Self-Deification, or becoming one's own god through mystical practices

The Concept of the "Dark Path"

A hallmark of ONA philosophy is the concept of the Dark Path, which involves:

- Embracing chaos, chaos magick, and personal challenge
- Initiating oneself into esoteric mysteries through rigorous trials
- Developing Willpower and Self-Mastery

This path is often contrasted with more mainstream spiritual or religious traditions, emphasizing a pragmatic, often ruthless approach to spiritual evolution.

Ethical and Political Views

The ONA has faced significant criticism due to alleged adherence to racist, fascist, or ultraconservative ideologies. While the organization publicly claims to focus solely on spiritual matters, some members and affiliated groups have espoused extremist views. However, the core teachings often emphasize individual responsibility rather than collective ideology.

Rituals and Practices

The ONA's rituals are shrouded in secrecy, but some practices have been documented or inferred through research and infiltration reports.

Initiation Ceremonies

- Often involve symbolic acts designed to awaken inner power
- May include elements of meditation, invocation, or symbolic sacrifices
- Focus on personal testing and overcoming fears

Spellcraft and Magick

- Emphasis on chaos magick, using intent and symbolism
- Use of sigils, chants, and ritual tools
- Goal-oriented practices aimed at achieving tangible results

The Nine Angles

The name itself refers to Nine Angles or directions, symbolizing:

- The ninefold path toward enlightenment
- The integration of Nine virtues or principles, such as strength, cunning, and resilience

Organizational Structure and Membership

The ONA operates in a decentralized manner, with individual practitioners often functioning independently. However, it also maintains:

- Cells or small groups that work together on rituals and projects
- An informal hierarchy based on knowledge and experience, rather than formal ranks
- Use of esoteric symbols and coded communications to maintain secrecy

Membership is highly selective, often requiring initiation, demonstration of commitment, and understanding of the group's philosophical underpinnings.

Controversies and Criticisms

Extremist Associations

The ONA has been linked, often tenuously, to:

- Violent ideologies such as neo-Nazism or fascism
- Allegations of encouraging criminal activity, including hate crimes and violence
- The promotion of amoral or dangerous practices

While the organization claims to focus solely on spiritual and philosophical pursuits, critics argue that its teachings can be exploited by individuals with malicious intent.

Legal and Social Reactions

Several countries have scrutinized or banned groups associated with the ONA due to their alleged extremism or incitement of violence. Law enforcement agencies monitor online activities and forums linked to the group for potential threats.

Ethical Concerns

Many occultists and scholars debate whether the ONA's practices are ethically justifiable, especially given reports of ritual abuse, psychological manipulation, or extreme initiatory tests.

The ONA's Influence Today

Despite its clandestine nature, the Order of Nine Angles has influenced:

- The development of modern dark occultism
- The emergence of neo-Nazi and extremist groups adopting similar symbolism and philosophies
- The internet as a platform for disseminating its teachings and recruiting followers

Numerous online forums, websites, and social media accounts attempt to interpret or promote ONA teachings, often sparking controversy and concern.

Critical Perspectives and Academic Analyses

Scholars examining the ONA tend to focus on:

- Its role as a religious or spiritual movement
- Its impact on countercultural and extremist circles
- Its methods of secrecy, symbolism, and influence

Some view it as a modern myth-making phenomenon, blending genuine esoteric practices with mythic storytelling and cultural provocations.

Final Thoughts: Navigating the Complexities

The Order of Nine Angles remains a deeply polarizing subject. For some, it represents a path of personal empowerment and spiritual exploration; for

others, it is associated with dangerous extremism and unethical practices. As with many esoteric traditions, discernment and critical thinking are vital when engaging with its teachings or influence.

Understanding the ONA requires an awareness of its mythology, ritual practices, and cultural context, as well as a cautious approach to the potential risks involved. While it continues to fascinate and repulse in equal measure, its place in the broader landscape of modern occultism underscores the importance of examining secret societies and underground philosophies with both curiosity and skepticism.

Disclaimer: This article aims to provide an objective and comprehensive overview of the Order of Nine Angles for educational and informational purposes. It does not endorse or promote any extremist ideologies or illegal activities associated with the group.

order of nine angles: HOSTIA: Secret Teachings of Order of Nine Angels Order of Nine Angles,

order of nine angles: Encyclopedia of White Power Jeffrey Kaplan, 2000 This volume takes an objective look at the white supremacy movement since WWII in the United States and Europe, and offers entries describing the people, groups, and themes that make up the radical racist right. Some of the entries have been written by movement activists, others by a variety of scholars. The second half of the volume includes primary documents of resources circulated within the movement, each prefaced by Kaplan (American studies, U. of Helsinki, Finland) and placed in historical and scholarly context. The material is at times offensive, but presented in an academic way. Annotation copyrighted by Book News Inc., Portland, OR

order of nine angles: Nation and Race Jeffrey Kaplan, Tore Bjørgo, 1998 The unprecedented growth of hate movements on both sides of the Atlantic is thoroughly explored in this groundbreaking collection of original essays.

order of nine angles: Satanism: A Social History Massimo Introvigne, 2016-08-29 A 17th-century French haberdasher invented the Black Mass. An 18th-century English Cabinet Minister administered the Eucharist to a baboon. High-ranking Catholic authorities in the 19th century believed that Satan appeared in Masonic lodges in the shape of a crocodile and played the piano there. A well-known scientist from the 20th century established a cult of the Antichrist and exploded in a laboratory experiment. Three Italian girls in 2000 sacrificed a nun to the Devil. A Black Metal band honored Satan in Krakow, Poland, in 2004 by exhibiting on stage 120 decapitated sheep heads. Some of these stories, as absurd as they might sound, were real. Others, which might appear to be equally well reported, are false. But even false stories have generated real societal reactions. For the first time, Massimo Introvigne proposes a general social history of Satanism and anti-Satanism, from the French Court of Louis XIV to the Satanic scares of the late 20th century, satanic themes in Black Metal music, the Church of Satan, and beyond.

order of nine angles: Book of the Witch Moon Choronzon Edition Michael W. Ford, 2006-03-01 Presenting the forbidden works of Chaos, Vampiric and Luciferian Sorcery. A grimoire which explores the dark feminine current of HECATE, Witch Moon explores ritual and dream

Lycanthropy, Chaos Sorcery and Luciferian Ritual practice as well as the darksome practice of Vampirism and Predatory Spirituality. The Nine Angles and the Trapezoid workings, inspired by Anton LaVey and presented around the cult of Daeva-Yasna, the persian demon-sorcery of Yatuk Dinoih. Contains the Rituals of Dream, ritual and astral vampirism as an initiatory tool, other Cabalistic workings presenting the Qlipboth. Contains the Grimoire based on Ancient Egyptian Vampirism, LIBER AAPEP, Luciferian Magick practice, The Chaos Cult Workings of Choronzon as Vampire, The Rites of Hecate, the Infernal and Luciferian Sabbat, and the foundations of Satanic practice in Magick.

order of nine angles: Tyberness - Order Of Nine Angles Rachael Stirling, 2019-10 This collection of post-2011 Order of Nine Angles (O9A, ONA, ω9α) texts supplements the two volumes Feond and Baeldraca and like those compilations is intended for (i) those who have an interest in learning about an esoteric tradition with roots in Greco-Roman culture, Hellenistic mysticism, and Renaissance Occultism, and/or (ii) those curious about the Occult philosophy and praxis of the O9A, and/or (iii) those who are already associated with the O9A movement and who aspire to, or have already achieved, the O9A grade of Internal Adept on the O9A Seven Fold Way. The three volumes represent the last word on the O9A insofar as its public personae are concerned as befits the move to O9A phase (iteration) 3. Contents ♦ Preface ♦ O9A: Beyond Satanism? ♦ Evolving Beyond The Original Satanic Paradigm? ♦ Progressive, Traditional, Or Synthesis? ♦ Insight Roles: The Historical And Esoteric Context ♦ Selected Septenary Correspondences ♦ Concerning The Different Versions Of O9A d104s ♦ The Question Of O9A Culling ♦ Culling And The Code of Kindred Honour ♦ Culling: Another Academic Misinterpretation ♦ Empathy in the Esoteric Tradition of the O9A ♦ Fayen, Afsana, Yusra, And The Green Damask Room ♦ Regarding O9A Phase Three ♦ Playing The Sinister Game - A Brief ONA History ♦ The Latin Picatrix, The Arabic Ghayat al-ḥakim, And The O9A ♦ Notes On O9A Ontology And The Ruhaniyyat ♦ Esoteric Philosophy Of The Order Of Nine Angles ♦ On Leaving, Joining, Leadership, and Time ♦ Vindex - Mythos And Logos ♦ Toward The Abyss - A Guide for the Internal Adept ♦ Συνέδριον

order of nine angles: Fighting the Last War Jeffrey M. Bale, Tamir Bar-On, 2024-01-24 The authors argue that the potential threat of a resurgence of fascism has been consistently exaggerated from 1945 until present day; that the ongoing lack of conceptual and definitional clarity with respect to terms like fascism, the radical right, the alt right, white supremacism, populism, racism, etc., has enabled ill-informed or dishonest commentators to distort their meaning and abusively misapply those labels so as to delegitimize their political opponents; and that the political and economic elites in charge of contemporary Western societies are now deliberately exaggerating and exploiting the threat posed by the domestic radical right in order to facilitate vilifying, harassing, de-platforming, censoring, canceling, and repressing disgruntled citizens (no matter where they may lie along the political spectrum) who openly criticize and vigorously oppose their agendas. The authors also advocate the use of well-established scholarly methods for carrying out research on the right and provide precise definitions of various terms in order to facilitate the development of more accurate categorizations.

order of nine angles: Satanism Per Faxneld, Johan Nilsson, 2023 Satanism is a current of thought that generates intense feelings. It remains understudied by academics. This selection of key source texts from the period 1841 to 2017 attempts to remedy that gap. Ranging from the esoteric to the anti-clerical, countercultural, and political, the texts span a wide variety of genres, from poetry and polemical religious tracts to ritual instructions and internet FAQ's. All are provided with comprehensive introductions, written by specialists in the field, that offer readers both critical historical context and expert scholarly interpretation. Chronologically structured, the book can be read as a succinct historical overview of the development of Satanism, with the immediacy that only primary sources can provide. It is ideal for both classroom and research use, as well as a fascinating read for anyone with an interest in the occult, the transgressive, secularization, and the fringes of the religious landscape.

order of nine angles: *Young People and the Far Right* Pam Nilan, 2021-05-10 This book looks at how young people get attracted to the Far Right, especially young white men. We may never know why a young individual ends up there, yet two things are obvious. First, Far Right propaganda appeals to the fantasy imagination and to the emotions. Second, supporting the Far Right is a decision often made by digitally-networked 15-25 year olds looking for answers and wanting to express their anger. However, many later become aware of a yawning gulf between the ideal future they envisioned, and what happens in the here and now. Accounts of the Far Right often focus on terrorist events, plots or extreme acts of violence. However, the emphasis here is on rather ordinary young people and how they get involved in a social movement that promises adventure and belonging. The aim is to better understand how their hate practices are framed and channeled by the persuasive discourse of the Far Right.

order of nine angles: *Encyclopedia of Satanism* James Lewis,

order of nine angles: *The Radical Right During Crisis* Eviane Leidig, 2021-09-21 While the COVID-19 pandemic overshadowed all else and would quickly have a lasting impact on our daily lives, other events related to the radical right in 2020 soon surfaced. From terrorist attacks in Germany and India to anti-mask protests across the U.S. and Europe, radical right violence escalated in the midst of circulating conspiracy theories and disinformation. The yearbook draws upon insightful analyses from an international network of scholars, policymakers, and practitioners who explore the dynamics and impact of the radical right. It explores a wide range of topics including reflections on authoritarianism and fascism, the role of ideology and (counter-)intellectuals, and radical-right responses to the pandemic and calls for police reform in the height of the Black Lives Matter protests. It ends with important assessments on best approaches towards countering the radical right, both online and offline. This timely overview provides a broad examination of the global radical right in 2020, which will be useful for scholars, students, policymakers, journalists, and the public.

order of nine angles: *The Consummation of the Ages vol I* Henry Epps, 2012-08-10 The consummation of the ages is a book dealing with the subject of the end times, and how many things are working together to bring forth the consummation of the ages.

order of nine angles: *The Demons of Tiamat, the New Gods and the Exploration of the Nightside* Ardashir Frequency 435, 2012-09-12

order of nine angles: *Contemporary Far-Right Culture* Marc-André Argentino, Amarnath Amarasingam, 2025-09-30 Contemporary Far-Right Culture offers a comprehensive overview of the varied manifestations of today's far-right culture. It examines how far-right extremists operate in the spaces they inhabit, exploring the key elements, characteristics, and historical background of far-right extremism. The volume also considers who produces and who consumes this culture, featuring contributions from emerging scholars in the field. Chapters investigate the cultural output of far-right influencers in anime, podcasts, "fashwave" and white power music, gaming, memetic and visual culture, social media, publishing, chan culture, philosophy, and martial arts. The book further examines pivotal issues such as female far-right influencers, paranoia, and accelerationism. It is essential reading for scholars, researchers, and activists interested in the contemporary far right and its subcultures.

order of nine angles: *Understanding and Countering Fascist Movements* Joan Braune, 2023-12-22 This book is based on the premise that understanding fascism is crucial for defeating it. Understanding and Countering Fascist Movements suggests fascism must be understood according to two "dimensions." First, fascism is a social movement seeking power, always already connected to sources of power. Hence, fascism cannot be defeated by policing it as a crime problem, nor therapeutically treating it as a pathology of mental health. Second, fascists have cognitive and emotional needs they are seeking to fulfill through their participation in the movement, but the presence of these motivations must be held in tension with the fact that fascists are responsible for their choices and that these individual motivations also exist in a wider social context of capitalism and systems of supremacy. The book opens by examining some psychological elements of

recruitment and disengagement from fascist movements, before addressing broader social narratives, concluding with the limitations of an approach that is grounded in the national security state that relies on individualized, perpetrator-centered interventions. Rejecting centrist paradigms that see fascism as “extremism” or “accelerationism,” Braune argues that fascism must be addressed in its specificity and uniqueness as an ideology and movement. Ultimately, she argues, fascism can only be defeated by countervailing social movements that not only demand radical social change but offer alternative spaces of belonging, community care, and the search for meaning. *Understanding and Countering Fascist Movements* is a philosophical contribution to antifascist theory and practice that will be appreciated by academics, students, and activists concerned about fascism today.

order of nine angles: *Have You Seen This Person?* LJ Roberts, 2020-12-02 Each year, hundreds of thousands of people are reported missing in the United States alone. The majority of those who disappear turn up within a week, but a small percentage are never heard from again. Why did a Swedish teenager on an Australian adventure mail a cryptic letter to his family in Stockholm before disappearing forever? What became of a young woman whose car was found crashed and abandoned off a cliffside in Whatcom County, Washington? How can an individual vanish without a trace in a world so connected and monitored? This book explores ten unsolved missing persons cases from around the world, from a 12-year-old British boy who purchased a one-way ticket to London King's Cross never to return, to an American traveler who walked into the Himalayas not to be seen again. Included are exclusive interviews, statistical information and a case-by-case analysis of the most common and probable theories for each disappearance.

order of nine angles: *The Devil's Party* Per Faxneld, Jesper Aagaard Petersen, 2013 Twelve scholars present cutting-edge research from the emerging field of Satanism studies. The topics covered range from early literary Satanists like Blake and Shelley, to the Californian Church of Satan of the 1960s, to the radical developments within the Satanic milieu in recent decades. The book will be an invaluable resource for everyone interested in Satanism as a philosophical or religious position of alterity rather than as an imagined other.

order of nine angles: *The Emergence of a Euro-American Radical Right* Jeffrey Kaplan, Leonard Weinberg, 1998 The United States and Western Europe are experiencing a new and important cultural and political development. In this book, Jeffrey Kaplan and Leonard Weinberg argue that there now exists a set of conditions common to the United States and Western Europe that draws right wing radicals on both sides of the Atlantic closer together.

order of nine angles: *The Occult in National Socialism* Stephen E. Flowers, 2022-09-20 A critical history of the roots of Nazi occultism and its continuing influence • Explores the occult influences on various Nazi figures, including Adolf Hitler, Albert Speer, Rudolf Hess, Alfred Rosenberg, and Heinrich Himmler • Examines the foundations of the movement laid in the 19th century and continuing in the early 20th century • Explains the rites and runology of National Socialism, the occult dimensions of Nazi science, and how many of the sensationalist descriptions of Nazi “Satanic” practices were initiated by Church propaganda after the war In this comprehensive examination of Nazi occultism, Stephen E. Flowers, Ph.D., offers a critical history and analysis of the occult and esoteric streams of thought active in the Third Reich and the growth of occult Nazism at work in movements today. Sharing the culmination of five decades of research into primary and secondary sources, many in the original German, Flowers looks at the symbolic, occult, scientific, and magical traditions that became the foundations from which the Nazi movement would grow. He details the influences of Theosophy, Volkism, and the work of the Brothers Grimm as well as the impact of scientific culture of the time. Looking at the early 20th century, he describes the impact of Guido von List, Lanz von Liebenfels, Rudolf von Sebottendorf, Friedrich Hielscher, and others. Examining the period after the Nazi Party was established in 1919, and more especially after it took power in 1933, Flowers explores the occult influences on key Nazi figures, including Adolf Hitler, Albert Speer, Rudolf Hess, and Heinrich Himmler. He analyzes Hitler’s usually missed references to magical techniques in *Mein Kampf*, revealing his adoption of occult methods for creating a large

body of supporters and shaping the thoughts of the masses. Flowers also explains the rites and runology of National Socialism, the occult dimensions of Nazi science, and the blossoming of Nazi Christianity. Concluding with a look at the modern mythology of Nazi occultism, Flowers critiques postwar Nazi-related literature and unveils the presence of esoteric Nazi myths in modern occult and political circles.
