Few places can evoke the same images of dark brooding menace and danger, and few places can have justified such impressions, from the horrors of the Congo Free State, through the Stanleyville massacres, to the chaos and blood-letting of the post-Mobutu years. In 1984, Mobutu was at the height of his power and ruled Zaire with an iron fist. It was at this time that the author set off to follow the course of the river from its source to the mouth, alone, by dug-out canoe and on foot. Laurence Olivier, John Gielgud, and Alec Guinness appeared in his plays, and among his greatest theatrical triumphs is his stage and television play *A Voyage Round My Father*. He won a British Book Awards trophy for Lifetime Achievement in 2005. Mortimer actually practiced as a barrister for thirty-six years, defending husbands, wives, pornographers, and murderers in court and starring as the real-life Devil's Advocate in several legendary obscenity and blasphemy cases in the 1970s, quickly becoming a liberal hero. Yet despite huge success, fame, and knighthood there lurks beneath that genial champagne socialist mask an unusually complex man who has been plagued by depression, doubt, insecurity, and an irresistible urge to commit adultery. Biographer Graham Lord, whose discovery that Mortimer had a secret son by the British actress Wendy Craig forced Sir John to admit it publicly in 2004, has interviewed scores of Mortimer's family, friends, mistresses, and enemies to write a frank and vital biography that reveals the startling reality behind the beloved public figure.
