the lemon tree book: The Lemon Tree (Young Readers' Edition) Sandy Tolan, 2020-11-03 The tale of friendship between two people, one Israeli and one Palestinian, that symbolizes the hope for peace in the Middle East. "Makes an incredibly complicated topic comprehensible."--School Library Journal In 1967, a twenty-five-year-old refugee named Bashir Khairi traveled from the Palestinian hill town of Ramallah to Ramla, Israel, with a goal: to see the beloved stone house with the lemon tree in its backyard that he and his family had been forced to leave nineteen years earlier. When he arrived, he was greeted by one of its new residents: Dalia Eshkenazi Landau, a nineteen-year-old Israeli college student whose family had fled Europe following the Holocaust. She had lived in that house since she was eleven months old. On the stoop of this shared house, Dalia and Bashir began a surprising friendship, forged in the aftermath of war and later tested as political tensions ran high and Israelis and Palestinians each asserted their own right to live on this land. Adapted from the award-winning adult book and based on Sandy Tolan's extensive research and reporting, The Lemon Tree is a deeply personal story of two people seeking hope, transformation, and home.

the lemon tree book: The Lemon Tree Sandy Tolan, 2008-12-01 With a new afterword by the author, and a sneak preview of Sandy Tolan's new book, Children of the Stone In 1967, Bashir Al-Khayri, a Palestinian twenty-five-year-old, journeyed to Israel, with the goal of seeing the beloved old stone house, with the lemon tree behind it, that he and his family had fled nineteen years earlier. To his surprise, when he found the house he was greeted by Dalia Ashkenazi Landau, a nineteen-year-old Israeli college student, whose family fled Europe for Israel following the Holocaust. On the stoop of their shared home, Dalia and Bashir began a rare friendship, forged in the aftermath of war and tested over the next thirty-five years in ways that neither could imagine on that summer day in 1967. Based on extensive research, and springing from his enormously resonant documentary that aired on NPR's Fresh Air in 1998, Sandy Tolan brings the Israeli-Palestinian

conflict down to its most human level, suggesting that even amid the bleakest political realities there exist stories of hope and reconciliation.

the lemon tree book: The Lemon Tree Sandy Tolan, 2008-09-04 In the summer of 1967, not long after the Six Day War, three young Palestinian men ventured into the town of Ramla in Israel. They were cousins, on a pilgrimage to see their childhood homes, from which they and their families had been driven out nearly twenty years earlier. One cousin had the door slammed in his face, one found that his old house had been converted into a school. But the third, Bashir, was met at the door by a young woman named Dalia, who invited him in... This poignant encounter is the starting point for the story of two families - one Arab, one Jewish - which spans the fraught modern history of the region. In the lemon tree his father planted in the backyard of his childhood home, Bashir sees a symbol of occupation; Dalia, who arrived in 1948 as an infant with her family, as a fugitive from Bulgaria, sees hope for a people devastated by the Holocaust. Both are inevitably swept up in the fates of their people and the stories of their lives form a microcosm of more than half a century of Israeli-Palestinian history. What began as a simple meeting between two young people grew into a dialogue lasting four decades. The Lemon Tree offers a much needed human perspective on this seemingly intractable conflict and reminds us not only of all that is at stake, but also of all that is possible.
