the man on the run: Half the Man I Used to Be Brian Ray Gross, 2014-05 All humans have weaknesses. Even mythical warriors and superheroes have a weakness. For author Brian Ray Gross, that weakness is food. This creates an interesting paradox: food is intended to strengthen, nourish, and sustain but when we consume too much, we become weakened by it. In this weakness, we cannot be the people God intends for us to be. In *Half the Man I Used to Be*, Gross shares his story about food, weight, and his weight loss journey. He tells how it all came to head in October of 2012, when he found out that he was diabetic and that his liver was failing. He was at his weakest point, and he had a choice to make: he could continue to let the weakness dictate the rest of his life, or he could seek the strength to overcome. He chose the latter, and the kind of strength he needed could only come from God. This memoir discusses Gross's lifestyle changes and his weight loss success. His story serves to communicate there is hope for all who face the same challenges. It's not too late to regain the life you desire. You have a creator who made you in his image, and he wants the best for you. You can do this, and when you do, you'll be glad you did.

Spending many extra hours on the ballfield with him over a dozen years, he taught Ruth how to hit and converted the young left-handed catcher into a formidable pitcher. Overshadowed by a fellow Xavierian brother who was given the credit for discovering the baseball prodigy, Matthias never received his due from the public but didn't complain. Ruth never forgot the father figure who continued to provide valuable counsel in later life. This is the first telling of the full story of the man who gave the world its most famous baseball star.

His stomach rubbing on the steering wheel had already worn a threadbare line across his pants. Often ridiculed by total strangers, he felt humiliated and very much alone. Rick had been raised in a traditional Catholic family, but his relationship with God was more of a distant, respectful belief than an up-close and personal experience. He couldn't fit into a church pew and most definitely not into a confessional booth. What Rick didn't know was that even then, God was actively pursuing him, even when Rick was not pursuing God at all. When Rick's weight cost him a chance at his dream job, God would lead him on a journey that would reach the mountaintops of national television appearances and even the New York Marathon, but his own poor choices would plunge him back down to a valley leading nowhere. It was in that valley that Rick eventually looked up and recognized God's hand in his life. When he learned to keep his eyes on God, the life God intended him to lead finally came into focus. His path was not always smooth or straight. But learning to put his full trust in the Lord led Rick to be less than half and more than twice the man he used to be.
