

waiting for the barbarians

Waiting for the barbarians is a phrase that resonates deeply within the realms of literature, philosophy, and political discourse. It encapsulates a sense of anticipatory anxiety, societal paralysis, and the complex interplay between order and chaos. Originating from the famous poem by Constantine Cavafy, the phrase has evolved into a metaphor for moments of societal crisis, the fear of the unknown, and the moral dilemmas faced by civilizations on the brink of transformation or collapse. This article explores the multifaceted dimensions of "waiting for the barbarians," examining its origins, thematic significance, and contemporary relevance.

Origins and Literary Significance of "Waiting for the Barbarians"

The Poem by Constantine Cavafy

The phrase "waiting for the barbarians" originates from the 1919 poem by Greek poet Constantine Cavafy. In the poem, a city-state's inhabitants await the arrival of barbarians, who are expected to bring chaos or change. However, when they fail to arrive, the citizens realize that their fears and anxieties have been projections of their own internal conflicts and societal tensions. The poem reads as a meditation on the human tendency to fear the unfamiliar and the tendency of societies to create enemies or crises to justify their existing systems.

Thematic Elements of the Poem

The poem explores several themes:

- Fear of the Unknown: Societies often project their anxieties onto external threats.
- Internal Dilemmas: The waiting reveals societal indecisiveness and internal conflicts.
- Power and Authority: Leaders and institutions depend on external enemies to maintain control.
- Inevitability of Change: The delay in the arrival of the barbarians symbolizes the inevitable transformation or upheaval.

Critical Reception and Philosophical Interpretations

Cavafy's poem has been widely analyzed, inspiring interpretations across various disciplines:

- As a critique of imperialism and colonialism.
- As a reflection on societal complacency.
- As a metaphor for the existential human condition—waiting for change, for salvation, or for disaster.

Symbolism and Metaphor in Modern Contexts

The Barbarians as a Metaphor for Societal Fears

In contemporary discourse, "the barbarians" often symbolize:

- External threats such as terrorism, immigration, or geopolitical adversaries.
- Internal fears like social unrest, economic collapse, or political upheavals.
- The unknown aspects of technological or cultural change.

Waiting as a State of Suspense and Inaction

The act of waiting signifies:

- Societal paralysis in the face of change.
- Fear-induced passivity, where decisive action is replaced with anticipation.
- The human tendency to delay confronting uncomfortable truths.

Examples in Contemporary Society

- Post-9/11 security measures and the societal anticipation of further threats.
- Political polarization leading to inaction amid crises.
- Cultural debates over immigration and multiculturalism, seen as "barbarian" invasions by some groups.

The Psychological Dimensions of Waiting

The Human Response to Anxiety and Uncertainty

Waiting for the barbarians encapsulates innate human responses:

- **Denial:** Refusing to accept the reality of impending change.
- **Projection:** Attributing fears onto external entities.
- **Deferral:** Postponing action until a crisis forces a response.

Collective Psychology and Societal Behavior

Societies tend to:

- Engage in rituals or rhetoric that reinforce the status quo.
- Use fear as a tool to justify authoritarian measures.
- Experience collective anxiety that hampers rational decision-making.

Political and Ethical Implications

The Use of Fear in Governance

Political leaders may exploit societal fears of "barbarians" to:

- Justify military interventions.
- Enforce restrictive policies.
- Maintain power by creating external enemies.

Ethical Dilemmas of Waiting and Action

The dilemma involves:

- Deciding when to act versus when to wait.
- Balancing security concerns with civil liberties.
- Avoiding the trap of perpetual anticipation that leads to stagnation.

Contemporary Relevance and Critical Perspectives

Globalization and Cultural Encounters

The modern world presents complex encounters with diverse cultures:

- Some perceive cultural differences as threats or "barbarians."
- Others see multiculturalism as an opportunity for enrichment.
- The phrase "waiting for the barbarians" highlights fears of cultural erosion or conflict.

Technological Changes and the Unknown

Rapid technological advancements evoke fears:

- Of losing privacy, autonomy, or jobs.
- Of societal destabilization due to automation, AI, or cyber threats.

Environmental Crises

Climate change and ecological degradation create a form of societal paralysis:

- Humanity "waits" for solutions or external events that may or may not arrive.
- The "barbarians" here symbolize uncontrollable environmental catastrophes.

Strategies for Moving Beyond Paralyzing Waiting

Embracing Change and Uncertainty

To avoid perpetual waiting, societies can:

- Foster resilience and adaptability.
- Promote proactive engagement with emerging threats or opportunities.
- Cultivate a culture of critical thinking and informed action.

Building Bridges Across Differences

Reducing fear of "barbarians" involves:

- Encouraging dialogue and understanding.
- Recognizing shared humanity beyond cultural or ideological differences.
- Challenging stereotypes and prejudices.

Ethical Leadership and Responsibility

Leaders should prioritize:

- Transparency.
- Ethical decision-making.
- Preparing society for change without resorting to fear-mongering.

Conclusion: The Wisdom in Not Waiting

"Waiting for the barbarians" serves as a cautionary metaphor about societal passivity and the dangers of fear-driven paralysis. While anticipation and caution are prudent, excessive waiting can lead to stagnation, missed opportunities, and the erosion of societal values. Recognizing the symbolic power of the phrase encourages societies to confront their fears, embrace change proactively, and foster resilience in the face of uncertainty. In doing so, humanity can transform the narrative from one of waiting in fear to one of active engagement and growth, turning the metaphor of the barbarians into an allegory for human courage and adaptability.

Frequently Asked Questions

What is the main theme of 'Waiting for the Barbarians'?

The novel explores themes of imperialism, otherness, morality, and the human capacity for cruelty and complicity within a colonial context.

Who is the author of 'Waiting for the Barbarians'?

The book was written by South African novelist J.M. Coetzee.

How does 'Waiting for the Barbarians' critique colonialism?

The novel critically examines the dehumanizing effects of colonial rule, exposing the moral

ambiguities and violence inflicted upon both colonizers and the colonized.

What is the significance of the 'Barbarians' in the story?

The 'Barbarians' symbolize the perceived threat and otherness used to justify imperialist authority, raising questions about the construction of 'the other' and its impact on morality.

Has 'Waiting for the Barbarians' been adapted into other media?

Yes, the novel has been adapted into a stage play and a film, both exploring its complex themes and narrative.

What is the setting of 'Waiting for the Barbarians'?

The story is set in a fictional, unspecified colonial town at the border of an empire, during a period resembling late 19th or early 20th-century colonial Africa.

How is the protagonist in 'Waiting for the Barbarians' characterized?

The protagonist is a nameless, aging magistrate who begins to question the morality of the empire's actions and his own complicity.

What is the relevance of 'Waiting for the Barbarians' in contemporary discussions?

The novel remains relevant as it prompts reflection on issues of human rights, state violence, othering, and the ethics of authority in modern contexts.

Why is 'Waiting for the Barbarians' considered a significant work in postcolonial literature?

It critically examines colonial power structures and challenges narratives of imperial superiority, making it a key text in postcolonial discourse.

Waiting for the Barbarians: An In-Depth Literary Examination and Critical Review

Introduction: A Reflection on the Power of Allegory and Ambiguity

In the realm of contemporary literature, few works manage to combine poetic lyricism with profound political allegory as effectively as "Waiting for the Barbarians" by South African novelist and poet

J.M. Coetzee. First published in 1980, this novella has cemented its place as a seminal text that challenges readers to interrogate notions of authority, Otherness, and the fragility of moral judgment amidst violence and imperialism.

This article aims to provide an extensive analysis of "Waiting for the Barbarians", examining its themes, narrative structure, stylistic choices, and enduring relevance. Whether you're a literary scholar, a casual reader, or a critic seeking a nuanced understanding, this review will serve as a comprehensive guide to appreciating the depth and complexity of Coetzee's work.

Overview of the Work: Context and Synopsis

Historical and Political Context

"Waiting for the Barbarians" was penned during a period marked by Cold War tensions, apartheid-era South Africa, and widespread debates around colonialism and imperialism. Coetzee, known for his incisive social critique, embeds these themes within his narrative, making the novella both a product of its time and a timeless reflection on human nature.

Plot Summary

The story centers around an unnamed Magistrate, who serves as the protagonist and moral compass. His world is a remote frontier settlement, ostensibly tasked with maintaining order and security. The narrative unfolds as the Magistrate's world is destabilized by the arrival of "the barbarians," a vague and shifting enemy representing the Other.

The narrative arc involves:

- The Magistrate's interactions with the military and colonial authorities, who often act with brutality and impunity.
- The capture and torture of a barbarian prisoner, which sparks internal conflict and moral questioning.
- The Magistrate's personal journey from complacency and passivity to active resistance and moral awakening.
- The eventual collapse of the colonial regime and the lingering ambiguity surrounding the "barbarians" themselves.

The plot's simplicity masks a complex web of allegories and philosophical questions, which will be explored in subsequent sections.

Thematic Deep Dive: Core Ideas and Symbolism

1. The Ambiguity of the "Barbarians"

"Waiting for the barbarians" is an evocative phrase that encapsulates the uncertainty and fear that underpin colonial and imperial narratives. Coetzee deliberately leaves the "barbarians" unnamed and undefined, emphasizing the constructiveness of "the Other" as a projection of fear and prejudice.

Symbolism and Interpretation:

- The Unknown Enemy: The barbarians symbolize any perceived threat that justifies oppressive measures—be it racial, political, or cultural.
- Projection of Fear: The characters' reactions reveal how societies often create enemies to maintain cohesion or justify violence.
- Metaphor for Humanity's Self-Destructive Tendencies: The waiting for the barbarians becomes an allegory for humanity's readiness to turn against itself when faced with the unfamiliar or the uncontrollable.

2. Power, Authority, and Moral Complicity

The novella scrutinizes the dynamics of power, especially in colonial contexts, and interrogates the moral responsibilities of those in authority.

Key Points:

- The Magistrate's Role: Initially passive, he embodies the complacency and moral blindness endemic to colonial administrators.
- Violence as Institution: The military and officials perpetuate brutality, often justified as necessary for security.
- Moral Awakening: As the story progresses, the Magistrate confronts his complicity and questions the legitimacy of the regime.

3. The Fallibility of Moral Judgment

Coetzee explores how moral clarity is elusive, especially in situations of conflict and oppression. The Magistrate's internal conflict reflects the universal human struggle to maintain integrity in morally ambiguous circumstances.

4. Resistance and Conformity

The narrative examines how individuals respond to oppressive regimes:

- Conformity: Many characters accept or participate in violence without question.
- Resistance: The Magistrate's acts of defiance, such as tending to the barbarian prisoner, symbolize moral resistance.

5. The Fragility of Civilization

The novella questions whether civilization is a veneer that can easily be shattered, exposing primal brutality beneath.

Narrative Structure and Stylistic Features

Minimalist and Poetic Style

Coetzee employs a restrained, minimalist prose style that heightens the emotional and philosophical impact. The language is precise, often sparse, which invites readers to reflect on the underlying

symbolism.

Allegorical and Symbolic Layering

The novella operates on multiple levels:

- Literal: A frontier colonial setting.
- Allegorical: Reflection of global political tensions.
- Philosophical: Meditation on morality, justice, and human nature.

Use of Ambiguity

Coetzee masterfully leaves key elements undefined—such as the nature of the barbarians and the motives behind actions—forcing readers to grapple with uncertainty and the limits of understanding.

Critical Reception and Interpretations

Reception Over Time

Initially, "Waiting for the Barbarians" garnered acclaim for its incisive critique of imperialism and its poetic language. Over decades, it has been embraced as a foundational text in postcolonial studies and ethics.

Key Interpretations

- Postcolonial Critique: The novella is read as a critique of colonial violence and the dehumanization inherent in empire-building.
- Philosophical Inquiry: Some interpret it as an exploration of moral relativism and the limits of justice.
- Literary Experimentation: Its ambiguity and poetic style are seen as innovative, challenging traditional narrative forms.

Controversies and Debates

While widely praised, some critics argue that the novella's abstractness can lead to ambiguity, potentially diluting its political message. Others see the lack of explicit resolution as a strength, emphasizing the ongoing nature of moral dilemmas.

Relevance Today: Lessons and Parallels

Contemporary Parallels

- The story resonates with current issues surrounding refugee crises, border security, and global conflicts.
- The "waiting" metaphor mirrors societal anxieties about threats that are often undefined but perceived as imminent.
- It prompts reflection on moral responsibility in times of crisis.

Ethical Lessons

- The importance of moral courage and resisting complicity.
- The dangers of dehumanization and the necessity of recognizing shared humanity.
- The perils of waiting passively for "the barbarians"—or, metaphorically, for crises to resolve themselves—without active engagement.

Critical Analysis: Strengths and Limitations

Strengths

- Universal Themes: The novella explores timeless questions about morality, justice, and human nature.
- Poetic Language: Its lyrical style elevates the philosophical inquiry.
- Ambiguity as Power: The open-endedness invites multiple interpretations and ongoing reflection.

Limitations

- Abstractness: The lack of concrete characters or detailed plot may challenge readers seeking a more traditional narrative.
- Potential for Misinterpretation: The allegorical nature can be misunderstood or oversimplified.
- Limited Resolution: The unresolved ending can leave readers craving closure.

Final Verdict: A Masterpiece of Moral and Political Reflection

"Waiting for the Barbarians" stands as a vital literary work that compels us to examine our perceptions of morality, justice, and the Other. Its poetic and allegorical richness makes it a challenging yet deeply rewarding read. For those willing to engage with its ambiguities, the novella offers profound insights into the human condition—illuminating the perils of passivity, the complexities of moral judgment, and the enduring question of what it truly means to be civilized.

Conclusion: An Enduring Reflection

In an era increasingly marked by global conflicts, societal divisions, and debates over morality, "Waiting for the Barbarians" remains startlingly relevant. Its careful craftsmanship and philosophical depth make it not just a literary masterpiece but a moral mirror, reflecting the best and worst of human nature.

Whether approached as a political allegory, a poetic meditation, or a philosophical inquiry, Coetzee's novella challenges us to consider: Are we truly waiting for the barbarians—or are we, perhaps, the barbarians ourselves? This enduring question invites ongoing reflection, conversation, and moral vigilance.

In this exploration, we've unpacked the layers of "Waiting for the Barbarians" to reveal its enduring significance. As with any profound work, its power lies in its ability to provoke thought long after the last page is turned.

[Waiting For The Barbarians](#)

waiting for the barbarians: *Waiting for the Barbarians* J. M. Coetzee, 2010-06-29 A modern classic by Nobel Laureate J. M. Coetzee, now a major motion picture starring Robert Pattinson and Johnny Depp For decades the Magistrate has run the affairs of a tiny frontier settlement, ignoring the impending war between the barbarians and the Empire whose servant he is. When interrogation experts arrive, however, he finds himself jolted into sympathy with their victims—until their barbarous treatment of prisoners of war finally pushes him into a quixotic act of rebellion, and thus into imprisonment as an enemy of the state. *Waiting for the Barbarians*, J. M. Coetzee's third novel, which won the James Tate Black Memorial Prize, is an allegory of the war between oppressor and oppressed. The Magistrate is not simply a man living through a crisis of conscience in an obscure place in remote times; his situation is that of all men living in unbearable complicity with regimes that elevate their own survival above justice and decency.

waiting for the barbarians: *Waiting for the Barbarians* J. M. Coetzee, 1981 A magistrate in a country village protests the army's treatment of members of the barbarian tribes taken prisoner during a civil war and finds himself arrested as a traitor.

waiting for the barbarians: *J.M. Coetzee* David Attwell, 1993-06-11 David Attwell defends the literary and political integrity of South African novelist J.M. Coetzee by arguing that Coetzee has absorbed the textual turn of postmodern culture while still addressing the ethical tensions of the South African crisis. As a form of situational metafiction, Coetzee's writing reconstructs and critiques some of the key discourses in the history of colonialism and apartheid from the eighteenth century to the present. While self-conscious about fiction-making, it takes seriously the condition of the society in which it is produced. Attwell begins by describing the intellectual and political contexts surrounding Coetzee's fiction and then provides a developmental analysis of his six novels, drawing on Coetzee's other writings in stylistics, literary criticism, translation, political journalism and popular culture. Elegantly written, Attwell's analysis deals with both Coetzee's subversion of the dominant culture around him and his ability to see the complexities of giving voice to the anguish of South Africa.

waiting for the barbarians: *New York Magazine* , 1982-04-26 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

waiting for the barbarians: *The Language of Fiction in a World of Pain* Barbara J. Eckstein, 1990-10 This book offers new and provocative readings of Milan Kundera's *Book of Laughter and Forgetting*, J.M. Coetzee's *Waiting for the Barbarians* and *Life and Times of Michael K*, selected short fiction of Nadine Gordimer and Grace Paley, Ibuse Masuji's *Black Rain*, John Hawkes's *Travesty*, and others.

waiting for the barbarians: *Waiting for the Barbarians* John Maxwell Coetzee, 2000

waiting for the barbarians: *Waiting for the Barbarians* Lewis H. Lapham, 1998 With invective all the more deadly for its grace and wit, Lewis Lapham, editor of Harper's magazine, presents a portrait of a feckless American establishment gone large in the stomach and soft in the head. This acerbic commentary on the insouciance of the monied ruling class concludes with a forewarning

piece where Lapham looks at the fate of indolent ruling classes throughout history.

waiting for the barbarians: The Concept of the Foreign Rebecca Saunders, 2003-01-01 The Concept of the Foreign investigates the diverse and consequential uses of the concept of the foreign--a formidable and hitherto untheorized force in everyday discourse and practice. This highly original work--whose experimental nature moves beyond traditional academic bounds--undertakes to theorize the meanings, deployments, and consequences of 'foreignness', a term largely overlooked by academic debates. Innovative in format, the book comprises an introductory theoretical dialogue and seven essays, each authored by a scholar from a different discipline--anthropology, literary theory, psychology, philosophy, social work, history, and women's studies--who investigate how his/her disciplines engage and define the concept of the foreign. Drawing out literal and metaphorical meanings of 'foreignness' this wide-ranging volume offers much to scholars of postcolonial, gender, and cultural studies seeking new approaches to the study of alterity.

waiting for the barbarians: *Waiting for the barbarians* , 2020 The Magistrate of an isolated frontier settlement on the border of an unnamed empire, looks forward to an easy retirement, until the arrival of Colonel Joll. His task is to report on the activities of the barbarians and on the security situation on the border. Joll conducts a series of ruthless interrogations, which leads the Magistrate to question his loyalty to the empire.

waiting for the barbarians: Postcolonial Resistance David Jefferess, 2008-01-01 Despite being central to the project of postcolonialism, the concept of resistance has received only limited theoretical examination. Writers such as Frantz Fanon, Edward Said, and Homi K. Bhabha have explored instances of revolt, opposition, or subversion, but there has been insufficient critical analysis of the concept of resistance, particularly as it relates to liberation or social and cultural transformation. In *Postcolonial Resistance*, David Jefferess looks to redress this critical imbalance. Jefferess argues that interpreting resistance, as these critics have done, as either acts of opposition or practices of subversion is insufficient. He discerns in the existing critical literature an alternate paradigm for postcolonial politics, and through close analyses of the work of Mohandas Gandhi and the South African reconciliation project, *Postcolonial Resistance* seeks to redefine resistance to reconnect an analysis of colonial discourse to material structures of colonial exploitation and inequality. Engaging works of postcolonial fiction, literary criticism, historiography, and cultural theory, Jefferess conceives of resistance and reconciliation as dependent upon the transformation of both the colonial subject and the antagonistic nature of colonial power. In doing so, he reframes postcolonial conceptions of resistance, violence, and liberation, thus inviting future scholarship in the field to reconsider past conceptualizations of political power and opposition to that power.

waiting for the barbarians: *Waiting for the Barbarians* John Maxwell Coetzee, 1992

waiting for the barbarians: Exploration and Colonization Harold Bloom, Blake Hobby, 2010 Twenty essays examine the themes of exploration and colonization in literature, including works such as *The Iliad* and *Things Fall Apart*.

waiting for the barbarians: *Violence, Identity, and Self-Determination* Hent de Vries, 1997 With the collapse of the bipolar system of global rivalry that dominated world politics after the Second World War, and in an age that is seeing the return of "ethnic cleansing" and "identity politics," the question of violence, in all of its multiple ramifications, imposes itself with renewed urgency. Rather than concentrating on the socioeconomic or political backgrounds of these historical changes, the contributors to this volume rethink the concept of violence, both in itself and in relation to the formation and transformation of identities, whether individual or collective, political or cultural, religious or secular. In particular, they subject the notion of self-determination to stringent scrutiny: is it to be understood as a value that excludes violence, in principle if not always in practice? Or is its relation to violence more complex and, perhaps, more sinister? Reconsideration of the concepts, the practice, and even the critique of violence requires an exploration of the implications and limitations of the more familiar interpretations of the terms that have dominated in the history of Western thought. To this end, the nineteen contributors address the concept of violence from a variety of perspectives in relation to different forms of cultural

representation, and not in Western culture alone; in literature and the arts, as well as in society and politics; in philosophical discourse, psychoanalytic theory, and so-called juridical ideology, as well as in colonial and post-colonial practices and power relations. The contributors are Giorgio Agamben, Ali Behdad, Cathy Caruth, Jacques Derrida, Michael Dillon, Peter Fenves, Stathis Gourgouris, Werner Hamacher, Beatrice Hanssen, Anselm Haverkamp, Marian Hobson, Peggy Kamuf, M. B. Pranger, Susan M. Shell, Peter van der Veer, Hent de Vries, Cornelia Vismann, and Samuel Weber.

waiting for the barbarians: *Père-versions of the Truth* Sławomir Masłoń, 2007

waiting for the barbarians: J.M. Coetzee and the Paradox of Postcolonial Authorship

Jane Poyner, 2016-05-06 In her analysis of the South African novelist J. M. Coetzee's literary and intellectual career, Jane Poyner illuminates the author's abiding preoccupation with what Poyner calls the paradox of postcolonial authorship. Writers of conscience or conscience-stricken writers of the kind Coetzee portrays, whilst striving symbolically to bring the stories of the marginal and the oppressed to light, always risk reimposing the very authority they seek to challenge. From *Dusklands* to *Diary of a Bad Year*, Poyner traces how Coetzee rehearses and revises his understanding of the ethics of intellectualism in parallel with the emergence of the new South Africa. She contends that Coetzee's modernist aesthetics facilitate a more exacting critique of the problems that encumber postcolonial authorship, including the authority it necessarily engenders. Poyner is attentive to the ways Coetzee's writing addresses the writer's proper role with respect to the changing ethical demands of contemporary political life. Theoretically sophisticated and accessible, her book is a major contribution to our understanding of the Nobel Laureate and to postcolonial studies.

waiting for the barbarians: The Prohibition of Torture in Exceptional Circumstances

Michelle Farrell, 2013-08-29 This book reframes the historical, legal and moral discourse on the question of whether torture can be justified in exceptional circumstances.

waiting for the barbarians: States of Emergency Stephen Morton, 2013-02-04 This book

examines how violent anti-colonial struggles and the legal, military and political techniques used by colonial governments to contain them have been imagined in literature and law. Case studies examined include Ireland, India, South Africa, Algeria, Kenya, Israel-Palestine, Iraq, Afghanistan and Northern Pakistan.

waiting for the barbarians: Barbarian: Explorations of a Western Concept in Theory,

Literature, and the Arts Markus Winkler, 2018-08-31 This two-volume co-authored study explores the history of the concept 'barbarism' from the 18th century to the present and illuminates its foundational role in modern European and Western identity. It constitutes an original comparative, interdisciplinary exploration of the concept's modern European and Western history, with emphasis on the role of literature in the concept's shifting functions. The study contributes to a historically grounded understanding of this figure's past and contemporary uses. It combines overviews with detailed analyses of representative works of literature, art, film, philosophy, political and cultural theory, in which "barbarism" figures prominently. Diese auf 2 Bände konzipierte komparatistische und interdisziplinäre Studie in englischer Sprache geht der Geschichte des Barbarenbegriffs vom 18. Jahrhundert bis zur Gegenwart nach. Seit der griechischen Antike spielen Bild und Begriff des Barbarischen eine eminente Rolle für das abendländische Selbstverständnis. Die Studie verbindet Epochenüberblicke mit der Analyse herausragender literarischer, philosophischer, politik- und kulturtheoretischer, aber auch bildkünstlerischer und kinematographischer Werke und legt einen besonderen Akzent auf den Beitrag ästhetischer Verfahren zur Aufdeckung der Herkunft und der Implikationen des Barbarenbegriffs.

waiting for the barbarians: Secretary of the Invisible Mike Marais, 2009 How do

individuals, who are part of a community, respond to the stranger as a stranger: i.e. without simply positioning this outsider in opposition to the community in which they are located? How may individuals receive something unknown and therefore surprising into their world without compromising it by identifying it in the terms of that world? In this study, Mike Marais traces the various ways in which Coetzee's fiction, from *Dusklands* through to *Slow Man*, repeatedly poses such

questions of hospitality. It is shown that the form of ethical action staged in Coetzee's writing is grounded not in the individual's willed and rational achievement, but in his or her invasion and possession by the strangeness of the stranger. This ethic of hospitality, Marais argues, has a strong aesthetic dimension: for Coetzee, the writer is inspired to write by being acted upon by a force from beyond the phenomenal world. The writer is a secretary of the invisible. She or he is responsible to and for the invisible. Marais maintains that this understanding of writing as an involuntary response to that which exceeds history is evident from the first in Coetzee's fiction. In readings of the novels of the apartheid era, he traces this writer's rueful, ironic awareness of the limited, even incidental, form of political engagement that may emanate from such an aesthetic. He then goes on to argue that if it is the writer's obligation to render visible the invisible, writing must be a task that can never be completed. What is more, such writing is thus bound to be iterative in form. With this in mind, he traces the structural similarities between Coetzee's writing of the apartheid period and his post-apartheid and Australian writing, arguing that the later texts are self-reflexively aware of their endlessly repetitive nature. These contentions are developed incrementally through close readings of the individual novels that focus on recurring metaphors of hospitality - visitor, the stranger, the house, the castaway, the invisible, the dream, and the child.

waiting for the barbarians: Step Across This Line Salman Rushdie, 2010-11-05 From one of the great novelists of our day, a vital, brilliant new book of essays, speeches and articles essential for our times. Step Across This Line showcases the other side of one of fiction's most astonishing conjurors. On display is Salman Rushdie's incisive, thoughtful and generous mind, in prose that is as entertaining as it is topical. The world is here, captured in pieces on a dazzling array of subjects: from New York's Amadou Diallo case to the Wizard of Oz, from U2 to fifty years of Indian writing, from a tribute to Angela Carter to the struggle to film *Midnight's Children*. The title essay was originally delivered at Yale as the 2002 Tanner lecture on human values, and examines the changing meaning of frontiers in the modern world -- moral and metaphorical frontiers as well as physical ones. The collection chronicles Rushdie's intellectual journeys, but it is also an intimate invitation into his life: he explores his relationship to India through a moving diary of his first visit there in over a decade, "A Dream of Glorious Return." Step Across This Line also includes "Messages From the Plague Years," a historic set of letters, articles and reflections on life under the fatwa. Gathered together for the first time, this is Rushdie's humane, intelligent and angry response to a grotesque threat, aimed not just at him but at free expression itself. Step Across This Line, Salman Rushdie's first collection of non-fiction in a decade, has the same energy, imagination and erudition as his astounding novels -- along with some very strong opinions.
