where to go when: *Ethnomethodology at Play* Peter Tolmie, 2016-04-29 This book outlines the specific character of the ethnomethodological approach to 'play'; that is, to everyday sport and leisure activities that people generally engage in for enjoyment, at home or as a 'hobby'. With chapters on cooking, running, playing music, dancing, rock climbing, sailing, fly fishing and going out for the day as a family, *Ethnomethodology at Play* provides an introduction to the key conceptual

Demonstrating the breadth of ethnomethodological analysis and showing how no topic is beyond ethnomethodology's fundamental respecification, *Ethnomethodology at Play* sets out for the serious reader and researcher the precise contribution of ethnomethodology to sociological studies of sport and leisure and ordinary domestic pastimes. As such this groundbreaking volume constitutes a significant contribution to both ethnomethodology and sociology in general, as well as to the sociology of sport and leisure, the sociology of domestic and daily life and cultural studies.

where to go when: *Where We Have to Go* Lauren Kirshner, 2012-03-06 Named NOW Magazine's Best Emerging Local Author *Where We Have to Go* is a luminous and sassy first novel about the last days of childhood in a family coming apart at the seams. At once wryly humorous and deeply affecting, this sparkling novel follows the irresistible Lucy Bloom as she searches for her place in the world. When we first meet Lucy, she's an imaginative eleven-year-old dreaming of a taste of freedom — and only beginning to grasp that all is not well between her parents. In the years that follow, Lucy's journey to adulthood will see her question the limits of unconditional love, grow "criminally thin" as she stops eating, and discover complicated truths about what it means to be a young woman. Through it all, the central figure in Lucy's life remains her mother, Joy, whose larger-than-life stories and boisterous voice belie a deep disappointment. As their relationship is tested again and again, Lucy comes to understand the resilience of the bonds that tie us to the ones we love. Among the characters we meet are Lucy's father, Frank, a failed glamour photographer turned travel agent who's never been out of the country; her best friend, Erin, an artist whose outspoken iconoclasm will inspire and challenge Lucy; and Crashing Wave, Frank's lover, a former exotic dancer and the woman Lucy comes to imagine as the ideal of all that is feminine. Set in Toronto throughout the 1990s, *Where We Have to Go* is a novel of self-discovery, family, and love. It introduces Lauren Kirshner as one of our most striking new voices, and reminds us that sometimes the most difficult journey is the one that takes us home.
