living buddha living christ pdf: Uncommon Law of Learned Writing 2.0 Chinua Asuzu, 2023-09-10 As lawyers, we must not, in hot pursuit of common law, outrun common sense. The dread of that eventuality prompted this book. *Uncommon Law of Learned Writing 2.0* promotes common sense in legal language. Plain language, which is commonsensical, broadens access to legal documents, thus democratizing the law. If democracy is government of the people, by the people, and for the people, law is the language in which government interacts with the people—it's the language of democracy. The people whose government speaks through law must understand what is said. No democratic society should brook legalese—a dense, verbose dialect known only to lawyers. What then should society do to redress the lawyer-induced obscurity? A Shakespearean character had an alarming proposal: "The first thing we do, let's kill all the lawyers." Apparently, that proposal was not enthusiastically endorsed, which explains why we're still here. A milder remedy—enrolling lawyers in language classes—has been mooted, which explains why this book is in your hands. *Uncommon Law of Learned Writing 2.0* motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries. This book is as sweeping and authoritative a treatment of its subject as you can find anywhere.

living buddha living christ pdf: The Spiritual Power of Nonviolence George W. Wolfe, 2010-09-29 Religion and violence--the two concepts seem incompatible given the emphasis in religion on virtue, love, forgiveness and compassion. Yet many scriptures contain martial images and stories of god-inspired military conquest. *The Spiritual Power of Nonviolence* confronts this theological contradiction, arguing that martial images and symbols found in religious texts are often meant to be interpreted as metaphors for an inner spiritual struggle and should never be used as a justification for war. The analysis is undertaken from an interfaith perspective that explains many of the paradoxical concepts found in theories of nonviolence. Professor Wolfe also presents a compelling case for the sustainability paradigm and for offering peace education and interreligious dialogue on a global scale. He probes the scriptures of the world proving that nonviolence is a

shared virtue and that the real enemy we must battle against and ultimately defeat is actually within us. ?An excellent introduction to spiritually-based principled nonviolence. Professor Wolfe?s blend of different wisdom traditions is especially useful?--Dr. Michael Nagler, Professor Emeritus, University of California at Berkeley. ?George Wolfe has put the blame for proliferating violence in the world where it belongs, on the crass interpretation of religion. A thought-provoking book??Arun Gandhi, President, Gandhi Institute for Nonviolence. ?Truly an enlightening book??Judy O?Bannon, Former First Lady of Indiana.

living buddha living christ pdf: An Asian Introduction to the New Testament Johnson Thomaskutty, 2022-02-15 Understanding and assessing the New Testament writings from Asian viewpoints provides a unique and original outlook for interpretation of the Christian Scriptures. To that end, An Asian Introduction to the New Testament is the first book of its kind to take full account of the multireligious, multiethnic, multilingual, multicultural, and pluralistic contexts in which Asian Christians find themselves. Into this already complex world, issues of poverty, casteism, class structure, honor and shame aspects, colonial realities, discrimination against women, natural calamities and ecological crises, and others add more layers of complexity. Perceiving the New Testament in light of these realities enables the reader to see them in a fresh way while understanding that the Jesus Movement emerged from similar social situations. Readers will find able guides in an impressive array of more than twenty scholars from across Asia. Working with volume editor Johnson Thomaskutty, the authors make a clear case: the kernels of Christianity sprouted from Asian roots, and we must read the New Testament considering those roots in order to understand it afresh today.

living buddha living christ pdf: Religions and Nonviolence Rachel M. MacNair, 2015-07-07 Covering the nonviolence traditions in all the major religions as well as the contributions of religious traditions to major nonviolent practices, this book addresses theories of nonviolence, considers each religion individually, and highlights what discrete religious perspectives have in common. Covering all the major-and some of the larger minor-religions of the world, Religions and Nonviolence: The Rise of Effective Advocacy for Peace examines the rich history of how human thinking on nonviolence has developed and what each religion offers to the theory and practice of nonviolence, providing a counterpoint to the perspective that religion has largely inspired violence and intolerance. It also traces the contributions of religious traditions to secular nonviolent practices, recognizes and explains why religion has historically inspired violence, and provides additional resources for investigating the crossroads of religion and advocacy of nonviolence and peace. The author addresses the nonviolence traditions in religions such as Bahai, Buddhism, Christianity, Ethical Atheism, the First Nations of North America, Judaism, Hinduism, Islam, Sikhism, Tenrikyo, and Revitalized Paganism. Ancient religions with important contributions to nonviolence-Zoroastrianism, Taoism, and Jainism-receive attention, as do Mo Tse and other Chinese philosophers as well as Pythagoras and other classical Greek thinkers. Students of religion, history of religion, sociology, or psychology will find this book key to achieving a balanced and therefore more accurate understanding of both religion and history. General readers will gain insights into the commonalities among different religions as well as each major religion's historical and current stances on issues of violence, such as human or animal sacrifice, slavery, war, and the death penalty.

living buddha living christ pdf: *The Cross Is Not Enough* Ross Clifford, Philip Johnson, 2012-01-01 If Christ had not risen from the dead, if God's plan for redemption had ended at the cross, what would our faith look like? Have we become so fixated on the cross that we have lost an understanding of the centrality of the resurrection? And if we ignore the resurrection, what effect does that have on our worldview, our evangelism, and our Christian practice? In *The Cross Is Not Enough*, Ross Clifford and Philip Johnson explore how the resurrection of Christ has been understood in times past and restore this linchpin doctrine to its rightful place as the basis of our hope, our worldview, and the way we live our lives. They compare Christianity's unique understanding of resurrection to other world religions and explore why the resurrection connects so readily with the human psyche. Pastors, teachers, students, and anyone involved in ministry will benefit from this insightful and engaging treatment of Christianity's most important doctrine.

living buddha living christ pdf: *The Three-Petalled Rose* Ronald W. Pies, 2013-01-29 This is a book for anyone who wants to live the good life, but who has not yet found a clear path to that goal. By examining the common threads that unite three, great spiritual traditions--Judaism, Buddhism, and Stoicism--the author provides a framework for achieving a fulfilled and ethically responsible life. The author helps the reader take the spiritual nutrients from these three ancient traditions and transform them into a life of beauty, order, and purpose. No scholarly expertise or special knowledge of religion is required to understand this book, nor need the reader believe in a supreme being or owe allegiance to a particular religion. All that's needed is an open mind and a sincere desire to create an awakened and flourishing life.

living buddha living christ pdf: *Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities* Pa Yaw, 2024-05-29 Socially engaged religion teaches that people of faith have a responsibility to address and reduce suffering in all its forms, both physical and spiritual, including suffering resulting from social injustice, exploitation, oppression, false faith, and so forth. True religion engages with society to alleviate suffering and bring transformation. In other words, religious violence is an obscenity, a deviation from the true character of religion. *Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities* examines the principle of separation between religion and politics in the context of both Buddhist and Christian communities. In predominantly Buddhist contexts such as Myanmar, where a reciprocal relationship between religion and politics is expected, separation is not effective. Attempts by Christians to separate religion and politics cause the church to run away from tyranny and follow the state with blind obedience. Martin Luther's model of two distinct but interconnected systems for religion and politics creates space for each institution to give constructive advice and criticism to the other for the health of all human beings.

living buddha living christ pdf: *Paul Ricoeur and the Hope of Higher Education* Daniel Boscaljon, Jeffrey F. Keuss, 2021-01-14 The essays in *Paul Ricoeur and the Hope of Higher Education: The Just University* discuss diverse ways that Paul Ricoeur's work provides hopeful

insight and necessary provocation that should inform the task and mission of the modern university in the changing landscape of Higher Education. living buddha living christ pdf: *Heart to Heart—The Journey Outward* Robert P. Vande Kappelle, 2023-01-20 Whether religiously theists, atheists, agnostics, or simply seekers, each of us is on a journey of faith, spiraling through stages, seasons, or phases of spirituality. On this journey, we discover that spirituality is more caught than taught, and that faith, enriched more by subtraction than by addition, is more about unlearning than learning. At the center of Jesus' life and message stands the exhortation to receive and share divine love. The two volumes of *Heart to Heart*, excerpted from Dr. Vande Kappelle's published writings, examine the meaning and implications of the biblical Great Commandment to love God and others as oneself. Whereas the first volume examines the spiritual journey inward, this companion volume examines the journey outward. Ultimately there is only one spiritual journey--the journey Godward--and there is only one commandment. Divine love is the key to everything. Unloved people misbehave, fail to love, or fail to change. Loved people aren't concerned with rules, regulations, or beliefs. Rather, because they are loved, they take proper care of themselves, and in so doing, care for nature and others as extensions of themselves. *Heart to Heart* is written for those who affirm the value of lifelong spiritual growth, realize the limits of logic, and embrace the paradoxes in life. If you are willing to commit less than ten minutes a day over a seven-month period, you will undertake a spiritual journey of epic proportions, guaranteed to transform you morally and spiritually. In addition, you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity, a way of life grounded in compassion, justice, service, humility, and love of others.

living buddha living christ pdf: *Geology Of The Modern Cancer Epidemic, The: Through The Lens Of Chinese Medicine* Tai Lahans, 2013-07-24 Cancers are on the rise across the world. Except for viral-based cancers, overall cancers are diseases that may be preventable. This book looks at the many levels of determined, probable, and possible causation for several common cancers. These causes include realities found in culture, anthropology, sociology, politics, the environment, agriculture and food, beliefs, and the modern lifestyle. These realities are filtered through the perennial science of Chinese medicine — an ecological system of knowing and understanding the human body as it relates to the world around us. The book covers lung, colorectal, breast, prostate, and virally-caused cancers. It interweaves conventional medical knowledge of these cancers with modern realities of everyday life we all live, and with Chinese medicine interpretations and strategies for treating probable pre-cancerous conditions. This makes it a book that is useful for the practitioner of Chinese medicine. It is also useful for the patient suffering a cancer diagnosis in terms of survivorship and for other medical practitioners who wish to understand how integrated care for cancerous diseases and conditions may relate to Chinese medicine and prevention. The final chapters of the book are dedicated to finding answers for a cure for cancer through making connections between how we live, what we believe, the environment we are creating based on those beliefs, and the social and political mechanisms we now have in place that keep us from change and, therefore, from the cure for cancer.

living buddha living christ pdf: *The Only Alternative* Alan Nelson, John Malkin, 2008-06-15

The radical message of Jesus is that there is only one alternative to the common method of confronting violence with more violence. *The Only Alternative: Christian Nonviolent Peacemakers in America* explores the spiritually active practice of compassionate nonviolence. Here is a journey through the lives of seven courageous American peacemakers who have embodied Christian nonviolence and dedicated their lives to addressing the suffering caused by racial discrimination, slavery, poverty, militarism, nuclear weapons, prisons, environmental degradation, and the psychology of fear and hatred. Here are highlights from the inspirational ideas and actions of Martin Luther King Jr., Dorothy Day, Thomas Merton, Rufus Jones, Thomas Kelly, Jim Douglass, and Kathy Kelly. They remind us that to be Christian is to use the power of love to transform spiritual, economic, and social violence. The great turning from violence to nonviolence is the story of Christianity in America. There has never been a more urgent time for this revolutionary teaching to be heard, understood, and lived. It is no longer a choice, my friends, between violence and nonviolence. It is either nonviolence or nonexistence . . . --Martin Luther King Jr. Human beings are now facing the stark choice between survival and destruction amid myriad forms of violence. The nonviolent peacemakers within this book can inspire the peacemaker within each of us to cultivate a direct relationship with God and love through contemplation, meditation, writing, and compassionate action based in the life and teachings of Jesus.

living buddha living christ pdf: *Hurting Kids* Michelle Mary Lelwica, 2024-08-01

Hurting Kids explores religion's impact on Americans' beliefs about justice and on teenagers who get in trouble with the law. Why do many of us assume that punishment is an appropriate moral response to crime? How have diverging Christian narratives about divine punishment and God's mercy supported different responses to juvenile wrongdoing? What do these competing notions of justice imply for youth "offenders" today, nearly all of whom have been violated by the unjust and traumatic circumstances of their lives? Weaving together research on the juvenile justice system, theological analysis, self-examination of white privilege, and the stories and perspectives of incarcerated youth, *Hurting Kids* asks us to understand and care about the complicated humanity of a population of teenagers who are often deemed not only "delinquent" but dispensable. Sharing snippets of her conversations with incarcerated youth, Lelwica demonstrates that whatever harm these kids have inflicted on others is rooted in the painful experiences they have survived—experiences that are shaped by systemic injustices that benefit people with privilege. Ultimately, *Hurting Kids* challenges common assumptions about "guilt" and "innocence," while advocating for a kind of justice for youth that promotes equity, compassion, accountability, and healing for all.
