owl creek bridge pdf: Narrative Fiction and Death Sabine Köllmann, 2023-09-29 *Narrative Fiction and Death: Dying Imagined* offers a new perspective on the study of death in literature. It focuses on narrative fiction that conveys the experience of dying from the internal perspective of a dying protagonist. Writers from Victor Hugo in the early 1800s to Elif Shafak in the present day have imagined the unknowable final moments on the threshold to death. This literary study examines the wide range of narrative strategies used to evoke the transition from life to death, and to what effect, revealing not only each writer's unique way of representing the dying experience; the comparative reading also finds common concerns in these texts and uncovers surprising parallels and unexplored intertextual relations between works across time and space that will interest comparatists as well as specialists in the literatures discussed. Students of individual texts examined here will benefit from detailed analyses of these works. The fictional evocation of dying addresses our basic human fears, offering catharsis, consolation, and a greater cognitive and emotional understanding of that unknowable experience. Presented in an engaging and highly readable manner, this study argues for literature's potential to challenge our assumptions about the end of life and change our approach to dying, an aspect that will interest students and researchers of the health humanities, palliative caregivers, and all those interested in questions of the end of life.

owl creek bridge pdf: "They Only See What They Want to See" Bernd Leiendecker, 2017-12-13 Durch Filme wie *Fight Club* oder *The Sixth Sense* ist unzuverlässiges Erzählen zur Jahrtausendwende in der Filmwissenschaft ebenso in den Blickpunkt gerückt wie beim Publikum. Unzuverlässiges Erzählen im Spielfilm ist allerdings fast so alt wie das Kino selbst. Diese Arbeit liefert eine filmhistorische Untersuchung des Phänomens erzählerischer Unzuverlässigkeit anhand von mehr als 200 relevanten Filmen aus der Zeit zwischen 1895 und 2000. Diese Untersuchung zeigt auf, dass unzuverlässiges Erzählen auf einer geringen Zahl von Erzählmustern basiert, welche im Laufe der Zeit Veränderungen unterworfen sind. Ein zweiter Analyseschritt weist nach, dass From

und Häufigkeit von unzuverlässigem Erzählen sowohl durch Innovationen in der filmischen Aufführungs- und Auswertungspraxis als auch durch gesamtgesellschaftliche Faktoren beeinflusst werden. Im Anhang erfolgt eine systematisierte Auflistung relevanter Filmbeispiele mit Verweisen auf ihre Behandlung in der weiteren Forschungsliteratur.

Unzuverlässiges Erzählen wird in der Narratologie hochfrequent diskutiert – dennoch besteht immer noch kein Konsens darüber, wie das Konzept definiert werden soll und welche Spezifika bei seiner Anwendung beachtet werden müssen. Durch die unübersichtliche Forschungssituation und die fehlenden Kriterien für einen Vergleich der Theorien verliert das Unzuverlässigkeitskonzept seine analytische Nützlichkeit. Um diesen Problemen zu begegnen, liefert diese Arbeit erstmals einen ausführlichen, systematisch-vergleichenden Überblick über bisherige Unzuverlässigkeitstheorien. Dabei werden bestehende Definitionen unzuverlässigen Erzählens gegenübergestellt, definitorische Unklarheiten behoben, Typologien analysiert und die spezifischen Anwendungsbedingungen untersucht. Schließlich wird unter Rekurs auf existierende Unzuverlässigkeitstheorien, definitionstheoretische Kriterien und literaturwissenschaftliche Nützlichkeitsabwägungen eine robuste Explikation unzuverlässigen Erzählens vorgeschlagen. Der vorliegende Band dient so zum einen als Nachschlagewerk zur narratologischen Unzuverlässigkeitsdebatte, zum anderen liefert er ein gut handhabbares und heuristisch nützliches Analyseinstrumentarium für den Phänomenbereich unzuverlässigen Erzählens.

owl creek bridge pdf: *Le court métrage français de 1945 à 1968 (2)* Antony Fiant, Roxane Hamery, 2008 Le court métrage occupe une place à part dans le cinéma français, assurant non seulement le renouvellement des générations, mais favorisant aussi les expérimentations formelles les plus diverses. Au lendemain de la Seconde Guerre mondiale, on lui doit un intérêt tout particulier pour le documentaire, genre très peu usité à l'époque dans le cadre du long métrage. Certes, la logique est encore souvent celle de la commande à l'initiative de groupes industriels ou d'institutions ministérielles par exemple, mais cette attention nouvelle portée au réel incite à un profond renouvellement des tendances dramaturgiques et esthétiques. Minoritaire par le nombre de films réalisés, la fiction offre aux réalisateurs un second terrain d'expérimentation qui trouve à s'exprimer dans le court métrage ou le film à sketches, notamment par le biais de la comédie, de l'animation et de l'adaptation littéraire. Ce volume entend non seulement explorer la production des documentaires et des fictions produits dans le court métrage entre 1945 et 1968 mais aussi montrer que la vivacité de la forme brève, sa modernité même, passe justement par sa capacité à s'émanciper des frontières traditionnellement dressées entre documentaire et fiction, d'un film à l'autre, mais aussi au sein d'un même film. Les études rassemblées dans cet ouvrage s'intéressent à des cinéastes parmi les plus importants de l'histoire du court métrage français : Jean Cocteau, Claude Chabrol, Jacques Demy, Robert Enrico, Pierre Étaix, Jean-Luc Godard, Paul Grimault, Pierre Kast, Roger Leenhardt, Eli Lotar, Jean Painlevé, Paul Paviot, Jean-Daniel Pollet, Pierre et Jacques Prévert, Jean Rouch, Éric Rohmer, Georges Rouquier, Jacques Tati, etc.

Ransom, Dominick Grace, 2019-05-27 Canadian Science Fiction, Fantasy, and Horror: Bridging the Solitudes exposes the limitations of the solitudes concept so often applied uncritically to the Canadian experience. This volume examines Canadian and Québécois literature of the fantastic across its genres—such as science fiction, fantasy, horror, indigenous futurism, and others—and considers how its interrogation of colonialism, nationalism, race, and gender works to bridge multiple solitudes. Utilizing a transnational lens, this volume reveals how the fantastic is ready-made for exploring, in non-literal terms, the complex and problematic nature of intercultural engagement.

owl creek bridge pdf: Transitional Justice and Human Rights in Morocco Fadoua Loudiy, 2014-03-05 This book examines the Moroccan experience of transitional justice, more specifically the negotiation of the legacy of the period commonly referred to as the Years of Lead. This period of Moroccan history roughly spans from the early 1960s to 1999 during which thousands of citizens were arbitrarily detained, tortured and killed because of their political opinions. Through an analysis of testimonies, public documents and personal interviews, Transitional Justice and Human Rights in Morocco seeks to shed light on Moroccan citizens' struggle for recognition and reparation in the aftermath of a long history of grave human rights violations, ranging from arbitrary arrest and torture to state sponsored disappearances and murders. While Morocco's experience is often presented within a historical global context, this book offers a comparative analysis, discussing other national examples to situate the Moroccan experience within the relatively recent history of political transitions. Seeking to advance a rhetoric of symbolic justice that privileges the voice of the victims and offers hope for the renewal of a community's ethos through public discourse and ethico-political practices, this book will be an invaluable resource for students and scholars with an interest in Human Rights and Middle East Politics.
