the history of mary prince pdf: *Humans in Shackles* Ana Lucia Araujo, 2024-10-19 A sweeping narrative history of the Atlantic slave trade and slavery in the Americas. During the era of the Atlantic slave trade, more than twelve million enslaved Africans were forcibly transported to the Americas in cramped, inhumane conditions. Many of them died on the way, and those who survived had to endure further suffering in the violent conditions that met them onshore. Covering more than three hundred years, *Humans in Shackles* grapples with this history by foregrounding the lived experience of enslaved people in tracing the long, complex history of slavery in the Americas. Based on twenty years of research, this book not only serves as a comprehensive history; it also expands that history by providing a truly transnational account that emphasizes the central role of Brazil in

the Atlantic slave trade. Additionally, it is deeply informed by African history and shows how African practices and traditions survived and persisted in the Americas among communities of enslaved people. Drawing on primary sources including travel accounts, pamphlets, newspaper articles, slave narratives, and visual sources such as artworks and artifacts, Araujo illuminates the social, cultural, and religious lives of enslaved people working in plantations and urban areas, building families and cultivating affective ties, congregating and re-creating their cultures, and organizing rebellions. *Humans in Shackles* puts the lived experiences of enslaved peoples at the center of the story and investigates the heavy impact these atrocities have had on the current wealth disparity of the Americas and rampant anti-Black racism.

the history of mary prince pdf: The Routledge Introduction to English Canadian Literature and Digital Humanities Paul Barrett, Sarah Roger, 2025-06-30 *The Routledge Introduction to English Canadian Literature and Digital Humanities* is a guide to the concepts and theories at the intersection of Canadian literary studies and digital humanities (DH). Equal parts theoretical and practical, it focuses on debates that overlap the two domains. This book historicizes the connections between the two by surveying the history of DH in Canada, the tradition of Canadian writers engaging with technology, and DH analyses of Canadian literature. It also situates both CanLit and DH with respect to contemporary concerns about alterity, and it demonstrates how digital technologies allow writers and scholars to intervene in them. This book complements its theoretical discussions with a practical introduction to DH methods. Using Canadian literary texts and examples from projects at the intersection of CanLit and DH, it introduces key DH approaches to novice readers. Topics covered include data collection, data management, and textual analysis, as well as essential DH tools and the Python programming language. A concluding case study guides readers interested in applying the ideas presented throughout.

the history of mary prince pdf: The Oxford Handbook of the African American Slave Narrative John Ernest, 2014-02-28 Given the rise of new interdisciplinary and methodological approaches to African American and Black Atlantic studies, *The Oxford Handbook of the African American Slave Narrative* will offer a fresh, wide-ranging assessment of this major American literary genre. The volume will begin with articles that consider the fundamental concerns of gender, sexuality, community, and the Christian ethos of suffering and redemption that are central to any understanding of slave narratives. The chapters that follow will interrogate the various agendas behind the production of both pre- and post-Emancipation narratives and take up the various interpretive problems they pose. Strategic omissions and veiled gestures were often necessary in

these life accounts as they revealed disturbing, too-painful truths, far beyond what white audiences were prepared to hear. While touching upon the familiar canonical autobiographies of Frederick Douglass and Harriet Jacobs, the Handbook will pay more attention to the under-studied narratives of Josiah Henson, Sojourner Truth, William Grimes, Henry Box Brown, and other often-overlooked accounts. In addition to the literary autobiographies of bondage, the volume will anatomize the powerful WPA recordings of interviews with former slaves during the late 1930s. With essays on the genre's imaginative afterlife, its final essays will chart the emergence and development of neoslave narratives, most notably in Styron's *The Confessions of Nat Turner*, Toni Morrisons's *Beloved* and Octavia Butler's provocative science fiction novel, *Kindred*. In short, the Handbook will provide a long-overdue assessment of the state of the genre and the vital scholarship that continues to grow around it, work that is offering some of the most provocative analysis emerging out of the literary studies discipline as a whole.

the history of mary prince pdf: Congotay! Congotay! A Global History of Caribbean Food

Candice Goucher, 2014-12-18 Since 1492, the distinct cultures, peoples, and languages of four continents have met in the Caribbean and intermingled in wave after wave of post-Columbian encounters, with foods and their styles of preparation being among the most consumable of the converging cultural elements. This book traces the pathways of migrants and travellers and the mixing of their cultures in the Caribbean from the Atlantic slave trade to the modern tourism economy. As an object of cultural exchange and global trade, food offers an intriguing window into this world. The many topics covered in the book include foodways, Atlantic history, the slave trade, the importance of sugar, the place of food in African-derived religion, resistance, sexuality and the Caribbean kitchen, contemporary Caribbean identity, and the politics of the new globalisation. The author draws on archival sources and European written descriptions to reconstruct African foodways in the diaspora and places them in the context of archaeology and oral traditions, performance arts, ritual, proverbs, folktales, and the children's song game Congotay. Enriching the presentation are sixteen recipes located in special boxes throughout the book.

Welfare System Alan J. Dettlaff, 2023 In *Confronting the Racist Legacy of the American Child Welfare System*, Alan J. Dettlaff presents a call to abolish the American child welfare system due to the harm and destruction it causes Black families. Dettlaff provides evidence of the vast harms that result from family separations and placement in foster care to make a case that the child welfare system is beyond reform. Rather, the only solution to ending this harm is complete abolition of the child welfare system and a fundamental reimagining of the way society cares for children and families.

the history of mary prince pdf: Postcolonial Life Narratives Gillian Whitlock, 2015-04-02

The Oxford Studies in Postcolonial Literatures series offers stimulating and accessible introductions to definitive topics and key genres and regions within the rapidly diversifying field of postcolonial literary studies in English. *Postcolonial Life Narrative* draws together two dynamic fields of contemporary literature and criticism, postcolonialism and life narrative, to create a new assemblage: postcolonial life narrative. Focusing in particular on testimonial narrative, from slave narrative in the late eighteenth century to contemporary Anglophone life narrative from Africa, Australia, the Caribbean, Palestine, North America, and India, this study follows texts on the move through adaptation, appropriation, and remediation. For postcolonial subjects life narrative offers extraordinary opportunities to present accounts of social injustice and oppression, of violence and social suffering. Testimonial narrative can reach across cultures to produce intimate attachments between those who testify and those who bear witness to legacies of apartheid, slavery, rape warfare, genocide, and dispossession. Thresholds of testimony are subject to change and for some, for example refugees and asylum seekers, opportunities to engage a witnessing public and inspire campaigns for social justice on their behalf are curtailed—these are the 'ends of testimony'. The production, circulation, and reception of testimonial life narrative connects directly to the most fundamental questions of who counts as human, what rights follow from this, and what makes for

grievable life. Postcolonial life narrative is a dynamic field of literature and criticism, and this book presents a series of proximate readings that outline its distinctive imaginative geographies.

the history of mary prince pdf: Literary Histories of the Early Anglophone Caribbean Nicole N. Aljoe, Brycchan Carey, Thomas W. Krise, 2018-05-04 The Caribbean has traditionally been understood as a region that did not develop a significant 'native' literary culture until the postcolonial period. Indeed, most literary histories of the Caribbean begin with the texts associated with the independence movements of the early twentieth century. However, as recent research has shown, although the printing press did not arrive in the Caribbean until 1718, the roots of Caribbean literary history predate its arrival. This collection contributes to this research by filling a significant gap in literary and historical knowledge with the first collection of essays specifically focused on the literatures of the early Caribbean before 1850.

the history of mary prince pdf: Women in Transnational History Clare Midgley, Alison Twells, Julie Carlier, 2016-04-28 Women in Transnational History offers a range of fresh perspectives on the field of women's history, exploring how cross-border connections and global developments since the nineteenth century have shaped diverse women's lives and the gendered social, cultural, political and economic histories of specific localities. The book is divided into three thematically-organised parts, covering gendered histories of transnational networks, women's agency in the intersecting histories of imperialisms and nationalisms, and the concept of localizing the global and globalizing the local. Discussing a broad spectrum of topics from the politics of dress in Philippine mission stations in the early twentieth century to the shifting food practices of British women during the Second World War, the chapters bring women to the centre of the writing of new transnational histories. Illustrated with images and figures, this book throws new light on key global themes from the perspective of women's and gender history. Written by an international team of editors and contributors, it is a valuable and timely resource for students and researchers of both women's history and transnational and global history.

the history of mary prince pdf: Race Rights Reparations Fernne Brennan, 2017-07-14 This book considers institutional racism as a problem that exists within modern societies. Its roots lie with the transatlantic slave trade and slavery and the solution involves ridding society of the problem. It is argued here that, first, there needs to be an acceptance of its existence, then developing the tools needed to deal with it and, finally, to implement those tools so that institutional racism can be permanently removed from society. The book has four themes: the first considers the nature of institutional racism, the second theme looks at instances of institutional racism through matters such as deaths in custody and skin lightening, the third considers the concept of reparations and the final area looks at the development of social movements as a way of pushing institutional racism up the political agenda. The development of a social movement is part of a social discourse which would, for example, push mentoring as a form of reparations. There is a need for more research on the manifestations of institutional racism and this book is part of that discourse. It is argued that the legacy of the slave trade and slavery is continuing and contemporary through the presence of institutional racism in society. This problem has not been addressed through legislation and policies devised to combat racial discrimination. Institutional racism needs to be understood as being located in the processes and procedures of societal institutions.

the history of mary prince pdf: Unsung Stories of Black Women's Activism in the UK Adele Jones, Diana Watt, 2024-09-27 This book is a long-overdue contribution to the history of Black feminist activism in the UK. It provides unique insights into both historical and contemporary issues

that impact Black women, their families and their communities, including immigration, education, policing, domestic violence and poverty. It fills a void in sociological and feminist literature by centring the voices, lived experiences and perspectives of women of the African and Caribbean Diaspora in the UK. Through the use of research, archival materials, narrative interviews, photographs, poems and reflective conversations, the authors explore the social issues which inspired these women's action for change. In drawing on personal and professional testimonies grounded in over two decades of community activism and scholarly analysis, the authors weave together the story of the Abasindi Cooperative, a woman's organisation famed for its progressive and far-reaching social justice programmes. In so doing the authors reveal narratives of political struggle that have their resonance in present-day society. This book is an acknowledgment and celebration of the sociopolitical activism and achievements of Black women in the UK and represents the hope, solidarity and triumph possible when women organise collectively to tackle social and racial injustice.

the history of mary prince pdf: Travel and Colonialism in 21st Century Romantic Historical Fiction Paloma Fresno-Calleja, Hsu-Ming Teo, 2024-12-16 Romantic fiction has often involved stories of travel. In narratives of the journey towards love, romance often involves encounters with exotic places and peoples. When history is invoked in such stories, the past itself is exoticised and treated as other to the present to serve the purposes of romanticisation: a narrative strategy by which all manner of things – settings, characters, costumes, customs, consumables – are made to perform a luxuriant otherness that amplifies the experience of love. This volume questions the reparative function of Anglophone romantic historical fiction to ask: can plots of travel and discourses of tourism empower women while narrating stories of healing for the wounds of the past? This is the first volume to consider how romanticised and exoticised women's historical fiction not only serves the purposes of armchair travel but may also replicate colonial discourse, unintentionally positioning readers as neocolonial, neo-Orientalist cultural voyeurs as well as voyagers.

the history of mary prince pdf: A Regarded Self Kaiama L. Glover, 2020-12-04 In *A Regarded Self* Kaiama L. Glover champions unruly female protagonists who adamantly refuse the constraints of coercive communities. Reading novels by Marie Chauvet, Maryse Condé, René Depestre, Marlon James, and Jamaica Kincaid, Glover shows how these authors' women characters enact practices of freedom that privilege the self in ways unmediated and unrestricted by group affiliation. The women of these texts offend, disturb, and reorder the world around them. They challenge the primacy of the community over the individual and propose provocative forms of subjecthood. Highlighting the style and the stakes of these women's radical ethics of self-regard, Glover reframes Caribbean literary studies in ways that critique the moral principles, politicized perspectives, and established critical frameworks that so often govern contemporary reading practices. She asks readers and critics of postcolonial literature to question their own gendered expectations and to embrace less constrictive modes of theorization.

the history of mary prince pdf: Zoë Wicomb & the Translocal Kai Easton, Derek Attridge, 2017-09-25 This is the first book on the fiction of Zoë Wicomb, a writer long at the forefront of the South African canon and whose international stature was firmly secured with the award of an inaugural Windham Campbell prize at Yale in 2013. It brings together interdisciplinary essays from the UK, USA, South Africa, and Australia, demonstrating Wicomb's importance as a novelist, short-story writer, and critic. The central focus of the volume is the translocal, a term that navigates the complex and shifting relations between disparate localities, respecting the situatedness of each locality within its immediate geopolitical context, while investigating the connections and contrasts that operate between them. In Wicomb's case, her work stems from a dual allegiance to two localities, both in her fiction as in her life: South Africa's Western Cape and the west of Scotland. In tracking the relations, contemporary and historical, between these sites, her fiction reveals a consistent interest in and interrogation of home and belonging, space and place; it also offers telling insights into questions of race and gender. The historical processes of colonization and migration that have produced translocal connections of this kind are central to postcolonial studies, to which

this book makes a significant contribution. Exploring the visual and cartographical, and extending debates on the transnational and cosmopolitan that are currently taking place across disciplines, including literary studies, geography, history, politics, and anthropology, the collection covers the range of Wicomb's work. It also features an unanthologised essay by Wicomb herself, an interview, and a suite of photographs by Sophia Klaase, whose images of Namaqualand inspired Wicomb's most recent novel, *October*.

the history of mary prince pdf: Representation and Black Womanhood N.

Gordon-Chipembere, 2011-09-12 Sarah Baartman's iconic status as the Hottentot Venus - as victimized African woman, Mother of the new South Africa, and ancestral spirit to countless women of the African Diaspora - has led to an outpouring of essays, biographies, films, interviews, art installations, and centers, comprising a virtual archive that seeks to find some meaning in her persona. Yet even those with the best intentions, fighting to give Baartman agency, a voice, a personhood, continue to service the general narratives of European documentation of her life without asking What if we looked at Baartman through another lens? This collection is the first of its kind to offer a space for international scholars, cultural activists, and visual artists to examine the legacy of Baartman's life anew, specifically finding an alternative Africanist rendering of a person whose life has left a profound impact on the ways in which Black women are displayed and represented the world over.

the history of mary prince pdf: Representing Enslavement and Abolition in Museums

Laurajane Smith, Geoff Cubitt, Kalliopi Fouseki, Ross Wilson, 2014-05-30 The year 2007 marked the bicentenary of the Act abolishing British participation in the slave trade. *Representing Enslavement and Abolition in Museums* - which uniquely draws together contributions from academic commentators, museum professionals, community activists and artists who had an involvement with the bicentenary - reflects on the complexity and difficulty of museums' experiences in presenting and interpreting the histories of slavery and abolition, and places these experiences in the broader context of debates over the bicentenary's significance and the lessons to be learnt from it. The history of Britain's role in transatlantic slavery officially become part of the National Curriculum in the UK in 2009; with the bicentenary of 2007, this marks the start of increasing public engagement with what has largely been a 'hidden' history. The book aims to not only critically review and assess the impact of the bicentenary, but also to identify practical issues that public historians, consultants, museum practitioners, heritage professionals and policy makers can draw upon in developing responses, both to the increasing recognition of Britain's history of African enslavement and controversial and traumatic histories more generally.

2020-11-02 Between 1890 and 1915, a predominately African American state convict crew built Clemson University on John C. Calhoun's Fort Hill Plantation in upstate South Carolina. Calhoun's plantation house still sits in the middle of campus. From the establishment of the plantation in 1825 through the integration of Clemson in 1963, African Americans have played a pivotal role in sustaining the land and the university. Yet their stories and contributions are largely omitted from Clemson's public history. This book traces "Call My Name: African Americans in Early Clemson University History," a Clemson English professor's public history project that helped convince the university to reexamine and reconceptualize the institution's complete and complex story from the origins of its land as Cherokee territory to its transformation into an increasingly diverse higher-education institution in the twenty-first century. Threading together scenes of communal history and conversation, student protests, white supremacist terrorism, and personal and institutional reckoning with Clemson's past, this story helps us better understand the inextricable link between the history and legacies of slavery and the development of higher education institutions in America.

the history of mary prince pdf: 100 Great Black Britons Patrick Vernon, Angelina Osborne,

2020-09-24 'An empowering read . . . it is refreshing to see somebody celebrate the role that black Britons have played in this island's long and complicated history' DAVID LAMMY, author of *Tribes*,

in 'The best books of 2020', the Guardian 'Timely and so important . . . recognition is long overdue . . . I would encourage everyone to buy it!' DAWN BUTLER MP A long-overdue book honouring the remarkable achievements of key Black British individuals over many centuries, in collaboration with the 100 Great Black Britons campaign founded and run by Patrick Vernon OBE. 'Building on decades of scholarship, this book by Patrick Vernon and Dr Angelina Osborne brings the biographies of Black Britons together and vividly expands the historical backdrop against which these hundred men and women lived their lives.' From the Foreword, by DAVID OLUSOGA 'I am delighted to see the relaunch of 100 Great Black Britons. For too long the contribution of Britons of African and Caribbean heritage have been underestimated, undervalued and overlooked' SADIQ KHAN, Mayor of London Patrick Vernon's landmark 100 Great Black Britons campaign of 2003 was one of the most successful movements to focus on the role of people of African and Caribbean descent in British history. Frustrated by the widespread and continuing exclusion of the Black British community from the mainstream popular conception of 'Britishness', despite Black people having lived in Britain for over a thousand years, Vernon set up a public poll in which anyone could vote for the Black Briton they most admired. The response to this campaign was incredible. As a result, a number of Black historical figures were included on the national school curriculum and had statues and memorials erected and blue plaques put up in their honour. Mary Seacole was adopted by the Royal College of Nursing and was given the same status as Florence Nightingale. Children and young people were finally being encouraged to feel pride in their history and a sense of belonging in Britain. Now, with this book, Vernon and Osborne have relaunched the campaign with an updated list of names and accompanying portraits -- including new role models and previously little-known historical figures. Each entry explores in depth the individual's contribution to British history - a contribution that too often has been either overlooked or dismissed. In the wake of the 2018 Windrush scandal, and against the backdrop of Brexit, the rise of right-wing populism and the continuing inequality faced by Black communities across the UK, the need for this campaign is greater than ever.

the history of mary prince pdf: Transatlantic Africa Kwasi Konadu, 2018-11-14

Transatlantic Africa examines the internal workings of African and diasporic slave societies in the transatlantic era. Emphasizing a global context and the multiplicity of African experiences during that period, historian Kwasi Konadu interprets transatlantic slaving and its consequences through African and diasporic primary sources. Based on careful reading of Africans' oral histories, archival documents, and visual evidence, the book connects those experiences to local and international slaving systems. It also tackles the themes of commodification, capitalism, abolitionism, and reparations. By integrating these views with critical interpretations, Transatlantic Africa balances intellectual rigor with broad accessibility, helping readers to think anew about how transoceanic slaving made the modern world
