

dress patterns from the 1940's

Dress patterns from the 1940's hold a special place in fashion history, reflecting a unique blend of wartime practicality and post-war glamour. The 1940s was a decade marked by significant global events, including World War II, which influenced every aspect of life, including clothing. Despite material shortages and rationing, women's fashion evolved with innovative designs and patterns that balanced functionality with style. Today, vintage enthusiasts and fashion historians cherish these patterns, as they offer a glimpse into an era of resilience, creativity, and elegance. This comprehensive guide explores the key characteristics, popular styles, and the enduring influence of 1940s dress patterns.

Historical Context and Influence on Dress Patterns

Understanding dress patterns from the 1940s requires an appreciation of the historical backdrop. The decade was shaped by war efforts, economic constraints, and a shift toward more practical clothing. Despite these challenges, fashion remained an integral part of cultural identity, often showcasing ingenuity in design and fabric use.

Impact of World War II on Fashion

During WWII, fabric rationing led to simplified designs and innovative pattern adaptations:

- Use of fewer yards of fabric per garment
- Introduction of utility clothing with functional details
- Emphasis on durability and versatility
- Increased popularity of tailored, structured silhouettes

Post-War Fashion Revival

After the war, there was a surge in optimism, which translated into more glamorous and elaborate dress patterns:

- Return to more luxurious fabrics and embellishments
- Introduction of fuller skirts and feminine silhouettes
- Incorporation of new stylistic influences, including Hollywood glamour

Key Features of 1940s Dress Patterns

Dress patterns from the 1940s are distinguished by several defining features that reflect the era's aesthetic and practical considerations.

Silhouettes and Shapes

The typical 1940s dress pattern emphasized:

1. **Waisted bodices:** accentuating the waist with fitted bodices and belts
2. **Shoulder pads:** creating a strong, broad-shouldered silhouette
3. **A-line and pencil skirts:** offering versatility and ease of movement
4. **Full skirts:** especially in the late 1940s, often paired with fitted tops

Fabrics and Materials

Due to wartime restrictions, fabric choices were often limited:

- Wool, rayon, silk, and cotton were common
- Use of crepe, gabardine, and tweed for durability
- Patterns often featured simple, geometric prints or solid colors
- Decorative details like embroidery or subtle embellishments added flair without excess fabric use

Design Details and Embellishments

Patterns often incorporated:

- Structured collars and lapels
- Button detailing and decorative trims
- Peplums and ruching for added shape
- Waist belts and bows to emphasize the silhouette

Popular Dress Styles and Patterns from the 1940s

The decade saw a variety of dress styles, each with distinctive patterns that remain popular among vintage sewists and collectors.

The New Look and Post-War Glamour

Although Christian Dior's famous "New Look" debuted in 1947, its influence permeated 1940s dress patterns, emphasizing:

- Full skirts that fell below the knee
- Fitted bodices with nipped-in waists
- Softly rounded shoulders

Utility Dresses

Designed to maximize fabric use and practicality, utility dresses featured:

- Simple, straight cuts
- Minimal ornamentation
- Functional pockets and belts
- Short or midi lengths

Tea Dresses and Daywear

Elegant yet comfortable, tea dresses from the 1940s often showcased:

- High necklines or Peter Pan collars
- Short or three-quarter sleeves
- Feminine prints like florals or polka dots
- Soft, flowing fabrics like rayon or silk

Cocktail and Evening Dresses

Post-war fashion saw the emergence of glamorous evening wear:

- Sleek, fitted silhouettes
- Bias-cut designs for a curve-hugging fit
- Embellishments like beadwork, sequins, or lace
- Floor-length gowns with dramatic details

How to Find and Use 1940s Dress Patterns Today

Vintage dress patterns from the 1940s are highly sought after for their authenticity and craftsmanship. Collectors and sewists can find these patterns through various channels.

Sources for Vintage Patterns

You can find authentic 1940s dress patterns from:

1. Online auction sites such as eBay
2. Specialized vintage pattern shops and websites
3. Estate sales and antique shops
4. Pattern reproduction companies that recreate vintage styles

Tips for Working with Vintage Patterns

When sewing with vintage patterns:

- Carefully examine and trace the pattern pieces to preserve the original
- Make muslin prototypes to test fit and design
- Use modern fabrics that mimic vintage textures for ease and comfort
- Pay attention to seam allowances, as vintage patterns often have different measurements

The Enduring Appeal of 1940s Dress Patterns

The charm of 1940s dress patterns lies in their timeless elegance and adaptability. They embody a sense of resilience and creativity, reflecting an era when fashion was a statement of both practicality and aspiration.

Influence on Modern Fashion

Many contemporary designers draw inspiration from 1940s patterns:

- Reviving vintage silhouettes in modern collections
- Using retro-inspired prints and details
- Incorporating structured tailoring into everyday wear

Why Collectors and Sewists Love 1940s Patterns

- Authentic vintage patterns offer a glimpse into historic fashion techniques
- They provide a challenge and creative outlet for sewists
- Owning garments made from such patterns connects wearers to a bygone era

Conclusion

Dress patterns from the 1940s encapsulate a fascinating intersection of practicality, innovation, and glamour. Despite the constraints imposed by wartime shortages, designers and home sewists crafted styles that remain iconic today. Whether you're a vintage fashion enthusiast, a historian, or a sewist seeking inspiration, exploring 1940s dress patterns offers a rewarding journey into one of the most influential eras of fashion history. Embracing these patterns allows modern creators to honor the resilience and elegance of a decade that changed the face of women's fashion forever.

Frequently Asked Questions

What are some characteristic features of 1940s dress patterns?

1940s dress patterns often featured padded shoulders, nipped-in waists, full skirts, and modest necklines, reflecting wartime practicality and elegance.

Were there specific fabrics popular for 1940s dress patterns?

Yes, rayon, wool, and cotton were commonly used, with prints like florals and polka dots being popular due to fabric rationing and availability.

How did wartime influences affect 1940s dress patterns?

Wartime restrictions led to simpler designs with less fabric, emphasis on utility, and the use of functional details like shoulder pads and shorter hemlines.

What types of dresses were most common in 1940s patterns?

A-line dresses, shirtwaists, and wrap dresses were among the most common, often designed for everyday wear or semi-formal occasions.

Are vintage 1940s dress patterns available for modern sewists?

Yes, many vintage pattern companies and online archives offer reproductions or original 1940s patterns for contemporary sewing enthusiasts.

What accessories typically accompanied 1940s dresses according to pattern guides?

Accessories like wide belts, hats, gloves, and sturdy shoes were commonly paired with 1940s dresses, as often illustrated in pattern instructions.

How can one adapt 1940s dress patterns for modern wear?

Seam allowances can be adjusted for fit, and fabrics can be modernized with stretch or different textures to make vintage styles more comfortable and versatile today.

Are there any iconic dress patterns from the 1940s that are still popular today?

Yes, patterns like the shirtwaist dress and wrap dress from the 1940s remain timeless and inspire modern vintage-inspired fashion designs.

Dress Patterns from the 1940's: A Retrospective Look at Fashion and Craftsmanship

Dress patterns from the 1940's hold a special place in the history of fashion, representing an era marked by wartime resilience, innovative design, and a shift in societal attitudes toward clothing. These patterns not only provided practical solutions during a time of resource scarcity but also reflected the cultural shifts that influenced women's style and self-expression. Today, vintage enthusiasts, fashion historians, and sewing aficionados revisit these patterns to understand their craftsmanship and timeless appeal. This article delves into the origins, design features, cultural significance, and modern revival of 1940s dress patterns, providing a comprehensive overview for readers interested in this fascinating chapter of fashion history.

The Historical Context of 1940s Dress Patterns

The 1940s was a decade defined by global upheaval—world war, economic shifts, and social change all played a role in shaping fashion trends and, consequently, the dress patterns that emerged during this period. The early years of the decade were heavily influenced by wartime austerity, which led to rationing of fabrics and restrictions on material use. As a result, dress patterns from this era often emphasized simplicity, versatility, and resourcefulness.

Wartime Influence on Fashion and Patterns

- Material Scarcity: With fabric shortages due to war efforts, patterns often featured shorter hemlines, fewer fabric panels, and designs that maximized wearability with minimal material.
- Functional Design: Clothing became more practical, with less ornamentation and more focus on durability and ease of manufacture.
- Standardized Sizing: Sizes were more uniform, simplifying the pattern-making process and mass production.

Despite these constraints, fashion designers and home sewists found creative ways to craft stylish, feminine garments that embodied the spirit of resilience and hope. The patterns from this era serve as a testament to ingenuity amid adversity.

Key Features of 1940s Dress Patterns

Dress patterns from the 1940s exhibit distinctive design elements that distinguish them from other decades. These features include silhouette, neckline styles, sleeve types, and skirt designs, all reflecting the aesthetic and functional priorities of the time.

Silhouette and Fit

- S-Shape and Waist Emphasis: The 1940s favored a defined waistline, often achieved through darting and shaping. The dresses accentuated the natural curves, creating an hourglass figure.
- Shoulder and Bust Emphasis: Padded shoulders and bust darts contributed to structured, feminine silhouettes.
- Moderate Heels and Hemlines: Hemlines generally ranged from just below the knee to mid-calf, balancing modesty and style.

Neckline and Sleeve Styles

- Necklines: Common styles included bateau, sweetheart, and square necklines, offering a variety of options for different occasions.
- Sleeves: Short puffed sleeves, cap sleeves, and long sleeves with cuffs were popular, often with embellishments like bows or buttons.

Skirt and Dress Designs

- A-Line and Wrap Styles: These offered comfort and ease of movement and were suitable for everyday wear.
- Princess Seams: Elegant and figure-enhancing, princess seams were frequently used in dresses to create a smooth silhouette.
- Details and Embellishments: Despite wartime restrictions, some patterns incorporated decorative elements like bows, pleats, or contrasting fabrics to add visual interest.

Popular Dress Pattern Types of the 1940s

Several dress styles from the 1940s gained popularity due to their practicality and style. Below are some of the most iconic pattern types that home sewers and commercial designers favored.

1. The Shirtwaist Dress

- Design Features: Inspired by men's shirts, these dresses featured a fitted bodice, a defined waist, and a button-down front. They often had a collar and short sleeves.
- Fabric and Patterns: Cotton and rayon were common, with patterns sometimes featuring floral or geometric prints.
- Cultural Significance: The shirtwaist dress became a symbol of working women, embodying both style and practicality.

2. The Tea Dress

- Design Features: Typically more refined, tea dresses had a fitted bodice, a flared or straight skirt, and often included decorative details like ruffles or lace.
- Occasions: Worn for social gatherings, teas, or daytime outings.
- Pattern Elements: Delicate fabrics, feminine details, and moderate hemlines characterized these patterns.

3. The Wrap Dress

- Design Features: With a front tie or buckle, wrap dresses emphasized comfort and adjustable fit.
- Advantages: Ideal for various body types, easy to sew, and adaptable to fabric restrictions.
- Pattern Variations: Variations included short or long sleeves, different skirt lengths, and necklines.

4. The Bias Cut Dress

- Design Features: Draped along the bias, these dresses hugged the body and required precise pattern cutting.
- Construction Challenges: Pattern pieces needed to be carefully cut to ensure proper fit and drape.
- Aesthetic Appeal: Elegant and fluid, suitable for evening wear or special occasions.

The Craft of Making 1940s Dress Patterns

Creating these vintage patterns involved a combination of artistry, technical skill, and resourcefulness. Pattern drafting was often done by professional pattern makers or home sewists using paper, chalk, and measuring tools.

Pattern Drafting and Adaptation

- Standardized Patterns: Commercial companies like Butterick, Vogue, and McCall's produced standardized patterns that could be scaled to different sizes.
- Home Drafting: Skilled sewists often drafted their own patterns based on measurements, adapting existing styles to current needs.
- Resourcefulness: Due to fabric rationing, patterns were designed to make the most of limited material—incorporating features like seam allowances, darts, and pleats to add style without excess fabric.

Materials and Techniques

- Fabrics: Cotton, rayon, wool, and silk blends were common, with a focus on

durability and affordability.

- Construction: Techniques like flat-felled seams, darting, and bias binding were employed to ensure longevity and a polished finish.
- Details: Decorative touches, where possible, included piping, contrasting fabrics, and buttons, often sewn by hand.

The Cultural and Social Significance of 1940s Dress Patterns

Dress patterns from this decade are more than just sewing templates—they are artifacts of a society in transition. They reflect the aspirations, constraints, and resilience of women and men during a tumultuous period.

Empowering Women Through Sewing

- During the war, many women took up sewing as a means of self-sufficiency and patriotism. Making their own dresses was a way to maintain style amid shortages.
- Pattern companies promoted patterns that could be easily sewn at home, fostering a sense of community and resourcefulness.

Fashion as a Reflection of Optimism and Hope

- Despite austerity, the 1940s fashion embraced femininity, elegance, and optimism, which was conveyed through tailored dresses with refined details.
- The post-war period saw a shift toward more glamorous styles, with patterns reflecting the burgeoning desire for luxury and self-expression.

Preservation and Revival

- Vintage dress patterns from this era have become prized collectibles, preserved in archives, libraries, and private collections.
- Modern sewists often seek out 1940s patterns to recreate authentic looks or reinterpret vintage styles with contemporary fabrics and techniques.

Modern Interpretation and Revival of 1940s Dress Patterns

Today, the charm of 1940s dress patterns continues to inspire new generations. The resurgence of interest in vintage fashion, sustainable sewing, and DIY culture has led to a revival of these classic templates.

Contemporary Reproductions

- Pattern companies now produce reprints of original 1940s patterns, often with updated sizing and instructions for modern sewists.
- Digital archives and online marketplaces have made vintage patterns more accessible than ever.

Styling Tips for Modern Wear

- Combining vintage patterns with contemporary accessories creates a timeless look.
- Using modern fabrics can update the silhouette while maintaining the authentic design.
- Patterns can be adapted for different occasions, from casual daywear to elegant evening dresses.

Sustainable and Ethical Fashion

- Making garments from vintage patterns aligns with sustainable fashion principles, reducing waste and promoting craftsmanship.
- Sewing your own dress patterns allows for customization, ensuring a perfect fit and personalized style.

Conclusion

Dress patterns from the 1940s serve as a captivating window into a pivotal decade of fashion history. They embody the spirit of resourcefulness, resilience, and elegance that characterized the wartime and post-war eras. Whether for historical research, costume design, or personal sewing projects, these patterns continue to inspire and inform. As modern sewists and fashion enthusiasts explore these vintage templates, they keep alive the craftsmanship and cultural significance of a truly remarkable period in fashion history. In a world increasingly interested in sustainable and personalized fashion, the timeless appeal of 1940s dress patterns remains as relevant today as it was nearly a century ago.

Dress Patterns From The 1940 S

dress patterns from the 1940 s: 1940's Style Guide ,

dress patterns from the 1940 s: Making Vintage 1940s Clothes for Women Sarah Magill, 2017-08-04 The 1940s were an iconic period of women's dress history, with the familiar square shoulders, crepe tea dresses and seamed stockings paired with red lips, victory curls and head scarves. This book explains the period's sewing techniques and makes a range of 1940s outfits to recreate the look of those vintage years. With detailed step-by-step instruction and over 300 photographs, it captures the style of the time and explains the impact of wartime austerity on the cut and construction of women's dress. Contents include: historical context and details of government regulations of the time; instructions and patterns for recreating a range of women's clothes, including blouses, skirts, slacks, shirt frocks, evening dress and tea dresses; key techniques such as transferring pattern markings, making darts, fastenings and finishing touches; examples of how to complete the look with hairstyles, make-up, shoes and accessories. This new book will help you recreate the clothes and the vintage style of the 1940s 'make do' years, and will be of particular interest to costume designers, fashion designers and students, dress historians, historic revival and reenactment participants and home dressmakers with a general interest in vintage dress. Superbly illustrated with 331 photographs and patterns.

dress patterns from the 1940 s: Blueprints of Fashion Wade Laboissonniere, 2009 Fashion.

dress patterns from the 1940 s: Fashion in the 1940s Jayne Shrimpton, 2014-10-10 This book reveals the impact of wartime and austerity on British fashion and tells the story of how a spirit of patriotism and make-do-and-mend unleashed a wave of new creativity among women who were starved of high fashion by shortages and rationing. Many home dressmakers copied the high-end looks, and women involved in war work created a whole new aesthetic of less formal street wear. Fashion in the 1940s also shows how the Second World War shifted the centre of the international couture scene away from Paris, allowing British designers to influence Home Front style. Afterwards Paris fashion was re-born with Dior's extravagant New Look, while casual American trends were widely adopted by young British women and men.

dress patterns from the 1940 s: Women's Periodicals and Print Culture in Britain,

1940s-2000s Laurel Forster, 2020-09-21 Foregrounds the diversity of periodicals, fiction and other printed matter targeted at women in the postwar period
Foregrounds the diversity and the significance of print cultures for women in the postwar period across periodicals, fiction and other printed matter
Examines changes and continuities as women's magazines have moved into digital formats
Highlights the important cultural and political contexts of women's periodicals including the Women's Liberation Movement and Socialism
Explores the significance of women as publishers, printers and editors
Women's Periodicals and Print Culture in Britain, 1940s-2000s draws attention to the wide range of postwar print cultures for women. The collection spans domestic, cultural and feminist magazines and extends to ephemera, novels and other printed matter as well as digital magazine formats. The range of essays indicates both the history of publishing for women and the diversity of readers and audiences over the mid-late twentieth century and the early twenty-first century in Britain. The collection reflects in detail the important ways in magazines and printed matter contributed to, challenged, or informed British women's culture. A range of approaches, including interview, textual analysis and industry commentary are employed in order to demonstrate the variety of ways in which the impact of postwar print media may be understood.

dress patterns from the 1940 s: *Twentieth-Century Pattern Design* Lesley Jackson, 2007-02-08 *Twentieth-Century Pattern Design* combines photographs - including many newly published images - with soundly researched text, creating an essential resource for enthusiasts and historians of modern design. The book also serves as a creative sourcebook for students and designers, inspiring new flights of fancy in pattern design.--Jacket.

dress patterns from the 1940 s: Knitting Fashions of the 1940s Jane Waller, 2021-01-20 The 1940s was a decade of exciting and prolific knitting activity. Scarcity of wools and dyes produced imaginative but stylish designs. This classic pattern book , now in paperback for 2021, is a treasury of patterns, adapted for today's yarns and needles, that will appeal to all handknitters and to anyone interested in the period. Over fifty patterns are featured , ranging from twinsets to hats with a variety of stitches. Illustrations show the garments as advertised in the 1940s and as re-knitted for today's wear. Introductions to the patterns make this a unique book that will inform, inspire and delight.

dress patterns from the 1940 s: *Life in 1940s London* Mike Hutton, 2013-09-15 The story of a turbulent decade for our iconic capital

dress patterns from the 1940 s: Blueprints of Fashion Wade Laboissonniere, 1999-01 The most popular 1940s clothing styles were available in patterns for the home seamstress. Companies like Advance, Butterick, McCall and others marketed their patterns to housewives with beautifully illustrated envelopes featuring everything from couture to everyday workclothes, ensembles, sportswear, lingerie, and more. Collectible in themselves, these illustrations also document an era of fashion design.

dress patterns from the 1940 s: *Re-living Britain in the 1940s* Robin Wichard, 2023-01-24 The 1940s remains an iconic period in world history and retains a fascination for so many. Re-enacting the 40s is becoming increasingly popular but there is little available information explaining how to start in the hobby. This book is the first to offer enthusiasts of the 40s a way to advance their interest whether it be military or civilian. Each chapter deals with a different aspect of re-enacting from civilian roles (including children) to military roles with many different potential impressions explored for each area. Each chapter is lavishly illustrated with many previously unseen color photographs of contemporary re-enactors and events. There are further chapters introducing those people who portray wartime political and military leaders as well as those who bring back to life some of the most iconic musicians and performers of the period. For those choosing to enter the hobby through ownership of a civilian or military vehicle, that is also covered with many examples of some of the most well-known vehicles. Each chapter offers a brief contextual history with detailed notes on where to obtain uniform and equipment, some of the best groups to join as well as links to related sites and recommendations for wider reading. No book can cover every single possible role but this offers an excellent starting point for further research and involvement while stressing the

need to always remain respectful of those we seek to commemorate.

dress patterns from the 1940 s: Cutting for All! Kevin L. Seligman, 1996 Containing 2,729 entries, Kevin L. Seligman's bibliography concentrates on books, manuals, journals, and catalogs covering a wide range of sartorial approaches over nearly five hundred years. After a historical overview, Seligman approaches his subject chronologically, listing items by century through 1799, then by decade. In this section, he deals with works on flat patterning, draping, grading, and tailoring techniques as well as on such related topics as accessories, armor, civil costumes, clerical costumes, dressmakers' systems, fur, gloves, leather, military uniforms, and undergarments. Seligman then devotes a section to those American and English journals published for the professional tailor and dressmaker. Here, too, he includes the related areas of fur and undergarments. A section devoted to journal articles features selected articles from costume- and noncostumerelated professional journals and periodicals. The author breaks these articles down into three categories: American, English, and other. Seligman then devotes separate sections to other related areas, providing alphabetical listings of books and professional journals for costume and dance, dolls, folk and national dress, footwear, millinery, and wigmaking and hair. A section devoted to commercial pattern companies, periodicals, and catalogs is followed by an appendix covering pattern companies, publishers, and publications. In addition to full bibliographic notation, Seligman provides a library call number and library location if that information is available. The majority of the listings are annotated. Each listing is coded for identification and cross-referencing. An author index, a title index, a subject index, and a chronological index will guide readers to the material they want. Seligman's historical review of the development of publications on the sartorial arts, professional journals, and the commercial paper pattern industry puts the bibliographical material into context. An appendix provides a cross-reference guide for research on American and English pattern companies, publishers, and publications. Given the size and scope of the bibliography, there is no other reference work even remotely like it.

dress patterns from the 1940 s: Some Wore Bobby Sox K. Schrum, 2019-06-12 Images of teenage girls in poodle skirts dominated American popular culture on the 1950's. But as Kelly Schrum shows, teenage girls were swooning over pop idols and using their allowances to buy the latest fashions well beforehand. After World War I, a teenage identity arose in the US, as well as a consumer culture geared toward it. From fashion and beauty to music and movies, high school girls both consumed and influenced what manufacturers, marketers, and retailers offered to them. Examining both national trends and individual lives, Schrum looks at the relationship between the power of consumer culture and the ability of girls to selectively accept, reject, and appropriate consumer goods. Lavishly illustrated with images from advertisements, catalogs, and high school year books, *Some Wore Bobby Sox* is a unique and fascinating cultural history of teenage girl culture in the middle of the century.

dress patterns from the 1940 s: Catalogue of the Public Documents of the [the Fifty-third] Congress [to the 76th Congress] and of All Departments of the Government of the United States United States. Superintendent of Documents, 1896

dress patterns from the 1940 s: Guide to the Archive of Art and Design Elizabeth Lomas, 2019-09-17 The Archive of Art and Design at the Victoria & Albert Museum contains Britain's foremost collection of primary source material relating to art and design, particularly of the twentieth century. Established in 1978, the Archive holds over 200 archives created by individual artists, craftspeople and designers and businesses and societies involved in the manufacture and promotion of art and design products. The Guide describes each archive in detail, offering information about its creator, its contents, and related sources held both inside and outside the V&A Museum. It is an invaluable reference text for everyone with an interest in studying British art and design.

dress patterns from the 1940 s: Clothing and Fashion José Blanco F., Patricia Kay Hunt-Hurst, Heather Vaughan Lee, Mary Doering, 2015-11-23 This unique four-volume encyclopedia examines the historical significance of fashion trends, revealing the social and cultural connections

of clothing from the precolonial times to the present day. This sweeping overview of fashion and apparel covers several centuries of American history as seen through the lens of the clothes we wear—from the Native American moccasin to Manolo Blahnik's contribution to stiletto heels. Through four detailed volumes, this work delves into what people wore in various periods in our country's past and why—from hand-crafted family garments in the 1600s, to the rough clothing of slaves, to the sophisticated textile designs of the 21st century. More than 100 fashion experts and clothing historians pay tribute to the most notable garments, accessories, and people comprising design and fashion. The four volumes contain more than 800 alphabetical entries, with each volume representing a different era. Content includes fascinating information such as that beginning in 1619 through 1654, every man in Virginia was required to plant a number of mulberry trees to support the silk industry in England; what is known about the clothing of enslaved African Americans; and that there were regulations placed on clothing design during World War II. The set also includes color inserts that better communicate the visual impact of clothing and fashion across eras.

dress patterns from the 1940 s: Creating the Perfect Form Janet Wood, 2024-05-30 How can the cut of a 19th century gown control its shape? Can you re-create a historic profile from a contemporary mannequin? How can paintings help you analyse historic silhouettes and the corsets and petticoats worn underneath? Conservation and historic dress display specialist Janet Wood will help you answer all these questions. You'll learn how historic garments can be safely handled and shown to best effect, with insight into the characteristic features of each piece and how to translate them from the garment to a display support. Concentrating on Western women's wear from 1750–1950, and with over 250 colour images, plus drawings and charts, you'll learn how to interpret an individual garment's display needs and create safe, appropriate display forms.

dress patterns from the 1940 s: Circular United States. National Bureau of Standards, 1948

dress patterns from the 1940 s: Robin and Lucienne Day Lesley Jackson, 2001-03 Hailed as the British counterparts to Charles and Ray Eames, Robin and Lucienne Day electrified the British design scene in the 1950s with their startling furniture and textile designs. Indeed, their influence over the next five decades has been so profound that their early products were recently reintroduced by Conran's Habitat. Lucienne Day pioneered the introduction of modern abstract pattern design in the textile industry. Her fabrics, which oscillate between bold geometric figures and more subtle abstract patterns, were produced by companies as diverse as Heal's and Liberty of London. Robin Day's influential furniture designs pioneered the use of materials such as plywood, steel, and plastic. His stacking polypropylene chair (right) is one of the best-selling chairs in the world. Robin and Lucienne Day, the first-ever full-length monograph on their designs, features never-before-seen archival material along with over 250 color images of the full range of their work, including furniture, ceramics, textiles, wallpaper, interiors, appliances, exhibit designs, and graphics. Spanning a half-century's creative output, no designer will fail to be awed by the genius seen in this book.

dress patterns from the 1940 s: Africanizing Oncology Marissa Mika, 2022-10-18 An innovative contemporary history that blends insights from a variety of disciplines to highlight how a storied African cancer institute has shaped lives and identities in postcolonial Uganda. Over the past decade, an increasingly visible crisis of cancer in Uganda has made local and international headlines. Based on transcontinental research and public engagement with the Uganda Cancer Institute that began in 2010, *Africanizing Oncology* frames the cancer hospital as a microcosm of the Ugandan state, as a space where one can trace the lived experiences of Ugandans in the twentieth century. Ongoing ethnographic fieldwork, patient records, oral histories, private papers from US oncologists, American National Cancer Institute records, British colonial office reports, and even the architecture of the institute itself show how Ugandans understood and continue to shape ideas about national identity, political violence, epidemics, and economic life. *Africanizing Oncology* describes the political, social, technological, and biomedical dimensions of how Ugandans created, sustained, and transformed this institute over the past half century. With insights from science and technology

studies and contemporary African history, Marissa Mika's work joins a new wave of contemporary histories of the political, technological, moral, and intellectual aspirations and actions of Africans after independence. It contributes to a growing body of work on chronic disease and situates the contemporary urgency of the mounting cancer crisis on the continent in a longer history of global cancer research and care. With its creative integration of African studies, science and technology studies, and medical anthropology, Africanizing Oncology speaks to multiple scholarly communities.

dress patterns from the 1940 s: Sartorial Fandom Elizabeth Affuso, Suzanne Scott, 2023-04-03 In recent years, geeks have become chic, and the fashion and beauty industries have responded to this trend with a plethora of fashion-forward merchandise aimed at the increasingly lucrative fan demographic. This mainstreaming of fan identity is reflected in the glut of pop culture T-shirts lining the aisles of big box retailers as well as the proliferation of fan-focused lifestyle brands and digital retailers over the past decade. While fashion and beauty have long been integrated into the media industry with tie-in lines, franchise products, and other forms of merchandise, there has been limited study of fans' relationship to these items and industries. Sartorial Fandom shines a spotlight on the fashion and beauty cultures that undergird fandoms, considering the retailers, branded products, and fan-made objects that serve as forms of identity expression. This collection is invested in the subcultural and mainstream expression of style and in the spaces where the two intersect. Fan culture is, in many respects, an optimal space to situate a study of style because fandom itself is often situated between the subcultural and the mainstream. Collectively, the chapters in this anthology explore how various axes of lived identity interact with a growing movement to consider fandom as a lifestyle category, ultimately contending that sartorial practices are central to fan expression but also indicative of the primacy of fandom in contemporary taste cultures.
