The Original Release Date of Harry Potter and the Sorcerer's Stone

Publication Details and Initial Release

Harry Potter and the Sorcerer's Stone was first published on June 26, 1997, in the United Kingdom under its original title *Harry Potter and the Philosopher's Stone*. The book was released by Bloomsbury Publishing, a relatively small publisher at the time, which took a chance on Rowling's debut novel.

In the United States, the book was released a year later, on September 1, 1998, by Scholastic Corporation, with a significant change: the title was altered to *Harry Potter and the Sorcerer's Stone*. This decision was made by Scholastic to better appeal to American readers who might be unfamiliar with the philosophical connotations of the original title.

Why the Title Change?

The change from "Philosopher's Stone" to "Sorcerer's Stone" was strategic, aiming to make the book more appealing and understandable to the American market. The concept of a "philosopher's stone" is rooted in alchemy and esoteric traditions, which might have been less familiar or intriguing to U.S. readers. Scholastic believed that "Sorcerer's Stone" conveyed a sense of magic and adventure that would resonate more with children and young readers.
