loves and lives of a she devil: Life and Loves of a She Devil Fay Weldon, 1985-08-12 This is not a book for everyone, but its admirers are vigorously enthusiastic. For example: Rhoda Koenig in New York Magazine, who calls it . . . a novel of blazingly hot revenge, one that amply illustrates the saying about heaven having no rage like love turned to hate, nor hell a fury like a woman scorned. Or Rosalyn Drexler, who said on the front page of The New York Times Book Review, It affords a scintillating, mindboggling, vicarious thrill for any reader who has ever fantasized dishing out retribution for one wrong or another. Or Carol E. Rinzler, who wrote on The Washington Post Book World's front page, . . . what makes this a powerfully funny and oddly powerful book is the energy of the language and of the intellect that conceived it, an energy that vibrates off the pages and that makes SHE-DEVIL as exceptional a book in the remembering as in the reading . . . a small, mad

masterpiece.

loves and lives of a she devil: Gender and Laughter, 2016-08-09 This essay collection is dedicated to intersections between gender theories and theories of laughter, humour, and comedy. It is based on the results of a three-year research programme, entitled "Gender - Laughter - Media" (2003-2006) and includes a series of investigations on traditional and modern media in western cultures from the 18th to the 20th century. A theoretical opening part is followed by four thematic sections that explore the multiple forms of irritating stereotypical gender perceptions; aspects of (post-)colonialism and multiculturalism; the comic impact of literary and media genres in different national cultures; as well as the different comic strategies in fictional, philosophical, artistic or real life communication. The volume presents a variety of new approaches to the overlaps between gender and laughter that have only barely been considered in groundbreaking research. It forms a valuable read for scholars of literary, theatre, media, and cultural studies, at the same time reaching out to a general readership.

loves and lives of a she devil: Fay Weldon, Feminism, and British Culture Mara E. Reisman, 2018-10-15 Fay Weldon, *Feminism, and British Culture: Challenging Cultural and Literary Conventions* offers a critical analysis of British author Fay Weldon's major novels from 1967 to the present and addresses how Weldon's fiction engages with controversial moral, social, and political issues. This book provides an in-depth examination of the relationship between Weldon's fiction and the contemporary feminist, cultural, and literary movements in Britain. Representative works from

each decade speak to the multiple controversies and challenges to convention in which Weldon and her books played key roles. Drawing on Weldon's personal history, fiction, and nonfiction as well as on historical, sociological, and literary documents, this book builds a cultural framework in which to understand Weldon's work and the critical response to it. It shows that although Weldon's battleground may change with the times, her ability and desire to provoke controversy remain constant as she continues to question and upset social, literary, and cultural conventions.

loves and lives of a she devil: Myth and Fairy Tale in Contemporary Women's Fiction Susan Sellers, 2017-03-14 Woman as gorgon, woman as temptress: the classical and biblical mythology which has dominated Western thinking defines women in a variety of patriarchally encoded roles. This study addresses the surprising persistence of mythical influence in contemporary fiction. Opening with the question 'what is myth?', the first section provides a wide-ranging review of mythography. It traces how myths have been perceived and interpreted by such commentators as Sigmund Freud, Carl Jung, Bruno Bettelheim, Roland Barthes, Jack Zipes and Marina Warner. This leads to an examination of the role that mythic narrative plays in social and self formation, drawing on the literary, feminist and psychoanalytic theories of Julia Kristeva, Luce Irigaray, Helene Cixous and Judith Butler to delineate the ways in which women's mythos can transcend the limitations of logos and give rise to potent new models for individual and cultural regeneration. In this light, Susan Sellers offers challenging new readings of a wide range of contemporary women's fiction, including works by A. S. Byatt, Angela Carter, Anne Rice, Michele Roberts, Emma Tennant and Fay Weldon. Topics explored include fairy tale as erotic fiction, new religious writing, vampires and gender-bending, mythic mothers, genre fiction, the still-persuasive paradigm of feminine beauty, and the radical potential of comedy.

loves and lives of a she devil: Excess and Embodiment in Contemporary Women's Writing Zeynep Atayurt, 2011-08-01 The 'obese' female body has often been portrayed as the 'other' to the slender body. However, this process of 'othering', or viewing as different, has created a repressive discourse, where 'excess' has increasingly come to be studied as a 'physical abnormality' or a signifier of a 'personality defect' in contemporary Western society. This book engages with the multifarious re-imaginings of the 'excessive' embodiment in contemporary women's writing, drawing specifically on the construction of this form of embodiment in the works of Fay Weldon, Jeanette Winterson, Margaret Atwood, Claude Tardat, and Judith Moore, whose texts offer a distinct literary response to the rigidly homogeneous and limiting representations of fatness, while prompting heterogeneous approaches to reading the 'excessive' female embodiment.

loves and lives of a she devil: Embodied Shame J. Brooks Bouson, 2010-07-02 How does physical, emotional, and sexual abuse shape women's perceptions of their bodies and identities? How are women's psyches affected by the sexual, racial, and cultural denigration that occurs when women's bodies are represented as defective, spoiled, damaged, or dirtied? *Embodied Shame* skillfully explores these questions in the context of recent writings by North American women, contributing to work in shame theory and to feminist analyses of the intersections of theories of the body, affect, emotions, narrative, and trauma. By examining popular contemporary fictional and nonfictional texts, including Alice Munro's *Lives of Girls and Women*, Dorothy Allison's *Bastard Out of Carolina*, Toni Morrison's *The Bluest Eye*, Edwidge Danticat's *Breath, Eyes, Memory*, and Lucy Grealy's *Autobiography of a Face*, J. Brooks Bouson illuminates how deeply entrenched bodily shame

continues to operate in contemporary culture, even as we celebrate the supposed freeing of the female body from the social and cultural constraints that have long bound it.

loves and lives of a she devil: The Love Lives of the Artists Daniel Bullen, 2011-11-01 As the oldest of institutions, marriage seems outdated in modern times, when each individual is encouraged to break with tradition in order to fulfill him- or herself. And so artists like Diego Rivera and Frida Kahlo seem to be paving the way toward a brave, new kind of marriage, where spouses would be allowed—even encouraged—to fulfill different aspects of themselves in outside relationships. Shared creativity, they believed, would transcend their jealousies and compensate their sufferings: through art, they would rise above conventional marital fidelity, and prove a higher fidelity to art and to themselves. *The Love Lives of the Artists* tells the stories of Rainer Maria Rilke and Lou Andreas-Salomé, Alfred Stieglitz and Georgia O'Keeffe, Jean-Paul Sartre and Simone de Beauvoir, Diego and Frida, and Henry Miller and Anaïs Nin—five couples who approached their relationships with the same rebellious creativity as they practiced in their art. From their early artistic development and their first experiences in love, to their artistic marriages and their affairs—and then to their fights and reconciliations, addictions, nervous breakdowns and continued creativity—*The Love Lives of the Artists* describes the promise and the price of freedom and creativity in love.

loves and lives of a she devil: Women's Conflicts About Eating and Sexuality Ellen Cole, Esther D Rothblum, Lillie Weiss, Rosalyn Meadow, 2014-06-03 *Women's Conflicts About Eating and Sexuality* explores the strong relationships food and sex have represented to women over the years. No other book has spelled out so clearly the parallels between sex and eating nor integrated the relationship of these to women's basic need to be loved. Today's dilemma for women--be fat or go hungry--and the endless variations and unsatisfying solutions to this problem have contributed to the incidence of anorexia, bulimia, and obesity. The pursuit of slimness, the obsession with having the perfect body, excessive aerobicizing, and diet books ad nauseam are all part of this phenomenon. Authors in *Women's Conflicts About Eating and Sexuality* skillfully discuss the parallel between women's obsession with sex and romance in the fifties and their obsession with food today. An important book for all women, it sheds light on the complex issues facing women and devotes special attention to the career woman and the additional pressures to be slim and stay slim. The woman who reads this potentially life-changing book can examine, question, and change her behavior, using the specific step-by-step program aid included in the book. This book is for every woman who has ever worried about being too fat or too sexual. *Women's Conflicts About Eating and Sexuality* will appeal to women of all ages--young women and their mothers will be fascinated by the parallels between sexual obsessions of thirty years ago and the eating obsessions of today. This healing book will particularly attract single career women for whom sex and relationships are fraught with complications. Counselors and therapists will find this book an excellent resource in their work with helping women. It is also a good auxiliary text for courses in Women's Studies focusing on psychology and history of women and the sociology of women and eating disorders.
