The Prize Winner Of Defiance Ohio

the prize winner of defiance ohio: The Prize Winner of Defiance, Ohio Terry Ryan,

2005-09-02 The Prize Winner of Defiance, Ohio introduces Evelyn Ryan, an enterprising woman who kept poverty at bay with wit, poetry, and perfect prose during the “contest era” of the 1950s and 1960s. Stepping back into a time when fledgling advertising agencies were active partners with consumers, and everyday people saw possibility in every coupon, Terry Ryan tells how her mother kept the family afloat by writing jingles and contest entries. Mom’s winning ways defied the Church, her alcoholic husband, and antiquated views of housewives. To her, flouting convention was a small price to pay when it came to securing a happy home for her six sons and four daughters. Evelyn, who would surely be a Madison Avenue executive if she were working today, composed her jingles not in the boardroom, but at the ironing board. By entering contests wherever she found them—TV, radio, newspapers, direct-mail ads—Evelyn Ryan was able to win every appliance her family ever owned, not to mention cars, television sets, bicycles, watches, a jukebox, and even trips to New York, Dallas, and Switzerland. But it wasn’t just the winning that was miraculous; it was the timing. If a toaster died, one was sure to arrive in the mail from a forgotten contest. Days after the bank called in the second mortgage on the house, a call came from the Dr Pepper company: Evelyn was the grand-prize winner in its national contest—and had won enough to pay the bank. Graced with a rare appreciation for life’s inherent hilarity, Evelyn turned every financial challenge into an opportunity for fun and profit. From her frenetic supermarket shopping spree—worth \$3,000 today—to her clever entries worthy of Erma Bombeck, Dorothy Parker, and Ogden Nash, the story of this irrepressible woman whose talents reached far beyond her formidable verbal skills is told in *The Prize Winner of Defiance, Ohio* with an infectious joy that shows how a winning spirit will triumph over the poverty of circumstance.

the prize winner of defiance ohio: *The Prize Winner of Defiance, Ohio* , 2006 Based on the true story of Evelyn Ryan, *The Prize Winner of Defiance, Ohio* is one of those overlooked gems that deserves a long life on DVD. Splendidly adapted by writer-director Jane Anderson from the memoir by Terry Ryan (one of Evelyn’s daughters), the film operates on several endearing levels: as a revealing study of the housewife’s plight during the Eisenhower era, an inspiring tale of tenacity and survival against formidable odds, and a charming family drama that tempers sentimental nostalgia with the emotional toll of harsh reality. As always, Julianne Moore brings subtle perfection to her role as Evelyn, the cheerfully strong-willed mother of ten who compensates for the failings of her alcoholic husband (Woody Harrelson) by becoming the most successful contester in the country, entering cleverly-worded poems, jingles, and slogans in corporate sponsored contests throughout the mid-1950s and early ‘60s. Winning everything from palm trees and pogo-sticks to sports cars and cash, she holds the financially desperate family together with happy smiles and a rock-solid defiance of her husband’s volatile temper. Directing her first feature after a respected career in television, Anderson employs some delightful visual effects to liven up the period kitsch (in some cases allowing Moore, as narrator and actor, to appear with herself in the same scene), but she never compromises the emotional core of the drama, which yields an unexpectedly powerful payoff when surviving members of the real-life Ryan family appear, as themselves, in the film’s touching final scene.

the prize winner of defiance ohio: *The Healthy Edit* John Rosenberg, 2013-02-11 Every film or show that we watch, no matter how great the final cut, has its problems during production. Whether it’s a bad performance from an actor, a hole in the story or script, continuity or pacing issues, or something being placed in a shot that shouldn’t be, there’s no shortage of problems encountered once postproduction has begun. Fixing these problems then becomes the job of the editor. This book provides those editors with creative editing solutions they can employ to overcome these problems and is the key to nursing a sick project back to health in the editing room. Though the book takes an application-agnostic approach, specific solutions are presented for today’s most commonly used non-linear editing applications. Solutions more relevant to certain genres are discussed in-depth, as are solutions that editors can employ through the use of simple VFX techniques. Case studies and interviews with Hollywood editors provide readers with real-world problems encountered, and

solutions used to overcome them. The companion website provides Quicktime videos and Flash animations visually demonstrating problems and how they were dealt with.

the prize winner of defiance ohio: *Trust* Tarun Khanna, 2018-08-14 A Harvard Business School professor and international entrepreneur explains the crucial ingredient for success in the developing world. Entrepreneurial ventures often fail in the developing world because of the lack of something taken for granted in the developed world: trust. Over centuries the developed world has built up customs and institutions like enforceable contracts, an impartial legal system, credible regulatory bodies, even unofficial but respected sources of information like Yelp or Consumer Reports that have created a high level of what scholar and entrepreneur Tarun Khanna calls “ambient trust.” If a product is FDA-approved we feel confident it’s safe. If someone makes an untrue claim or breaks an agreement we can sue. Police don’t demand bribes to do their jobs. Certainly there are exceptions, but when brought to light they provoke a scandal, not a shrug. This is not the case in the developing world. But rather than become casualties of mistrust, Khanna shows that smart entrepreneurs adopt the mindset that, like it or not, it’s up to them to weave their own independent web of trust—with their employees, partners, clients, and customers—and with society as a whole. This can requires innovative approaches in places where the level of societal mistrust is so high that, as in one example Khanna provides, an official certification of quality simply arouses suspicion—and lowers sales! Using vivid examples from Brazil, China, India, Mexico and elsewhere, Khanna shows how entrepreneurs can build on existing customs and practices instead of trying to push against them. He highlights the role new technologies can play (but cautions that these are not panaceas), and explains how entrepreneurs can find dependable partners in national and local governments to create impact at scale

the prize winner of defiance ohio: Contest(ed) Writing Mary Lamb, 2013-01-14

This collection is about writing contests, a vibrant rhetorical practice traceable to rhetorical performances in ancient Greece. In their discussion of contests' cultural work, the scholars who have contributed to this collection uncover important questions about our practices. For example, educational contests as epideictic rhetoric do indeed celebrate writing, but does this celebration merely relieve educators of the responsibility of finding ways for all writers to succeed? Contests designed to reward single winners and singly-authored works admirably celebrate hard work, but do they over-emphasize exceptional individual achievement over shared goals and communal reward for success? Taking a cultural-rhetorical approach to contests, each chapter demonstrates the cultural work the contests accomplish. The essays in Part I examine contests and riddles in classical Greek and Roman periods, educational contests in eighteenth-century Scotland, and the Lyceum movement in the Antebellum American South. The next set of essays discusses how contests leverage competition and reward in educational settings: medieval universities, American turn-of-the-century women's colleges, twenty-first century scholarship-essay contests, and writing contests for speakers of other languages at the University of Portsmouth. The last set of essays examines popular contests, including poetry contests in Youth Spoken Word, popular American contests designed by marketers, and twenty-first century podcasting competitions. This collection, then, takes up contests as a cultural marker of our values, assumptions, and relationships to writing, contests, and competition.

the prize winner of defiance ohio: *The Motherhood Affidavits: A Memoir* Laura Jean Baker, 2018-04-03 "Laura Jean Baker has written a beautiful and brave memoir of motherhood and its discontents, which are indistinguishable from its joys. This is a warmly intimate yet intellectually provocative personal document of originality and considerable charm." —Joyce Carol Oates With the birth of her first child, soon-to-be professor Laura Jean Baker finds herself electrified by oxytocin,

the “love hormone”—the first effective antidote to her lifelong depression. Over the next eight years, her “oxy” cravings, and her family, only grow—to the dismay of her husband, Ryan, a freelance public defender. As her reckless baby-making threatens her family’s middle-class existence, Baker identifies more and more with Ryan’s legal clients, often drug-addled fellow citizens of Oshkosh, Wisconsin. Is she any less desperate for her next fix? Baker is in an impossible bind: The same drive that sustains her endangers her family; the cure is also the disease. She explores this all-too-human paradox by threading her story through those of her local counterparts who’ve run afoul of the law—like Rob McNally, the lovable junkie who keeps resurfacing in Ryan’s life. As Baker vividly reports on their alleged crimes—thrift, kidnapping, opioid abuse, and even murder—she unerringly conjures tenderness for the accused, yet increasingly questions her own innocence. Baker’s ruthless self-interrogation makes this her personal affidavit—her sworn statement, made for public record if not a court of law. With a wrenching ending that compels us to ask whether Baker has fallen from maternal grace, this is an extraordinary addition to the literature of motherhood.

the prize winner of defiance ohio: The New Biographical Dictionary of Film David Thomson, 2010 Thomson (independent scholar), writing of The Biographical Dictionary of Film (aka

A Biographical Dictionary of the Cinema, 1975 edition), described it as a personal, opinionated, and obsessive biographical dictionary of the cinema. Thirty-five years and several editions later, that description still holds true of this expanded work. The new dictionary summarizes salient facts about its subjects' lives and discusses their film credits in terms of the quality of the filmmakers' work. In ambition it has competitors, including Leslie Halliwell's various editions of Halliwell's Filmgoers Companion (12th ed., 1997) and Halliwell's Who's Who in the Movies, edited by John Walker (4th ed., rev. and updated, 2006), which cover films and technical terms (categories not included in Thomson's), but whose entries are neutral and exceedingly brief. Additionally, Francophile Richard Roud's edited Cinema: A Critical Dictionary: The Major Filmmakers (2 v., 1980) is as passionate a work as Thomson's, but narrower in scope, with entries written by various experts, rather than only by Roud. Finally, the multivolume magnum opus The International Dictionary of Films and Filmmakers (4th ed., 2000, ed. by T. Pendergast and S. Pendergast; 2nd ed., ed. by N. Thomas, v. 1, CH, May'91; 1st ed., ed. by C. Lyon, v.1-2, CH, Jan'85, v.3, CH, Apr'87, v.4-5, CH, Jun'88) covers everything--films, directors, actors, writers, and production artists--with generous, measured, scholarly entries and lavish illustrations. However, it looms large and heavy, unlike the handy one-volume work by Thomson. Arguably, Thomson's work, for its scope, is the most fun, the most convenient, and the most engaging title. All libraries supporting people interested in film should buy it. It will get lots of use and provide very good value for the money. Summing Up: Highly recommended. Lower-level undergraduates and above; general readers. General Readers; Lower-division Undergraduates; Upper-division Undergraduates; Graduate Students; Researchers/Faculty; Professionals/Practitioners. Reviewed by C. Hendershott.
