

benito mussolini il duce

benito mussolini il duce was a prominent and controversial figure in 20th-century history, known for his role as the founder of Italian Fascism and his leadership as the dictator of Italy from 1925 to 1943. Mussolini's rise to power, his political ideology, and his impact on Italy and the world continue to be subjects of extensive study and debate. This article provides a comprehensive overview of Benito Mussolini, exploring his early life, political career, ideology, alliances, downfall, and legacy, with a focus on SEO-optimized content for readers seeking detailed information.

Early Life and Background of Benito Mussolini

Childhood and Education

Benito Amilcare Andrea Mussolini was born on July 29, 1883, in Predappio, a small town in northern Italy. His father, Alessandro Mussolini, was a blacksmith and a socialist, while his mother, Donna Rosa Maltoni, was a schoolteacher. Growing up in a working-class family, Mussolini was exposed to socialist ideas early on, which influenced his initial political leanings.

Early Political Involvement

Mussolini initially embraced socialism, working as a socialist journalist and editor. His early career was marked by active engagement in socialist activism, including advocating for workers' rights and social reforms. However, his views evolved dramatically over time, especially during World War I, leading to his eventual development of fascist ideology.

Political Rise and the Formation of Fascism

Transition from Socialism to Fascism

During World War I, Mussolini's stance shifted from socialism to nationalism and militarism. Disillusioned with socialist pacifism, he argued for Italy's involvement in the war to achieve national greatness. In 1919, he founded the Fasci Italiani di Combattimento (Italian Combat Fasci), which later evolved into the National Fascist Party.

The March on Rome and Seizure of Power

In 1922, Mussolini orchestrated the March on Rome, a mass demonstration that resulted in King Victor Emmanuel III inviting Mussolini to form a government. This event marked the beginning of Mussolini's rule and the establishment of a fascist dictatorship in Italy.

Ideology and Political Principles

Core Principles of Fascism

Benito Mussolini's fascism was characterized by several core principles, including:

- Authoritarian Leadership: Concentration of power in the hands of a strong leader.
- Nationalism: Emphasis on Italy's greatness and revival of imperial ambitions.
- Militarism: Promotion of military strength and readiness.
- Anti-Communism: Opposition to socialism and communism.

- Corporatism: State control over the economy through corporative associations.

Propaganda and Cult of Personality

Mussolini skillfully used propaganda to bolster his image as "Il Duce" (The Leader). The cult of personality was fostered through media, speeches, and symbols to unify Italians under his leadership.

Mussolini's Policies and Governance

Domestic Policies

- Suppression of Opposition: Dissolution of political parties and suppression of dissent.
- Media Control: Censorship and state propaganda.
- Economic Policies: Attempts at autarky and state intervention in the economy.
- Social Reforms: Promotion of traditional values, family, and national unity.

Foreign Policy and Expansionism

Mussolini aimed to restore Italy's imperial grandeur through military campaigns and territorial expansion, including:

- Invasion of Ethiopia (1935-1936): A brutal campaign that drew international condemnation.
- Annexation of Albania (1939): Incorporating neighboring countries into Italy's empire.
- Alignment with Nazi Germany: Forming the Rome-Berlin Axis in 1936, leading to Italy's participation in World War II.

Italy Under Mussolini During World War II

Italy's Entry into WWII

Mussolini entered WWII on June 10, 1940, aligning Italy with Nazi Germany and Japan. His military campaigns, however, faced numerous setbacks, and Italy's war efforts were largely unsuccessful.

Military Campaigns and Challenges

- North African Campaign: Initial successes followed by defeats.
- Invasion of Greece: A failed attempt that slowed Italian progress.
- Deterioration of the War: Economic hardship, military defeats, and loss of public support.

The Fall of Mussolini

In 1943, Allied forces invaded Italy, leading to Mussolini's arrest and the collapse of his regime. Italy signed an armistice with the Allies, effectively ending Fascist rule.

Mussolini's Downfall and Execution

Capture and Death

In April 1945, as Allied forces advanced into Italy, Mussolini attempted to escape to Switzerland but was arrested by Italian partisans. On April 28, 1945, Benito Mussolini and his mistress, Claretta Petacci, were executed by firing squad in Milan. Their bodies were displayed publicly, symbolizing the end of Fascism.

end of fascist rule in Italy.

Impact of His Death

Mussolini's execution marked a significant turning point in Italian history, leading to the post-war reconstruction and the abolition of the monarchy in favor of a republic.

Mussolini's Legacy and Historical Significance

Controversial Legacy

Benito Mussolini remains a highly controversial figure. His contributions to Italian modernization and infrastructure are overshadowed by his oppressive regime, aggressive foreign policies, and alliance with Nazi Germany.

Influence on Fascist Movements

Mussolini's fascist ideology influenced other authoritarian regimes worldwide, including Nazi Germany under Adolf Hitler. His model of dictatorship and propaganda techniques have been studied extensively.

Modern Perspectives

Today, Mussolini is often examined as a cautionary tale about the dangers of totalitarianism, nationalism, and unchecked power. His legacy prompts ongoing debates about historical memory, responsibility, and the importance of democracy.

Conclusion

Benito Mussolini, known as Il Duce, played a pivotal role in shaping 20th-century history through his leadership of Italy and his promotion of fascist ideology. His rise to power, policies, and eventual downfall serve as a sobering reminder of the destructive potential of authoritarian regimes. Understanding Mussolini's life and legacy is essential for grasping the complex history of fascism and its lasting impact on global affairs.

Frequently Asked Questions

Who was Benito Mussolini and what role did he play in Italian history?

Benito Mussolini was an Italian political leader who founded Fascism and served as Italy's Prime Minister from 1922 to 1943. He led Italy into World War II as an alliance with Nazi Germany and played a central role in shaping Italy's fascist dictatorship.

What does the title 'Il Duce' mean, and why was Mussolini called this?

Il Duce means 'The Leader' in Italian. Mussolini was called this as a title of authority and leadership, emphasizing his role as the supreme leader of Fascist Italy, akin to a dictator.

How did Mussolini rise to power in Italy?

Mussolini rose to power through a combination of political agitation, propaganda, and exploiting social unrest after World War I. He founded the Fascist Party, gained support from the military and industrialists, and ultimately seized power in 1922 through the March on Rome.

What were the main policies implemented by Mussolini's regime?

Mussolini's regime implemented policies of authoritarian rule, suppression of political opposition, nationalism, militarization, and state control of the economy. He also promoted aggressive expansionism and sought to revive Italy's imperial ambitions.

What role did Mussolini play during World War II?

Mussolini allied Italy with Nazi Germany and Japan as part of the Axis Powers. He led Italy into war, pursuing territorial expansion, but faced military defeats that contributed to Italy's collapse and his eventual downfall.

How did Benito Mussolini's rule end?

Mussolini was deposed in 1943 as Italy faced defeats in WWII. He was captured and executed by Italian partisans in April 1945 while attempting to escape to Switzerland, marking the end of his regime.

What is Mussolini's legacy in Italy today?

Mussolini's legacy is highly controversial; he is remembered for establishing fascism, leading Italy into WWII, and his oppressive policies. His rule is often studied as a warning against authoritarianism and totalitarian regimes.

How did Mussolini's fascist ideology influence other movements and regimes?

Mussolini's fascist ideology influenced other authoritarian regimes, notably Nazi Germany under Adolf Hitler. It contributed to the spread of fascist and ultra-nationalist movements across Europe in the early 20th century.

What are some common misconceptions about Benito

Mussolini?

A common misconception is that Mussolini was solely a dictator without popular support; in reality, he initially gained support through political manipulation and propaganda. Additionally, some mistakenly view him as a mere puppet of Hitler, whereas he was an influential leader in his own right.

Additional Resources

Benito Mussolini Il Duce stands as one of the most controversial and influential figures of the 20th century. As the founder of Italian Fascism and dictator of Italy from 1925 to 1943, Mussolini's leadership profoundly shaped Italy's political landscape and had far-reaching impacts on global history. His complex legacy continues to evoke both admiration and condemnation, making him a central subject of study for historians, political scientists, and scholars interested in the rise of totalitarian regimes.

Early Life and Rise to Power

Background and Origins

Benito Amilcare Andrea Mussolini was born on July 29, 1883, in Predappio, a small town in northern Italy. Coming from a working-class family, Mussolini's early years were marked by a strong interest in socialism, which he initially embraced before pivoting towards nationalism. His education and early career as a teacher and journalist laid the groundwork for his later political pursuits.

The Transition from Socialism to Fascism

Initially a staunch socialist, Mussolini's ideology shifted dramatically in the wake of Italy's entry into World War I. Disillusioned with socialism's pacifism, he adopted a nationalist stance, advocating for Italy's involvement in the war to secure territorial gains. Post-war Italy was riddled with economic turmoil, social unrest, and political fragmentation. Mussolini capitalized on this chaos, founding the Fasci Italiani di Combattimento in 1919, which later evolved into the National Fascist Party.

Consolidating Power

Through charismatic leadership, propaganda, and the strategic use of violence and intimidation, Mussolini built a mass movement. The March on Rome in 1922 marked a turning point, leading King Victor Emmanuel III to invite Mussolini to form a government. By 1925, Mussolini had established a totalitarian regime, dismantling democratic institutions and consolidating power as Il Duce, or "The Leader."

Political Ideology and Governance

Fascism: Core Principles and Features

Mussolini's brand of fascism was characterized by:

- Authoritarianism: Suppression of political opposition and centralized control.
- Nationalism: Emphasis on Italy's greatness and renewal.
- Militarism: Promotion of military strength and expansion.
- Anti-Communism: Opposing socialism and communism as threats to the state.
- Corporatism: Organization of society into corporate groups representing different sectors, intended to harmonize interests under state control.

Features of Mussolini's Fascist Regime:

- Single-party rule with no tolerance for dissent.
- Propaganda machinery to cultivate a cult of personality.
- Use of secret police (OVRA) to quash opposition.
- Control over media, education, and culture.
- Suppression of individual freedoms in favor of state interests.

Achievements and Policies

Despite its oppressive nature, Mussolini's regime implemented certain policies aimed at modernizing Italy:

- Infrastructure development, including roads and public works.
- Industrial growth initiatives.
- Attempts at social welfare, although often limited and propagandistic.
- Promotion of traditional family values and conservative social policies.

Pros and Cons of Mussolini's Governance:

Pros:

- Stabilized Italy after political chaos.
- Modernization efforts in infrastructure and industry.
- Promoted national pride and unity.

Cons:

- Suppression of political freedoms and human rights.
- Use of violence and intimidation.
- Cult of personality fostering a dictatorship.
- Suppression of dissenting voices and opposition parties.

Italy's Foreign Policy and Expansion

The Fascist Foreign Policy Agenda

Mussolini aimed to restore Italy's status as a great power through aggressive foreign policy. His expansionist ambitions led to several key actions:

- The invasion of Ethiopia in 1935, which was condemned internationally but showcased Italy's imperial ambitions.
- Formation of alliances with Nazi Germany, culminating in the Pact of Steel in 1939.
- Participation in World War II on the side of the Axis Powers.

The Ethiopian Campaign

The invasion of Ethiopia was a major event demonstrating Mussolini's desire for territorial conquest. Despite widespread condemnation and economic sanctions, Italy successfully occupied Ethiopia by 1936, establishing Italian East Africa. This campaign was marked by brutal warfare and atrocities, tarnishing Mussolini's international reputation.

World War II and Its Aftermath

Italy's entry into WWII initially aimed at territorial expansion but quickly turned disastrous. Military failures, combined with internal dissent, led to Mussolini's downfall in 1943. Following his arrest and imprisonment, Italy experienced a period of chaos and civil war, culminating in the fall of Fascist Italy and Mussolini's execution by Italian partisans in 1945.

Pros and Cons of Mussolini's Foreign Policy:

Pros:

- Increased national pride through territorial expansion.
- Modernized certain aspects of Italy's military.

Cons:

- Led Italy into costly and ultimately disastrous war.
- International condemnation and sanctions.
- Atrocities and human rights abuses abroad.

Legacy and Historical Evaluation

Impact on Italy

Mussolini's governance left a profound mark on Italy:

- Infrastructure and industrial projects that persisted beyond his rule.
- Deep scars from repression, censorship, and political violence.
- The fascist ideology, which influenced subsequent political movements and debates.

Global Influence and Historical Significance

Mussolini's rise exemplifies the dangers of authoritarianism and the allure of nationalist populism. His alliance with Hitler and participation in WWII contributed directly to the horrors of the Holocaust and the devastation of the war.

Controversies and Reassessment

Historically, Mussolini remains a figure of debate:

- Some admire his efforts to modernize Italy and restore national pride.
- Most condemn his brutal dictatorship and aggressive foreign policies.

Mussolini's Legacy Today:

- His name is often synonymous with tyranny and fascism.
- His regime is studied as a cautionary tale about the rise of totalitarian regimes.
- Debates continue about the extent of his achievements versus his crimes.

Conclusion

Benito Mussolini Il Duce embodies a complex blend of ambition, charisma, brutality, and controversy. His leadership transformed Italy into a totalitarian state, with policies that ranged from modernization to repression. While some praise his efforts to revitalize Italy, the overarching legacy is one marred by violence, war, and the suppression of freedoms. His rise and fall serve as a stark reminder of the destructive potential of authoritarianism and extreme nationalism. As history continues to evaluate his impact, Mussolini remains a pivotal figure whose actions and ideology continue to influence discussions on power, ethics, and governance in the modern world.

[Benito Mussolini Il Duce](#)

benito mussolini il duce: Mussolini Christopher Hibbert, 2008-07-22 With his signature insight and compelling style, Christopher Hibbert explains the extraordinary complexities and contradictions that characterized Benito Mussolini. Mussolini was born on a Sunday afternoon in 1883 in a village in central Italy. On a Saturday afternoon in 1945 he was shot by Communist partisans on the shores of Lake Como. In the sixty-two years in between those two fateful afternoons Mussolini lived one of the most dramatic lives in modern history. Hibbert traces Mussolini's unstoppable rise to power and details the nuances of his fascist ideology. This book examines Mussolini's legacy and reveals why he continues to be both revered and reviled by the Italian people.

benito mussolini il duce: Mussolini Ray Moseley, 2004-06-30 In his last days, Mussolini, the tyrant, was in the grip of anger, shame, and depression. The German armed forces that had sustained his puppet government since its creation in September 1943 were being inexorably driven out of Italy, the frontiers of his Fascist republic were shrinking daily and Mussolini was aware that German military leaders were negotiating with the Allies behind his back in neutral Switzerland. Moseley's well-researched and highly engaging tome throws light on the last twenty months of the despot's life and culminates with the dramatic capture and execution of Mussolini (and his mistress

Claretta Petacci) by partisans of the Italian resistance on April 28, 1945.

benito mussolini il duce: *Duce: The Contradictions of Power* Peter J. Williamson, 2023-06-15 Eighty years after the fall of Benito Mussolini, controversy remains about what his dictatorship represented. This reflects the different sides to the Duce's leadership: while adept at nurturing and enforcing his personal political power, Mussolini's lack of insight into the requirements of governance prevented him from converting this power into influence to achieve his goals. His efforts to maintain the support of Italy's conservative elites--economic, social and political--also created tensions with his radical Fascist ambitions, diminishing the momentum behind his regime. Mussolini is frequently portrayed as a charismatic leader, but his rule was secured principally by coercion, violence and a 'spoils system'. Nonetheless, his personality cult had significant popular appeal, even if based upon a political myth. This enabled him to consolidate his position and to dominate his Fascist colleagues--but at a price of over-centralized, dysfunctional decision-making. In this book, the first comprehensive English-language study of Mussolini in nearly two decades, Peter J. Williamson brings to life the contradictions within the Duce's leadership. Using a wide range of sources, Williamson reveals how these conflicts impeded the dictator's ambitions, leaving him increasingly frustrated, all while most Italians endured the severe privations of both failure and Fascism.

benito mussolini il duce: *Duce!* Richard Collier, 1971 Account of the rise and fall of Mussolini from 1922 to 1945 based on interviews with 454 persons and extensive research.

benito mussolini il duce: *"Il Duce"* L. Kemechey, 1930

benito mussolini il duce: *Benito Mussolini* Christopher Hibbert, 1962 Benito Mussolini, the son of a peasant, held absolute rule over the Italian nation for the best part of a generation, and played a leading role in high world drama. What happened to Italy was therefore in the fullest sense his personal responsibility, and by this History -- whose ultimate verdict was his constant self-conscious preoccupation -- must judge him. The clue to his character as revealed in this remarkably detailed biography is to be found in a web of almost pathological contradictions. This pretender of jutting chin and iron will was at times of crisis quite incapable of making up his mind or of holding a line of action for more than a few minutes. And when at last his power began to crumble, he remained obstinately blind to all warnings, resolutely irresolute, almost indifferent to his own downfall. While, on the historic plane, power worked on this man its usual corruptions, in one particular he remained incorruptible: for material riches and aggrandisement he cared nothing. Underneath the bombast there lurked a core of human kindness and of physical courage. Still posturing, before the mirror of history, he met his infamous end with dignity.

benito mussolini il duce: *Il Duce* Richard B. Lyttle, 1987 Depicts the life of Benito Mussolini, discusses how he came to power in Italy, and describes his activities as dictator

benito mussolini il duce: *Benito Mussolini - Autobiography* Benito Mussolini, 2024-08-14 The Autobiography was first published in 1928, during Mussolini's reign as the dictator of Italy. The book was written as a means of promoting Mussolini's image both within Italy and abroad, presenting his life story and political ideology from his own perspective. The autobiography provides a narrative of Mussolini's life from his humble beginnings to his rise as the leader of Italy. It covers key events such as his early involvement in socialism, his break with the socialist movement, and his role in World War I, which he credits with shaping his nationalist beliefs. The book also details his founding of the Fascist movement, the March on Rome, and the establishment of his dictatorial regime. Mussolini uses the autobiography to justify his actions and to present himself as a strong, visionary leader who saved Italy from chaos and decay. The book is filled with propaganda, aimed at reinforcing the fascist ideology and Mussolini's image as Il Duce. It reflects his belief in authoritarianism, the importance of the state, and his disdain for democracy and liberalism.

benito mussolini il duce: *The cult of the Duce* Stephen Gundle, Christopher Duggan, Giuliana Pieri, 2015-11-01 The cult of the Duce is the first book to explore systematically the personality cult of the Fascist dictator Benito Mussolini. It examines the factors which informed the cult and looks in detail at its many manifestations in the visual arts, architecture, political spectacle and the media.

The conviction that Mussolini was an exceptional individual first became dogma among Fascists and then was communicated to the people at large. Intellectuals and artists helped fashion the idea of him as a new Caesar while the modern media of press, photography, cinema and radio aggrandised his every public act. The book considers the way in which Italians experienced the personality cult and analyses its controversial resonances in the postwar period. Academics and students with interests in Italian and European history and politics will find the volume indispensable to an understanding of Fascism, Italian society and culture, and modern political leadership. Among the contributions is an Afterword by Mussolini's leading biographer, R.J.B. Bosworth.

benito mussolini il duce: Benito Mussolini , 1962

benito mussolini il duce: Mussolini Richard J. B. Bosworth, 2014-03-04 In 1945, disguised in German greatcoat and helmet, Mussolini attempted to escape from the advancing Allied armies. Unfortunately for him, the convoy of which he was part was stopped by partisans and his features, made so familiar by Fascist propaganda, gave him away. Within 24 hours he was executed by his captors, joining those he sent early to their graves as an outcome of his tyranny, at least one million people. He was one of the tyrant-killers who so scarred interwar Europe, but we cannot properly understand him or his regime by any simple equation with Hitler or Stalin. Like them, his life began modestly in the provinces; unlike them, he maintained a traditional male family life, including both wife and mistresses, and sought in his way to be an intellectual. He was cruel (though not the cruellest); his racism existed, but never without the consistency and vigor that would have made him a good recruit for the SS. He sought an empire; but, in the most part, his was of the old-fashioned, costly, nineteenth century variety, not a racial or ideological imperium. And, self-evidently Italian society was not German or Russian: the particular patterns of that society shaped his dictatorship. Bosworth's Mussolini allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated. With extraordinary skill and vividness, drawing on a huge range of sources, this biography paints a picture of brutality and failure, yet one tempered with an understanding of Mussolini as a human being, not so different from many of his contemporaries. 'The definitive study of the Italian dictator.'

benito mussolini il duce: THE DOCTRINE OF FASCISM Benito Mussolini, 2024-01-10

Benito Mussolini was an Italian politician, teacher, and journalist who wrote for left-wing newspapers. He enlisted in the army, rising to the rank of sergeant. In 1922, he organized the March on Rome, and with the support of King Victor Emmanuel III, he took over the cabinet as the Prime Minister of Italy. In 1925, Mussolini became Il Duce (the supreme leader of Italy). Mussolini founded the National Fascist Party and became the most representative politician of fascist ideology. In *The Doctrine of Fascism*, Mussolini synthesizes fascist doctrine and its principles while also pointing out what he considers the limitations of other ideologies such as liberalism and socialism.

benito mussolini il duce: Mussolini and Fascism John Patrick Diggins, 2015-03-08

Mussolini, in the thousand guises he projected and the press picked up, fascinated Americans in the 1920s and the early '30s. John Diggins' analysis of America's reaction to an ideological phenomenon abroad reveals, he proposes, the darker side of American political values and assumptions. Originally published in 1972. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

benito mussolini il duce: Benito Mussolini Jeremy Roberts, 2005-01-01 Presents the life and career of Il Duce, the dictator of Italy from 1922-1945.

benito mussolini il duce: The Body of Il Duce Sergio Luzzatto, 2005-08 Publisher Description

benito mussolini il duce: Mussolini Martin Clark, 2014-06-06 Benito Mussolini was a brilliant

Socialist journalist who in 1914 declared war, put himself at the head of the anti-Socialist movement in Italy, manoeuvred himself into power by 1933 and ruled the country until overthrown in 1943. He was a dynamic but insecure personality, who appeared dictatorial but always had to share power with the military and bureaucratic establishment. Mussolini founded an Empire in Africa and tried to 'make Italians' in his own heroic, war like image, but in fact failed to even control his own family! In June 1940, when France fell, he could not resist joining in the Second World War on the German side, although Italy was not equipped for serious fighting. His rule ended in Military disaster and personal humiliation. This new biography focuses both on Mussolini's personality and on the way he exercised power, and regards these two issues as closely linked. It sees him as a man with all the talents needed to attain power but few of those needed to exercise it well. This book primarily focuses on how Mussolini had absolutely the wrong personality for a successful political leader.

benito mussolini il duce: Twentieth-Century Caesar: Benito Mussolini Jules Archer, 2017-02-07 Benito Mussolini was a man of many contradictions but with one driving ambition: to rule Italy and restore it to the power and splendor of the ancient Roman Empire, with himself as the new Caesar. He became the founder of the Fascist movement and dictator of all of Italy. The son of a poor blacksmith who was an ardent Socialist, Mussolini grew up in an atmosphere of political agitation. He taught school for a brief time and then became a fiery journalist, attacking the government with a violence that caused him to be imprisoned eleven times before he was thirty. He was a genuine idealist, but he was also an opportunist. Mussolini used his influence to get Italy into World War I by accepting a bribe from France, thus betraying his cause. Mussolini's weaknesses were dramatically revealed by the fantastic blunders he committed during the war and by the swift collapse of his Fascist party under pressure. As defeat followed defeat, he was arrested but escaped to northern Italy, where he became head of a puppet government set up by Hitler. When World War II ended, he was executed.

benito mussolini il duce: Mussolini's Italy R. J. B. Bosworth, 2007-01-30 With Mussolini's Italy, R.J.B. Bosworth—the foremost scholar on the subject writing in English—vividly brings to life the period in which Italians participated in one of the twentieth century's most notorious political experiments. Il Duce's Fascists were the original totalitarians, espousing a cult of violence and obedience that inspired many other dictatorships, Hitler's first among them. But as Bosworth reveals, many Italians resisted its ideology, finding ways, ingenious and varied, to keep Fascism from taking hold as deeply as it did in Germany. A sweeping chronicle of struggle in terrible times, this is the definitive account of Italy's darkest hour.

benito mussolini il duce: Benito Mussolini , 1996

benito mussolini il duce: Benito Mussolini's the Doctrine of Fascism Benito Mussolini, 2017-03-31 This is the original Doctrine of Fascism. This doctrine worked as the basis of the Italian Fascist Party and influenced numerous fascist movements and individuals that followed.
