bethel united church of jesus christ apostolic: A Prince of Pentecost Dr. Charles Mullings, 2017-06-02 In A Prince of Pentecost by Dr. Charles C. Mullings, Sr., the author engage many people with a working knowledge of Bishop M. R. Saunders, Sr., to extract the internal evidences that cause thousands to gravitate to him. From this evidence, the author seeks four factors: (1) a Christological confession that makes him genuinely apostolic, (2) the interdisciplinary traction that drives his high

intellectual sharpness, (3) the sociological factors that impel his sense of humor, (4) most importantly, the source from which he drinks to foster the effervescence out of his deep spiritual reservoir. A Prince of Pentecost must demonstrate some superhuman qualities; he has to manifest a high degree of spiritual discipline as well as exhibit Holy Ghost dynamics par excellence. Bishop Saunders life is the quintessence of these expectations, as well as myriads of other spiritual offerings. This book is compelling reading for Christians, who are seeking a deeper spiritual fountain to foster an exemplary walk with our Lord Jesus Christ.

bethel united church of jesus christ apostolic: A Woman of Substance Deborah Ruth Dinnall, 2010-11-22 There are aspects of the Proverbs 31 woman in all of us. God had a clear blueprint of what He intended us to be when He created us. He was certain about His creation. His intention was in no way ambiguous. We were created with a clear place and purpose in life. We were endowed with feminine graces that enable us to bring life and sustain it. It is imperative in this day and age that we understand Gods dictates for femininity. If we are swayed by the doctrine of this world we will not only lose our way, but we will abort our destiny. God is waiting for us to take our place in Him by becoming women who He can depend on. We are made of the same stuff as the Proverbs 31 woman. The same God, using the same material to bring us into being, created us. The same substance formed us. It is time for women of God to stop living beneath their privilege. There is no woman like the woman of God, a woman of substance, strong, focused, and filled with the beauty of Christ.

bethel united church of jesus christ apostolic: Pruned to Be Fruitful Jacinth M. Dunkley, 2015-07-14 Living a life of great expectation and spending quality time in the Word of God will open our hearts and minds to the supernatural things that God has in store for each of His children. When we open our hearts to the Lord Jesus Christ, the Devil will view us as a threat, and then he will do everything in his power to destroy us. Many think this is the end of all our troubles, and in a sense this is true, for we dont have to carry the heavy burdens any more. The Bible tells us the battles belong to the Lord; we have seen how God fought for the patriots, and He is the same God today, for He never changes; He will do the same for us. This book was written to encourage everyone faced with any form of difficulty and having a desire to grow spiritually. The testimonies shared are experiences we will face at some time in our lives. It is not the amount of trials we overcome that matters; it is the way in which we overcome these trials that reflects who we are as Christians. I reflect back to when Jesus was led into the wilderness to be tempted by the Devil. Having all power given unto Him to do what is right, Jesus Christ remain humbled, speaking only the Word of God. The Bible teaches that the Word of God is powerful and sharper than any two-edged sword, but unless you have had a personal experience with it, the powerful effect of Gods word will remain unknown to you. The inspiration written in this book will enhance your spiritual walk and prepare you for advanced growth. If you are walking in spiritual deficit, be encouraged, for it will be over by the time you finish reading this book. I have seen too many victories to let fear, doubt, and defeat have the last word. God is ablemore than able. Turn the pages, and find out for yourself!

bethel united church of jesus christ apostolic: Egbert George Bygrave: His story, His legacy Pauline Bygrave, 2025-03-31 Pauline Bygrave had a special bond with her father; in her eyes he was a hero. Her father was a people person, always out there giving a lending hand. Egbert George loved his people in Calderwood, Stepney where he grew up in Jamaica and saw the struggles and hardships they went through. From a dream he had when he was a young man, he built a well-needed clinic and a hall for the community. By writing this book, Pauline shares her father's life from her eyes with her family and the world, but more so she wants the world to know her father's story and the legacy he left behind. This is not just a biography of her father, but some of her family history the family and the generations to come must know. We celebrate Black History Month every year, and Pauline is adding one more name to the list of famous black people who made a difference in the world: Egbert George Bygrave. bethel united church of jesus christ apostolic: *The Reason Why I'm Living This Life* Marie Morrison, 2019-08-20 There is a common misconception regarding those who attend church and have decided to dedicate their lives to God. Believe me when I say, we were not always like this. I do not think people truly grasp where some of us are coming from and what God has saved us from. We have been homeless, lost children, lost parents, drug abusers, drunkards, gang members, heavy smokers, self-harmers, gamblers – you name it, God saved us from it. Some of us had terminal illnesses and were told how little time we had left to live, but God intervened! We just got tired of our lives spinning in circles; the drugs and alcohol seemed to help, but only for a time. So yes, we were in a downward spiral. Irrespective of our race, gender or nationality, we can be saved; we all have a choice. One of the most powerful things God has given to humankind is free will. He will not force you to serve Him; He takes no pleasure in that and neither would you. We all knew something was missing, we just did not know that it was God. It is funny – well, not funny ha-ha, but you know it is mind-blowing when people look at us believing that we were always this way, and you think, If they ever knew! Well, this book is written for you to know. God did not come to save the righteous because if He did, the church would be empty. We all have to begin somewhere, and this is how and where many stories began. The following are personalised accounts of those who shared their experiences.

bethel united church of jesus christ apostolic: *A Plea for British Black Theologies, Volume 2* Roswith I. H. Gerloff, 2010-11-01 This volume is the appendix to volume one and includes notes, bibliographies and related materials. Since the Second World War more than 1,000 black independent congregations in around 300 different organizations have sprung up all over Britain. The immigration of Afro-Caribbeans and West Africans has led to the emergence and growth of many churches, which flourish in the cities and attract a growing number of members. They now play an increasingly active role in the social and ecumenical life of the nation, which is reflected in cooperation with the 'New Instrument' of the British churches. They comprise a rich diversity of theological traditions and cultural inheritance, some in an interesting blend, some in a struggle with white elements. Existence and growth of these communities have often been explained by factors inherent in British society, such as social deprivation and English racism. The book attempts to prove that, as much these factors are a reality, they do not account for the dynamics of the movement, its proliferation and stability. Rather these congregations are carried by strong cultural and theological forces, which molded the spiritual experience of the African diaspora. They carry a living faith, sound contextual theologies, and a form of organization, which presents a model for other ethnic minorities.

bethel united church of jesus christ apostolic: The Desecularisation of the City David Goodhew, Anthony-Paul Cooper, 2018-09-21 Major cities have long been seen as centres of secularisation. However, the number of congregations in London grew by 50% between 1979 and the present. London's churches have been characterised more by growth than by decline in the decades since 1980. The Desecularisation of the City provides the first academic survey of churches in London over recent decades, linking them to similar developments in other major cities across the West. Produced by a large team of scholars from a range of disciplines, this volume offers a striking and original portrait of congregational life in London since 1980. Seventeen chapters explore the diverse localities, ethnicities and denominations that make up the church in contemporary London. The vitality of London's churches in the last four decades shows that secularisation is far from inevitable in the cities of the future. This study necessitates a significant reassessment of the dominant academic portrayal of Christianity in Britain and the West, which has, mostly, depicted cities as secular spaces within a secularising culture. It will be of great interest to scholars working across a wide range of disciplines, including history, sociology, religious studies and theology.

bethel united church of jesus christ apostolic: Churches, Blackness, and Contested Multiculturalism R. Smith, W. Ackah, A. Reddie, 2014-06-18 This volume assesses contemporary church responses to multicultural diversity and resisted categories of social difference, with a central focus on whether or how racial, ethnic, religious, sexual, and gender differences are validated by churches (and especially black churches) torn between competing inclusive and exclusive tendencies.

bethel united church of jesus christ apostolic: Respect John S. Lampard, Joe Aldred, 2005 The author investigates the context of Caribbean British Christianity through the prism of their ethnicity and their faith. Christians from the Caribbean have settled in Britain since the late 1940s. In spite of high levels of rejection and misunderstanding they have shaped a new British identity which is dynamic, empowering and challenging. The author argues that this no longer majors in the victim-based dialectic of oppression/ liberation. It is an unapologetic and prophetic identity which seeks to be respected and understood.
