

children of henry viii

children of henry viii

Henry VIII, one of England's most famous and influential monarchs, is often remembered for his dramatic reign, his six marriages, and his pivotal role in the English Reformation. However, equally fascinating is the story of his children—those who survived infancy and played crucial roles in shaping England's history. Henry VIII's children included three legitimate heirs who became monarchs and several illegitimate children who, despite their status, left their mark on history. This article delves into the lives, significance, and legacies of Henry VIII's children, exploring their backgrounds, achievements, and the tumultuous times they lived through.

Henry VIII's Legitimate Children

Henry FitzRoy, Duke of Richmond and Somerset

- Birth and Background:

Henry FitzRoy was born in 1519 to Henry VIII and his mistress Elizabeth Blount, a lady-in-waiting to Queen Catherine of Aragon. He was the king's only acknowledged illegitimate child during Henry's lifetime and was granted the title Duke of Richmond and Somerset.

- Role and Importance:

Henry FitzRoy was seen as a potential heir, especially during times when Henry VIII's marriage prospects or health raised questions about succession. He was given significant titles and lands, symbolizing the king's affection and recognition.

- Death and Legacy:

Henry FitzRoy died in 1536 at the age of 17, possibly from tuberculosis. His death was a personal blow to Henry VIII, who reportedly mourned him deeply. Despite his status, FitzRoy's line did not continue, and he did not have legitimate heirs.

Mary I of England (Mary Tudor)

- Birth and Background:

Born in 1516 to Henry VIII and Catherine of Aragon, Mary was the king's only surviving legitimate child from his first marriage. She was recognized as the heir presumptive early in her life.

- Reign and Significance:

Mary became queen in 1553 after the death of her half-brother, Edward VI, and her brief attempt to secure her succession. She is best known for her efforts to restore Roman Catholicism in England, earning her the nickname “Bloody Mary” due to her persecution of Protestants.

- Marriage and Personal Life:

Mary married Philip II of Spain, a union that was controversial and unpopular among her subjects. Her reign was marked by religious turmoil, and she died in 1558, childless.

Elizabeth I of England

- Birth and Background:

Born in 1533 to Henry VIII and Anne Boleyn, Elizabeth was the second daughter of Henry VIII and the future Queen Elizabeth I. Her birth was a turning point, as her mother’s execution in 1536 initially cast her into uncertain status.

- Reign and Achievements:

Elizabeth ascended the throne in 1558 and reigned until 1603, a period known as the Elizabethan Era. Her leadership saw the flourishing of English arts, exploration, and the establishment of Protestantism as the national religion.

- Legacy:

Elizabeth I is remembered as one of England’s greatest monarchs. Her refusal to marry and produce an heir led to concerns about succession, but she remained a strong and effective ruler until her death, after which her cousin James VI of Scotland inherited the throne.

Henry VIII’s Illegitimate Children

Henry VIII is known to have fathered several illegitimate children, though few of their lives are well documented. Some of the most notable include:

Henry Carey, 1st Baron Hunsdon

- Background:

Born around 1526, Henry Carey was the illegitimate son of Henry VIII and Mary Boleyn, sister of Anne Boleyn. Despite his illegitimate status, he was granted titles and land.

- Career and Contributions:

Henry Carey became a prominent nobleman and military commander. He was appointed Lord Chamberlain and played a key role in the English military campaigns.

Other Known Illegitimate Children

- There are claims of other illegitimate children, but historical evidence is scarce. Some reports suggest Henry fathered children with various women, but only a few are documented with certainty.

Impact and Legacy of Henry VIII's Children

Political and Religious Influence

- Mary I:

Her attempt to restore Catholicism and her persecution of Protestants had lasting religious implications, shaping England's religious landscape for decades.

- Elizabeth I:

Her reign established a Protestant church, defeated the Spanish Armada, and fostered a cultural renaissance. Her long rule provided stability after turbulent succession crises.

Succession and Stability

- The death of Elizabeth I without an heir led to the succession of James VI of Scotland, uniting the crowns of England and Scotland. Henry VIII's children, especially Elizabeth and Mary, directly impacted the future political landscape.

Historical and Cultural Legacy

- The children of Henry VIII symbolize the complexities of monarchy, legitimacy, and succession. Their lives reflect the religious upheavals, political intrigues, and personal dramas of Tudor England.

Conclusion

Henry VIII's children—both legitimate and illegitimate—left indelible marks on English history. His legitimate children, Mary and Elizabeth, each became queen and steered the nation through significant religious and political transformations. Their reigns are remembered for their impact on the church, culture, and national identity. Meanwhile, Henry FitzRoy's brief life and the

stories of his illegitimate offspring illustrate the turbulent personal life of one of England's most infamous monarchs. The legacy of Henry VIII's children continues to fascinate historians and the public alike, embodying the drama and complexity of Tudor monarchy. Their stories serve as a testament to the enduring influence of royal lineage and the far-reaching consequences of their lives and actions.

Frequently Asked Questions

Who were the children of Henry VIII and which of them became monarchs?

Henry VIII had three legitimate children: Mary I, Elizabeth I, and Edward VI. Mary and Elizabeth both became queens, with Mary I reigning from 1553 to 1558 and Elizabeth I from 1558 to 1603. His son Edward VI became king after Henry's death but died young at age 15.

Did Henry VIII's children survive childhood?

Only two of Henry VIII's children survived into adulthood: Mary I and Elizabeth I. His son, Edward VI, died at age 15, and his other children, such as Elizabeth Seymour and others, either died young or as infants.

What was Henry VIII's relationship with his children like?

Henry VIII's relationships with his children varied. He was very involved with his son Edward VI, especially during his reign. With his daughters, Mary and Elizabeth, his relationships were complex, influenced by political and religious differences, especially during their reigns.

Why did Henry VIII have so many children with different wives?

Henry VIII's multiple marriages were driven by his desire for a male heir and his complicated personal and political life. His marriages aimed to produce a male heir, leading to six wives and children with some, but only a few surviving to adulthood.

What happened to Henry VIII's children after his death?

After Henry VIII's death, his children ascended the throne in succession: Edward VI, then Mary I, and finally Elizabeth I. Their reigns significantly shaped England's religious and political landscape.

Were Henry VIII's children involved in the religious conflicts of the time?

Yes, both Mary I and Elizabeth I played key roles in religious conflicts. Mary sought to restore Catholicism, while Elizabeth established the Anglican Church, leading to significant religious upheaval during their reigns.

Are there any living descendants of Henry VIII's children today?

Yes, Henry VIII's descendants through his daughters, particularly Elizabeth I, continue to exist today, including many members of European royal families. However, direct royal succession ended with his children, as the crown passed to other dynasties.

Additional Resources

Children of Henry VIII hold a significant place in English history, not only because of their direct influence on the Tudor dynasty's succession but also due to the political and religious upheavals that their lives engendered. As the offspring of one of England's most famous monarchs, Henry VIII, these children's stories reflect the tumultuous era marked by royal ambitions, religious reform, and dynastic struggles. Their lives, often marked by tragedy, intrigue, and political maneuvering, continue to fascinate historians and enthusiasts alike. This article provides a comprehensive overview of Henry VIII's children, examining their backgrounds, lives, and legacies.

The Children of Henry VIII: An Overview

Henry VIII was known for his six marriages and his intense desire for a male heir, which profoundly shaped his children's fates. Out of these unions, three legitimate children survived infancy: Mary I, Elizabeth I, and Edward VI. Additionally, Henry VIII had an illegitimate son, Henry FitzRoy, whose role and significance are often debated. The fates of these children were intertwined with political alliances, religious reforms, and personal ambitions of their father.

Henry VIII's Legitimate Children

Edward VI (1537–1553)

Background and Early Life

Edward VI was the son of Henry VIII and his third wife, Jane Seymour. Born on October 12, 1537, Edward was Henry's only male heir for much of his life. Jane Seymour's death shortly after childbirth meant Edward was raised in a court environment closely aligned with Protestant reformers, shaping his future reign.

Reign and Influence

Ascending the throne at just nine years old after Henry VIII's death in 1547, Edward's reign was dominated by regents and advisors, notably the Duke of Somerset and the Duke of Northumberland. His reign was marked by significant religious reforms, pushing England further towards Protestantism, and implementing policies that reflected the influence of reformist clergy and nobles.

Features and Pros

- Youthful Monarch: Edward's early accession meant he was heavily influenced by regents, leading to swift reforms.
- Religious Reforms: He oversaw the drafting of the Book of Common Prayer and other Protestant innovations.
- Short Reign: His tenure lasted just six years, limiting long-term impact but accelerating religious change.

Cons/Challenges

- Health Issues: Edward suffered from ill health, possibly tuberculosis, which led to his early death.
- Limited Personal Agency: His young age meant he had little control over his government and policy decisions.
- Succession Crisis: His death at 15 created immediate succession issues, paving the way for complex political struggles.

Mary I (1516–1558)

Background and Early Life

Mary was the daughter of Henry VIII and his first wife, Catherine of Aragon.

Born on February 18, 1516, she was Henry's eldest surviving child and was initially considered his heir before the birth of Elizabeth.

Reign and Religious Policy

Ascending the throne in 1553 after a tumultuous succession crisis, Mary I is most renowned for her attempt to restore Roman Catholicism in England. Her reign saw the Marian persecutions, where hundreds of Protestants were executed, earning her the nickname "Bloody Mary."

Features and Pros

- Strong Catholic Identity: Her policies aimed to re-establish Catholic doctrine and papal authority.
- Marriage to Philip II of Spain: This alliance aimed to strengthen Catholicism and counteract Protestant influence.
- Restoration of Catholic Practices: Reinstated Catholic Mass and dissolved many Protestant reforms.

Cons/Challenges

- Persecution and Repression: Her religious policies led to widespread persecution, alienating many of her subjects.
- Lack of Heir: Mary died childless, leading to the end of her Catholic succession.
- Unpopular Marriage: Her alliance with Spain was unpopular and seen as foreign interference.

Elizabeth I (1533–1603)

Background and Early Life

Elizabeth was the daughter of Henry VIII and Anne Boleyn. Born on September 7, 1533, her early life was turbulent, marked by her mother's execution and her own precarious position at court.

Reign and Legacy

Elizabeth I became queen in 1558, after her sister Mary's death. Her reign, known as the Elizabethan Era, was characterized by stability, exploration, and cultural flourish. She established the Anglican Church's independence from Rome, navigating a middle path between Catholicism and Protestantism.

Features and Pros

- Longest Reign: Spanning 45 years, her reign is considered a golden age for England.

- Religious Settlement: The Elizabethan Religious Settlement established a moderate Anglicanism.
- Cultural Renaissance: Supported arts, exploration (e.g., Sir Francis Drake), and literature (e.g., William Shakespeare).
- Strong Sovereignty: Known for her intelligence, diplomacy, and political acumen.

Cons/Challenges

- No Heir: Died childless, leading to succession issues that eventually resulted in the Stuart dynasty.
- Religious Conflicts: Faced ongoing tensions between Catholics and Protestants.
- Threats from Abroad: Multiple plots and invasions, notably the Spanish Armada, challenged her reign.

The Illegitimate Child: Henry FitzRoy

Background and Life

Henry FitzRoy (1519–1536) was the acknowledged illegitimate son of Henry VIII and Elizabeth Blount. The king created him Duke of Richmond and Somerset, indicating his favoritism. However, FitzRoy was never formally recognized as heir and died at 17.

Features and Legacy

- Royal Favor: His status was unique among illegitimate children, reflecting Henry's affection.
- Limited Political Power: His role was primarily ceremonial and personal.
- Tragic Early Death: Died young, leaving no lasting political or dynastic influence.

Pros and Cons

- Pros: Demonstrated Henry VIII's willingness to legitimize favorites temporarily.
- Cons: His illegitimacy meant he had no claim to the throne, limiting future influence.

The Impact of Henry VIII's Children on English

History

The lives and reigns of Henry VIII's children had profound and lasting impacts on England's religious, political, and cultural landscape.

Religious Transformation

- Edward VI's Protestant reforms accelerated the break from Catholicism.
- Elizabeth I's religious settlement stabilized the Anglican Church and avoided the religious wars that plagued continental Europe.
- Mary I's Catholic restoration was short-lived but marked a significant religious upheaval.

Dynastic Stability and Instability

- The lack of a clear heir after Elizabeth's death led to the succession of the Stuarts, initiating a new dynastic era.
- The succession crises highlighted the importance of legitimate heirs and the risks of personal marriages.

Cultural Flourishing

- Elizabeth I's reign fostered a renaissance in arts and exploration, shaping English identity.

Political Alliances and Wars

- Marriages and alliances of these children influenced England's foreign policy, alliances, and conflicts.

Conclusion

The children of Henry VIII encapsulate a turbulent yet transformative period in English history. From Edward VI's brief Protestant reforms to Elizabeth I's long and prosperous reign, their lives reflect the complex interplay of dynastic ambition, religious upheaval, and political strategy. While some, like Elizabeth, left enduring legacies, others met tragic ends or limited influence. Their stories continue to serve as compelling lessons on the importance of succession, religious tolerance, and statecraft. Understanding their lives helps illuminate the broader narrative of England's evolution from a Catholic kingdom to a Protestant nation and a global power.

Children Of Henry Viii

children of henry viii: *The Children of Henry VIII* John Guy, 2013-04-25 Behind the façade of politics and pageantry at the Tudor court, there was a family drama. Nothing drove Henry VIII, England's wealthiest and most powerful king, more than producing a legitimate male heir and so perpetuating his dynasty. To that end, he married six wives, became the subject of the most notorious divorce case of the sixteenth century, and broke with the pope, all in an age of international competition and warfare, social unrest and growing religious intolerance and discord. Henry fathered four living children, each by a different mother. Their interrelationships were often scarred by jealousy, mutual distrust, sibling rivalry, even hatred. Possessed of quick wits and strong wills, their characters were defined partly by the educations they received, and partly by events over which they had no control. Henry Fitzroy, Duke of Richmond, although recognized as the king's son, could never forget his illegitimacy. Edward died while still in his teens, desperately plotting to exclude his half-sisters from the throne. Mary's world was shattered by her mother's divorce and her own unhappy marriage. Elizabeth was the most successful, but also the luckiest. Even so, she lived with the knowledge that her father had ordered her mother's execution, was often in fear of her own life, and could never marry the one man she truly loved. Henry's children idolized their father, even if they differed radically over how to perpetuate his legacy. To tell their stories, John Guy returns to the archives, drawing on a vast array of contemporary records, personal letters, and first-hand accounts.

children of henry viii: The Children of Henry VIII Alison Weir, 2011-09-21 "Fascinating . . . Alison Weir does full justice to the subject."—The Philadelphia Inquirer At his death in 1547, King Henry VIII left four heirs to the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the fragile Lady Jane Grey, to the savagery of Bloody Mary, and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of the most enduring myths in English history, combining the best of the historian's and the biographer's art. "Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed--and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted."—The New York Times Book Review

children of henry viii: *Children of England* Alison Weir, 1996 The history of the contenders to the English throne after the death of King Henry VIII.

children of henry viii: Henry VIII's Children Caroline Angus, 2023-07-30 Of the five Tudor monarchs, only one was ever born to rule. While much of King Henry VIII's reign is centered on his reckless marriage choices, it was the foundations laid by Henry and Queen Katherine of Aragon that shaped the future of the crown. Among the suffering of five lost heirs, the royal couple placed all their hopes in the surviving Princess Mary. Her early life weaves a tale of promise, diplomacy, and pageantry never again seen in King Henry's life, but a deep-rooted desire for a son, a legacy of his own scattered childhood, pushed Henry VIII to smother Mary's chance to rule. An affair soon produced an unlikely heir in Henry Fitzroy, and while one child was pure royalty, the other illegitimate, the comparison of their childhoods would show a race to throne closer than many wished to admit. King Henry's cruelty saw his heirs' fates pivot as wives came and went, and the birth Princess Elizabeth, saw long-term plans upended for short-term desires. With the death of one heir hidden from view, the birth of Prince Edward finally gave the realm an heir born to rule, but

King Henry's personal desires and paranoia left his heirs facing constant uncertainty for another decade until his death. Behind the narrative of Henry VIII's wives, wars, reformation and ruthlessness, there were children, living lives of education among people who cared for them, surrounded by items in generous locations which symbolized their place in their father's heart. They faced excitement, struggles, and isolation which would shape their own reigns. From the heights of a surviving princess destined and decreed to influence Europe, to illegitimate children scattered to the winds of fortune, the childhoods of Henry VIII's heirs is one of ambition, destiny, heartache, and triumph.

children of henry viii: *The Six Wives of Henry VIII* Alison Weir, 2018-11-20 A brilliantly written and meticulously researched biography of royal family life during England's second Tudor monarch (San Francisco Chronicle). Either annulled, executed, died in childbirth, or widowed, these were the well-known fates of the six queens during the tempestuous, bloody, and splendid reign of Henry VIII of England from 1509 to 1547. But in this exquisite treatment, sure to become a classic (Booklist), they take on more fully realized flesh and blood than ever before. Katherine of Aragon emerges as a staunch though misguided woman of principle; Anne Boleyn, an ambitious adventuress with a penchant for vengeance; Jane Seymour, a strong-minded matriarch in the making; Anne of Cleves, a good-natured woman who jumped at the chance of independence; Katherine Howard, an empty-headed wanton; and Katherine Parr, a warm-blooded bluestocking who survived King Henry to marry a fourth time. Combin[ing] the accessibility of a popular history with the highest standards of a scholarly thesis, Alison Weir draws on the entire labyrinth of Tudor history, employing every known archive—early biographies, letters, memoirs, account books, and diplomatic reports—to bring vividly to life the fates of the six queens, the machinations of the monarch they married and the myriad and ceaselessly plotting courtiers in their intimate circle (The Detroit News). In this extraordinary work of sound and brilliant scholarship, at last we have the truth about Henry VIII's wives (Evening Standard).

children of henry viii: The Children of England Alison Weir, 1997 This work looks at the characters and relationships of Henry's four heirs. Using contemporary sources, it describes an extraordinary period of history, when each of Henry's heirs was potentially the tool of powerful political and religious figures, and when the realm was seething with intrigue.

children of henry viii: Edward VI Stephanie Kline, 2023-06-30 For too long, King Edward VI has been pushed to the very edges of Tudor history - overlooked in favor of some of the more vibrant personalities of his family members, such as Henry VIII and Elizabeth I. Known as the 'boy king' of the Tudor dynasty, he is often remembered for little more than the ambitious councillors who governed England during his minority. His reign, however, and the significant religious changes that took place as he furthered the Protestant Reformation in England, had great influence over the remaining decades of the Tudor period and even modern Britain as we know it today. 'Boy king' though he may have been, Edward VI and his government were more significant to the history of England than he is often given credit for, and it is long past time for careful and thoughtful study of his life and reign. *Edward VI: Henry VIII's Overshadowed Son* aims to reopen the pages of his story, arguing that however brief it may have been, Edward VI's reign had lasting impacts on the religious landscape in England, and is certainly a Tudor reign worth remembering.

children of henry viii: The Making of the United Kingdom and Black Peoples of the Americas Fiona Reynoldson, David Taylor, 1998 *Living Through History* is a complete Key Stage 3 course which brings out the exciting events in history. The course is available in two different editions, Core and Foundation. Every Core title in the series has a parallel Foundation edition, and both are supported by teachers' packs.

children of henry viii: Curriculum Focus The Tudors History KS2 Mike Temple, 2014-07-02 Part of a popular series that will inspire the teachers, especially the non-specialists, to teach history and geography with confidence. * comprehensive background information * extensive photocopiable resources such as pictures, charts and diagrams * detailed lesson plans * differentiated activities at three ability levels * ideas for support and extension * suggestions for

The Story of the World has won awards from numerous homeschooling magazines and readers' polls—over 150,000 copies of the series in print! Now more than ever, other cultures are affecting our everyday lives—and our children need to learn about the other countries of the world and their history. Susan Wise Bauer has provided a captivating guide to the history of other lands. Written in an engaging, straightforward manner, this revised edition of *The Story of the World: History for the Classical Child, Volume 2: The Middle Ages* weaves world history into a story book format. Who discovered chocolate? What happened to the giant Fovor of the Mighty Blows? Why did the Ottoman Turks drag their war ships across dry land? The Story of the World covers the sweep of human history from ancient times until the present. Africa, China, Europe, the Americas—find out what happened all around the world in long-ago times. Designed as a read-aloud project for parents and children to share together, The Story of the World includes each continent and major people group. Volume 2: The Middle Ages, is the second of a four-volume series and covers the major historical events in the years 400 to 1600 CE, as well as including maps, illustrations, and tales from each culture. Each Story of the World volume provides a full year of history study when combined with the Activity Book, Audiobook, and Tests—each available separately to accompany each volume of The Story of the World Text Book. Volume 2 Grade Recommendation: Grades 1-6.

children of henry viii: *The Making of the United Kingdom* Fiona Reynoldson, David Taylor, 1998 Living Through History is a complete Key Stage 3 course which brings out the exciting events in history. The course is available in two different editions, Core and Foundation. Every core title in the series has a parallel Foundation edition. Each Evaluation Pack includes the Assessment and Resource Pack and a free compendium volume student book. The resource packs include a variety of tasks which students should find interesting and enjoyable. They also include differentiated exercises to provide support for less able students and challenging work for more able students. Assessment exercises for the compulsory study units aim to help teachers monitor progress through NC levels.

children of henry viii: *The Peck Clan In America -- Volume One* Susan Moore Teller, 2014-11-24 Hans Jacob Beck, a.k.a. Jacob Peck, son of Hans Jacob Beck and Anna Maria Hummel, was born in 1723 in Ebingen, Germany. He married Lydia Borden, daughter of Benjamin Borden, in 1743 in Virginia.

children of henry viii: *The Many Faces of Anne Boleyn* Helene Harrison, 2025-09-30 Explores Anne Boleyn's life and legacy through 500 years of images, perceptions, and historical interpretations. Mistress. Queen. Reformer. Traitor. Icon. This book is not like any others you might have read on Anne Boleyn. It is not a biography of the life of Henry VIII's second wife and queen. What this book does is to examine Anne Boleyn through images and perceptions of her. Through documents, letters, images, propaganda, films, novels and historical biographies, this book explores Anne Boleyn through more than 500 years of history. Explore how perceptions of her have changed and developed over time. Whether she is seen as a mistress, a queen, a mother, a reformer, a traitor, or a tragic heroine, Anne Boleyn continues to inspire so much exploration and even new discoveries today. See Anne through the eyes of people who knew her, loved her, hated her, and studied her. In the present day, Anne Boleyn has quite a devoted scholarship, honed through perceptions built over the last half a millennium. Her life, reign, and tragic death at the hands of the man who tore England apart to be with her have made Anne Boleyn one of the most divisive and exciting figures in English history.

children of henry viii: *Who Was Henry VIII?* Ellen Labrecque, Who HQ, 2018-02-06 Hear Ye, Hear Ye! Travel to the age of the Renaissance and learn why Henry VIII is one of the most famous

kings in English history. Mainly remembered for his six marriages and his self-appointment as the Supreme Head of the Church of England, Henry VIII was also attractive, educated, and athletic. When Henry Tudor ascended to the English throne at the age of 17, his reign looked promising. But by the time of his death in 1547, King Henry VIII was characterized as an extremely egotistical, harsh, and insecure king. Though Henry VIII's legacy isn't free from scandal, his monarchy thrived due to the achievements of his daughter Queen Elizabeth I.

children of henry viii: *History 4* Rhona Whiteford, 2005-02

children of henry viii: *Historical Dictionary of the Elizabethan World* John Wagner, 2013-04-03

No period of British history generates such deep interest as the reign of Elizabeth I, from 1558 to 1603. The individuals and events of that era continue to be popular topics for contemporary literature and film, and Elizabethan drama, poetry, and music are studied and enjoyed everywhere by students, scholars, and the general public. The *Historical Dictionary of the Elizabethan World* provides clear definitions and descriptions of people, events, institutions, ideas, and terminology relating in some significant way to the Elizabethan period. The first dictionary of history to focus exclusively on the reign of Elizabeth I, the Dictionary is also the first to take a broad trans-Atlantic approach to the period by including relevant individuals and terms from Irish, Scottish, Welsh, American, and Western European history. Editors' Choice: Reference

children of henry viii: *Oxford Children's History of the World* Neil Grant, 2000 A

single-volume, sumptuously illustrated history of the world specifically designed for grade schoolers, this readable volume follows the evolution of humankind from the earliest colonization of the world to the beginning of the new millennium. This beautiful book is made truly accessible to children. Organized chronologically in five sections, it contains a series of double-page spreads, each focusing on a major historical period. Whether it is Medieval Africa or the Ottoman Empire, or Louis XIV's Europe or American Independence that strikes your fancy, you will find it here. Color maps, illustrations, drawings, and photographs add information and make the easily digestible text even more accessible and visually appealing. Feature boxes look more closely into specific subjects and historical figures like Marco Polo, pilgrimage, or the Korean War. Each section concludes with illustrated Who's Who and Timeline segments, which present a quick survey of the most significant events and personalities of the period and allow a comparison between regions at a glance. A glossary and comprehensive index wrap up this helpful reference. Written from a global perspective, *The Oxford Children's History of the World* recounts the important events in the development of civilizations not only in Europe but also in the Americas, Africa, and Asia. Up-to-date, thorough, and imaginatively illustrated in full color, it is the perfect introduction to social studies for children.

children of henry viii: *Drama in Early Tudor Britain, 1485-1558* Howard B. Norland,

1995-01-01 A time of great changes after nearly a century of foreign wars and civil strife, the Tudor era witnessed a significant transformation of dramatic art. Medieval traditions were modified by the forces of humanism and the Reformation, and a renewed interest in classical models inspired experimentation. Howard B. Norland examines Tudor plays performed between 1485 and 1558, a time when drama reached beyond local, popular, and religious contexts to treat more varied and more secular concerns, culminating in the emergence of comedy and tragedy as major genres. The theater also imported dramas from the Continent, adapting them to English tastes. After establishing the popular dramatic traditions of fifteenth-century Britain, Norland discusses the critical interpretation of the Latin plays of Terence studied in the schools and the views of influential authors such as Erasmus, Vives, and More about what drama should be and do. The heart of the book is its in-depth analyses of individual plays. Norland examines the secularization of the morality play in Skelton's *Magnificence*, Bale's *King John*, *Respublica*, and Redford's *Wit and Science* and he traces the changes in comic form from Medwall's *Fulgens and Lucreces* through *Calisto* and *Melebea* and Johan Johan to Udall's *Roister Doister* and Gammer Gurton's *Needle*. The final section examines the first tragedies written in England: Watson's *Absolom*, Christopherson's *Jephthah*, and Grimald's *Archipropheta*. Howard B. Norland is a professor of English at the University of Nebraska-Lincoln. His articles have appeared in *Genre*, *Sixteenth Century Journal*, *Fifteenth Century Studies*,

Comparative Drama, and Journal of Medieval and Renaissance Studies.
